THE BOOK-BINDING FOR CONGRESS.

SEALED proposals, directed to the Secretary of the Senate and Clerk of the House of Representatives, will be received at the office of the Secretary of the Senate, in the Capitol at Washington, until 10 o'clock in the forenoon of Saturday, the 10th day of February, 1849, and no longer, for the ordinary binding, as hereinafter described, for the Senate and House of Representatives for the thirty-first Congress, to be executed in the city of Washington. Samples of the materials, binding, and lettering required, will be exhibited, and information of the probable quantity of work to be done will be given at the said office, to all persons desiring to make proposals.

The binding for each House will form a separate job, and will be provided for by a separate contract.

The first class will consist of the binding of the bills and joint resolutions of the two Houses, printed on cap paper, to be executed in calf or sheep binding, with raised bands and with two titles. The proposals will state the price per volume, of any number of pages that may be directed to form a volume, for binding and lettering in calf, and also for binding and lettering in sheep.

The second class will consist of the binding of the printed documents of the Senate and House of Representatives, of the royal octavo size, including reports of committees, the Journals, Executive documents, and part A of the miscellaneous documents of both Houses of Congress, to be executed in calf or sheep, with raised bands and spring backs, and lettered on morocco. The proposals will state the price per volume of any number of pages that may be directed to form a volume, for the binding and lettering in calf, and for the binding and lettering in sheep; and the price for each extra title, consisting of such lettering in may be directed.

The materials to be used in this binding are required to be of the best quality; the skins, either of the calf or of the sheep, not to be split, and the workmanship to be done in the best manner.

Should there be any maps, charts, diagrams, or plates belonging to any document to be bound, the same will be delivered to the binder by the engraver of the lithographer, to be carefully preserved and inserted in their proper places in such document; the prices for binding and lettering to include the gathering, folding, and inserting all such maps, &c., of the octavo size, and the extra price will be stated for folding and inserting 100 copies of each plate larger than octavo.

The copies of printed documents to be bound as above described, are to be received in sheets by the binder at his office, from the printers to Congress, from time to time as they may come from the press; to be folded by the binder, pressed, folded, and gathered into volumes, as may be directed, when the indexes for each class shall have been printed and delivered; the waste leaves to be furnished by the binder. The binder will be held responsible for the safety of all documents, maps, charts, diagrams, and plates so received from the printers and engravers or lithographers, until they shall have been completely bound and lettered as required, and delivered according to the order of the Secretary of the Senate and Clerk of the House of Representatives.

Each person is required to furnish, with the proposals, satisfactory evidence of his practical skill and his ability to do the work, and to offer at the same time good and sufficient security for the safety of the public documents, maps, and matters that may from time to time be in his possession, until bound and delivered, and for the faithful execution of the jobs and contracts proposed to be undertaken by him, and any proposal unaccompanied with such evidence will be rejected.

The proposals will be opened at 10 o'clock, in the forenoon of Saturday, the 10th day of February, 1849, at the office of the Secretary of the Senate.

ASBURY DICKINS,
Secretary of the Senate.
THOMAS J. CAMPBELL,
Clerk of the House of Representatives.

jan. 15—3tawt10 Feb.

PRINTING OF CONGRESS.

IN COMPLIANCE with the "joint resolution directing the manner of procuring the printing for the two houses of Congress," approved August 5th, 1846, sealed proposals will be received by the Secretary of the Senate and the Clerk of the House of Representatives, for supplying the Senate and House of Representatives, respectively, with the necessary printing for each for the thirty-first Congress. The proposals will be received at the Office of the Secretary of the Senate, in the Capitol, at Washington, until 10 o'clock in the forenoon of Saturday, the 31 day of February, 1849, and no longer; and blank tabular forms of proposals, with suitable samples of the paper on which the printing is to be executed, will be kept at the said office until that time, and furnished, on application, to all persons desiring to make proposals. Each class of printing, including the printing for the Senate and the printing for the House of Representatives, will form one seperate job, and is to be provided for by a separate contract.

The first class consists of bills and joint resolutions, to be printed with English type, and with an English white line between each printed line, the page to be of folio size, 52 ems long and 28 ems wide, and printed on regular size uncut cap paper of good quality, suitable for writing on, each sheet to measure not less than 8 by 13 inches, and the single ream to weigh not less than twelve pounds. The proposals must state the price per page, containing 1,450 ems, for composition, and the price per page for press-work, paper, folding, and stitching, for 500 copies, and for 550 copies, and the proportionate price for any additional number up to 1,000 copies.

The second class will consist of reports of committees, with such documents and papers as may accompany them, with an index to the whole, to be printed on royal paper of regular size, uncut, and of good quality, each sheet to measure not less than 19 by 31 inches, and each single ream to weigh not less than nineteen pounds, with a neat small pica type, and not leaded, in octavo pages of the same size as required by the joint resolution of the 3d of March, 1819, and to be 55 ems long and 31 ems wide. Where the matter suitable for a page cannot be brought into the octavo form with small pica type, neat brevier type will be used, the page to be 70 ems long by 41 ems wide. The proposals must state the price per page of 1,705 ems for composition for small pica plain and for small pica rule, the price per page of 2,870 ems of brevier plain and of brevier rule, and the price per page for press-work, paper, folding and stitching of the octavo form for 1,250 copies, and for 1,380 copies, and the proportionate price for 1,500 copies, and for any number between each of these and 1,500 copies. Where the construction of tables belonging to this class requires them to be printed in a form larger than octavo, but to be folded in octavo, the proposals will state the price per 1,000 ems for composition in brevier rule work, and the price for the press-work, paper, folding and stitching of each table for 1,250 copies, and for 1,380 copies, and the proportionate price for 1,500 copies, and for any number between each of those and 1,500 copies. As a number of copies of each document are to be reserved for binding, and delivered to the binder in sheets, and as the printers in such cases will only be required to furnish the press-work and paper, each proposal will state the price or rate to be deducted per page, per 100 copies, for the folding and stitching of the octavo printing, and the price or rate per 100 copies, to be deducted for the folding and stitching of each printed table; the said rate of reduction to have reference either to any part of the usual number of documents of and under 1,500 copies, or to any number of extra copies above that number. The proposals will also state the additional price, for 100 copies, for the folding and stitching of each map, chart, diagram or plate, of any size or shape, that may be directed to accompany any printed report or document of this class, and the proportionate price for any less or greater number, up to 1,000 copies.

The third class will consist of the journals of each house with the appendix, tables, and index thereto; to be printed in the same manner, form and type, and upon the same paper, as the octavo printing of the second class, and the proposals will state the same particulars as are required for the second class, except that the price for press-work, paper, folding, and stitching of the journals will be stated for 1,300 copies, and for 1,450 copies, and the proportionate price for 1,500 copies, and for any number between each of those and 1,500 copies.

The fourth class will consist of the executive documents of each house, embracing messages from the President, reports from the several executive departments, offices, and bureaus, and the documents and statements communicated therewith, with an index to the whole, to be printed in the same manner, form, type, and size, and upon the same paper, as the second class; and the proposals must state the same particulars as are required for the second class.

The fifth class will consist of every other description of printing not included in the preceding classes, and will be divided as follows:

Part A. Resolutions and other documents from State legislatures, memorials, petitions, and all others papers or documents, not included in parts B and C of this class.—This part of the fifth class to be printed in the same manner, form, type, and size, and upon the same paper, as the second class; and the proposals must state the same particulars as are required for the second class.

Part B. Treaties, messages, reports, and other papers and documents ordered to be printed in confidence for the use of the Senate, to be printed in the same manner, form, type, and size, and upon the same paper, as the second class; and the proposals must state the same particulars as are required for the second class, except that the price for press-work, paper, folding, and stitching, of this part, will be stated for 100 copies, and in proportion for a less number.—This part B is for the Senate alone.

Part C. Tabular statements of the orders of the day, lists of yeas and nays, circular letters, and all other printing of a miscellaneous character, in the various sizes of royal octavo, quarto post, or folio cap, or any other size not otherwise specified herein; and the proposals will state the price per 1,000 ems for composition, in whatever type may be required, and the price per page per hundred copies of each of the above sizes, or where the matter to be printed cannot be so computed, the price per hundred copies, including composition, press-work, and paper, will be stated.

The proposals will state the per centage deduction on the prices for press-work, paper, folding and stitching, as stated under the second class, for furnishing additional copies of documents of either of the aforesaid classes, in royal octavo form, and of tables in larger form; this is to say: the per centage deduction for any number exceeding 1,500, and not exceeding 5,000; for any number exceeding 5,000, and not exceeding 10,000; for any number exceeding 10,000, and not exceeding 20,000; and for any number exceeding 20,000 copies. The deduction in every case to have reference to, and to be calculated upon, the whole number of any document ordered. The proposals will also state, separately, the per centage deduction on the price stated for folding and stitching, of any maps, charts, diagrams or plates, belonging to such documents, for the same number of documents as above mentioned.

All the type specified above must be of the regular size of its kind, and must not be placed upon any but a regular body, belonging to such size and kind of type.

Each person is required to furnish, with the proposals, satisfactory evidence of his practical skill and his ability to do the work, and to offer at the same time good and sufficient security, to be so certified by a judge of the United States court of the district, or of a judge of a supreme or circuit court of the State or district in which the sureties may reside, for the faithful execution of the jobs and contracts, proposed to be undertaken by him, and any proposal unaccompanied with such evidence will be rejected; and it must also be expressly understood, that should it be found, upon opening the proposals of any individual or firm, that the said proposals or bids are made in terms, in quantities, or qualities, different from the plain and palpable terms, quantities, and qualities for which proposals are invited by this advertisement, such informal papers will not be considered as the proposals required, and will be rejected.

The proposals will be opened in the manner required by law, on Saturday, the 31 day of February, 1849, at 10 o'clock in the forenoon, at the Vice President's chamber, in the Capitol.

For a full understanding of the resolution of Congress upon the subject of this printing, and of the obligations and penalties imposed thereby for any neglect or delay, or for furnishing work or materials of an inferior standard, a copy of the same is appended to and made a part of this advertisement.

ASBURY DICKINS,
Secretary of the Senate.
THO. J. CAMPBELL,
Clerk of the House of Representatives.

Joint resolution directing the manner of procuring the printing for the two houses of Congress.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Senate and the Clerk of the House of Representatives be and they are hereby authorized and required, at the beginning of the final session of every Congress, to advertise for four weeks successively, in all the newspapers published in the city of Washington, for sealed proposals for supplying the Senate and House of Representatives respectively, of the next ensuing Congress, with the necessary printing for each; which advertisement shall describe the kind of printing and the quality of paper required, as near as may be, in the execution of the work; and shall advertise for paper, shall divide and classify the printing of the respective houses as follows: One of bills and resolutions; one of reports of committees; one of journals; one of executive documents; and one for every other description of printing; such class to be a separate job, and to be provided for by a separate contract. The said advertisement shall also contain a designation of the place in the said city of Washington where such sealed proposals shall be received, and the day and time of day at which said Secretary and Clerk will cause to receive any further proposals. And the Secretary and Clerk aforesaid shall provide suitable samples of the printing required, and of the paper on which the same is to be executed, to be kept at the place so designated as aforesaid at least twenty days successively before the time of receiving proposals shall expire, open to the inspection of all persons desiring to make proposals for the printing aforesaid, intelligence whereof shall be contained in said advertisement. Immediately on the expiration of the time for receiving said proposals, they shall be opened by the Secretary and Clerk aforesaid in the presence of the Vice President, or President of the Senate, and the Speaker of the House of Representatives, and of such persons making proposals as may wish to be present. And the Secretary of the Senate, under the supervision of the Vice President, or President of the Senate, and the Clerk of the House of Representatives, under the supervision of the Speaker, shall thereupon let each class of said printing to the lowest bidder, who shall furnish satisfactory evidence of his practical skill and his ability to do the work, and who shall offer good and sufficient security for the faithful execution of the jobs and contracts undertaken by him. And thereupon the Vice President, or President of the Senate and its Secretary, and the Speaker of the House and its Clerk, shall proceed to take bonds, with good and sufficient security, for the due and faithful performance of the work; and the officers aforesaid shall immediately thereafter report to their respective houses all such lettings of printing, and the contracts relating to the same: *Provided*, That the said proposals shall remain sealed until the time appointed for examining the same.

SEC. 2. *And be it further resolved*, That a committee, consisting of three members of the Senate and three members of the House of Representatives, shall be chosen by their respective houses, which shall constitute a committee on printing, which shall have power to adopt such measures as may be deemed necessary to remedy any neglect or delay on the part of the contractor to execute the work ordered by Congress, and to make a pro rata reduction in the compensation allowed, or to refuse the work altogether, should it be inferior to the standard; and in all cases, the contractor and his securities shall be responsible for any increased expenditure consequent upon the non-performance of the contract. The committee shall audit and pass upon all accounts for printing; but no bill shall be acted upon for work that is not actually executed and delivered, and which they may require to be properly authenticated.

SEC. 3. *And be it further resolved*, That all motions to print extra numbers of any bill, paper, or document, in either house, shall be referred to the members of the committee of that house, who shall report upon the propriety of printing, and the probable expense thereof, as early as convenient. And all expenses for printing shall be paid from the contingent fund of the two houses in proportion to the number of copies ordered by each, except the expense of composition, which shall be paid by the house which shall have first ordered the printing of the paper or document; and if there shall be a second composition, it shall be paid for by the house which shall authorize and direct the same; and when extra copies of any document or paper shall be ordered by both houses, they shall be delivered to the two houses simultaneously, in proportion to the number of copies by them respectively ordered.

SEC. 4. *And be it further resolved*, That all laws and parts of laws now in force, not in conformity with the provisions of this joint resolution, be, and the same are hereby, repealed.

Approved, August 3, 1846.

N. B. All newspapers published in the city of Washington are requested to publish the above advertisement for four weeks successively, and send their accounts to the Secretary of the Senate.

Jan. 1—4w

THE STANDARD PREPARATION.

DR. SCHWARTZE'S COMPOUND EXTRACT OF SARSAPARILLA,

The astonishing success with which disease has been combated by this powerful remedy for the last three years, in the *District of Columbia* and other places, has induced the proprietor to present its claims in a more conspicuous manner, under a sincere conviction that its invaluable and unerring remedical virtues will benefit thousands, under whose notice it may come. Therefor, he would urge it upon all who read this not to let it pass unnoticed, but give it that attention to which it is so deservedly entitled.

The following are some of the diseases which will testify to its never-failing efficacy, viz:

Scrofula, in any form;
Incipient stages of Consumption, when proceeding from a scrofulous habit;
Chronic Rheumatism; Bronchitis;
Dyspepsia, when proceeding from hepatic derangement.
Constitutional Syphilis; General Debility;
Habitual Costiveness; Cutaneous Affections, and all diseases arising from deranged secretions or impurities of the blood.

Persons taking this remedy should not grow impatient or become too sanguine in their hopes of a *rapid* restoration to health, as its efficacy depends measureably upon the strength of constitution and the length of time that disease has prevailed; therefore I would say to all who may feel disposed to test its virtues not to commence before they are fully determined to continue its use, whether it be one bottle, a dozen, or more, as no two cases are exactly similar, or can be relieved by any stated number in anticipation.

The accompanying certificates are from gentlemen of respectability residing in *Washington city*, and not from those abroad, to whom I would refer all those who are in the least doubtful. Hundreds of testimonials can be produced as to efficacy, but as they are seldom or ever read, or credence given to them, I have thought a few respectable certificates, coming from gentlemen well known would suffice.

CERTIFICATES.

Dear Sir: Having, through the agency of your extract of sarsaparilla, accomplished a most remarkable cure in the case of my sister, I deem it important to make all acquainted with her case who may be similarly afflicted, as it may be the means of saving many from a premature death. About four years ago my sister's health began to decline, and continued to do so for the space of two years, when she was suddenly attacked with a bronchial affection, or what is commonly called bronchitis. Having been attacked with the best medical skill without benefit, and finally pronounced incurable, she determined to try your extract of sarsaprilla, and, after the use of the very limited number of three bottles, she was completely restored, and has enjoyed better health than she ever before experienced.—Hoping that this description of her case will come under the notice of many who may be similarly afflicted, I am most respectfully, yours,

CHARLES W. STEWART.

To Dr. N. J. SCHWARTZE, Jr.
June 7, 1848.

To Dr. A. J. SCHWARTZE, Jr.

Dear Sir: I consider it a duty I owe to you and to the public, to state that my son, who had been afflicted for a great length of time with a severe *Bronchial affection* and *Ulcerated sore-throat*—which threatened his life—after having been treated by the best medical skill without success, was effectually restored to health by your *Extract of Sarsaparilla*, some 15 or 18 months ago, and has enjoyed perfect health ever since. Such an invaluable remedy should be known throughout the extent of the country; and I sincerely hope, before long that it will be sought after by all the afflicted. Wishing you abundant success,

I am most respectfully yours, &c.,
JOSEPH RADCLIFF.

WASHINGTON, *December* 22, 1847.

WASHINGTON, *December* 28, 1847.

To Dr. A. J. SCHWARTZE, Jr.

Dear Sir: I hereby acknowledge a debt of gratitude due you, in saying that I attribute my present state of good health entirely to the use of your invaluable preparation of *Sarsaparilla*. Having been afflicted with an *Inflammatory Rheumatic Affection* of the knee-joint, which swelled to such a degree as to confine me to bed for many weeks, depriving me of the entire use of my limb, and having been attended by the most eminent physicians, without the least prospect of recovering, I made use of your Extract of Sarsaparilla to the amount of 5 bottles, after which I began to use my limb, and upon its further use had the satisfaction to find the disease radicated and my general health very much improved. Two years have now elapsed and my health still continues good. You areat liberty to make use of this as you may think proper.

Very truely your obedient servant,
WM. W. STEWART.

WASHINGTON, *January* 6, 1848.

To Dr. A. J. SCHWARTZE, Jr.

Dear Sir: I take great pleasure in stating that, about 18 months since, I used your *Compound Extract of Sarsaparilla* as a remedy for *General Debility*, under which I had been laboring a long time, and that a few bottles restored me to sound health, which has continued to the present time.

Very respectfully,
PERRIN WASHINGTON.

To Dr. A. J. SCHWARTZE, Jr.

Dear Sir: Under a sense of deep obligation to the virtue of your "*Sarsaparilla*" in the entire reparation of one of my children from a *General Debility* and prostration of the *nervous system*, I take pleasure in testifying to your invaluable medicine; but seven bottles were used two years since, when the child was restored to, and still continues in the enjoyment of, perfect health.

DAVID RIDGELY.

January 8, 1848.

Dear Sir: Believing that a public statement of my affliction may be of service to others similarly afflicted, as well as a benefit to yourself, I take this means of informing you, that about three years ago I was attacked with a *Hemorrhage of the Lungs* which induced my friends to despair of my recovery. My health continued to decline for a year, when I was seized with *Neuralgia* and severe *Vertigo*. Having applied to physicians, both in this place and Baltimore, without the least benefit, and having also made use of the *Galvanic Battery* without any good effect, I concluded to try your *Extract of Sarsaparilla*, and am happy to say, that after using a *single bottle* the pains entirely left me and I have been better ever since.

Respectfully, ENOCH W. SMALLWOOD.

To A. J. SCHWARTZE, Jr., *January* 22, 1848.

WASHINGTON, *January* 24, 1848.

It gives me pleasure to say that I am acquainted with the proprietor of the above medicine, and also with a number of gentlemen, who have tested its efficacy; and I have no doubt, from the unimpeachable character of the gentlemen who have volunteered their certificates, that they can be fully relied on.

ULYSSES WARD.

PHYSICIANS' CERTIFICATES.

WASHINGTON, *January* 3, 1846.

I am informed of the ingredients of which Dr. Schwartze's Compound Extract of Sarsaparilla is composed, and believe it to be the best preparation of the kind with which I am acquainted, and admirably adapted to produce a salutary alterative effect.

PERIGRINE WARFIELD, M. D.

WASHINGTON, *January* 10, 1846.

It gives me pleasure to recommend the Compound Extract of Sarsaparilla, prepared by Dr. Schwartze, as I have a knowledge of its constituent parts. I believe that it will achieve more for the afflicted, than any other preparation of Sarsaparilla now before the public.

H. F. CONDICT, M. D.

WASHINGTON, *January* 12, 1846.

Having been made acquainted with the ingredients and mode of preparing Dr. Schwartze's Compound Extract of Sarsaparilla, I believe it to be a most happy remedial combination of that valuable root with the other remedies of which it is composed.

J. M. GIBSON, M. D.

GEORGETOWN, *January* 21, 1848.

Having been made acquainted by Dr. Schwartze with the ingredients of his preparation of Sarsaparilla, I concur with the medical gentlemen above, in regarding it as an alterative of great efficacy, and in all cases, to which such an alterative is adapted, of great power.

BENJ. S. BOHRER, M. D.

WASHINGTON, *January* 25, 1848.

Most of the gentlemen named above are known to me as citizens of high respectability; and the professional portion of them are of the best standing among the physicians of this community.

W. W. SEATON, Mayor.

☞ The above named medicine may be had in Washington, wholesale and retail, at the Store of the PROPRIETOR, Pennsylvania Avenue, three doors east of 3d street; at CHAS. STOTT & CO.'S, Pennsylvania Avenue, near 7th street; also, at J. L. KIDWELL'S, Georgetown, D. C. In Baltimore, wholesale and retail, at COULSON & CO.'S, No. 4 South Liberty street; at ISRAEL GRAHAM'S, corner of Baltimore and Eutaw streets; also at GEO. W. JONES', corner of Baltimore and High streets. In Alexandria, at WM. STABLES'S, J. R. PIERPOINT, and COOKE & PEEL'S, and at other Druggists. jan 1—dtf

A CARD.—All persons to whom I am indebted are respectfully informed that I will meet my obligations as fast as I shall be able to do so. Meantime, I should be pleased to have the opportunity of liquidating my debts, either in whole or in part, by job printing, by advertisements in or subscriptions to the National Whig.

CHARLES W. FENTON,
Proprietor of Nat. Whig.
Washington, Jan'y 1st, 1849.
