### Weather—Crop Prospects.

CALISTOGA, March 17th.—The weather here for the past few weeks has been the most peculiar experienced during the past 25 years. The gale last week in this portion of the valley destroyed barns and fences valued at $4,000 or $5,000, besides drying the ground and retarding vegetation to such an extent that unless rain and warm weather soon arrives the crops will prove exceedingly light. This morning a slight shower of rain fell, and the hill tops in the vicinity are covered with snow, the latter a very unusual sight at this time of year.

NAPA, March 17th.—The heavy north winds which prevailed during most of the past week have given way to refreshing showers. Rain commenced falling last night. The grain in this valley will be much benefited thereby, as well as the grass lands. The hill pasturage is poor, and no amount of rain can now make it equal to average years, as it has but a short time in which to grow. The stock are not suffering, but much extra feeding will have to be done during the next three or four months. The recent frosts have damaged the fruit in a few places in the valley, but the present prospect for a large yield is very good. More land has been seeded to grain in this county this season than in many previous years. The outlook is exceedingly favorable.

MARYSVILLE, March 17th.—The weather is unpropitious for a favorable observation of the occultation of the planet Mars this evening. A light rain has been falling since 3 o'clock this morning.

SAN FRANCISCO, March 17th.—It has been raining lightly at intervals since midnight. The weather is warm, with the wind southerly.

PETALUMA, March 17th.—The weather last night and to-day was showery. The wind is in the southwest, with a fair prospect of more rain.

SALINAS, March 17th.—Fourteen hundredths of an inch of rain fell here last night.

LOS ANGELES, March 17th.—During the rain of yesterday and to-day .48 of an inch of water fell. The rain fell very gently and soaked down deep. The weather has for the past few days been exceedingly cold and disagreeable. Snow fell last night in the hills near Pasadena, a few miles from this city.

SAN BUENAVENTURA, March 17th.—A splendid rain has been falling at interval for two days, putting the corn ground in excellent order. The steadily cool weather is keeping the wheat and barley back, but the farmers say they don't care how short it is, as they have no use for straw. The heads are certain to be all right. A great deal of sugar cane and flax are put in this year, and a small sugar factory is to be started in time to work up the cane.

### St. Patrick's Day.

SAN FRANCISCO, March 17th.—The non-parading portion of the Irish societies held literary exercises at the Grand Opera House this afternoon. The building was packed. President E. W. McCarthy delivered an address, James T. Noon a poem and James T. Shorb an oration. Music and recitations were added to the exercises. The entertainment must have netted a handsome sum for the relief fund.

The paraders assembled at the corner of Howard and Fifth streets, but owing to the inclemency of the weather, instead of marching through the principal streets, proceeded direct to Woodward's Gardens, and held exercises in the pavilion, which was crowded. John Kenny, President, delivered a brief address, J. N. Sheehy a poem and Judge Ferral an oration. The exercises were varied by singing, instrumental music and recitations.

MARYSVILLE, March 17th.—St. Patrick's day was celebrated here by a pontifical mass at St. Joseph's Cathedral. A panegyric was pronounced by Rev. Father Grace. There was no parade. In the evening Turner Hall will be thronged to hear an oration by Daniel O'Connell French and a musical entertainment by the Philharmonic Society. The proceeds will be devoted to the Irish sufferers.

SALINAS, March 17th.—St. Patrick's day passed off quietly. There was no celebration or demonstration.

PETALUMA, March 17th.—St. Patrick's day was observed here by an entertainment at the Petaluma Theater for the benefit of the Irish relief fund. Upwards of $300 has been raised here for this fund, and contributions continue to be made.

LOS ANGELES, March 17th.—The rain today and muddy streets prevented a parade in honor of St. Patrick's day. A military company and the Hibernian Society had made extensive preparations for a street parade. In the evening Turn Verein Hall was crowded to listen to an entertainment given to raise funds to add to the Irish relief fund. The entertainment was given by local artists, and was well received. A nice sum was realized.

### Suicide of a Woman.

SAN FRANCISCO, March 17th.—Elizabeth, wife of Joshua Smith, residing at the corner of Diamond and Jersey streets, committed suicide last night by taking strychnine. The act is attributed to worry at the prospect of her property being sold for taxes.

### Procession Interfered With—De Lesseps' Arrival.

SAN FRANCISCO, March 17th.—The weather to-day interfered with the parade by that portion of the Irish societies which decided upon having one. There is some display of bunting, and the literary exercises of both factions will be carried out according to programme.

De Lesseps arrived by the train about half past one to-day. He was met at Benicia by a deputation of French citizens, and on his arrival here proceeded to the Palace Hotel.

### Proceedings Quashed—Stabbing Affray—Assessment.

SAN FRANCISCO, March 17th.—The Supreme Court to-day rendered an opinion quashing all proceedings in the Lake Merced case.

John H. Brady and Mathew Fitzsimmons, inmates of the County Hospital, became engaged in a quarrel at that institution this morning, while arguing about Kearney's sentence, when Brady drew a knife and cut Fitzsimmons in the abdomen, inflicting a very dangerous wound.

Blackhawk levies an assessment of 25 cents per share.

### Southern Pacific Railroad—The City of Sydney Fire—Stabbed to Death.

SAN FRANCISCO, March 17th.—The Southern Pacific Railroad was completed to Tucson to-day, and the track laid through the town.

The inquiry into the fire on the steamer City of Sydney has developed nothing definite as to its origin. The insurance adjuster approximates the total loss at from $30,000 to $35,000 on the vessel and cargo. The cabin upholstery is badly damaged by water.

This afternoon James Morrissey entered a room at No. 217 Third street, in which Geo. Squires and two women were sitting drinking, etc., and in a few moments became involved in a quarrel with Squires. Morrissey seized a pitcher, with which he knocked Squires down and began to beat him, when the landlord ran in and pulled him off. Squires, on recovering his feet, attacked Morrissey with a butcher knife, stabbing him in four places, and causing his death in a few moments.

### Infanticide.

SAN FRANCISCO, March 17th.—Sophia Hauer, a German woman, to-day killed her newly-born infant by choking it and beating its brains out against the wall.

### Found Dead in Bed.

VALLEJO, March 17th.—Lieutenant Jarboe, of the Hassler, lying at the navy yard, was found dead in his bed on board that vessel this morning. He retired to bed last night apparently in good health. The Lieutenant's family reside in San Francisco.

### Fires in Butte County.

OROVILLE, March 17th.—The Banner quartz mill—a fifteen-stamp steam mill—situated on Norris' ravine, about five miles above town, was entirely destroyed by fire last night. The property had been in litiga tion for sometime, and a judgment was rendered in the case yesterday in the Superior Court. It seems to be thought an incendiary fire, and a warrant has been issued for the arrest of the suspected party. The property was insured, and was of the value of about $10,000.

A fire also occurred at Middletown, Cherokee Flat, yesterday, by which one saloon, one butcher-shop and one public hall were burned. Loss, about $3,000; insurance not known.

### Received with Satisfaction.

SALINAS, March 17th.—The news of Denis Kearney's sentence was received here with great satisfaction among all classes. The almost unanimous verdict was, "Served him right; good for Judge Rix."

## NEVADA.

### Passengers Passing Carlin.

CARLIN, March 17th.—The following passengers passed Carlin to-day, to arrive in Sacramento to-morrow: Henry S. Brooks, H. W. Bodwell, John Houston, Jr., San Francisco; J. Frankl, wife and child, Oregon; J. Safford, Kansas; Mrs. M. G. Hopkins, Boston, Mass; J. E. Fiske, Reading, Mass.; Miss Yahnke, Eliot Stone, A. J. Dovale, J. H. Tingue, J. H. Bolles, R. J. Bolles, Alex. Center, New York; Miss Van Buren, H. S. Van Buren, New Jersey; Charles P. Lincoln, China; J. S. Van Buren, Yokohama; Mrs. S. A. Lawson, Fort Steele; S. V. Bardwell, wife and family, Ontario; Mrs. L. A. Whipple, San Jose, Cal.; W. Gisborne, Ottawa; Lawrence Emerson, Diamond City, Mont.; A. G. Baxter, China; Mrs. Mary Bourdon, Tuscarora, Nev.; 70 emigrants, including 60 males, to arrive in Sacramento March 19th.

## OREGON.

### Items from Portland.

PORTLAND, March 17th.—St. Patrick's day was enthusiastically observed by the Irish-American citizens of this city. Various military and civic Irish organizations joined in the procession, which was quite imposing. After marching through the principal streets of the city the procession repaired to the Newmarket Theater, where literary and musical exercises were held. For hours the streets were thronged with thousands of people, a number of flags were flying, and the city presented a gala appearance.

Frank Mowick, of Wahkiakum county, W. T., has been convicted of murder in the second degree, and sentenced to the Territorial Penitentiary for a term of 13 years.

The term of office of United States Marshal A. B. Waters expired yesterday, but owing to the non-arrival of his successor, E. S. Kearney, he will continue to exercise the duties of the office until relieved by that gentleman. As the first quarter of the fiscal year expires with the present month, Kearney will probably not assume the duties of Marshal until April 1st.

The weather is cloudy, but pleasant.

## WASHINGTON TERRITORY.

### Still a Mystery—Snow and Rain.

WALLA WALLA, March 17th.—Sheriff Thompson offers a reward of $500 for the parties who murdered the man found in Touchet river. So far it is as mysterious as ever.

After a very dry spell of weather, snow and rain fell, benefiting the crops immensely.

### Counterfeit Standard and Trade Dollars.

SEATTLE, March 17th.—Since the arrival of the steamship Dakota, on Monday evening last, the city has been floated with counterfeit standard and trade dollars. For two days the police have been engaged in tracing the matter up, as a result of which a stranger by the name of James M. Grab, who arrived on the Dakota from San Francisco Monday, and a man named William Herbert, for the past three years a resident of the Sound and a boiler maker by trade, were arrested this evening. In the possession of the former were found fifteen counterfeit dollars, which are a very nice imitation of the genuine, being done up separately in tissue paper. In possession of the latter some two or three dollars were found. The indications are that he will be cleared. An examination is in progress in the Police Court this evening.

## PERSONALS.

Levy will toot his horn at Manhattan Beach next summer, to the tune of $500 a week.

Ernest Longfellow, who is now in Paris, has been made one of the Executive Committee of the Boston Art Club.

Preston Powers intends, it is reported, to present a statue of his father, Hiram Powers, to the latter's native town of Woodstock, Vt.

Princess Louise gave $5 each to two sailors on the Sarmatian whose fingers were frostbitten during her voyage. She told them to buy mittens.

The Indian witnesses in the Ponca case have named Senator Dawes "Great-Chief-Who-Asks-Questions," because he cross-examines so thoroughly.

Exiled Marshal Bazaine is said to be carrying on a large farm near Madrid, making a specialty of breeding a superior variety of American hogs.

Rumors that the grandson of John C. Calhoun is a St. Louis barkeeper are denied. The namesake and only grandson of the great South Carolinian is a wealthy planter in Arkansas.

"Monsieur Dix-Minutes" was one of Eugenie's pet names for her son in his childhood, because he frequently asked for ten minutes more when invited out of his bed in the morning.

Having received a check for nearly the whole of the $100,000 to which he finds himself heir, Chauncey Slater, foreman of a manufactory at Mansfield, Conn., continues to work as before.

Brumidi's only son, a youth of 19 years, does not inherit wealth, but he is said to have a large share of his father's genius. It was the ambition of the dead painter to have his son finish the ornamentation of the Capitol.

Queen Victoria, it is reported, is cut to the heart by the radical talk in Canada, and has in conversation more than once recalled the pathetic declaration of Queen Mary when she heard that Calais was cut off from her kingdom.

Ex-President of France, Marshal MacMahon, recently visited the Senate secretly to hear a speech. When discovered, he declined a reserved seat. At the age of 72 he lives in quietness, devoting himself to the preparation of his memoirs.

Mr. Allen, the American accredited as Hawaiian Minister to the United States, appeared at the recent diplomatic reception decorated like his peers. He wore across his chest the Hawaiian grand cross of knighthood and its broad blue ribbon.

The late James Lenox was heard to say, twenty-five years ago: "I have learned by experience the difference between business and benevolence." He has been known to refuse to lend a man money because the security seemed insufficient, while at the same time he handed him a handsome present.

Mrs. Hayes has sent to the Grand Army Fair of Major Boyd Post, at West Newbury, Mass., some exquisite photographs of Andrews' full-length portrait of Mrs. Washington, which now graces the East Room, each one bearing her autograph, and a box of cut flowers from the White House conservatory.

The tall, fair and fragile-looking Princess Blanche d'Orleans is going to marry the Prince de Ligne, who, although not of royal birth, is allied to several reigning families. Princess Blanche is the second daughter of the Duc de Nemours, and is the frequent companion of her father in Paris society. She is the only remaining unmarried granddaughter of Louis Philippe.

The daughter of Spotted Tail, a tall, ungainly young woman of 18, is studying in the Government school for Indians at Carlisle Barracks, Pa. She has lately married the half-breed interpreter employed at the barracks, and when sent to do some scrubbing the other day her lordly husband interfered. His wife was of royal blood, he remarked, the daughter of a chief, and he wanted her to learn only what the white ladies do.

Robert L. Taylor, of Tennessee, is described by the Washington correspondent of the *Journal*, of Indianapolis, as having won his way to Congress in an Orpheus-like manner. He simply fiddled. After he got his nomination he put his fiddle under his arm and started forth upon his campaign among the mountaineers of his district, making a few speeches, and causing his violin to breathe out still more persuasive music.

Richard Wagner is quoted as writing to Herr Nohl, who dedicated to him "The Letters of Beethoven": "You must have known what you were doing in dedicating this book to me; you must have known that you would offend that large class who constantly labor to impress the public with the idea that I despise our musical classes. Neither can you be ignorant of the reasons sought in support of this foolish notion; I therefore accept your dedication as a declaration of opinion, and offer you my best thanks."

Mr. Littre, in an article on the French foreign policy in his "Philosophic Positive," exhorts France to resign herself to the rank of a second-rate power, Russia, England and Germany being now the only great powers, and to look to Algeria and her colonies as her chief field of activity. He urges also the necessity of an unbroken foreign policy of protecting it from the direct influence of the democracy and of not alienating the respect of foreign powers by revolutionary movements.

Elizabeth of Austria is one of the most cultivated sovereigns in the world. She draws beautifully, is a good musician, and speaks fluently all the languages of modern Europe. She is fond of literature, and among her attendants has readers in various languages, to whom she enjoys listening. She is not very popular, it is said, among the ladies of the court circle, since she has no taste for small chatter and fashionable amusements. She amuses herself with her drawing, embroidery, riding, and last, but not least, in playing with her little daughter Valerie, for whom she has an almost idolatrous affection.

President Eliot, thinks an exchange, showed up Professor Alexander Agassiz at the New York dinner of the Harvard alumni, as one who has followed Dr. Holmes' wise advice:

God bless you, gentlemen! Learn to give
Money to colleges while you live,

having since 1870 given Harvard College $230,000, only $65,000 of which has ever been reported to the public. His gifts are made in the sensible way of supplying what he sees to be needed, and only President Eliot has known about it. Although best known as a scientist, he is manager of one of the best copper mines in the world.

On Sunday the teacher of a Sunday-school class in one of the East Bridgeport churches gave the little ones a description of the flood, and when she finished inquired if any one could tell her who went into the ark with the animals? A perfect chorus of hands flew up in response. Turning to a little fellow the teacher said: "Tell me who went into the ark with the animals?" "P. T. Barnum," promptly replied the youngster. The lesson closed. —[Bridgeport Standard.

YOUNG MEN

WHO MAY BE SUFFERING FROM THE effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit $500 for every case of Seminal Weakness or Private Disease of any kind or character which he undertakes and fails to cure

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

Office hours—10 to 4 and 6 to 8. Sunday from 10 to 11 A. M. Consultation free. Thorough examination and advice, $5. Call or address
