DOMESTIC NEWS.

The President's Power of Appointment.

WASHINGTON, July 6th.—Attorney-General Devens has given an opinion on the power of the President to appoint during the recess of Congress to vacancies occurring either during the recess or during the sessions of the Senate, and the appointment for which the Senate may have refused to confirm. The opinion was elicited by a letter from Secretary Sherman relative to the appointment of John F. Hartranft as Collector at Philadelphia:

I am of the opinion that the vacancy in the Collectorship of the port of Philadelphia having occurred during the session of the Senate, the Senate having adjourned without acting upon the nomination sent it, the President may now appoint the nominee or any other person to fill the vacancy by a temporary commission, to expire at the end of the next session of the Senate, and that the condition of the office is not affected by any provision of the tenure of office Act, and will not be until the end of the next session of the Senate, without the confirmation of a nominee. After careful examination I am satisfied that not only has the practice of Presidents been uniform in this regard, but that it has been sustained, whenever brought into controversy, by the advice of the respective Attorneys-General.

Appointments by the President.

WASHINGTON, July 6th.—The President today appointed William A. Stone as United States District Attorney for the western district of Pennsylvania, and Charles C. Walters as United States District Attorney for the district of Arkansas (a re-appointment). Attorney-General Devens, to whom was referred the selection of a District Attorney at St. Louis, Mo., has virtually decided to recommend the reappointment of the present incumbent.

Commissions Signed.

WASHINGTON, July 6th.—The President to-day signed the commission of David M. Key, of Tennessee, to be United States Judge of the Eastern and Middle Districts of Tennessee, and of Horace Maynard, of Tennessee, to be Postmaster-General of the United States.

Colonel Against Colonel—Fatal Duel in South Carolina.

CHARLESTON, July 6th.—Colonel E. B. C. Cash, of Chesterfield, killed Colonel William M. Shannon, of Camden, in a duel yesterday.

Specials to the *News and Courier* say the duel took place at Dubose's bridge, on the border of Camden county. Shannon, the challenging party, fired first, the ball striking the ground near Cash's feet. Cash then fired, and the ball passed through Shannon's heart. Death was instantaneous. Colonel Shannon denied to the last having reflected on Mrs. Cash in certain legal proceedings which caused the trouble, and he challenged Cash on account of the latter's abusive publication concerning him. Shannon was a lawyer of high character, and leaves a large and dependent family. This fatal duel was the outcome of a controversy between Colonel Cash, Captain W. L. Depass and Colonel Shannon. Depass and Cash made arrangements to fight, but did not meet in consequence of the arrest of the former. Shannon was then challenged by Mr. Clinchy, one of the parties to the controversy, but the challenge was refused. Cash then published Shannon as a coward, and out of this, it is supposed, the meeting arose. The difficulties above mentioned led to the formation of the Camden Dueling Association. Colonel Shannon was about 60 years of age, and universally beloved and respected.

Serious Riot in an Iowa Town.

CEDAR RAPIDS, July 6th.—Reliable information from Troy Mills, in this county, gives the details of a terrible fight during the celebration last Saturday. The cause of the fight, in which over 300 persons engaged, was bad blood engendered several years ago in voting for a tax levy for a railroad. It began by the Marshal of the Day striking a man for insulting a woman, and the blow was the signal for a free fight, lasting two hours, in which every serviceable weapon was used. The result was four men probably fatally wounded and the serious injury of twenty-five others. The Irish element were the aggressors, and were badly worsted. The best citizens of Troy Mills participated.

Ku-Klux Under a New Name.

CHICAGO, July 6th.—The *Tribune*, summarizing a special says: An organization called the Southern Regulators, which is simply the Ku-Klux Society under another name, has been discovered in Virginia, where it has a numerous membership, and where its baneful influence is used to terrorize good citizens, especially colored men. The punishment is whipping on the bare back with hickory rods. A report of the operations and character of the Society has been presented to Attorney-General Devens, who will doubtless try to break up the ruffianly and lawless gang.

The Greenback Candidate for President.

NEW YORK, July 6th.—The *Post* says: Weaver, the Greenback candidate for President, at a meeting of the Greenback Executive Committee to-day, said he considered his chances of election good, and he expected to carry Maine, California, Missouri, Tennessee, Texas, Mississippi, and perhaps Indiana. Jones of Nevada was present at the meeting. Weaver expects to speak in every State in the Union.

Politics in Virginia.

CHICAGO, July 6th. — The *Inter-Ocean* Washington special says: Jorgensen of Virginia believes three districts of that State can with an active campaign be carried for the Republicans, and in case the Readjusters and regular Democrats quarrel, as now seems possible, the Republicans will have more than a fighting chance to carry the State.

General Sherman on the Border.

ST. PAUL, July 6th.—A Winnepeg, Minn., special says: On the United States boundary General Sherman was met at St. Boniface by Premier Norquay, Mayor Logan, Colonel Osborne Smith and others. A procession was formed, with an escort of cavalry, which crossed Red river with a salute of 19 guns on the Winnepeg bank by a field battery, and proceeded to the Government House, where it was received by the infantry, the military band playing the national anthem. There will be a public reception to-morrow.

The Georgia Revenue Trouble.

WASHINGTON, July 6th. — Commissioner Raum has telegraphic advices that an arrest was made of several deputies engaged in the Red Oak affair in Georgia, in which the revenue officers killed one man, and allege that they fired in self-defense. The Assistant District Attorney has been instructed to appear before the State Courts in behalf of the officers, and to take out writs of habeas corpus to transfer the cases to the United States Courts.

The Pueblo Lands of San Francisco.

WASHINGTON, July 6th.—In the case of the pueblo lands of San Francisco, the acting Commissioner of the General Land Office decides that the small tract of land known as Willow Grove, at the head of Guadalupe river, must be included in the official survey. This tract is owned by the Odd Fellows' Savings' Bank of San Francisco, and has been improved at considerable expense by that corporation, which holds its title under the pueblo grants.

Is It a Pirate?

WASHINGTON, July 6th.—At the Cabinet meeting to-day some discussion arose regarding the recent firing into American schooners off the Cuban coast. Information received at the Department of State from the Spanish Government is to the effect that there is no such Spanish vessel as the Nuncio, and the authorities of that Government are inclined to the impression that the vessel which overhauled the American schooners was run by pirates.

A Fireman Killed.

ST. LOUIS, July 6th.—A small fire broke out in the cellar at 714 Locust street about noon to-day, and as Phelan Tool, a fireman, was using a Halloway fire extinguisher, it exploded and killed him.

Shot Through the Body.

OMAHA, July 6th.—Wm. Gozola and Louis Zerga, both Italians, quarreled over a pool game this afternoon, and shortly afterwards, while drinking beer together at John Cuneo's fruit store, they again quarreled, and Gozola then shot Zerga and escaped. Zerga was shot in the stomach, the ball going through him and dropping on the floor. The wound is fatal, and Zerga will die in a few hours.

The Recent Murder in Chicago.

CHICAGO, July 6th.—It transpires that the name of the man found murdered Sunday morning near the artesian well is Johnson, and that he is a Swede, who was employed in a tan yard. His companion, with whom he was last seen drinking on the night of the murder, cannot be found.

Political Prospects in North Carolina and Virginia.

NEW YORK, July 7th—A. M.—The *Times* thus sums up its special political news: Delegates to the North Carolina Republican Convention report that the prospects are good for the success of Garfield and Arthur in that State, with proper and needed encouragement from the North. The prominent Virginia politicians express the opinion that the differences between the Readjusters and Funders in the Democratic party will cause the electoral vote of that State to be cast for Garfield and Arthur. Much depends upon the action of the Readjuster Convention today.

FOREIGN NEWS.

Various Rumors About Troubles in Ireland.

LONDON, July 6th.—It is believed that the Government has information which renders it very desirous that the compensation for disturbances in Ireland bill should become a law. It is known that in the distressed districts evictions cannot be enforced during the coming autumn and winter without producing terrible events, and that in the absence of such a law the Government's responsibility will be much greater than they have thought proper to state to the House of Commons.

The *Times* severely condemns the compensation for disturbances in Ireland bill, and says if it becomes a law the landlords will remain unpaid, except in a few instances where they are wealthy and determined enough to bring their tenants before the County Courts and brave the risk of having unjust damages awarded them.

Writs Against Bradlaugh.

LONDON, July 6th.—It is stated that the first writ served on Bradlaugh for voting in the House of Commons was made out prior to the time when he voted, and may be vacated if he wishes, and that a second writ was served in the precincts of the House of Commons, and is therefore void. It is probable, however, as the question must be decided, Bradlaugh will oppose the first suit on its merits.

Meeting to Protest Against Dean Stanley's Foolish Scheme.

LONDON, July 6th.—A public meeting to protest against the erection of a monument to the Prince Imperial in Westminster Abbey will be held at St. James Hall on the 15th instant, Sir Wilfred Lawson presiding.

LIVERPOOL, July 6th.—Stephen B. Packard, United States Consul, banqueted the masters of American ships in this harbor and others last night, in commemoration of Independence Day. Over 100 persons were present. The banquet was less of a private celebration than usual, as the Mayor of Liverpool and other notabilities were present. Toasts were offered to "The Queen," "The President of the United States," "The Mayor and Corporation," and "The Anniversary of American Independence." The last toast was responded to by Albert D. Shaw, United States Consul at Manchester.

Amnesty to Communists.

PARIS, July 6th.—The Committee of the Chamber of Deputies, after hearing the views of Ministers and Deputies from the Left Group, has adopted the amended version of Senator La Biche's scheme, granting amnesty to all Communists pardoned by the Government, except those who have undergone sentences for common law offenses previous to the Commune. It is expected that the Senate will agree to this compromise.

The Turf.

LONDON, July 6th.—The race for July stakes, for two-year-old colts and fillies, was won by Balgal, Lorillard's Iroquois second, Neophyte third. Eleven horses ran. Lorillard's Pawpaw was scratched.

Lorillard's Boreas won the Newmarket selling plate, Templar second, Fripon third. Red Wolf and Elderberry ran.

The Porte and the Powers.

CONSTANTINOPLE, July 6th.—*La Turque* in an article believed to be indirectly inspired by the Cabinet, publishes an elaborate defense of the action of the Government with regard to the Treaty of Berlin. It says the Porte's negotiations with Greece were frustrated by the inordinate pretensions of the latter. The delay in the Montenegrin question is owing to circumstances over which the Porte has no control. The Sultan is anxious to introduce reforms, but cannot do so, owing to the uncertain condition of the country. The article then accuses Europe of failing to execute its obligations toward Turkey. It charges that the Sultan has not been put in possession of the Balkans. Bulgaria has not been forced to demolish its fortresses. The Bulgarian tribute and Servia's portion of the Ottoman debt has not been fixed.

Recommendations Rejected.

CONSTANTINOPLE, July 6th.—The Sultan and the Ministers have finally determined not to accept the recommendations of the Berlin Conference. Mahmoud Nadirn Pasha, now identified with the English party, was the only Minister who counseled acceptance of the proposals of the Conference. A strong party is in favor of sending an immediate declaration of war to Athens if the Greeks effect any military concentration on the frontier.

Movement Tending to Disorder.

PARIS, July 6th.—An attempt is making by the enemies of the Republic to get the Communists to meet at the cemetery of Pere la Chaise on the 14th of July.

Breach Enlarging.

Grandpa—Well, Johnny, have you had any football at your school lately? Johnny—Oh, I don't care to go in for it now. All our best men got their legs broken last half, and until they're well again we're nowhere.—[Judy.

It's easy! By reversing a dog we make a god. By reversing a rat we make a tar. By reversing a pot we make a top. But show us the man who does not get mad when there is a dam to be reversed.—[Philadelphia City Item.

The owner of a pair of bright eyes says that the prettiest compliment she ever received came from a child of four years. The little fellow, after looking intently at her eyes a moment, inquired, naively, "Are your eyes new ones?"

A stranger, passing a churchyard and seeing a hearse standing hard by, inquired who was dead. The sexton informed him. "What complaint?" asked the inquisitive one. Said the old man, "There is no complaint; everybody is satisfied."

The family cat wonders why everybody pets and pampers her just now, not knowing that she is to be left at home when her mistress goes into the country, and that the lady knows that a slender diet is thought best for cats by the kitchen powers. An overfed cat is too quiet to break crockery and to wear its mistress' best bonnet to the theater, and is really of no use. [Boston Transcript.

While Bishop Ames was presiding over a conference in the West a member began to tirade against universities, education, etc., thanking God that he had never been corrupted by contact with a college. After proceeding thus for a few minutes the bishop interrupted him with the question, "Do I understand that the brother thanks God for his ignorance?" "Well, yes," was the answer; "you can put it in that way if you want to." "Well, all I have to say," said the bishop, in his sweet, musical tones, "is that the brother has a great deal to thank God for."

Dangers of a Fireman's Life—Six Men Buried in the Ruins of a Burning Building.

SAN FRANCISCO, July 6th.—About 11:40 last night a fire occurred in a large stable at the corner of Turk and Larkin streets. Men were ordered up on the roof. The outer wall fell in, burying Charles Crockett, J. J. Wilkinson, James Beaue, Mike Byron, officer John Chester and George Wilson. They were rescued by their brave companions. All will live, though Chester is badly burned, having been wedged between two burning bales of hay.

A Frightfully Mutilated Man—One of the Proprietors of a Theater Shoots His Partner—Condition of the Injured Firemen.

SAN FRANCISCO, July 6th.—B. F. Hastings, injured by the explosion at Monterey Sunday, and whose death was erroneously reported, was brought to the city to-day. His injuries are of such a nature that death is likely to ensue, and would be a mercy to him. Both eyes are burst, one leg is so crushed that amputation will be necessary, and he has other painful and serious injuries.

About 10 o'clock this evening Samuel Tetlow, one of the proprietors of the Bella Union Theater, walked into the bar-room of the theater, where his partner, Wm. Skeantlebury, was taking a drink with some friends, and with the remark, "Prepare yourself," or something to that effect, drew a navy revolver and fired. The ball passed through Skeantlebury's right arm, entered the cavity of the chest, and was taken out from under the shoulder blade. Tetlow was instantly seized by a policeman and taken to the Station-house, and Skeantlebury removed to the Receiving Hospital. It is not certain whether or not the wound is fatal. The cause of the difficulty is not known, those having a knowledge of the subject preserving silence.

All the firemen injured at the fire last night are doing well except Chester, who is in a very critical condition, being badly burned, and having inhaled hot air, causing congestion of the lungs.

Serious Accident at Colusa—Another Broken Balcony.

COLUSA, July 6th.—As the lady equestrians were approaching the corner of Market and Sixth streets yesterday, a rush was made for the corner of the balcony on the *Sun* building, when one section of it gave way, and some fifteen or twenty persons fell through to the sidewalk, a distance of seventeen feet. The break was slow enough to enable many persons on the section to get away. It was almost a miracle that no one was fatally injured. Among the injured are Mrs. Grover, wife of J. Grover; Mrs. Laugenour, of College City; J. D. Gage; a small child of Mr. Grover; Mr. Jose and two boys of Captain Warner. The three first were insensible for a long time, and one of Warner's boys had his thigh broken. Several little girls hung on to the banisters and crawled out after the fall, showing great presence of mind. Those underneath had time after the balcony began to break to get out of the way except Mrs. W. H. Brasfield, who had to get a baby buggy off ahead of her. She received a slight scalp wound. Mr. Green had given orders for no one to go on that part of the balcony, and several gentlemen were warning the crowd of the danger at the time. The door had been locked to keep the crowd out, but it was broken open, and they rushed suddenly on, each one thinking that it would hold one more. Other than this the celebration here was a decided success.

Died of His Injuries—Burglaries.

MERCED, July 6th.—Charles Boyce Howard, the man who was burned here on Sunday in the lock-up, died yesterday afternoon, and was buried this morning in the grounds of the Merced Cemetery Association. He has two brothers, William and Lafayette Howard, residing in Baltimore, Md. Deceased was aged about 62 years.

Among the incidents on the 4th were the burglarizing of three dwellings while the occupants were attending the celebration, but the booty obtained by the robbers was not great—$30 in money and some trifling articles of clothing only being missed.

A Cripple Fatally Shot at Merced.

MERCED, July 6th.—A man named Sam Enochs, a gambler, was shot four or five times at short range in the saloon of Madam McClurg, alias Madam France, by a man named Alex. McKenzie, a late arrival here from Vallejo, and is dying. McKenzie is said to be one of the most desperate men in the State. Constable Gardenhire was promptly on hand and took him to jail. There is great excitement among the people in consequence. The wounded man had no weapon in his hand except a cane, which he always carried, being very lame.

The "Fourth" at Monterey.

MONTEREY, July 6th.—The celebration of the one hundred and fourth anniversary of the Declaration of Independence was celebrated in this city at the Pacific Grove and also upon the grounds of the Hotel del Monte with great enthusiasm. Parties commenced arriving in this city at an early hour yesterday morning from portions of the county twenty miles away, and before noon there must have been from 1,200 to 1,500 men, women and children in town. All of the stores and other prominent buildings were tastefully and elaborately hung with bunting, and a spirit of patriotism seemed to permeate all the nooks and crooks of this old adobe town. At the Pacific Grove there were regular Fourth of July exercises, including an oration, the reading of the Declaration of Independence, etc., and also at the Hotel del Monte, where there was a procession by the guests of the hotel, headed by Charles Crocker as Grand Marshal, numbering nearly 500 ladies and gentlemen. The regular exercises of the day were carried out, and an oration was delivered by Henry Wetherbee of Alameda county. In the evening there was a grand display of fireworks in front of the Hotel del Monte, composed of—beside the usual number of rockets, roman candles, etc.—eleven large pieces. The Mexican population had a barbecue in the afternoon, and after attending the fireworks on the grounds of the new hotel, had a fandango. There was also an elegant ball at the Hotel del Monte. The day was as perfectly beautiful as it could be. The yacht Consuelo
