WASHINGTON, September 24th.—For Pacific coast regions: Clear or partly cloudy weather.

LOCAL INTELLIGENCE.

POLICE COURT.—The work of the Police Court yesterday sympathized in magnitude with the attendance at the fair, and many of the cases are from the rough class brought here by that gathering. Cases were disposed of as follows: Tom O'Neil, battery, goes ten days to the County Jail; Thomas DeWitt, battery, fined $40, but being without it, goes to the County Jail forty days; H. Dubois, carrying concealed weapons, was sentenced to $30 fine and ten days' imprisonment in the City Jail; George Smith withdrew plea of not guilty and pleaded guilty to two charges of disturbing the peace, and will receive judgment to-day; John Campbell, drunk, was discharged; Charles Gray, Hugh Evans, William Schumach and Tom Dudley, for visiting an opium den, were fined $5 each; Ah Kie, for keeping an opium den, fined $10 and costs; Arthur Lee, disturbing the peace, fined $10 and costs—no funds, and goes to County Jail in lieu for ten days; Jerry Haley, disturbing the peace, was fined $90—no money, and goes to Garret & Shellars' brigade for ninety days; Ed. Sullivan, for carrying concealed weapons, fined $5 and costs; Julius Brown and John Henneberry, disturbing the peace, cases dismissed at request of prosecuting witness; the cases of Mag Stanley, drunk, and John Russell, misdemeanor, were continued till to-day.

A WONDERFUL EXHIBITION OF HORSES.—At the large tent near the corner of K and Eighth streets can be seen, this afternoon and evening, Sherman's wonderful trained horses, which were raised by him on his farm in Contra Costa county. They perform over a hundred tricks at the word of command, such as have never been seen before. Tommy, a beautiful bay horse, will get into a wagon, take the reins in his mouth, and drive a team around the arena; he will also pick up a hat or handkerchief and carry it across the ring, and give it to Barney, who will carry it back to his master. Barney will waltz and Newport, also dance the Highland fling, with many other pleasing exercises, too numerous to ment on, but should be seen by every family in our city. Last evening the tent was crowded by a very appreciative audience, and the general remark was, "It is the best 'horse show' we ever saw." Barney and Tommy seem to be the ladies' favorites, while Jack does everything the wrong way; not only pleases the little folks, but is really the wonder of all for his intelligence. No lover of the horse should miss to take his family this afternoon and evening, which will be the last exhibition in this city. The exhibition is strictly a moral and instructive one, and should be liberally patronized. The admission tickets are within the reach of all.

THE ARCHERY SHOOTING.—The archery matches at Capitol Park yesterday were well attended. The gentlemen shot at the St. Leonard and double York rounds, the former being 60 yards, and the latter 60, 80 and 100. The prizes are as follows: St. Leonard round—First prize, championship gold arrow; second, one dozen fine arrows; third, half dozen arrows; fourth, fine arm-guard. At the double York round the chief prize contested for is the championship badge, or medal. Several prominent archers from abroad were present—Otey, the "Lone Archer of the Comstock," who represents the Virginia Merry Bowmen; Kinney of Calaveras; Cadman, Darneal, Allen and son, of the Pacific Archery Club, and A. W. Havens and Mr. Pratt of the Oakland Bow Club. The partial scores yesterday were: J. O. Cadman, 222; J. T. Allen, 193; Thomas Loftus, 177; J. H. Collins, 145; Edward Yorke, 143; E. K. Otey, 126; A. W. Havens, 125; A. F. Allen (ten years of age), 108. Ladies—Mrs. J. J. Inwalis, 358; Mrs. R. O. Cravens, 289; Miss Jennie McMenomy, 242; Miss Louise Moran, 223. The shooting will continue to-day, several matches outside of the regular programme having been arranged.

BOARD OF SUPERVISORS.—The Board of Supervisors met yesterday at 10 A. M. in pursuance with adjournment. Present, Messrs. Butler, Bailey, Beckley, Christy and Wilson. A communication was received from the State Board of Equalization, giving official notice of the late State tax determined by said Board, and divided as follows: For general fund, 30 cents; for school fund, 23 cents; for interest and sinking fund, 6 cents; for State drainage and construction fund, 5 cents; total rate of State tax, 64 cents. This total rate is required to be levied upon the taxable property of the county, on the first Monday of October, in accordance with section 3714 of the Political Code. A communication was received from T. E Morgan, Road Overseer of District No. 45, accompanied by his bond. On motion the bond was accepted. Upon motion the rules were suspended, and the claim of N. Williams for $23, and that of Henry Armstrong for the sum of $108 40, as Constable fees, were allowed. The Board then adjourned for the term.

PHAETON RUN DOWN.—Yesterday while the horse and phaeton of J. K. Young was being driven along Ninth street, at the intersection of H, by his boy, a two-horse team came down H at a tearing rate and run into the former, smashing the phaeton into a shapeless condition. Fortunately the lad who was driving was not seriously injured. The rig doing the damage was occupied by three young sprigs, who did not stop at the collision but hastened away up G street, probably to prevent being identified.

FIRST REGIMENT.

Camp Barnes, prior to the dress parade last evening, was only the scene of usual camp duties during the day. The attendance from the city at 5:30 P. M. to witness the dress parade was much larger than on any preceding day. The parade was fine, and greatly enjoyed by the spectators. In the evening the enlisted men held a social dance, which was very largely attended, and lasted till midnight.

The officer of the day yesterday was Captain G. M. Gaylord, and officer of the Guard, Lieutenant C. F. Holyoke. The officer of the day to-day will be Captain H. P. Bush, and officer of the guard, Lieutenant H. M. Green.

There will be dress parade this evening at 5:30 for the last time during the present encampment. It is expected that the encampment will end to-morrow and that the regiment will strike tents about 2 P. M. preparatory to taking home passage.

THE RECEPTION.

The reception given at the Capitol last evening by the ladies of Sacramento to the officers of the First Infantry Regiment of San Francisco was a most brilliant and successful affair. It was strictly an invitation party, and the ladies participating not only included the leading and elite of the city, but many prominent ladies from other parts of the State, now in attendance at the State Fair. While the occasion was especially in honor of the officers of the First Infantry, there was also in attendance, by invitation, many of the Governor's staff, officers of the Second and Fourth Brigades, and the officers of the various military companies in this city and from other companies from San Francisco. The officers were all in full uniform dress, and presented a highly martial appearance. There were also many other prominent gentlemen present from the city and elsewhere. Although it was stated to be only informal as to dress, the toilets were rich and varied, and many were costly and elegant. These, with the military dress, under the full light of the the Senate Chamber upon the white canvased floor, gave an exceedingly dazzling effect. The reception opened at 8:30 and closed at 12. The band of the First Infantry Regiment gave most excellent music, and dancing was generally engaged in. The Adjutant-General's office and adjoining rooms to the Senate Chamber were fitted up and occupied as reception rooms, and all were filled. A light collation was served. The occasion was one which was highly complimentary to the ladies who extended it, as well as to the officers in whose honor it was given.

MERCHANDISE REPORT.—The following freight for Sacramento passed Ogden on the 22d: For W. R. Strong, 53 bags grass seeds; Fritz & Miller, 3 cases coffins; L. K. Hammer, 1 organ, 2 boxes musical instruments; W. D. Comstock, 13 boxes chairs; A. Heyman, 1 box piano stools; G. W. Chesley, 5 barrels whisky; Adams, McNeill & Co., 26 barrels hams; H. C. Kirk & Co., 7 boxes perfumery; Huntington, Hopkins & Co., 1 box brass tube fittings, 2 boxes hardware, 400 kegs nails; Billingsley & Co., 4 cases shoe blacking; R. FREIGHT DEPOT COMPLETED.—Foreman F. S. Dent, who has had charge of the construction of the new freight depot in this city, completed the work upon the same yesterday, and left last evening with a force of 20 men for Colfax, where he will have charge of building another depot. The building there to be constructed will be 26 by 125 feet. A period of 61 days only has been occupied in the erection of the freight house just completed on Front street. The work has progressed quietly but with the most perfect system, and showing the most economic control of forces and time, and the building completed is an ornament for its purposes to the city.

ATTEMPTED ROBBERY.—Night before last, about 11 o'clock, as a gentleman was passing along Seventh street, between K and L, near the alley, two men stepped out and placed themselves in position for him to pass between them, with a view of closing in upon him for robbery. He, observing their purpose, quickly put his hand to his hip pocket, with the thought of securing his money; but the assailants, supposing he was about to draw a pistol, one of them at once drew a revolver and fired at him, and both then ran. The shot did not take effect, and nothing further has transpired in relation to them.

PORCUPINE KILLED.—P. H. Gardiner of Isleton sent to this office a sample of porcupine quills, obtained from one of those sharp-haired fellows, killed by L. B. Woodworth near that place. The porcupine was inspecting Mr. Woodworth's hen-roost, and weighed twenty pounds. It was sought to take him alive, but his feelings were too tender, and he died in the operation. The quills are about two and a half inches long, and white, except about half an inch of the tip, which is black and needle-pointed. He was environed with as many points as a modern lawyer.

FREIGHT MOVEMENTS.—The following car loads of freight for Sacramento were received yesterday: Five of wheat, 2 of coal, 1 of coal oil, 1 of beer, 1 of hardware, 1 of shingles, 6 of barley, 1 of flour, 3 of lumber, 4 of granite, 1 of nails and 1 of wool. The following through car loads East were forwarded: Two of canned goods, 2 of sugar, 3 of salmon, 1 of wine, 1 of hides, 6 of merchandise, 2 of canned fruit, 2 of hops, 36 of tea, 4 of silk and 1 of wool and 2 of green fruit.

N. G. C. SHOOTING CONTESTS.

The team shooting by companies of the State National Guard took place yesterday afternoon at Guthrie's Homestead range, just outside of Thirty-first and R streets. The only companies engaging in the contest were the Sarsfield Guard, Company "G," First Artillery Regiment, and Sumner Guard, Company "E," First Infantry Regiment. Everything passed off most agreeably and the best of feeling and cordiality was exhibited between the companies. The day was not favorable for the match, as there was considerable wind blowing obliquely across the range, and the air was also thick and dull, or much higher scores would probably have been made. The Sumner Guard won the championship trophy, as will be seen below, and which the Sarsfields cheerfully accorded to them. The following is the score:

COMMERCIAL.

San Francisco Produce Market.

SAN FRANCISCO, September 24th—1 P. M.

FLOUR—The Oregon steamer brings nearly 1,000 bbls. We quote: Best City Extra, $5 12½; Bakers' Extra, $5@5 12½; Superfine, $3 50@4; Interior Extra, $4 50@4 75; interior Superfine, $3 50@4; Oregon Extra, $4 50@4 75; choice do, $5; Oregon Superfine, $3 50@4; Walla Walla Extra, $4 50@4 75 ₩ bbl.

WHEAT—The market to-day evinced no particular buoyancy. There was a better disposition to purchase, but the views of sellers and buyers were not always in accord, and transactions were rather limited in consequence. Sales include 200 ctls choice milling, $1 42½; 2,000 do No. 1, $1 37½; 1,000 do good milling, $1 37½; 1,000 do good coast shipping, $1 26½; 550 do off grade, $1 22½; 1,200 do poor shipping, $1 10 ₩ ctl. We quote: No. 1, $1 35@1 40, with strictly choice milling at $1 42½; No. 2, $1 27½@1 32½ ₩ ctl.

BARLEY—There is a moderate inquiry for choice feed and fair brewing qualities for shipment to distant points. No demand exists for bay Chevalier, and probably transactions on English account will be very limited until a lower freight market shall prevail. Sales to-day of 3,200 sks light bay brewing at 82½c, understood to be for shipment overland; 3,000 do choice bay feed, to be forwarded to Reno, on terms reserved. Brewing is quotable at 90@95c; feed, 75@80c; Chevalier, $1 27½@132½ for choice bay, and 85c@$1 for coast.

OATS—Business during the week has been quite lively. Not a day has passed in which more or less sales have not been effected. The market is well furnished with supplies from all directions, and there seems to be little chance of any change for the better in values just at present. About 5,000 sks arrived to-day, nearly one-half coming from Washinton Territory and Oregon. Sales of 270 sks Humboldt, $1 40; 1,200 do coast, $1 20; 400 do fair feed, $1 17½ ₩ ctl. We quote: Humboldt, $1 40@1 45; Coast, $1 15@1 25; Oregon and Washington Territory, $1 20@1 45; Surprise, $1 50@1 60 ₩ ctl.

HAY—The several qualities are quotable as follows: Poor stock, $8; Alfalfa, $9@10; Stable, $9@11; good Oat, $12; good Wheat, $12 50@13 ₩ ton.

FRUIT—The market presents no new feature. Supplies are liberal, trade is good and prices are generally remunerative. We quote as follows: Apples, 35@40c ₩ box for ordinary, and 65c@$1 for choice qualities; Pears, 50@40c ₩ box; Bartlett do, 50@75c ₩ box of 25 lbs, 90c@$1 25 ₩ box of 40@45 lbs, and $1 25@1 50 ₩ box of 60 lbs; Quinces, $1 ₩ box, and 40@60c ₩ basket; Cantaloupes, 75c@$1 ₩ crate; Sweetwater Grapes, 35@50c ₩ box; Tokay, 50@75c ₩ box; Black Hamburg, 40@60c ₩ box; Muscat, 50@60c ₩ box; Rose of Peru, 50@60c ₩ box; Watermelons, 35c ₩ dozen for Sacramento river and 40c@$1 for Lodi; Blackberries, $6; Strawberries, $8@10; Figs, 40@50c ₩ box; Peaches, 85c@$1 50 for boxes and baskets; Plums, 2@2½c ₩ lb for ordinary kinds and 2@3c ₩ lb for German Prunes; Lemons, $9@10 ₩ box for Sicily, and $5@6 for Australian; Limes, $17 50@20 for Mexican; Tamarinds, 12@15c ₩ lb; Bananas, $2@4 ₩ bunch; Pineapples, $8@9 ₩ dozen; Tahiti Oranges, $4@5 ₩ hundred.

HONEY—Steady at current rates. We quote: Comb, 12@14c; strained, 6@6½c for dark and 7@8c ₩ lb for white.

BUTTER—The recent advance does not seem to have checked the demand. Trade is quick, and stocks move off well at our figures. We quote as follows: Choice roll, 32½@35c ₩ lb; Point Reyes, 37½c; fair to good, 27@30c ₩ lb; inferior to ordinary, 22@26c, inside rate for mixed lots from country stores. Firkin is quotable at 22½@27½c ₩ lb. Pickled 26@30c. Eastern is in fair supply, and 20@24c ₩ lb will probably cover the bulk of offerings.

CHEESE—The past few days has witnessed quite an active inquiry, and stocks at the several depots are more or less depleted. The demand seems to be mainly for local trade, and probably as soon as dealers have filled up, the market will resume it former quietude. It would take a very pronounced movement to cause any further increase in values, and dealers do not anticipate such a possibility. We quote as follows: California, 12@14c; do, in drums, 14@15c ₩ lb; Eastern, 16@18c; Western, 14@15c ₩ lb.

EGGS—For a warranted article a ready sale is found, and we do hear that in a special case as high as 36½c ₩ dozen was obtained. The Oregon steamer this morning brought 75 cases. Consignments from that direction are of mixed quality, and prices often vary from 5c to 8c ₩ dozen. The arrivals to-day were not landed at the time of our canvass. Some lots of poor California sell much below our figures. We quote: California, 32@36c; Salt Lake, 25@27½c; Eastern, 25@26c; Lime, 25c.

POULTRY—The market has been stationary for three days. Receipts and demand both moderate. We quote: Turkeys, 15@18c ₩ lb for live; Roosters, $5@5 50 for old, and $4 50@6 50 for young; Hens, $6@7 50; Broilers, $3@4, according to size; Ducks, $4@5 ₩ dozen; Geese, $1 75@2 25 ₩ pair.

WOOL—Fall clips are arriving slowly, and free parcels meet with quick sale at about our quotations. The bulk of the receipts up to the present time, however, is defective in character, and heavy defectives are dull of sale even at reduced figures. But few Eastern buyers have yet made their appearance. We quote nominal for spring clips as follows: 16@19c for burry; 20@22c for free southern and San Joaquin. Northern is quotable at 20@25c for ordinary heavy grades; Humboldt, 28@29c; Siskiyou, 25@26c; Washington Territory, 2[illegible]@26c. Fall lamb clips are quotable at 12@14c for fair to good Southern, and 14@16c for choice do; poor Northern, 15@17c ₩ lb. Strictly free and light Northern would probably bring 18@21c ₩ lb. Eastern Oregon sells at 16@20c for inferior, and 21@24c for choice. Fine light fleece Valleys come about 28@31c, while common grades are nominally 25@28c ₩ lb.

RAILWAY ALARM WHISTLE.—To prevent the chance of a train running past the danger-signal during a fog or snow-storm, without the engine-driver seeing it, the Northern Railway Company of France has recently adopted the plan of having a steam whistle on the locomotive, worked by a current of electricity controlled by the signal. The whistle is connected with an insulated metallic brush placed under the engine, and between the rails there is fixed a projecting contact-bar, faced with copper and several feet long, which is swept by the brush when the train passes. This contact-piece is connected to the positive pole of a voltaic battery, the negative pole of which is in communication with a commutator on the signal post, from which a wire leads to the ground. So long as the signal is at "line clear" the passage of the brush over fixed contact produces no result; but when the signal is set to "danger," the commutator brings the negative pole of the battery in direct communication with the ground, and on the brush passing over the contact, completes the electric circuit, and causes the whistle to be sounded, thereby alarming the driver.
