LOCAL INTELLIGENCE.

INTERESTING CASE.—The attention of the Superior Court has been occupied for two days in the trial of the case of Harvey Curtis vs. Nettie Gilman et al., George W. Tyler, George Hanlon and J. W. Armstrong appearing as attorneys for the plaintiff, and Creed Haymond, C. L. White and W. A. Anderson for the defendant, Mrs. Nettie Gilman. The action is to reform and set aside a deed made by Mrs. E. C. Curtis to Mrs. Gilman on October 21, 1879, conveying 480 acres of land in Yolo county and an undivided half of the Capital Hotel property, valued at about $30,000, on the ground of fraud and mistake. It appears from the testimony that Mrs. Curtis is the mother of the plaintiff, and also of Mrs. Gilman, and she now claims that the deed was intended to create a trust in favor of herself and the plaintiff. A large number of witnesses were examined for the plaintiff in support of the allegations of the complaint, and yesterday at 2 o'clock plaintiff closed. Whereupon defendant moved the Court for a nonsuit, on the grounds that the evidence did not disclose any trust in favor of plaintiff; that the plaintiff could not maintain the action, not being the administrator of the estate; that the action cannot be maintained, no distribution of the estate having been ordered; and that the deed does not purport to convey any interest of the plaintiff, but only the interest of Mrs. Curtis. The motion was argued at length and overruled. The case was then continued until this morning, when testimony for the defense will be heard. Much interest is manifested in the case.

POLICE COURT.—In the Police Court yesterday, M. Dolan was examined upon the charge of burglary committed at the Bruce House, where the pictures were sought to be taken from the parlor, and he was held to answer with bail fixed at $1,000. Pat Ryan, common drunk, was tried, found guilty and sentenced to 60 days in the County Jail. Rit Lambert was tried upon a charge of visiting an opium den, found not guilty. Ah Ham, for keeping an opium den was tried, found guilty, and fined $10 and costs. John Dunn, drunk, pleaded guilty and fined $5 and costs. James Howard, disturbing the peace, case dismissed, no complaint having been filed. Paul Welch, drunk, forfeited a deposit of $5 made upon a charge of being drunk. The cases of Charles King, robbery, R. Biggs, disturbing the peace, R. Biggs, attempt to commit rape, and Sam Sanborn, carrying concealed weapons, were continued till to-morrow. The examination of George A. Basler was resumed. The testimony for the prosecution, direct, was concluded. A motion by the defense to dismiss the case was then made, argued and over-ruled. Testimony for the defense was then proceeded with, and at 5 o'clock the case was continued till 11 A. M. to-day.

PERSONAL.—Edward York, of the State Engineer's corps, has received the appointment of Assistant Chief Engineer of the Mexican Central Railway Company, which is building a line of railroad from the City of Mexico to the Rio Grande. Mr. York, accompanied by his family, leaves this city to-morrow for the City of Mexico, where he will take up his residence. He goes hence to St. Louis, thence to New Orleans and from there by steamer to Vera Cruz. Senator Watson, of the Truckee *Republican*, passed through en route home yesterday. J. E. Dixon has returned from Merced county. Railroad Commissioner J. S. Cone was in the city yesterday. W. G. Tyler, of the Alameda Superior Court, is in this city. Colonel William Higgins passed through from Shasta to the Bay yesterday. Judge A. L. Rhodes, of San Jose, and also Judge Reynold, Assemblyman-elect from Santa Clara county, are in the city.

FREMONT BAR.—Officers of the steamers which came from Fremont Bar yesterday report the work on the wing dam as progressing very successfully. All the piles have been driven, and the brush work is being put in. The current in the channel has been already greatly accelerated, and the effect is seen upon the bar, it being partially cut away, but leaving benches or knolls of material standing to within about thirty inches of the surface as yet over the entire space. These, it is thought, will within a few days be washed away, and a uniform depth of four or five feet at least be obtained. A few days will determine. Most of the boats pass Six-Mile Bar without difficulty.

PROTECTING PLANTS.—A correspondent who has had much experience in the raising of plants and shrubbery in this vicinity writes as follows: It is a great waste for people with gardens full of tropical plants to burn the leaves which fall from the trees and then endeavor to protect their shrubbery with old clothes and newspapers. The leaves should be placed around the plants near the roots. They produce heat and are the best protection from cold during winters. In France and Italy leaves are purchased and brought to the city gardens for this very purpose, while here they are burned and the plants allowed to freeze.

NEW PASTOR.—The congregation B'nai Israel has called to its pastorate Rabbi J. Bloch of Little Rock, Ark. That gentleman arrived Wednesday, and will this evening, at half-past 6 o'clock, make his first address to the congregation at the Synagogue. He will then assume conditional charge. The subject of the address this evening will be "The Three Principal Phases in Jewish History." Saturday at 9:30 A. M. he will speak again; subject, "The Hebrew Mother." Sunday at 3 P. M. he will lecture; subject, "The Genesis of the Hebrew People." The new Rabbi is of the reform or new school of the Hebrew Church.

THE WEATHER.—S. H. Gerrish makes the following weather observations: The north wind lulled Wednesday night; at 9 o'clock the thermometer was down to 49°; at 6 o'clock it was down to 32°—freezing point. The air was so dry that not much white frost was seen, except in wet localities. At Sutterville it was down to 29°, 3° below freezing point. This season has been almost exactly like that of 1861. No rain fell (except a sprinkle in October) until the 11th of November, after which it rained, as is well known, almost incessantly until the middle of February.

TRIMMING.—The State Gardener is cutting back the flowering shrubs and trees in the Capitol Park (except evergreens) with vigor. So extensive is the cutting, that it has made a marked change in the appearance of the grounds. These trees and shrubs were so heavy with foliage the past season, that such as did flower made a poor showing in that way. They were so thick also along Tenth street that they obstructed the view of the grounds and building. The present thinning out will result in greatly improved growth next season.

PRISONERS FOR FOLSOM.—The following prisoners under charge of Sheriff C. F. Foster, of Tehama county, passed through yesterday en route to Folsom State Prison: Roderick Donahue, for attempt to commit murder, sentenced to a term of three years; Charles Howard, for robbery, eighteen months, and L. L. Woodward, for same offense, fifteen months.

BRIEF NOTES.

The Salem (Mass.) *Register* of a recent date, says: Rev. Dr. Dwinell of Sacramento, Cal., who was pastor of the South Church from 1849 to 1863, has been in Salem for the past week with his wife and daughter. On Thursday evening there was an informal but very pleasant gathering of his old parishioners at the South Chapel to welcome them. Yesterday forenoon the Doctor preached from his old pulpit to a large audience. The altar and its surroundings were beautifully decorated with autumn leaves and flowers, and the services were impressive.

The Chinese in the city were much excited yesterday, in consequence of a report which gained circulation among them, that the last steamer which sailed from San Francisco for China had been lost, with all the passengers. Several prominent Chinese from this city took passage on the steamer, and hence the effect of the report among them. There is no information that the steamer has had an unfavorable voyage.

Night before last local officers Cafferty and Barron found a man in the lower part of town much under the influence of liquor, having four $20 gold pieces in his hand, and being followed by two ex-convicts and another similar character. They took the man to the police station and retained him till morning, and thus prevented his being robbed.

The Temperance Club in Washington held a public meeting on Wednesday evening. Mr. Gill addressed the meeting. Misses Hoagland and Todhunter sang a duet; Miss Frank Smith and S. F. Hopkins sang "Where is My Boy To-night," and Mr. Hopkins also sang "The Gipsy Boy" and other pieces.

The case of Feronica Miller vs. the City of Sacramento, in relation to the removal of her husband's remains in the City Cemetery, was again continued yesterday for another term.

Thomas Hague, of this city, received yesterday per Wells, Fargo & Co.'s express from Modesto, payment of an election bet upon the Presidency, in the shape of a sack of flour.

Cyrus W. Field and party, who are starting upon a tour around the world, will arrive from the East on the overland train this morning.

A car load of fine-blooded cattle passed through yesterday, en route from St. Charles, Mo., for parties at Goshen, Tulare county.

J. F. Richardson and wife, of Sacramento, will arrive from the East by overland train this morning.

A car load of grapes was forwarded yesterday to Chicago, attached to the overland express.

There are messages at the Western Union Telegraph Office for Emil Harris and Ben. Coon.

A car load of lumber was shipped from the Sacramento yards yesterday to Benson, Arizona.

No immigrants arrived from the East today.

MERCHANDISE REPORT.—The following freight for Sacramento passed Ogden on the 9th: For D. W. Earl, 20 steel shoes; Adams, McNeill & Co., 10 crates mince meat; J. F. Hill, 1 box lamps, 1 box hardware; E. L. Denison, 1 case nuts; Locke & Lavenson, 4 rolls carpet; L. L. Lewis & Co., 1 box japanned ware, 1 box and 1 bbl stamped ware, 2 boxes hardware; George O. Bates, 1 car load of plows; Baker & Hamilton, 200 kegs nails, 1 box plow castings; Huntington, Hopkins & Co., 150 plates iron, 2 boxes hardware; Central Pacific Railroad Company, 50 bbls oil, 1 box machinery.

THE EDUCATED HORSES.—The Sherman educated horses continue to draw large audiences at the tent on K street, between Eighth and Ninth. The public recognize the entertainment as one of the very best. Sherman daily has a street parade, in which he sits upon Jack, the clown, the horse being unbridled, and standing on a low wheeled platform, drawn by four horses, that Sherman drives as he sits astride the "odd horse," that is literally trained backwards—i. e., does exactly the opposite of what he is commanded in all things. Another tent performance this evening.

FREIGHT MOVEMENTS.—The following car loads of freight were received yesterday: Two of cattle and jacks, 1 of wire, 4 of oil, 1 of iron, 1 of merchandise, 1 of nails and coffins, 5 of wheat, 2 of hogs, 8 of wood, 10 of lumber, 1 of flour, 5 of hogs, 1 of wagons, 1 of whisky, 1 of canned fruit, 4 of tea, 1 of wool, 3 of grapes, 9 of coal, 1 of syrup, 1 of barley and flour, 1 of clay. The following through car loads east were forwarded: One of whalebone, 3 of barley, 1 of wool, 3 of hops, 1 of canned fruit, 30 of tea, 2 of hides, 1 of sugar, 2 of beans, 1 of green fruit, 3 of wine.

REAL ESTATE SALES BY AUCTION.—Sherburn & Smith will sell by auction, for Sweetser & Alsip, November 17th, at 10 A. M., on the premises, a desirable six-room cottage; a lot 40 by 160 feet on the north side of T street, between Third and Fourth. Premises open for inspection on the 15th and 16th instants....Bell & Co. will sell by auction the Silva Ranch, four or five miles below the city, at 2 P. M., November 16th, with all the improvements on the place. It contains forty-five acres of bottom land.

RETURNED TO JAIL.—Chief Karcher, with officers Ferral and Brissell, returned from Latrobe yesterday afternoon, bringing the recaptured prisoner Muir, safely-cuffed hand and foot, and gave him special quarters in the iron tank at the police jail. The question of his getting bondsmen, awaiting trial, has probably been effectually disposed of by his flight, if not the question of his guilt, in the minds of people very generally, and he will no doubt repose in the Woodland jail until the jury are ready to sit upon his case.

A FREE RIDE.—Night before last officers Smith and Cafferty found a woman lying between K and L, near the center of Third street, in a beastly state of intoxication. They tried to take her to the station-house, but finding that she was too limp to give any assistance and too dead a drunk to carry, they got a hand-truck from an adjoining business house and carted her as a dead weight to the lockup, where she woke up yesterday morning in blissful ignorance of her whereabouts.

AUCTIONS.—To-day at 1 P. M., at No. 908 J street, Bell & Co. will sell by auction a bay mare, a jack, a wagon and a lot of bedroom, kitchen and other household furniture....On November 23d, at the Eagle Point Ranch, two and one-half miles below Freeport, Gourlie and Heinrich, administrators, will sell a span of draft horses, a buggy horse, two colts, wagons, a mowing machine, a cultivator, plows, hogs, tools, etc., belonging to the estate of John Neubauer, deceased.

COMMERCIAL.—Since last report the steamer Varuna came down with the barge Grand Island, loaded with grain, and steamer returned with barge Butte City, light. The steamer Daisy passed up with barge Rosalind, both light. The steamer C. M. Small passed down with barge Hope, loaded with grain. The steamer Relief, with barge Orient, with lumber and shingles to Friend & Terry Lumber Company, and shingles to W. F. Frazer.

ENTERTAINMENT.—At the Sixth-street M. E. Church this evening, there will be a musical and literary entertainment for the benefit of the Sunday-school library, in which Mrs. Hansbrow, Mrs. Carter, and Messrs. Crandall, De Yoe, Rademacher, Hart, Cheney and Ball will take part, in a programme embracing vocal solos, duets, quartets, readings and instrumental solos.

POLICE ARRESTS.—The police yesterday made arrests in this city as follows: Major Gannon, on commitment, by officers Carroll and Rider; Mrs. Cairns, drunk, by officers Smith and Cafferty; James Gilson, disturbing the peace, by officer Carroll; Ah King, burglary, by officer Ferral; Gotlieb Burke, drunk, by officer Rider.

ARRESTED FOR INSULTING LADIES.—Yesterday afternoon a middle-aged man named James Gilson took position at the corner of Fourth and K streets, and while engaged in insulting ladies who came to the Postoffice was arrested by officer Carroll, and given a berth in the city jail.

LEGAL BANQUET.—Messrs. Adam Batty, F. D. Ryan and Joseph Wallis gave a fine banquet last evening to the younger members of the bar, law students and a few invited guests, celebrating the advent of their admission to the bar. Speeches, songs and social cheer ruled the hour.

HELD TO ANSWER.—The examination of Ah Gee, who was arrested for committing an assault upon Mrs. Redding, who resides near Freeport, was held before Justice Gilmer, and he is held to answer in the Superior Court will bail fixed at $500.

TRADE-MARKS.—H. Levi & Co. yesterday filed with the Secretary of State their claim to trade-marks for "Young Hyson Japan Tea," and "Sunlight Oil."

DOUBLE-FOLD MOMIE CLOTHS, 25 cents; camel's hair suiting, double-width, 75 cents per yard. Also, brocaded dress goods, dark shades, 10 and 15 cents per yard, at the Red House. *

THANKSGIVING PROCLAMATION.

Governor Perkins has issued the following proclamation appointing a day for special thanksgiving:

Immemorial custom has engraven upon the hearts of our people a grateful acknowledgment to Almighty God for the manifold mercies he has bestowed upon us as a nation.

The settlement of these American States was founded on the everlasting principles of civil and religious liberty; its teachings have made us among the nations of the earth honored and respected.

Thanksgiving day is the offspring of those principles, hallowed by the dearest and most sacred memories.

It has pleased the Father of us all to have dealt most kindly and generously to us. Government has been strengthened, the unity of our people cemented, prosperity has gladdened our hearts, peace has bestowed plenty, and plenty has diffused happiness and comfort throughout the vast extent of our beloved country.

For these blessings let us be truly thankful; let each individual accord praise for these blessings as his belief may lead him; gather together around the family table; make these reunions the bright spot of home love; forget not the poor and the unfortunate; let charity and mercy be the attributes to mark this day as one set apart, to forget which is to remember nothing.

Now, therefore, in accordance with the proclamation of his Excellency, the President of the United States, I recommend that on Thursday, the 25th day of November next, the people of the State of California do assemble at their respective places of worship, and offer thanks to the Giver of all these great mercies, for the many blessings which His bountiful goodness has been pleased to bestow upon us.

In witness whereof I have hereunto set my hand and caused the great seal of the State of California to be affixed, at the city of Sacramento, California, this 10th day of November, A. D. 1880.

GEO. C. PERKINS, Governor.

Attest: D. M. BURNS, Secretary of State.

God save the Commonwealth.

Answers to Correspondents.

In reply to the many inquiries which we have received regarding a most prominent modern remedy we would say: To the best of our belief Warner's Safe Kidney and Liver Cure is pure in its nature, efficient in its action and certain in its results. We have learned of some remarkable cures which it has effected, and believe that as a preventive of disease it is unequaled. For delicate ladies and enfeebled men it is invaluable, and its pure vegetable qualities commend it to the favor and use of all. H. C. Kirk & Co., agents, Sacramento.
