POINT CLEAR HOTEL, EASTERN SHORE, MOBILE BAY.
The above justly celebrated Watering Place will be opened for the reception of Visitors about the 10th of June, and the Proprietors flatter themselves that the reputation of the establishment shall not deteriorate for want of the good appointments and good fare which has heretofore characterized it.
The location for health is unsurpassed in the South, and was fully tested by the severe epidemics which prevailed both in New Orleans and Mobile during the summers of 1853-'58, not a single case of yellow fever originating at Point Clear.
The Salt Bathing has no equal on the Gulf Coast, and is within a few yards of the Hotel—the temperature of water always agreeable. Fresh-water Shower-Baths can be had any time.
Fish and Oysters are abundant during the entire season.
Good Stable accommodations are provided for all who wish to keep their carriages and horses. The drives in the vicinity, shaded with magnolias, oaks, cedars, pines, etc., are beautiful, and extend in every direction.
All the amusements usual at Watering Places, such as Billiards, Bowling, Pistol Gallery, etc., will be provided, and will be under the charge of men anxious to please; and conveniences for those fond of Aquatic Sports will not be neglected.
A good Band of Music is secured, and will play on the lawn, afternoons—and for dancing, evenings.
A line of Magnetic Telegraph is established, connecting Point Clear with every quarter of the Union.
The fine low-pressure steamer "Crescent" will ply regularly between Mobile and Point Clear, leaving Mobile every evening; and on Sundays, Mondays, Wednesdays and Fridays will go down at 10 o'clock A. M., to accommodate those who arrive in Mobile by the morning boats.
Should this schedule be changed, notice will be given in the Mobile and New Orleans papers.
The Proprietors return their sincere thanks to the public for the liberal patronage heretofore extended to the Battle House and their Point Clear Hotel, and hope to please themselves under renewed obligations.

A BRILLIANT NOVEL.—"POWERFUL AND artistic in its whole conception, skillful and finished in its execution, and like the lovely Lebanon vales, which it describes, sweetened and sanctified by the balmy breath of a high and holy inspiration. El Fureidis does unquestionably place Miss Cummins in the foremost and most honored rank of the fiction writers of our age." [Boston Post.

THIS DAY IS PUBLISHED
EL FUREIDIS,
AN ORIENTAL NOVEL,
By the author of "THE LAMPLIGHTER."
One volume, neatly bound in Muslin: Price, $1 00.
The unexampled success which attended the publication of "The Lamplighter" and "Mabel Vaughan" will be well remembered. The former of these novels has reached a sale unparalleled by any American novel, except one, nearly One Hundred Thousand Copies having been sold. The universal voice in the United States and in Great Britain has proclaimed these novels among the most brilliant achievements of the day in fiction. "El Fureidis" will be found nowise inferior to its predecessors, but will indeed exhibit a fuller development of the author's resources, a maturer thought and a keener insight.
All readers who have enjoyed the stirring incidents and vigorous delineations of "The Lamplighter" and "Mabel Vaughan," the scene of which is laid upon American ground, will need no second invitation to follow the author into the new and fascinating region of romance which she has selected for the scene of her present story.
For sale by all Booksellers in New Orleans. The publishers will mail copies, post-paid, on receipt of One Dollar.

VIRGINIA CANNEL COAL, AT GREATLY REDUCED PRICES!
We have just received, direct from the mines, and now discharging, 50,000 barrels of the above superior Coal, and for want of storage room, we will deliver, direct from the levee, ten or fifteen thousand barrels at the low rate of seventy-five cents per barrel.
This Coal is from the celebrated Peyton Mines, in the mountains of Western Virginia, and for all domestic uses combined is unequaled. For the parlor it equals the best English Cannel, and is more economical, as it has more weight and greater durability; and for the kitchen, for cooking purposes, it is superior to any known coal in this country. In burning it leaves a coal as from hard wood, and answers all its purposes, and at the present price now offered, is at least 20 per cent. cheaper than wood. To families wishing to lay in their year's supply, at about one-half the price it will probably sell for in winter, this offers a rare opportunity.

St. Mary's Orphan Boys' Asylum, Third District.
"Amen I say to you, as long as you did it to one of these my least brethren, you did it to me." [MATT. XXV, 40.
The Superintendent of this institution would respectfully call the attention of the charitably disposed to the following facts—
1. There are three hundred and five poor orphans in the Asylum in great want of clothing.
2. It is certain that many well disposed gentlemen consign, at this season, their old clothes to the moths, not knowing anything better to do with them.
3. Such garments would be extremely useful to the poor orphans.
4. There are oftentimes in the stores articles of food and clothing, more or less damaged, and consequently unfit for sale; these would be of great service to the orphans.
5. The Legislature not having made any appropriation this year to the orphans, they stand in more need than usual of the public charity.
Any gentleman wishing to aid them can do so in this way without incurring expense. A note addressed through the Post-Office to the Superintendent, Box C. 71, indicating the residence, etc., of the donor, will be promptly attended to.
Donations will be received at Mr. Layton's, 75 Chartres street; Mr. Victor Sere's, Dumaine street, close to Marais; M'me Blanchet's, Conde street, opposite the Archbishop's residence.

ONE HUNDRED DOLLARS REWARD will be paid for the apprehension and delivery of the slave JOE, if taken out of the State, and Fifty Dollars if found in the city alive. He was seen at his quarters near the Orleans Cotton Press, about 8 o'clock on the evening of the 23d of April; about one hour afterwards it was reported at the residence of the undersigned by an unknown person that he had been chased into the river by a watchman and was drowned, which is believed to be a ruse to facilitate his escape, as nothing of the kind has yet been ascertained to have occurred. Joe is about 18 years old; his color is black, but not of the deepest shade; he is about 5 feet 7 or 8 inches high; has a large mouth, thick lips and rather a flat nose; is well made, stout, active and intelligent. He had on when he left home a pair of cottonade pantaloons and a hickory shirt.
Masters of vessels are hereby warned not to harbor said slave, as the penalties of the law will be enforced against them.

B. A. FAHNESTOCK'S VERMIFUGE.
This safe and only effectual remedy for Worms has been more extensively used by regular practising physicians than any proprietary medicine which has ever made its appearance in the United States.
It is used with the utmost freedom and confidence by gentlemen who have attained eminence in the medical profession in all the Middle, Western and Southern States.
The great cause of its popularity is the fact that nothing has yet been discovered which can be substituted in its place, and that it may be used in all cases without any fears as to the result. Its perfect safety recommends it to every parent. If worms are secreted within the system, it will speedily expel them without fail.
But, in order to obtain the genuine article, every purchaser should be on his guard and look well to the initials on the bottle and wrapper, and be particular to see that he is buying B. A. Fahnestock's Vermifuge, and no other. a23 1m&W

This magnificent establishment, now in successful operation, is universally conceded to be in all respects, the

Accommodations are offered for nearly 1000 guests, fitted and furnished with every modern improvement which experience could suggest for comfort and convenience, while a vertical railway is to be introduced to convey parties by steam to a commodious car to the upper floors, thus securing the purer air and quiet of the higher rooms without the fatigue of ascending stairs.
Another novel improvement has been effected by which a powerful fan-wheel, (operated by steam) forces a current of fresh air through the public rooms and corridors, cooling and ventilating the house in a superior manner.
The interior arrangements and furnishing have been completed under the personal supervision of Paran Stevens, the Lessee, under whose management the well-known success of the Revere House and Tremont House in Boston, the Battle House and Point Clear Hotel in Mobile, Ala., and the Fifth Avenue Hotel in New York has been established, and no efforts or expense will be spared to render the Continental the most attractive Travelers' Home in the Union.
