VIRGINIA TESTIMONY—

Messrs. B. A. Fahnestock & Co.:

Gentlemen—Mr. James R. Ratcliffe, a resident of Hanover county, near the city of Richmond, Virginia, made the following statement to me:

A negro boy, two years old, was very sick: I presumed the cause to be worms. He became so much prostrated that I despaired of all hope of his recovery; and, as the last resort, I concluded to try B. A. Fahnestock's Vermifuge, and purchased of O. A. Strecker one vial, of which I gave him a teaspoonful, morning and night, for three days in continuation. In less than three hours after I had given him the first dose, the child commenced to pass worms of all sizes, from six to ten inches long, the astonishing number of four or five hundred; and the boy is now perfectly well.

I certify, with pleasure, to the truth of the above statement.

O. A. STRECKER.

☞ Purchasers should look well to the initials on the bottle and wrapper, and be particular to see that they read thus: B. A. Fahnestock's Vermifuge, and no other. jn26 1w&W
