Committees were appointed to confer with members of the Legislature relative to the introduction of a bill prohibiting the use of opium except in a mechanical sense.

PIONEERS' SOCIAL.—The Pioneer Association held its annual social at its hall last evening. Nearly all the members of the Society residing in the city, together with their families and some Pioneer friends from abroad, were present. The hall was full, and the scene was a merry one. It was a genuine reunion of the Pioneer families, in which all were freed from restraint and conventionalism, and all met and treated each other as if in a good old-fashioned home circle, with no "visitors" present to divide attention or make formality necessary. The following programme was given during the early part of the evening: Instrumental solo, Miss Evans; vocal solo, "Where are the Friends of My Youth," Mrs. Godley; instrumental duet, "Caliph of Bagdad," Mrs. Neilson and Miss Evans; vocal quartet, Messrs. Putnam, Freeman, McNeill and Crandall; recitation, A. Hart; vocal solo, Mrs. Carter; vocal solo, Kohler; recitation, Mr. Gray; vocal solo, Miss Logan; recitation, Master Larkin; original song by Mr. Jackson, an Oregon Pioneer of 1845. At the conclusion of these exercises the hall was cleared for dancing, in which old and young joined, but the older ones soon gave the floor to the children while they chatted, looked on and rehearsed the scenes and times of yore. An excellent supper was spread in the basement of the church adjoining, to which all repaired about 11 o'clock, and about an hour was pleasantly occupied in that direction. Dancing was afterward resumed and continued until all were satisfied that the social was an entire success.

METROPOLITAN THEATER.—The engagement of Robert McWade at the Metropolitan Theater commences this evening in his impersonation and dramatization of "Rip Van Winkle, the Vagabond of the Catskills." Mr. McWade has acquired a high reputation in this play, and those who have seen Jefferson as Rip Van Winkle will probably not be disappointed from the presentation of Mr. McWade. He has just ended a four weeks' engagement in the Bush-street Theater at San Francisco, in reference to which the papers of that city speak of him as possessing great merit, and as ranking next to Jefferson. Some critics even pronounce him as an equal of that actor. If Mr. McWade is supported by the same company here that he was in San Francisco, as is expected, his engagement will undoubtedly be a gratifying success, and be fully appreciated. Miss Louise Halibee, formerly of McVicker's Theater, is announced, besides a good dramatic company. There will be no extra charge for reserved seats, and prices for admission will be as usual. The same play will be repeated to-morrow night, and Saturday afternoon there will be a matinee. On Saturday night will be given "Richard the Third" in Dutch, and the well-known farce "Toodles,"

MERCHANDISE COMING.—The following freight passed Ogden for Sacramento on the 27th: For L. L. Lewis & Co., 1 bundle paper; Governor George C. Perkins, 1 box oil paintings; Henry Fisher, 2 bags almonds; Hale Bros. & Co., 2 bales and 2 boxes dry goods, 1 case cotton goods, 2 boxes towels; Huntington, Hopkins & Co., 200 kegs nails, 191 bundles and 242 bars iron, 89 bundles and 173 bars steel, 2 cases axles, 55 bundles sheet iron, 5 boxes and 4 cases hardware, 1 barrel castings; S. J. Nathan & Co., 1 case clothing; Casey & Cronan, 2 cases cigars; Chas. Heinrich, 1 tub cheese; A. & A. Baker, 270 boxes window glass; Adams, McNeill & Co., 30 barrels hams, 2 boxes playing cards; S. Houghton, 2 boxes books; Hall, Luhrs & Co, 23 barrels hams; Blessing & Guthrie, 1 barrel coffee.

INSTALLATION AT FOLSOM.—The installation of officers of Natoma Lodge, F. and A. M., at Folsom took place on Tuesday evening, the services being conducted by Deputy Grand Lecturer T. C. Peckman. A large number of members of the Order from this city were present. After the installation services a dress ball was held, which was a brilliant affair, and in connection with which was a banquet, given in the most approved style. The whole occasion was put forth with great success, and was highly enjoyed by the fraternity and invited guests.

REMNANTS IN LACE CURTAINS!—Over 200 different qualities. Lengths, from one to three yards, at 50 cents on the dollar, at the closing sale of the Red House. *

BREVITIES.

It is now believed that John Bowman, alias "Dutchy," who escaped from the chain-gang day before yesterday, stole a duck boat belonging to J. P. Wilson, and has gone down the river in that conveyance. It was a new boat, about 14 feet long and painted green.

Capital Lodge, No. 51, I. O. G. T., held a Christmas tree entertainment on Tuesday evening, at which there was a large attendance. Various features of the entertainment were presented, much to the enjoyment and satisfaction of all present.

The steamer Dover, with barge Garfield, which have been of late lying at Knight's Landing, are to commence carrying grain again this week. A crew for her went up by train from this city last evening.

No immigrants will arrive from the East to-day.

PERSONAL.—Judge Denson returned from San Francisco yesterday. Railroad Commissioner J. Cone passed through to San Francisco yesterday; also Robert Fulton, proprietor of the Reno *Gazette*, went to the Bay. Ezra Pearson, Grand Master I. O. O. F. of California, leaves to-day for Visalia and Los Angeles, and a tour of Lodge visitations throughout the southern part of the State. He will be absent three or four weeks. Hon. J. J. McCallion, Assemblyman re-elect from San Francisco, has arrived in the city. E. J. Parkinson, proprietor of the Carson *Tribune*, passed through to San Francisco yesterday; also District Attorney Bullard, of Placer county. Assemblyman Patterson of San Joaquin county arrived in the city yesterday. P. H. Kirby, agent of the Robert McWade "Rip Van Winkle" troupe, is in town. Daniel W. Gelwicks of the Oakland *Tribune*, and Mrs. Gelwicks, came up yesterday to attend the annual social of the Pioneers.

A MIXED INQUEST.—A correspondent from Folsom, referring to the ball at that place, after the Masonic installation on Tuesday evening, says: "The dance went off in admirable style, but when at its hight Coroner Vermilya of your city made his appearance in the hall, when everything at once became hushed in solemn silence. Each looked at the other in paleness and motionless. The Coroner, however, seeing the solemnity that his presence caused, lost no time in explaining his presence by saying that with the assistance of nine citizens he had just ascertained that a Chinaman had died for want of breath. He (not the Chinaman) was at once enlisted in the festivities, and the usual mirthfulness of the occasion was resumed." That parenthetic clause is what saves the reader from ghostly reflections.

REPAIRS NEEDED.—Complaint is made that there are dangerous places left open on the sidewalk in front of the wood yard on Second, between L and M streets. Cottonwood trees have been cut out, leaving these holes in the walk. A man fell into one of them night before last and injured himself very severely. The necessary repairs should be made before further injuries occur. Complaint is also made that there is a dangerous place in the street at the corner of Ninth and L, where the sewer pipe was laid last season. The earth has sunk in, leaving a hole which is liable to cause damages, and should be looked after. A gentleman drove into it night before last and came near breaking the springs of a valuable carriage.

BOARD OF EDUCATION.—A special meeting of the Board was held last evening for the purpose of approving their records. No other business was transacted; but Mr. Hornblower moved that a special meeting be held to-day at 11 o'clock A. M., to consider the annual report of the Superintendent, which had been referred to the Finance Committee. As this was the last meeting of the old Board, he thought some disposition should be made of said report. The President ruled the motion out of order, on the ground that no other business than that for which the meeting was called could be transacted at a special meeting. The Board then adjourned.

WEATHER AND RIVER.—The weather yesterday was cloudy and warm. Only .04 of an inch of rain fell. The Signal Corps' report shows that the total amount of rain for the month is 11.82 inch, and for the season 11.87 inches. In 1879 there had fallen to same time in December, 6.34 inches. The breaks in the levees above Colusa, mentioned yesterday, are widening, as the river is still rising. A large force of men are at work to close the breaks. The river at that point is nearly as high as ever known. The river here raised seven inches yesterday, and at midnight marked 19 feet 2 inches.

INQUEST HELD.—Coronor Vermilya returned yesterday from Folsom, where he held an inquest upon the body of a Chinaman named Hong Chew, who was found dead in his cabin. It appeared upon investigation that the deceased had been in feeble health for some time past, and died of general debility and exposure. He was 50 years of age and regarded as a "good Chinaman" by the people in that neighborhood.

POLICE COURT.—In the Police Court yesterday Christopher Columbus Kyle, common drunk, was sentenced to thirty days in the County Jail. James McInerny was fined $5 and costs for cruelty to animals—switching a dog with a board. The cases of Joseph Harris and Charles Lynch, for battery, were continued until to-day. Wm. French was tried for disturbing the peace, found guilty and will receive judgment to-day.

MINERAL LANDS.—The following patents for mineral lands were received by Register Ed. F. Taylor at the United States Land Office in this city on the 29th instant, viz: Mineral entry No. 681, for Mammoth Nos. 1 and 2 Quartz Mine; John Jacobsen and Jasper Jurgens, claimants. Mineral entry No. 702, for Plymouth Rock Quartz Mine and Mill Site; John Evans and Philip Kehies, claimants.

BONDS FILED.—W. R. Grimshaw yesterday filed his official bond as Justice of the Peace for Lee township, with S. A. Howell and S. B. Moore as sureties, for $2,500 in the aggregate....Also, Frank Swift filed his bond for $5,000 as Constable in the township of Sacramento, with Philip Herzog and C. C. Brown as sureties, in the sum of $2,500 each.

POLICE ARRESTS.—The following arrests were made in the city yesterday: Jerry Haley, disturbing the peace, by officers Rider and Jackson; Charles Finnesy, drunk, by officers Jackson and Cafferty; James Benson and Dan. O'Neil, petit larceny, by officers Jackson and Rider.

AUCTION SALE.—Bell & Co. will sell at 11 A. M. to-day, in front of their salesroom, No. 908 J street, a good work horse, one three-year-old filly, one mule, a Spanish saddle, horse blankets, lap-robes, a set of harness, buggy whips, and a large lot of furniture, stoves and silverware.

INJURED BY A FALL.—Frank Smith, a young man who was sent to the County Jail on the 14th instant for a term of ninety days for vagrancy, fell from the McManus building yesterday, where he was at work with the chain-gang, and seriously injured his hip and side.

ANNUAL BALL.—Division No. 1, A. O. H., will hold its first annual ball at Turner Hall on New Year's eve, to-morrow night. The Committee of Arrangements are sparing no pains to make it a success in every particular, and enjoyable to all who attend.

NEW YEAR'S CALLS.—Announcement will be made in the RECORD-UNION on Saturday morning of all who are to receive on New Year's Day, who will send their names and address to this office to day or to-morrow.

FRATERNAL VISIT.—The different Lodges of Odd Fellows in this city last evening paid a fraternal visit to Eureka Lodge, No. 4, the Grand Master, Ezra Pearson, visiting officially.

THE BIGAMY CASE.—The argument in the Landes bigamy case is set for hearing this morning at 10 o'clock and is expected to occupy the day.

ODDS AND ENDS.

New York is aching for a social novelty, and threatens to revive spelling bees.

Natur luvs phun; if she doesn't she never would have made a munky.—[Josh Billings.

Mrs. Hastings, the young lady who was married at the White House two years ago, has named her baby daughter Lucy Hayes Hastings.

The experienced Lowell *Courier* tells the unsophistocated public that the new dancing girls from India are Nautchy but they're nice.

"All seems to hinge on this," remarked the lover when he proposed to his sweetheart while swinging on the gate in front of her house.

Class in History—Professor: "What important personage was confined on the Island of St. Helena?" Mr. H.: "Robinson Crusoe."

There is a domestic cat at Hartford, Conn., which weighs 27½ pounds, and its owner asert that it is the largest animal of the kind in the world.

A Baltimore clergyman recently preached on the subject: "Why was Lazarus a beggar?" We suppose because he didn't advertise.—[Burlington Hawkeye.

Some cigars fifty-two years old, which have lain most of the time in a garret, forgotten, have been brought to light in Rochester. They were almost tasteless.

What is the difference between Columbus and his countrymen of the present day? Columbus made an egg stand, but the Italians nowadays often make the peanut stand.

The census shows something like 20 per centum more females than males in the country's population. Well, we can't have too much of a good thing.—[Rockland Courier.

"I see that my little sister has been sold for $5,000. I shall order a sealskin blanket to-morrow. The Vanderbilts have got the cash, and don't let it escape your memory." [Maud S.

It is a fortunate thing for Shakespeare that he established a solid reputation before the newspaper critics of America had a chance to cut him up.—[New Orleans Picayune.

So many persons commit suicide by jumping off the bridges across the Tiber at Rome that a philanthropical society keeps boatmen at each bridge in order to rescue the unfortunate.

A returned Australian found the baby he left at home a miss of five summers. One day he offended her, and she fretfully exclaimed, "I wish you had never married into the family."

Although very early this season, it has already been discovered that during the present winter ice will, as usual, freeze with the slippery side up.—[Philadelphia Chronicle-Herald.

A European paper says that Patti has become a convert to the Wagnerian school of music. On account of her wealth we suppose the unfortunate lady will be placed in a private asylum.

The British Government has had a triumph in Galway. With one hundred constabulary, led by three officers and commanded by two stipendiary Magistrates, they have just captured a cow.

"My learned brother," said a lawyer, with a sneer at his opponent, "talks too much about himself. And that, may it please the Court, is the reason that his remarks are usually so uninteresting."

"Colonel," said a man who wanted to make out a genealogical tree—"Colonel, how can I become thoroughly acquainted with my family history?" "Simply by running for office," answered the Colonel.

Brooklyn's police are the latest who have mistaken a very sick man for a drunkard. Do policemen themselves never become wild of eye and unsteady of gait from any cause but rum?—[Worcester Times.

The editor of the New York *Sun* alludes to the editor of the Cincinnati *Commercial* as Field Marshal Halstead. The public may now expect to have the other editor held up to public derision as "the 2:19½ Dana."

"There is one port," said old Aunty Homeson, "that almost everybody strives for and that some never make." "What port is that, aunty?" asked her nephew, and she meaningly answered, "Support."

"Ma," said a young lady to her mother, "is it wrong for young folks to dance round dances?" "I think," broke in a maiden aunt, "that when young folks dance round dances there'd better be some old folks round."

Billy Forrest has written for *Tinsley's Magazine* a sketch of a sailor who in 1873 jumped from the steamer Russia and tried to save a boy, being almost drowned himself. The sailor afterward became famous as Webb, the swimmer.

Dr. Ebers, the well-known Egpytologist, has obtained at Thebes an ancient Egyptian papyrus roll containing a treatise on medicine. When the Doctor comes to the document he will probably discover that it is only a disguised advertisement of some Yankee nostrum.

"The people of Sandusky to-day stand in the twilight of a great tragedy," is the way in which an article in a Sandusky paper begins. By carefully perusing it we learn that somebody's barn is liable to be fired by sparks from passing locomotives, and also, inferentially, that another college graduate has gone into the newspaper business.
