LOCAL INTELLIGENCE.

BOARD OF EDUCATION.—A special meeting of the Board of Education was held last evening. It was called to devise ways and means for the establishment of another fourth grade class at the Sacramento Grammar School, and to employ a teacher for the same. There were present Messrs. Petris, Herzog, Hammer, Butler, Tracy and Superintendent Laine. The applications of Miss Hellen Weir, Miss Ada G. Tenbrook and Mrs. M. L. Bassett, for positions as teachers in the public schools, were read and ordered placed on file. On motion of Mr. Tracy the Building and Repairs Committee was authorized to employ Mr. Goodell to partition the assembly-room of the Sacramento Grammar School. On motion of Mr. Butler it was decided to establish another fourth grade class at the Sacramento Grammar School. Miss Lizzie McGann was promoted from the eighth to the fourth grade, and Miss Hellen Weir was elected to take Miss McGann's place in the eighth grade. Mr. Rowell was authorized to use his discretion in the removal of a piano in his school. On motion of Mr. Tracy it was decided to employ a teacher in penmanship, and Miss Alice R. Detrick was elected, her salary being fixed at $80 per month; the hours for instruction and the grades to be taught to be determined by a committee composed of the Superintendent and Principals of the schools. The Board then adjourned.

DIPHTHERIA.—That dreaded disease, diphtheria, has again broken out in this city. There are a number of cases at the present time. The only death recorded thus far occurred yesterday morning, being that of John Fern Larkin, oldest child of John N. and Sallie Larkin, who died of this disease after an illness of only two days. The boy was in his 15th year, and a very bright, promising and intelligent youth. Mrs. Larkin was visiting in San Francisco, but, in answer to a telegram, arrived home before the death of her son. The lad was well known in the city, as he moved much among men on the affairs of his father's business, and being amiable, prompt and modest, he won the friendship of all. His sudden death caused general sad comment yesterday, and the extension of the sympathy of all who knew him to his stricken parents. There have been but few cases of this disease in Sacramento since three years ago, when it became almost an epidemic. The disease is quite prevalent in some other portions of the State at the present time.

LECTURE FUNDS.—The Sacramento Educational Institute, which last winter and the previous season gave several free lectures, yesterday turned over to the Lecture Committee of the Young Men's Christian Association the funds remaining in its hands, amounting to $150. This was done, the officers of the Institute stated, for the reason that the Association as now organized and established, with permanent rooms and instrumentalities for interesting and instructing the young people and others, with a general Secretary specially employed in the work, and a Lecture Committee to arrange for lectures, entertainments and educational agencies, occupied the field in a manner similar in effect to that intended by the Institute. The only restriction placed by the donors upon the use of the fund was that it should be used for purposes and work of the Lecture Committee of the Association.

INCORPORATED.—Articles of incorporation have been filed with the Secretary of State by the Farmers' Ditch Company, of Orangethorpe, Los Angeles. Directors—E. Browning, S. L. Chilson, A. J. Mead, B. F. Porter, W. Schulte. Capital stock, $12 000, divided into 600 shares. Also, by the Horseshoe Grave Mining Company. Directors—Martin White, S. H. Mather, F. R. Shattuck, C. A. Tuttle, C. E. Gillett. Capital stock, $1 600,000, divided into 100 000 shares. Principal place of business Oakland. Also, by the Montezuma Mining and Smelting Company. Directors—Joseph H. Redmond, W. I. Gray, James Madison, A. M. Stetson, A. H. Griswold. Capital stock, $1 000,000, divided into 100,000 shares. Principal place of business, San Francisco.

COUNTRY PROSPECTS.—R. B. Harmon, of this city, who returned a few days since from an extended business trip through the counties of Sacramento, Placer, Yuba, Sutter, Butte, Plumas and Nevada, reports that the farmers all appear to be in a thriving condition, with plenty of money. He says that a great deal of grain was injured by the early rains, it not having been thrashed. He reports business in the hydraulic mining regions as very dull, owing to the stoppage of some of the mines and the uncertainty of the remainder continuing in operation. Mr. Harmon will start on another trip within a few days.

FRENCH CANADIAN HORSES.—W. R. Cunnington, of Nicolaus, Sutter county, the importer of the French Canadian stallions "Conqueror" and "Saint Lawrence," which have taken the first premium in the walking races at the last two State Fairs, left for the East yesterday to make another importation of French Canadian stallions. He will obtain his stock in the neighborhood of Montreal, where he states the finest of this breed of horses are to be obtained, and intends to arrive here with a full carload about the middle of December. They will be kept for inspection and sale at the Agricultural Park in this city during the coming winter.

FREIGHT FROM THE EAST.—The following merchandise for Sacramento passed Ogden on the 14th instant: For Hall, Luhrs & Co., 1 case tobacco; James G. Davis, 2 boxes walnut furniture; C. H. Gilman, 1 case boots and shoes; Weinstock & Lubin, 2 cases fancy goods; Adams, McNeill & Co., 155 boxes, 15 barrels, and 90 kits fish; Huntington, Hopkins & Co., 10 cases pick-handles; W. A. & C. S. Houghton, 1 case ruled paper; A. A. Van Voorhies & Co., 1 case hames.

POLICE COURT.—The following business was transacted in Judge Henry's Court yesterday: Louis Kavenaugh pleaded guilty to the charge of being a common drunkard, and was sentenced to sixty days in the County Jail. L. Sing pleaded guilty to a simple drunk, and was fined $5. The case of W. E. Coleman, charged with embezzlement, was continued to October 21st. The case of Mary Ezquival, charged with misdemeanor, was tried by a jury and found not guilty.

FREE LIBRARY.—The following is the report of the librarian of the Free Library for the week ending October 14th: Number of books issued, 602; fiction, 476; history, 14; biography, 10; travel and adventure, 29; miscellaneous literature, 32; religion, 6; poetry and drama, 12; science and art, 23. Average number issued per day, 86; percentage of fiction, 79.

NEW CITIZENS.—Jose F. Silviera, a native of the Western Islands, has been admitted to citizenship in the Superior Court upon the testimony of M. J. King and Anton Francis; also Frederick Mader, a native of Austria, upon the testimony of H. O. Otto and J. B. Heubschman, and William Barber, upon the testimony of Webster Lang and A. F. Wood.

BOARD OF SUPERVISORS.—The Board of Supervisors met yesterday. Absent, Supervisor Butler. Relief was granted Mrs. M. G. Morgan in the sum of $5. The resignation of R. S. Scott as Roadmaster of Road District No. 15, was read and accepted. No further business appearing before the Board, it adjourned to 10 A. M. to-day.

TRADE-MARKS.—The following trade-marks have been filed with the Secretary of State: George Andrews claims "Pearline," for the complexion; G. B. Studley claims "Yosemite," for fruit and vegetables.

In large quantities—increase of trade demands it. No one ever saw the Red House with as fine a line of goods in every department as can be seen there to-day. Careful buying and increase of trade did it. *

REPUBLICAN CLUBS.

The Fourth Ward Republican Club held a meeting in the Turn-Verein Gymnasium last night. There was a large attendance and much enthusiasm. J. J. Buckley presided. An advisory committee of forty voters was appointed to aid in the work of the club. District Attorney Buckley, Hon. Grove L. Johnson, Judge Safford, C. M. Coglan and A. S. Greenlaw addressed the club. The closing speech was made by Jacob Stortz, in which he appealed to all his fellow-adopted citizens, who had left "the old country" to enjoy larger liberty and broader opportunities, to adhere to the Republican party, because it represented all they had come here to seek, and was the enemy of the oppressions they had left behind. After enrolling a number of new members, and arranging to join to-night's procession, the club adjourned.

A large number of Republicans of the Second Ward met last evening at Hussar Hall for the purpose of forming a campaign club. Chris. Green was elected temporary Chairman, after which the Second Ward Republican Club was permanently organized with the following officers: President, W. D. Stalker; Vice-Presidents, John McNeill, Chris. Green, J. W. Wilson, J. C. Schaden, Matthew Cooke, N. S. Nichols, George I. Lytle, P. A. Miller, Chas. T. Jones, N. S. Bennett, Charles Heinrich, John Ingram, E. Duffy, Jose Barres, Joseph Goddard, Captain Galt, C. P. Evans, H. McKee, W. R. Jones, M. S. King, H. Winters, S. Nathan, Isaiah Dunlap, John Batcher, Samuel Lavenson, R. T. Devlin, Fred Biewener; Secretaries, J. S. Watson, Joseph Wiseman, Jr. Captain Galt was elected Sergeant-at-Arms. After making arrangements to join the torch-light procession this evening, the club adjourned.

A mass meeting of the colored citizens of Sacramento was held last night at the A. M. E. church on Seventh street, between G and H. The meeting was called to order by P. J. Hickman, who announced that the election of a Chairman and Secretary would be the next in order. G. W. Booth was chosen Chairman, and R. J. Fletcher Secretary. On motion, it was agreed that the colored men turn out with torches in a body in the procession to-night. I. Dunlap was appointed Marshall. The following resolutions were read and unanimously adopted:

WHEREAS, The alleged State Convention of the Colored Citizens California State Union, which recently convened in the city of San Francisco, did indorse the Democratic nominees for Governor and Lieutenant-Governor; and whereas, the said self-constituted Convention does not represent any considerable number of voters anywhere (not one in Sacramento); therefore be it

Resolved by the colored citizens of Sacramento in mass assembled, That we send greetings to the mass meeting of colored Republicans in San Francisco assembled, and assure them that we heartily cooperate with them in repudiating the doings of those whose misguided ambition has led them to seek an alliance with the Democracy.

Resolved, That we point with pride to the record of the grand old Republican party, and reaffirm our devotion to its great principles, ever hailing it as our political parent. As its children we stand firm in the support of its platform.

Resolved, That we believe our country's political destiny is safe in the hands of the Republican party—the party of Lincoln, of Sumner, of Stevens, and all the great apostles of liberty and equality to all men.

Remarks in favor of the resolutions were made by Frank Bowers, H. O. Johnson, P. J. Hickman and others.

On motion of W. W. Talley, a delegation of six was appointed to go to San Francisco to attend a mass meeting called by the Colored Central Republican Club of that city, to take place on Thursday. The delegation are the following-named: H. O. Johnson, F. T. Bowers, B. A. Johnson, E. A. Small, A. Grubbs, R. J. Fletcher.

The attendance was large and much enthusiasm prevailed.

THE RICH BOY.—Concerning the lad Willie Keen, arrested here by officer Brissell, on suspicion of having come unlawfully into possession of the large sum of money described in yesterday's RECORD-UNION, no new facts have developed as to his identity, or the truth of his story. Detective Dan Coffey, of San Francisco, arrived last evening for the purpose of taking the boy to San Francisco. Detective Brissell says he does not propose to surrender the lad or the money on such demand. He also says that no additional facts with regard to how the boy got possession of the money have been given him. There appears to be no foundation for the statement made last evening that Nelson, the drawee of the checks found on the boy, lost them from his pocket while asleep in a car, although that is a possible explanation. The officer who effected the arrest is inclined to think that the request of the San Francisco police to turn the lad over to them without some process of law, is, to put it mildly, cool, especially when so large a sum of money is involved, for which, as yet, no owner has made demand, and as there is undoubtedly a reward to be paid.

REPUBLICAN MEETING.—M. M. Estee, Republican nominee for Governor, and W. W. Morrow, candidate for Congressman at large, are announced to address the citizens of Sacramento on the political issues of the day at the Metropolitan Theater this evening. The Republican Clubs of the First, Second and Third Wards will meet at the Court-house at 7 o'clock, where they will be supplied with torches and form into a procession for the purpose of escorting the speakers of the evening. The Fourth Ward Club will meet at Turner Hall at the same hour, and will also take part in the procession. The procession will form with its right resting on Sixth and I streets, after which it will march through the principal streets to Second and K streets, and thence countermarch to the theater.

MISINFORMED.—To say the least, a San Francisco paper has been misinformed in regard to the capture of the boys who burglarized the store of Will & Finck in that city. It states that they were arrested by Detectives Jones and Coffey and Detective Fuller, of Oakland, one of the boys being captured in Oakland and the other on Jessie street in San Francisco. The truth is that they were arrested in this city by Chief Karcher, assisted by Detective Fuller, of Oakland. A great deal of the property had been recovered before the arrival of the Oakland officer. Further, Detective Fuller was not aware that a burglary had been committed at the store of Will & Finck until after his arrival in Sacramento, he having come here in search of one of the boys because he was accused of another crime.

PHILHARMONIC SOCIETY.—The Philharmonic Society held its annual meeting last evening, when a reorganization was had for the season by the election of the following officers: President, John McNeill; Vice-President, O. H. P. Sheets; Secretary, W. D. Crowe; Treasurer, S. W. Smith; Board of Directors, R. H. Auerbach, Dr. Pinkham, Dr. Wood; Librarian, C. Clinch. It was resolved to canvass the city, and a committee of ladies and gentlemen was appointed for that purpose; the object being to gain the co-operation of all the amateur musical talent of the city, so that this society may correctly represent the state of musical culture in the community.

A SWINDLER EN ROUTE.—A telegram from Truckee announces the fact that for several days a gentlemanly-looking young man, who gave the name of Johnston, has been practicing a successful swindle upon the ladies of that place. He represented himself to be the agent of a large boot and shoe establishment in Chicago, and solicited orders for shoes, demanding the greater part of the price in advance. He was detected in his rascality, and fled, with several hundred dollars of money secured by his false representations. It is reported that he started towards Sacramento. The people will do well to be on the lock-out for Mr. Johnston, or any other man that may solicit orders for shoes after his method.

NEW ENGLAND DINNER.—The ladies composing the Woman's Christian Temperance Union will give a New England dinner, with all the special dishes comprising the same, at their rooms, 309 J street, from 11 A. M. to 4:30 P. M. to-day. The object is to raise funds to enable them to enlarge and better furnish their rooms, as the Union will occupy the entire building when the Young Men's Christian Association removes to their new quarters on Fourth street. Twenty-five cents will be charged per meal.

DEMOCRATIC MEETING.—The county and city candidates on the Democratic ticket are announced to address the citizens of Sacramento on local and other issues of the campaign on Thursday evening at the new Armory Hall. It is understood that Hon. J. T. Farley, United States Senator, will be present and will also address the meeting.

DELAYED TRAIN.—The overland train bound East was brought to a standstill at the first station out from Sixteenth street, Oakland, last evening, by a "hot box." The babbitt metal had adhered to the axle, and rendered the remedying of the trouble a matter of difficulty, and the train arrived here two hours late as a consequence.

Yesterday morning, before daylight, the people sleeping in the vicinity of I and Fifth streets were startled by a crash. On investigation it proved to have been caused by the falling of the south wall of the Mesick building, left standing from the late fire. There are other parts of walls standing near the sidewalks and in a dangerous position, as they are liable to be blown down at any time by high winds.

STATE SENATOR.

The following is from the Sacramento *Leader* of a recent date and contains matter for the thoughtful citizen:

In our last issue we spoke of the necessity of sending an active, able, energetic man to the State Senate. We said we believed Grove L. Johnson to be such a man. The next Legislature will have to redistrict the State, both as to Congressmen and members of the Legislature. We, of Sacramento county, now have two Senators and three Assemblymen, as many as any county, except San Francisco. But we are no longer the second county in the State. San Francisco's overflow has given Alameda almost double the number of people we have, and other counties also have outstripped Sacramento in their increase of population. It will require the utmost effort on the part of our legislators to retain Sacramento's present representation, and to maintain her supremacy in the councils of the State. What man, amongst the nominees for State Senator, can do so much toward this end as Grove L. Johnson? While we do not wish to detract from the character of the other nominees, we will assert that Mr. Johnson would be a far greater power in the Senate; would be of much more value to us; of more weight there than any of his opponents. In this we are convinced that the people of Sacramento agree with us. The opposition to Mr. Johnson is chiefly personal, and we say to all such: "Discard personal animosity, and vote for the ablest man." If this view is taken of the question, and electors will vote for the ablest man, they will support Grove L. Johnson. We want more appropriations—for Capitol Park improvements and for grading N street. The forty-five thousand dollars heretofore appropriated for the Capital Park was secured almost wholly through the efforts of Grove L. Johnson. That money was all expended here, and benefited us. We need more, and Mr. Johnson is the best fitted to obtain it for us. We want N street graded. Mr. Johnson succeeded in having L street graded, and the same success will attend his efforts in regard to N street. The people know that Grove L. Johnson is the ablest man named for the position of State Senator. They know that none of his opponents can present our claims so strongly. No one of them, if elected, could assume a leading position in the Senate; whereas, Mr. Johnson has been, as an orator, the peer of any; and, as a worker, has no superior. We need a man like Grove L. Johnson. We have a chance to reward a faithful public servant, a legislator who never "went back" on the pledges he made before election. Let us do so.

Salutary Stimulation.

When vital action is sluggish, a stimulant, provided it be pure and properly medicated, is the most reliable agent for imparting the necessary impetus to the semi-dormant organs, accelerating the languid circulation and averting the maladies to which functional inactivity give rise. Physicians who have employed Hostetter's Stomach Bitters in their practice pronounce it the most salutary tonic stimulant they have ever used, and especially commend it as a remedy for torpidity of the bowels, liver, stomach and kidneys, and as a resuscitant of vital energy. The medicinal value of the Bitters is due to the fact that with their basis of pure spirits are combined, in perfect chemical harmony, the best restorative and life-sustaining elements known to medical botany. The Bitters never deteriorate in the most unfavorable climates.

A Happy Family.

Pulled from the breast, squeezed from the bottle,
Stomachs will sour and milk will curdle;
Baby hallelujah all that night,
Household bumping heads in awful fright.
Don't deny, 'twas thus with Victoria,
Night was hideous without **Castoria:**
When colic left; for peaceful slumber,
All said their prayers and slept like thunder.

MEN OF THE HOUR.

THURLOW WEED,
FIFTY YEARS A JOURNALIST.

Thurlow Weed is a native of New York State. He was born at Cairo, Greene county, on the 15th of November, 1797. Almost a baby when he began to work for a living, at ten he was cabin boy on a Hudson river boat, and at twelve working for a printer in Catskill. This engagement was an apprenticeship of his own seeking. When the war of 1812 began, young Weed volunteered in the American army. At his majority he owned a newspaper. Twice elected to the Assembly of the Empire State, he never afterwards accepted a political position, however important, honorable or remunerative. Mr. Weed was a clever party manager, and is given a large share of the credit due to the men who secured the election of De Witt Clinton as Governor of New York. He assumed editorial charge of the Albany *Evening Journal* in the year 1830. His endeavors in behalf of William Henry Harrison, Zachary Taylor, Winfield Scott, Fremont and Lincoln, nominated for the Presidency, are historic. When Mr. Weed visited Europe, in 1861, he was received with marked distinction, due to a prominent journalist, politician and diplomatist. He retired from the Albany *Evening Journal* in 1862, but so lately as 1880 contributed to its columns in the shape of an article recording his half a century's connection with public life. Mr. Weed is the author of a volume of letters addressed from Europe and the West Indies, and of an interesting and valuable book on his personal reminiscences. Upon his having attained the eighty-third anniversary of his birth, the New York Press Club, of which he is the oldest member, tendered him a reception, which proved to be one of the most delightful occasions in the history of that association.
