NEW NOVEL BY REX BEACH IS POWERFUL YARN

[illegible] strength of plot and power of [illegible] of situation, [illegible] in the author's accustomed quality.

[illegible] Mr. Beach's "The Net" [illegible] Mafia [illegible] "Many readers doubtless recall, even now, remarks Mr. Beach, "the shock that went through this country at the conclusion of the famous New Orleans Mafia trial of twenty years ago. The assassination of a chief of police, the perversion of a verdict, freeing known murderers, the enforcement of justice through mob law, were indeed, parts of a notable historic event, worthy of considerate attention.

Opportunities for characteristic humor arise naturally out of situations [illegible] with the expectation of victory or disaster. For alternates pleasantly with grim earnest. The humble household, with its tangled threads of affection, intrigues us through its exalted and natural emotions.

Norvin Blake, the central figure of "The Net," meets in Paris, a Sicilian nobleman of about his own age—Martel Savignac. Norvin goes, eventually, to Sicily to witness his friend's marriage, and through the American traveler's eyes the reader gets a singularly vivid impression of the little-known island, its picturesque scenes and quaint native types. All this, however, is secondary to the interest which centers around Martel's determination to prove his independence of the Mafia. Despite threatening messages, the headstrong young Count resolves to celebrate his wedding with memorable festivities. Vain efforts are made, with the help of the Italian soldiery, to capture the senders of threatening letters signed uniformly "Belisario Cardi"—a name behind which is concealed a mysterious personality almost superstitiously feared by the peasants. Meanwhile, Blake, in spite of every restraint of conscience and loyalty, has fallen hopelessly in love with Martel's bride to be—Margherita Giulini, Countess of Terranova, a magnificent golden-haired, radiant girl of ardent temperament, and obviously of the Saracen strain. On the evening of the festa preceding the day of the wedding, Blake, Martel, and the Count's confidential overseer are waylaid by a band of armed men; Norvin succumbs to a sickening, overwhelming fear; Martel and his overseer are killed, and the American hears the voice of Belisario Cardi bidding him go free. Crushed under the shame of his cowardice, Norvin remains in Sicily as long as circumstances permit, hoping to comfort and advise the Countess, who has sworn to hunt down the murderers of her lover. At last his mother's illness calls him back to America, and when, ten months later he returns to Sicily, he can find no trace of the Countess Margherita.

After a lapse of three years the scene shifts to New Orleans. Norvin Blake has become President of the Cotton Exchange, a man of note and authority. Since his final departure from Sicily he has deliberately put himself through a "course in courage." Nevertheless his nerves still quiver at the mere thought of danger, and his constitutional physical cowardice seems beyond remedy. Here in New Orleans we meet a number of people such as we rarely meet in books or in life. Bernie Dreux, the fashionable elderly leader of aristocratic descent, and Marie Nell Warren, his half-sister, [illegible] extravagant, and warm-hearted. In these two there is [illegible] laughter and action. And their relation to the plot [illegible] among other things.
