FIRE, RIVER AND MARINE RISKS.

Assets over $2,000,000.

In re-opening his Agency, of over fifteen years standing, (after a temporary suspension) the undersigned is gratified in being able to offer the citizens of New Orleans the unquestionable security above set forth, of over NINE MILLIONS OF DOLLARS, and of announcing that he is now fully authorized to issue policies against the perils of the seas and rivers, and against loss or damage by fire, at the current rates of premium, less twenty per cent., and will adjust and pay all losses, at his Agency, with the liberality and promptness characteristic of our HOME Companies.

This large concentration of capital, in addition to the superior security it offers, will enable the agent to accept of heavier lines on Private, Warehouse and Stocks, and on River and Marine risks, thereby saving the insurer much inconvenience and trouble in securing protection in large sums; and he respectfully asks from his friends and the public, a continuance of the confidence and patronage heretofore so generously bestowed.

Dwelling houses and contents are insured for a term of five years or less, upon equitable terms.

All necessary information will be given in reference to Life Insurance, upon the new principle of

NON-FORFEITING POLICIES,

Payable in five annual, ten annual, or annual payments; and applications forwarded for those desiring to secure their families against the uncertainties of life, but absolute certainty of death,
