Hartford Fire Insurance Company,
HARTFORD, CONN.
FIRE RISKS,
Assets and Associate Capital over $3,500,000.

Security Insurance Company,
CITY OF NEW YORK.
FIRE, RIVER AND MARINE RISKS.
Assets near $2,000,000.

In re-opening his Agency, of over fifteen years' standing, (after a temporary suspension) the undersigned is gratified in being able to offer the citizens of New Orleans the unquestionable security above set forth, of over NINE MILLIONS OF DOLLARS, and of announcing that he is now fully authorized to issue policies against the perils of the seas and rivers, and against loss or damage by fire, at the current rates of premium, less twenty per cent., and will adjust and pay all losses, at his Agency, with the liberality and promptness characteristic of our HOME Companies.

This large concentration of capital, in addition to the superior security it offers, will enable the agent to accept of heavier lines on Presses, Warehouses and Stocks, and on River and Marine risks, thereby saving the insurer much inconvenience and trouble in securing protection on large sums; and he respectfully asks from his friends and the public, a continuance of the confidence and patronage heretofore so generously bestowed.

Dwelling houses and contents are insured for a term of five years or less, upon equitable terms.

All necessary information will be given in reference to Life Insurance, upon the new principle of

It is a subject worthy of serious consideration, for in an age like the present, where the ordinary safety of individuals is so unheeded, and even human life so lamentably disregarded, it behooves all to secure themselves against casualties, now almost certain to occur, and this can now be done in the
