WOULD JOIN ARMY IF GIVEN RELEASE IN TIME OF WAR

PUEBLO, Colo.—A stalwart young man introducing himself as "Felix B. Smith" applied for admission to the ranks of the United States army through the Pueblo recruiting office and almost sent Sgt. John J. Gannon, recruiting officer, into a trance when he explained he wanted to be released in case of war.

"If you can put that provision into my contract, I'll sign it," the applicant said. "But I ain't a fighting man and I don't want to have to do any shootin' if we have war."

The offer of enlistment was rejected.

WESTERN SUGAR BEET MEN TO GET BETTER PRICES

DENVER, Colo.—The farmers of Colorado and other Western states where factories of the Great Western Sugar company are located will receive $1,000,000 more for their beets than they were paid for their last crop as a result of an agreement reached between the company and the Western Beet Growers' association.

The agreement provides that the company shall pay growers $7.25 a ton for beets having a 16 per cent sugar content that are delivered during the 1917-1918 session, providing the price of sugar on Dec. 1, 1917, is as high as it is at present, or 7 cents a pound.

The increase is in the form of a bonus of 50 cents a ton for beets having a satisfactory sugar content. Last year the contract price was $5.75 ton. The company voluntarily added 50 cents a ton to this figure making the price $6.25 a ton. At the beginning of this season it was announced that the price would again be advanced 50 cents, making the price $6.75. The demand of the growers was for an $8 per ton scale, regardless of sugar content.

A series of conferences between representatives of the beet growers and sugar company officials followed, with the result that an agreement was reached with the acceptance by the growers of the company's $7 a hundredweight on Dec. 1. Practically all of the beet-growing districts were represented at the meeting.

Officials of the Holly Sugar company said no demands for an increased scale have been made on the company by the growers, but that it was the company's policy to pay the same scale as that paid by the other companies. If the financial condition of the corporation warrants it, the same scale as that paid by the Great Western probably will go into effect, they said.

The Western Beet Growers' association, the organization which conducted the negotiations with the sugar company, is an association recently organized among the farmers and business men in the beet-growing communities. J. A. Hicks, of La Salle, Colo., is the president, George Marms of Bayard, Neb., is vice-president, and J. N. Scoville of Fort Morgan is secretary.

A BAD BACK MADE GOOD

(By L. W. Bower, M. D.)

Backache of any kind is often caused by kidney disorder, which means that the kidneys are not working properly. Poisonous matter and uric acid accumulate within the body in great abundance, over-working the sick kidneys, hence the congestion of blood causes backache in the same manner as a similar congestion in the head causes headache. You become nervous, despondent, sick, feverish, irritable, have spots appearing before the eyes, bags under the lids, and lack of ambition to do things.

The latest and most effective means of overcoming this trouble is to eat sparingly of meat, drink plenty of water between meals and take a single Anuric tablet before each meal for a while.

Simply ask your favorite druggist for Anuric (double strength) if you aren't feeling up to the standard. If you have lumbago, rheumatism, dropsy, begin immediately this treatment with Anuric. Most scientists and medical men believe that because of an over-abundance of uric acid in the system, uratic salts are deposited in the tissues and cause rheumatism and gout.

The physicians and specialists at Dr. Pierce's Institution in Buffalo, N. Y., have thoroughly tested Anuric and have been with one accord successful in eradicating and throwing off from the system the uric acid which accumulates and poisons. Patients having once used Anuric at this institution have repeatedly sent back for more.

Such a demand has been created that Doctor Pierce decided to put Anuric in the drug stores of this country, in a ready-to-use form. It will be their own fault if those suffering from uric acid troubles do not take advantage of this wonderful remedy.—Adv.

THREE CONVEYORS OF SUGAR WILL SOON BE WORKING ON WHARF

(Special Star-Bulletin Correspondence)

HILO, April 1.—Within a short time three of the sugar conveyors at Kuhio wharf will be in working order. The necessary chain has arrived from the coast and this will permit the extra units to be all fixed and ready for the motors, which are expected to reach Hilo before long.

At the present time only one unit is working in loading sugar into vessels or scows. The other units are ready with the exception of the motors, now that the chain has arrived. The work of installing the chain will take some little time, but it is expected that before very long the work will be done.

The electric conveyors are very rapid in their action and keep up a stream of bags of sugar such as never could so so handled by hand.

ALBERT LOVE CRUEL SAYS WIFE IN SUIT FOR DIVORCE

AURORA, Ill.—Mrs. Genevieve Love, daughter of the late General H. C. Smith, founder of the Western Wheeled Scraper company, filed suit for divorce in the Kane county circuit court, charging her husband, Albert Love, with cruelty. Among other things she charges that her husband's treatment injured her health.

Mrs. Love is one of eight women who are the heaviest stockholders in the Western Wheeled Scraper company, a concern which has a capital stock of $4,000,000.
