An Injunction Asked Against Building the Dam.

Hon. George M. Robeson, ex-Secretary of the Navy, and General Benjamin F. Butler, accompanied by Mr. O. D. Barrett of Washington, appeared in the United States Circuit Court at Baltimore yesterday, asking an injunction on behalf of the Great Falls Manufacturing Company of Virginia against Augustus H. Garland, Attorney-General of the United States, William C. Endicott, Secretary of War, Garrett J. Lydecker, major of engineers of the United States army, and George B. Chittenden and Samuel H. Chittenden, contractors for the building of a dam across Conn's Island and across the Virginia channel of the Potomac River to the Virginia shore, and other structures intended to supply the City of Washington with water. The company claims about one thousand acres including the site of the dam, and says that long since the land would have been taken up and improved had it not been for the unlawful intrusion of officers of the United States.

It is further stated that a dam is now being built 148 feet above mean tide, which will cause back water to flow upon the lands of the company, and if built any higher will entirely cover with water large portions of the company's lands, without any sanction of law or right whatever so to do. General Butler, in his speech to the court, made the remark: "Why, Your Honor," he said, "the people of the District have more good water than they can drink now." The Court passed an order for the defendants to show cause by May 27 why an injunction should not issue.

Meeting of the Army of the Potomac in Baltimore, May 6 and 7.

The management of the Baltimore & Potomac Railroad are making special arrangements to provide for the large travel to Baltimore during the meeting of the Army of the Potomac, May 6 and 7. Special trains will be run for the accommodation of the public between the two cities at suitable hours. The Washington Light Infantry Corps, accompanied by the Marine Band, will leave by special train about 11 a. m. May 7. The National Rifles, Veteran Corps companies, Emmet Guard, Washington Rifles, Major Fleetwood's battalion and the companies commanded by Captains Kelly and Gray will leave by special trains. Professor Sousa has arranged an elaborate programme to be rendered by the Marine Band in concert on the afternoon and evening of the 6th proximo, which will take place on Eutaw Place and Wilson street. The entire arrangements for the enjoyment and comfort of visitors have been completed by the committee in Baltimore. A pleasant time is, therefore, warranted to all who will visit our sister city on this occasion. Fare $1.20 for the round trip, good for two days, the 6th and 7th.

LOCAL BRIEFS.

ESTEEM FOR JUDGE WYLIE.

Resolutions Passed by the Members of the Circuit Court Bar.

There was a large number of prominent members of the bar in the Circuit Court-room at 3:30 o'clock yesterday afternoon to take some action on the retirement from the Supreme Bench of Justice Wylie. Hon. A. G. Riddle was called to the chair and Mr. Thomas T. Miller acted as secretary. A committee, consisting of Messrs. Henry Wise Garnett, William B. Webb, John Selden, Nathaniel Wilson and Leigh Robinson, drafted the following resolutions which were unanimously adopted:

Whereas the Hon. Andrew Wylie has by resignation retired from the position of one of the Justices of the Supreme Court of the District of Columbia; and whereas we, as members of the bar of the court, cannot permit an action fraught with so much interest to this bench and bar to pass without expressing our feelings on the occasion: Be it therefore

Resolved, That we, as members of the bar of the Supreme Court of the District of Columbia, hereby express our high respect and esteem for the Hon. Andrew Wylie both as a man and as a judge, and our thanks to him for the faithful and able manner in which he has for twenty-two years past administered the law and fulfilled his duties on the bench; that he carries with him in his retirement our honor and regard, to which he is so well entitled, and our best wishes and hopes that he may crown his life of labor with the prolonged age of ease so justly his due; and

Resolved, That a copy of these resolutions be presented to Hon. Andrew Wylie by a committee of the bar, and that they also be spread upon the minutes of the Court in Banc.

THE BLODGET CLAIM.

The Hearing of the Case Set Down for Next Monday.

The first hearing in the celebrated case of the heirs of Lorin Blodget against Ulysses S. Grant and others was to-day set down by Judge Hagner, in the Equity Court, for Monday next. This suit involves the title to a vast tract of land in the northern part of the city and county. The hearing comes on on a petition of the defendants to dismiss the amended bill of the plaintiffs. The plaintiffs recently dismissed their bill against nearly all the defendants and filed a new bill. The new bill did not include the dismissed defendants, but some of their property is involved in the new bill. They now say that if they are not practically defendants, their property is involved and the suit casts a cloud on their title, and in view of the dismissal of the first bill against them, they claim absolute exemption from the suit.

THE POLICE COURT.

John Hall, colored, was charged with the larceny of a pair of pants from Peter Lawson, also colored. Lawson identified the pants on the defendant. Hall said he bought the pants and no evidence was adduced to prove otherwise and the case was dismissed. The case of George Courtney, a 14-year-old white boy, for shooting Walter Gardner, an 8-year-old boy, with a pistol a short time ago, was called for trial this morning. The shooting was admitted and the plea of carelessness entered. The case was suspended until to-morrow and an information for carrying a pistol ordered to be sworn out. John Thomas and Thomas Jones, two colored boys, were fined $5 each for rolling stones down the embankment at the new reservoir yesterday and cutting the head of an Italian laborer.

"One More Unfortunate."

A young woman known as Etta Lane died at 1108 C street yesterday morning, the residence of Martha Draper. It was at first supposed that she had died from the effects of malpractice, but such proved not to be the case. The deceased was well connected, having respectable relatives in West Washington. Some years ago she married a man named Connell, but lived with him only a short time. He is now in the penitentiary. The mother of the unfortunate woman called during her daughter's illness, but evinced no sympathy and declined to take charge of the remains. The interment will take place this afternoon at Glenwood Cemetery at the expense of Miss Draper. The deceased leaves a child, which has for some time been taken care of by its grandmother.

Caught After Three Years.

Henry Cooper, alias Johnson, a vicious-looking young mulatto man, was sentenced to jail for six months for a wanton and deadly assault on William Betters, in August, 1882, with a razor. He evaded arrest up to the present time, by leaving the jurisdiction. The statement of the injured youth was to the effect that on the night in question he attended a ball at Congress Hall, Capitol Hill. The accused attacked and cut him on the left arm with a razor. He then cut Frank Neal. It was shown that he cut Betters in mistake for another man. Dr. Bayne exhibited the ghastly scar on the arm of Betters, which extended half way around the limb.

A New and Handsome Building.

One of the largest and handsomest improvements on F street is the building about to be erected by Mr. Calderon Carlisle, on the north side of that street, near the corner of Eleventh street. The structure is designed for an office building and will be similar in appearance to the Glover Bank building farther up the street. It will be 25 by 97 feet and four stories high. The front will be of pressed brick and the building will be fitted up with passenger elevators and heated by steam. The architect is C. H. Reed, and the cost will be $18,000.

A Cigar-Maker Acquitted.

Lewis R. Bert, the cigar manufacturer at Seventh and H streets, was acquitted in the Criminal Court this morning of a charge of violating the internal revenue laws. The charge was failing to make daily entries in his books of the number of cigars manufactured in his factory. Another charge of having unstamped cigars in his store was abandoned by the Government.

SOUTH WASHINGTON.

DIRECTORS' MEETING.—The first meeting of the newly-elected board of directors of the South Washington Endowment Relief Association was held in the association rooms, corner of Eighth and C streets southwest. The regular routine of business was transacted. The association is in a most prosperous condition, and is largely adding to its list of membership.

RIVER TRAVEL.—The steamer George Leary arrived at her wharf this morning from Baltimore, where she underwent a thorough overhauling. The daily passenger trips of the Excelsior and Leary to Norfolk will begin today, the Leary leaving her wharf on that trip at 5 o'clock this evening.

BASEBALL.—The game of baseball between the Tredwells and Rustics of South Washington drew a large crowd to the Washington Barracks grounds yesterday afternoon. The clubs were about equally matched and though the scores ran rather high, the game was, nevertheless, an interesting one. Nine innings were played, the score running a tie in every consecutive inning until the last, when a good base hit by a Tredwell brought in one score and the game resulted in a score of 13 to 12 in favor of the Tredwells. A club is to be organized among the soldiers in the barracks, and several games will be played by them before their departure.

FRESH VEGETABLES.—The Norfolk steamers Excelsior and Jane Moseley brought up a large freight of vegetables and fruits this morning. Since the warm weather set in the passenger lists of both steamers have been daily on the increase.

MOUNT VERNON PARTY.—The steamer W. W. Corcoran carried the largest party so far this season to Mount Vernon this morning.

SALVATION OIL is guaranteed to be better than all other liniments. It never disappoints. Twenty-five cents.

PERSONAL.—Mrs. Henning of G street, between Sixth and Seventh streets, southwest, mother of Mrs. Mary E. Martin of the Jefferson School building, is convalescing from a long and at one time serious spell of sickness.

Whispered It in His Ear.

Much more important it is than people generally suppose to have kidneys and bladder in good working order. When these organs are right—joy and happiness. When they are wrong, confusion and misery. Mr. L. H. Clark, Wheelock, Texas, writes, "I have used Brown's Iron Bitters for diseased bladder and kidneys and have had great relief." Mention to your suffering friend that this powerful and pleasant tonic may be had at the drug store.

AMUSEMENTS.

FORD'S OPERA-HOUSE.—Ford's Opera House had the largest audience of the season gathered within its walls last night to witness the initial performance of the Norman-Seguin English Opera Company. "Fra Diavolo" is well calculated to test the strength of an opera company, and to say the performance of last night more than came up to the standard is to do simple justice. The last performance of the opera was given here by the Boston Ideals, and save in Whitney's part the company last night gave a much more pleasing and spirited rendition than did the Ideals. Miss Alta Norman has an entirely original conception of the part of *Zerlina*. She threw into it a modest yet piquant coyness that was perfectly irresistible, and by her efforts last night has established herself a prime favorite here. In addition to a very handsome face and figure, she possesses a pure soprano voice of strength and remarkable sweetness, without a seeming weak or uneven note in the whole register. Mrs. Seguin's *Lady Allcash* is the best on the stage, and her efforts last night were received with marked favor. Mr. James Peakes made a hit as *Lord Allcash*. Mr. George Traverner acted and sang the part of *Fra Diavolo* well. Mr. Traverner has a robustness and manliness of manner that is refreshing in a tenor. Mr. Christy's *Lorenzo* was bad and was the only blemish in an otherwise excellent performance.

A Grand Military Excursion to Baltimore Via the Baltimore and Potomac Railroad.

The Washington Cadet Corps, Major C. A. Fleetwood commanding, with band and drum corps, will leave Sixth-street station of the Baltimore & Potomac Railroad on Thursday, May 7, at 12 m. by special train, reaching Baltimore about 1 p. m. The special train will run direct to Baltimore, which is within a few blocks of Baltimore street. A grand reception will be given the Cadet Corps by the Baltimore Rifles, Captain Mathew, at the Douglass Institute, which is only three blocks from the Baltimore & Potomac Railroad station. Returning, the special train will leave the Calvert station at 3 o'clock Friday morning, reaching Washington about 4:30. Excursionists to Baltimore should bear in mind that tickets purchased from the members of the corps will be accepted on any regular train going and returning on Thursday. These tickets have been placed at the low rate of $1.20 for the round trip, and can be purchased from members of the corps, at the station of the Baltimore & Potomac Railroad on the day of the excursion. From indications this promises to be the most successful excursion ever taken from Washington by this organization.

John O. Cole, broker, 520 Eighth street, has received the following:

NEW YORK, May 6.—At the opening the pools tried to support their specialties, and the room traders were apparently anxious with them for better prices, but Erie's report of business, following that of Pennsylvania a short time ago, showed conclusively the condition of the trunk lines, and heavy selling of New York Central and Lake Shore was the result later in the session. Reports from Chicago are that the Granger difficulties will probably not be settled except at the end of a bitter war. With nothing but bad news it is not surprising that the closing is very weak, and in the outlook for lower prices we see nothing to warrant us in advising purchases even at the decline. Oil easy; longs seem willing to sell when they can do so without causing severe decline.

CANCER CURED.

I have had a cancer on my face for many years. I have tried a great many remedies, but without relief. I almost gave up hope of ever being cured. Dr. Hardman, my son, recommended Swift's Specific, which I have taken with great results. My face is now well, and it is impossible for me to express my thanks in words for what this medicine has done for me. MRS. OLIVE HARDMAN. Monroe, Ga., Sept. 2, 1884.

Swift's Specific has cared a cancer on my face, and has almost made a new man of me. T. J. TEATE, Wacissa, Fla.

I have had a cancer in my right ear for three years. I tried every remedy the physicians practiced, to no permanent good. Swift's Specific has wrought wonders for me. It is the best blood purifier in the world. JOHN S. MONROW, Florence, Ala.

Swift's Specific is entirely vegetable, and seems to cure cancer by forcing out the impurities from the blood. Treatise on Blood and Skin Diseases mailed free.

HOUSE PAINTS Can be bought cheaper at the Paint Department of Jas. R. McGill, dealer in Building Supplies, Nos. 808, 810, 812 and 814 G street, three doors west of the Patent Office, immediately adjoining National Rifles' Armory, than at any other establishment in the city. If you wish to buy even the smallest quantity of white lead, oils, varnish colors, dry or in oil, etc., send your address on a postal card and a printed price-list of every article sold in this department will be sent to you by return mail, reaching you in a few hours' time by letter-carrier. This price-list gives the price of half-pint, pint, quart, half-gallon, gallon, and five gallons of each kind of oil, turpentine, dryer, varnish and other liquids sold by measure; also, price per quarter-pound, half-pound, pound, five, ten, twenty-five and 100 pounds of each article sold by weight; also, list and prices of miscellaneous articles. The prices are graded according to the quantity bought. Large buyers get very lowest prices; small buyers pay a slightly higher rate. My prices are fixed. All buyers buying the same quantity pay the same price. The experienced buyer gets the same price as the oldest painter if he buys the same quantity.

After examining my price-list send your orders by messenger, telephone or by mail, and they will be filled promptly and the oil, as per price-list, collected on delivery. Goods delivered to all parts of the city.

The other departments of my business have grown to satisfactory proportions. I now give my special attention to the Paint Department, and expect, by having a full supply of first class goods, selling them at low prices and making prompt deliveries, to secure a liberal share of the public patronage.

JAMES R. MCGILL, Dealer in Building Supplies, 808, 810, 812 and 814 G street.

MEDICAL.

PINKEYE.

A Remarkable Cure of a Horse.

In the fall of 1883 I had a valuable horse taken with the pinkeye, resulting in blood poison. After nine months of doctoring with all the remedies to be found in horse books, I despaired of a cure. His right hind leg was as large as a man's body, and had on it over 40 running sores. He was a most pitiable-looking object. At last I thought of Swift's Specific, and commenced to use it. I used fifteen bottles. In August last all symptoms of the disease disappeared. There have been no signs of a return, and the horse has done a mule's work on my farm ever since. JAMES L. FLEMING, Augusta, Ga. January 9, 1885.

Swift's Specific is entirely vegetable. Treatise on Blood and Skin Diseases mailed free.
