HOG MARKET LOWER

Quality Mixed and Weights Too Light.

TOPS UP TO $5.75

Receipts 1,235, Cattle Market Steady With Light Trading.

There was a lower tendency yesterday as to prices at all the western live stock markets. Most of the hog markets went not so very much of "shade lower" and "steady to to lower." The local market was generally quoted as 2½ to 5 cents lower. The Wichita market so far as hogs are concerned, may always be called upon to move in line. That is this market, all other conditions being equal, will generally follow the lead market prices for hogs. Yesterday there were all grades of hogs offered here and they all went over the scales and were sold at or very near prices, their grade and quality considered. The quality of the hogs in every way was not at its average. There is a lot of the light stuff in and they had to go with the balance. They were sold, however, at prices which were in line with the general market. The receipts were not so very heavy, 1,235 in all, and the demand was good. Cattle were steady and there was a good demand for everything that came in. The receipts were not very heavy, 1,235 in all, and the demand was good. Cattle were steady and there was a good demand for everything that came in.

Hogs.
