NATIONAL REPUBLICAN.

OFFICIAL.

LAWS OF THE UNITED STATES

Passed at the Second Session of the Thirty seventh Congress.

[PUBLIC—No. 36.]

AN ACT to fulfil treaty stipulations with Hanover.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following sums be and the same are hereby appropriated, out of any money in the Treasury not otherwise appropriated, to enable the President to fulfil the stipulations contained in the third and fourth articles of the treaty between the United States and Hanover, of the sixth of November, eighteen hundred and sixty-one, viz: To carry out the stipulation contained in the third article of said treaty, forty-three thousand four hundred and fifty-four dollars and sixteen cents To carry out the stipulation contained in the fourth article of said treaty, ten hundred and forty-two dollars and ninety cents, or so much thereof as may be necessary to pay the interest provided for in said article.

Approved, March 13, 1862.

[PUBLIC—No. 37.]

AN ACT to make an additional article of war.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That hereafter the following shall be promulgated as an additional article of war for the government of the army of the United States, and shall be obeyed and observed as such:

Article —. All officers or persons in the military or naval service of the United States are prohibited from employing any of the forces under their respective commands for the purpose of returning fugitives from service or labor, who may have escaped from any persons to whom such service or labor is claimed to be due, and any officer who shall be found guilty by a court-martial of violating this article shall be dismissed from the service.

Sec. 2. *And be it further enacted,* That this act shall take effect from and after its passage.

Approved, March 13, 1862.

IRON-CLAD STEAMERS.

NAVY DEPARTMENT,

Washington, *February 20, 1862.*

The Navy Department will, until the 20th of March next, receive propositions for the complete construction and equipment of iron-clad vessels for river, harbor and coast defence.

These vessels, with the exception of those for the Mississippi river and its tributaries, will be propelled by screws; those for the Mississippi river and tributaries may be propelled by paddle wheels. The hulls will be either wholly of iron (which would be preferred) or of iron and wood combined, as the projectors may consider most suitable for the object proposed, but their sides and decks must be protected with an iron armature sufficient to resist the heaviest shot and shells.

The vessels for the Mississippi river and its tributaries are not to draw more than six feet water when fully equipped and armed, at which draft they are to be able to maintain a paramount speed of nine knots per hour in still water, and carry sufficient coal in the bunkers for six days steaming at that speed. Their armament will consist of not less than six eleven inch guns.

The vessels for harbor defence are not to draw more than twelve feet water when fully equipped and armed, at which draft they are to be able to maintain a permanent speed of ten knots per hour in smooth water, and carry sufficient coal in the bunkers for seven days steaming at that speed. Their armament will consist of not less than from two to four eleven-inch guns

The vessels for coast defence are not to draw more than twenty feet water when fully equipped and armed, at which draft they are to be able to maintain a permanent speed of fifteen knots per hour at sea, and carry sufficient coal in the bunkers for twelve days steaming at that speed. Their armament will consist of one or two fifteen or twenty inch guns

The guns of the vessels for harbor and coast defence are to train to all points of the compass without change in the vessel's position.

The propositions must state the number of vessels, subject to the election of the Department, which the party proposes to furnish complete in every respect embracing armour plating, steam machinery and equipments of all kinds, ready for service, excepting only the ordnance and ordnance stores and provisions, the proposition must be accompanied by descriptions, specifications, drawings and models of such character that the work could be executed from them.

The place of delivery must be stated, the time within which the vessels are to be completed, and also the total sum to be paid for each

It will be stipulated in the contract that one fifth the total amount will be retained by the Government until sixty days after the reception of the vessel, in order to give it a trial, the remaining payments being made with due regard to the progress of performance and progress of the work, the contract will also embrace forfeitures for failure to perform the conditions specified.

The bids must be accompanied by the guarantee required by law, that, if a contract is awarded, it will be promptly executed, and the names of the parties who are to become the sureties to the amount of the face of the contract will also be stated.

The Department will consider any other propositions that may be presented in which the draft of vessels above named is not exceeded.

The Department will be at liberty to accept or reject any or all the propositions. feb 20—2w4w

NEW INVENTION OF ARTIFICIAL CHEOPLASTIC BONE TEETH, without metal plate or clasps, by

DR. S. B. SIGESMOND,

910 Broadway, New York; and 290 Penna. avenue, bet. 12th and 13th sts., Washington, D. C.,

Calls the attention of the public to the following advantages of his improved system.

1st The teeth of his manufacture will never corrode nor change color by any acids, and are three-fourths lighter than any other.

2d No teeth or roots need be extracted, as the artificial one can be inserted over them.

3d. The roots will be made impellentive and never to ache.

4th. No temporary teeth are needed, as permanent ones can be made immediately, thereby preserving the natural expression of the face, which, under the old system, is frequently disfigured.

5th. This work has been fully tested, for over five years, by many of the first Chemists and Physicians of this and the old country.

Dr. S. has also invented a white indestructible metal filling with which the most sensative teeth can be filled without pain, and can build up a perfect sound tooth on any side roots, which will last through a lifetime.

He refers to the following gentlemen: Dr. V. Mott, Dr. Doremus, Professor of Chemistry, Hon. A. Mon Jun., Chief Cruiziere, Vice President of the Emigration Co. of New York, Hon. Judge Wayne, of the Supreme Court, of Washington, D. C.; and thousands of others.

S. H. LEWIS, M. D.,

Dental Surgeon,

OFFICE No. 246 PENNSYLVANIA AVENUE,

Between Twelfth and Thirteenth Streets,

WASHINGTON CITY,

Respectfully tenders his professional services to the public. Having had an extensive practice in Philadelphia, he feels himself fully competent to discharge his duty in every case which may be presented to his care.

Dr. L. has secured the right to use the new improvement, patented by Drs. A. M. & J. L. Asay, of Philadelphia, for fastening artificial teeth to gold, silver, or platina plates, which precludes the possibility of saliva or foreign materials secreting between them, at the same time rendering the operation more firm, natural, and of more utility to the patient, dispensing with the ordinary modes of fastening, by rivetting or soldering, which so often causes the springing of plates, and consequently an imperfect adaptation to the mouth.

He would respectfully invite the public to his office to examine this improvement. To do so is to be convinced of its superiority over all methods heretofore used.

The dental profession is also invited to call and examine its merits and utility.

Also, dentists can be furnished with teeth of all kinds, at a less price than they can be bought elsewhere. nov 6—tf

MISCELLANEOUS.

PROSPECTUS OF THE WEEKLY NATIONAL REPUBLICAN.

The undersigned commenced, in the month of December last, the publication, in this city, of a weekly newspaper, called the *National Republican.*

It is printed on a large sheet, twenty-seven by forty-two inches, and is furnished at the low prices stated below.

It will contain all the original matter of the daily *National Republican,* with the exception of local news not interesting to country subscribers.

It will give full reports of the proceedings of Congress, and of the other departments of the National Government.

It will contain all the news of the day, foreign and domestic, markets, &c., &c., as well as an original correspondence from all parts of the country. The miscellaneous department will receive special attention, and, in all respects, the effort will be made to establish the character of the *National Republican* as a Family Newspaper.

Washington being now the central point of the current military operations, great attention will be paid to furnishing the readers of the *National Republican* with full, and especially with *accurate,* accounts of the progress of the war for the Union.

In politics, the paper will be Republican, sustaining the Administration of Mr. Lincoln, but disclaiming, however, any pretension to be the organ of the President.

The is no other Republican paper in the District of Columbia, or in the vicinity of it, and it is believed that recent events have opened to such a paper an important sphere of useful effort. The time has come, when the actual administration of the Government upon Republican principles will explode the misrepresentations which have made those principles so distasteful to the South.

But it is not only here, and in this vicinity, that the projectors of the *National Republican* hope to make it useful. To the whole country they offer a journal which will discuss national politics from a national standpoint, and which will never be swerved from patriotic duty by any overpowering pressure of local interest.

QUARTERMASTER GENERAL'S OFFICE,

WASHINGTON CITY, March 11, 1862.

Wanted at Ship Island, Mississippi, two light-draught Steamers, suited for towing boats.

Proposals, stating terms and times at which they will be delivered at Ship Island, with descriptions of the boats offered, will be received at the office of the Quartermaster General until the 21st of March.

Proposals should be enveloped and endorsed "Proposals for Steamboats for Ship Island," and addressed to the Quartermaster General, Washington, D. C.

M. C. MEIGS,

mar 13 Quartermaster General.

PROPOSALS FOR WOOD.

DEPOT QUARTERMASTER'S OFFICE,

Corner of Eighteenth and G streets,

Washington, March 19, 1862.

SEALED PROPOSALS will be received at this Office until Monday, the 31st day of March, at 12 o'clock m., to furnish the troops in this city and its vicinity, north of the Potomac river, within (5) five miles of the city of Washington, with Wood for (6) six months, commencing on the 1st day of April, 1862, and ending the 30th day of September, 1862.

The Wood to be of the best quality of oak or hickory, and to be delivered at the camps or quarters of the troops, in such quantities and at such times as the Depot Quartermaster may direct.

Payments to be made at the end of each month, upon the return by the contractor of the orders drawn upon him. The delivery of the Wood ordered must be shown by the receipt of the officer receiving it (specifying the amount delivered) endorsed upon the orders.

Wood ordered for regiments brigades, or divisions must be receipted for by the quartermasters.

The proposals must specify the price per cord of (128) one hundred and twenty-eight cubic feet, and must be plainly marked "Proposals for Wood."

The ability of the bidder to fill the contract, should it be awarded to him, must be guaranteed, by two responsible persons, whose signatures must be appended to the guarantee.

The responsibility of the guarantors must be shown by the official certificate of the clerk of the nearest district court or of the United States district attorney.

Bidders must be present in person when the bids are opened or their proposals will not be considered.

Bonds, in the sum of ten thousand dollars, signed by the contractor and both of his guarantors, will be required of the successful bidder upon signing the contract.

The right to reject any or all bids that may be deemed too high is reserved by the Depot Quartermaster.

Informal proposals will be rejected

Form of Guarantee.

We ——, of the county of ——, and State of ——, and ——, of the county of ——, and State of ——, do hereby guaranty that —— is able to fulfil a contract in accordance with the terms of his proposition, and that, should his proposition be accepted, he will at once enter into a contract in accordance therewith.

Should the contract be awarded him, we are prepared to become his securities.

(To this guarantee must be appended the certificate above mentioned.) D. H. RUCKER,

mar 11—dtd Colonel and Quartermaster.

DR. LELAND'S

Anti-Rheumatic Band!

PERMANENTLY CURES

RHEUMATISM, in its various forms,

GOUT and NEURALGIA,

STIFFNESS and NERVOUS AFFECTIONS,

IMPURITIES of the BLOOD,

And the Evil Effects of Mercury.

It is a conveniently arranged BAND or BELT, containing a medicated compound, to be worn around the body, about the waist, EQUALLY AFFECTING ALL PARTS, *wherever the disease may be,* and can be worn *without injury* to the *most delicate* person.

By this treatment, the medicinal properties contained in the BAND, being of a *highly aromatic and volatile nature,* and *capable* of being *readily absorbed through the pores of the skin,* come into *direct contact* with the BLOOD and *general circulation,* without first passing through the process of digestion, which would tend, not only to detract from their curative powers, but to impair the internal organs and derange the digestion also—thus avoiding the *injurious effects,* so often the result of *internal remedies,* and effecting a *correct cure, by purifying and equalizing the circulation of the vital fluids, and restoring the parts affected to a healthy condition.* This BAND is also a most *powerful* "ANTI MERCURIAL AGENT," and will *entirely relieve* the system from its *pernicious effects.*

Moderate cases are cured in a few days, and we are constantly receiving *undoubted* testimonials—to which we invite inspection at our office—of their efficacy in aggravated cases of *long standing.*

Price Two Dollars. Sent by mail upon receipt of $2, or by express everywhere, with *all necessary instructions,* from the principal office of

G. SMITH & CO., Proprietors,

491 Broadway, New York.

N. B.—*Descriptive circulars sent free.*

☞ This Band will not interfere with the soldier's tactics. nov 15—1y

EAGLESWOOD COLLEGIATE AND MILITARY SCHOOL.

THE spacious and beautiful School Buildings at EAGLESWOOD, PERTH AMBOY, N. J., healthfully situated on Raritan Bay, 1½ hours from New York and 2½ from Philadelphia, erected a few years since at great expense, and furnished with spring water, gas, steam heat, gymnastic apparatus, and every appointment for the most thorough intellectual and physical training, have been renovated and put in complete order during the late vacation. The School opened on 1st October, under new auspices, with a corps of efficient teachers in the Classics, Natural Sciences, Modern Languages, Music, Drawing and Painting, and the common English branches.

In addition to the former facilities for boating, bathing, and gymnastic training the MILITARY DRILL AND DISCIPLINE have been adopted, under the care of competent officers. Instruction is also given in Horsemanship.
