FACTS!—Messrs. N. Kieffer & Hollander, No. 46 Poydras street, Manufacturers of the Malakoff Bitters:

Gentlemen—I have examined the patent that was granted you by the U. S. Government for manufacturing the Malakoff Bitters, and found in the ingredients employed a compound well calculated to excite and keep in good order the digestive organs. I have prescribed said Bitters several times, and in every instance I had occasion to ascertain their beneficial effect. I remain, gentlemen, very respectfully, your most obedient servant, A. MERCIER, M. D., 196 Canal street.

I have examined the patent you hold for the manufacture of Malakoff Bitters, and find nothing in the ingredients thereof calculated to act injuriously upon the human system, unless taken in inordinate quantities. Indeed, it is nothing but a cordial aromatic bitter. S. A. SMITH, M. D.

Your Malakoff Bitters, which I have examined, do not contain any ingredients injurious to health, and may be recommended to those who are in want of a good tonic.

Yours, M. SCHUPPERT, M. D.

INDIAN CIGARETTES OF CANABIS INDICA,

Recent experiments in France, England and Germany have proved that these Cigarettes are a sovereign remedy for the above distressing affections, especially when Belladonna, Stramonium and Opium have failed to give relief.

Digestive Elixir of Pepsine.

GRIMAULT & CO., CHEMISTS, PARIS.

PEPSINE, the latest scientific discovery of Dr. Corvisart, physician to his majesty the Emperor of the French, is the Gastric Juice itself, or, rather, the digestive principle purified which digests food in the stomach. When, by some cause or other, the supply of digestive fluid is too small, the inevitable consequences are bad digestion, gastritis, gastralgia, inflammation of the mucous coats of the stomach and bowels, heartburn, pituite, anæmia, loss of strength and (in females) chlorosis. This Elixir of Pepsine, which is sanctioned by the approbation of the Paris Academy of Medicine, speedily cures all such diseases, and prevents vomiting during pregnancy.

APPROVED BY THE PARIS ACADEMY OF MEDICINE.

Burin du Buisson's Iodide of Iron and Manganese Pills.

The treatment of chlorotic or scrofulous affections is always long and tedious with the usual preparations of iron, which not unfrequently fail, owing to the stomach not being able to support them. The researches of Professors Hannon, of Brussels; Gensoul and Petrequin, of Lyons; Serselins and Trousseau, of Paris, have demonstrated that this lamentable failure is owing to the absence of Manganese, which, as well as Iron, is an essential element of the blood. These Pills, therefore, supply an important deficiency in therapeutics, and have, consequently, received the approbation of the Academy of Medicine and the principal scientific bodies. They are employed with a certainty of success against Chlorosis, (Green Sickness,) Stomach Complaints, Poverty of the Blood and Irregular Menstruation, and are preferable to the pills of iodide of iron alone in all anemic, scrofulous and cancerous affections.

No More Copaiba and Cubebs.

GRIMAULT'S CAPSULES AND LIQUID EXTRACT OF MATICO VEGETABLE.

Where all other medicines have failed, these preparations will always effect a cure. These insure rapid and extraordinary cure of severe recent and chronic cases of private diseases. They are used in the hospitals of Paris, by the celebrated Dr. Ricord, and are found greatly superior to all hitherto known mineral remedies and Copaiba and Cubebs. The injection is used in recent and capsules in more chronic cases.

Chemists to H. I. H. Prince Napoleon, Paris.

This medicine presents, in an agreeable form, the active principles of Peruvian Bark, the best of tonics, combined with Iron, one of the principal bases of the blood. It is prescribed by the most eminent physicians of Paris to cure Chlorosis, (Green Sickness,) to facilitate the development of young females, and to restore health and vigor to the system in general. It rapidly removes the distressing stomach complaints caused by anemia and leucorrhea, to which ladies are so often subject, regularizes and facilitates the flow of the catamenia, and is also excellent for pale, lymphatic and scrofulous children. Lastly, it excites the appetite, promotes digestion, and is extremely beneficial to all persons whose blood has been impoverished by illness, or long and difficult convalescence. The effects of this Syrup are at once certain and speedy.
