Bidders whose proposals shall be accepted (and none others) will be forthwith notified, and as early as practicable a contract will be transmitted to them for execution, which contract must be returned to the bureau within ten days, exclusive of the time required for the regular transmission of the mail.

A record, or duplicate of the letter informing a bidder of the acceptance of his proposal, will be deemed a notification thereof, within the meaning of the act of 1846, and his bid will be made and accepted in conformity with this understanding.

Every offer made must be accompanied (as directed in the act of Congress making appropriations for the naval service for 1846-'47, approved 4th of August, 1846) by a written guarantee, signed by two responsible persons, to the effect that he or they undertake that the bidder or bidders will, if his or their bid be accepted, enter into an obligation within five days, with good and sufficient sureties, to furnish the supplies proposed.
