THE FEMININE OUTLOOK.

You may talk to a woman for an hour or more and understand every word she says. Meat, bread, money; motor-cars, drains, the ace of trumps—there is really no space at my disposal to give a list of the words that are common to both languages. In fact, most of the solid, concrete things of life may be left out of the question. It is when we pass beyond the concrete that the real misunderstanding arises. Take a couple of very common words used equally by both sexes. A man will say that So-and-So is a "nice" girl. I should know what he meant. A woman will reply that the girl is pretty, agreeable and all that sort of thing—but that she is "not quite nice." The two are using the same word to express different ideas, and they will never agree as to whether that girl is nice or otherwise, until they can talk in the same language.

Again, in the feminine dictionary the opposite of "nice" is "horrid." A man will talk of a "nice scoundrel" and a "horrid bore," and I can understand him. But when a woman tells me that a man is wealthy and clever and goodlooking—"but I'm sure he's horrid"—she has dropped into her foreign language. I can only be sure that she does not mean when what I mean when I speak of a "horrid girl."—London Outlook.

We have noticed that most funny stories are either on an Irishman or a man just married.—Atchison Globe.

HOG MARKET STEADY

Shipments Light but All Offerings Taken.

HIGHEST PRICE WAS $4.40

No Cattle Receipts---Prices Unchanged.

The hog market was steady yesterday with Friday's prices and the receipts were extremely light, but nothing unusual for Saturday. The fact that the market has been holding up for the last day or so satisfactorily makes business somewhat better. A much larger shipment of stock is expected this week than last and it is hoped that there will be a change in the prices for the better.

Kansas City's market has been in a poor condition for the past ten days, and Chicago and St. Joseph have been paying very low figures. Wichita, considering all those things, has been in splendid shape and the prices paid here have been so near to the other markets that it would pay shippers from this section of the country and Oklahoma to ship stock to that point.

During the past week there has been a good market for light stuff, all offerings in this line having been taken at a fair price. Heavy hogs have been bringing within fifteen cents of Kansas City, which does not allow shippers to pass this market by.

There are now four buyers at the yards who do nothing but buy hogs, and there are also several cattle buyers. As time goes on the packing houses are expanding and more business is added to their already enormous trade. This requires more stock and therefore a stronger demand. The supply for the past two weeks has been insufficient for the demand.

IN AND ABOUT THE STOCK YARDS

Harvey Grace, the politician-stockman, of Cheney, came in yesterday with a load of hogs.

Pond Creek, O. T., was represented in the market yesterday by E. W. Johnson, who shipped in a load of hogs.

T. O. Beveins, of Watenga, O. T., had a car load of hogs in the market yesterday.

Allie Spencer, of the firm of Healy & Co., was able to be on duty yesterday at the yards after several days of sickness. Everybody is glad to see Allie up and doing again.

W. R. Dulaney, superintendent of the yards, must be given the honor of being the biggest biscuit consumer of all the stock yards population. He has a record of eating twenty-seven large ones at one meal. One would naturally presume at once that Mr. Dulaney would be unable to eat anything else, but it is claimed that he ate half of a spring chicken, a half dozen eggs and drank seven cups of milk. The chicken part of the deal is accounted for from the fact that most any person who ever had lived in Kentucky would have done the same thing. The biscuit appettite can also be explained, since Mr. Dulaney is a southerner, but why he drinks so much milk is a mystery. The egg part of the question is probably owing to his Democracy, yet that is not quite a good solution, since the eggs were only hen's eggs. If there is any other man this side of Missouri who has a surpassing record along this line he should correspond with Dad Tilford, the inspector.

WHEAT WAS LOWER

Favorable Weather Depressed Price of Futures.

CORN AND OATS WEAKER

Provisions Closed Steady with Little Change.

Chicago, May 28.—Lower cables and continued favorable weather depressed wheat prices today, final figures on the July delivery being down ½c. Corn is off ¾c. Oats show a loss of ¼@¼c. Provisions are 2½c higher to 5c lower.

The weather and cables caused moderate selling of wheat at the start, resulting in a slight decline, July being off ¼c to⅜c, at 86c to 86¼c. There was some buying that looked like covering of the same character that has been in progress for several days. This demand had a tendency to hold prices fairly steady at the initial decline. Later, however, belated holders of May commenced to liquidate. Ensuing weakness started considerable selling in other months, causing losses all around. The September options show releatively a greater degree of firmness due to purchases of nearly a milion bushels by a house with northwest connections. Extreme fluctuations marked the trading in May, and much difficulty was experienced in making sales. Late selling in July and September was confined largely to local traders, and indicated a disposition to even up for the holidays. Weakness in corn had a depressing influence during the last hour. After selling off to 85¾@85⅞c, July closed at 85⅞c. May ranged between 96⅝c and 97¼c, closing at 96⅝c. Clearances of wheat and flour were equal to 8,000 bushels. Primary receipts were 99,000 bushels as against a holiday a year ago. Minneapolis, Duluth and Chicago reported receipts of 64 cars, against 92 cars last week.

Sentiment in corn was decidedly bearish owing to unusually heavy receipts and almost perfect weather conditions for the growing crop. July opened ⅛@¼c lower, at 47½c to 47⅝c, sold down to 46⅞c and closed at 47c. Local receipts were 684 cars, with 82 of contract grade.

Oats were under similar bearish sentiments in the matter of the weather and the liberality of receipts as in the corn market. After opening a shade lower at 38⅝c, July declined to 38⅛c and closed at 38½c. Local receipts were 172 cars.

The provision pit was practically deserted and business almost at a standstill. The easier tone in grains offset a firm hog market and caused slight losses. July pork closed 5c lower at $11.27½. July lard was off 2½c, at $6.47½. Ribs were up 2½c at $6.57*.

Estimated receipts for Monday: Wheat, 4 cars; corn, 481 cars; oats, 166 cars; hogs, 44,000 head.

VARICOCELE IS THE GREAT ENEMY of men; it is the destroyer of their vitality, strength and their nervous system. About 40 per cent of all men suffer from it. Probably only 10 per cent know what it is. Indeed, so universal is the ignorance on the subject that men live a life-time, suffering from the effects of varicocele and never know what has caused the suffering. Varicocele is a dilation of the veins. The reason varicocele so often puzzles the patient is because the symptoms may be remote and hidden. In ordinary cases there are radiating pains down the back and thighs, neuralgia, easily tired when standing, pain in the back, nervous debility. There are many cases in which there are no symptoms. WE CURE VARICOCELE IN FIVE DAYS, BY A PAINLESS METHOD. THOUSANDS OF REFERENCES CAN BE GIVEN. THIS IS THE MOST COMPLETE, BEST AND MOST SUCCESSFUL METHOD. ALL WHO ARE IN DOUBT ABOUT THEIR CONDITION SHOULD CONSULT DOCTORS JOHNSTON & WALSH and get their opinion at once.

CATARRH CURED IN FIVE to ten treatments. Scrofula, Syphilis, Early Consumption, Bronchitis, Asthma, Pleurisy, Cough, Chronic Throat Disease, Blood and Skin Diseases, Heart Disease, Weakness, Pains and Palpitation of the Heart, Liver, Kidney and Bladder Troubles, Diabetes, Bright's Disease, Frequent and Painful Urination, Sediment in Water, Rheumatism, Neuralgia, Dyspepsia, Catarrh of Stomach and Liver, Constipation, Indigestion, Eye and Ear Diseases, Nervous Debility, Sleeplessness, Tired Feeling in the Morning, Bad Dreams, Easily Frightened, Floating Spots before the Eyes, Headaches, Backache, Shooting Pains, Despondency, Melancholia, St. Vitus' Dance, Epilepsy, Paralysis, Bashfulness, Lack of Confidence and Ambition, Imaginary Fears, Threatened Insanity, Dizziness, Weakness, Lack of Endurance, Etc. If you are suffering from any of these, consult Drs. Johnston & Walsh at once. Delay is fatal.

LADIES SUFFERING FROM NERVOUS troubles, pain in back, weakness, tumors, inflammation, uterine or ovarian disease, cured quickly by their Electro-Medical treatment.

MEN PERFECT CURES GUARANTEED in all cases of Physical Decline, Impotency, Prostatorrhoea, Youthful Errors, Etc. No detention from business. Varicocele is cured in five days by their painless method. Wonderful results from this treatment. Stricture cured without operation. Hydrocele cured in three days.

BASEBALL.

American League.

ST. LOUIS, 4; DETROIT, 1.

Detroit, May 28.—Inability to hit the ball when chances were offered lost today's game fo rDetroit. Siever was effective in pinches and Heidrich's great catches saved many runs. St. Louis hit Killian hard. Attendance, 3,000. Score:

									R	H	E
Detroit	0	0	0	0	0	0	1	0	0	1	8
St. Louis	0	0	0	2	0	1	1	0	0	4	12

BOSTON, 3; WASHINGTON, 2.

Boston, May 28.—Timely hitting gave Boston today's game with Washington. The visitors fielded better than the champions and Townsend pitched a better game than did Dineen. A small Saturday crowd witnessed the game. Attendance, 5,000. Score:

									R	H	E
Boston	0	0	0	0	2	1	0	0	*	3	6
Washington	0	0	0	0	1	1	0	0	0	2	6

Batteries: Dineen and Farrell; Townsend and Kittredge.

NEW YORK, 1; PHILADELPHIA, 6.

Philadelphia, May 28.—Chesbro shut out the home team today. Plank also was effective until the eighth. In this inning Keeler's third hit, Conroy's sacrifice and Anderson's double to right scored the one run. Attendance, 10,000. Score:
