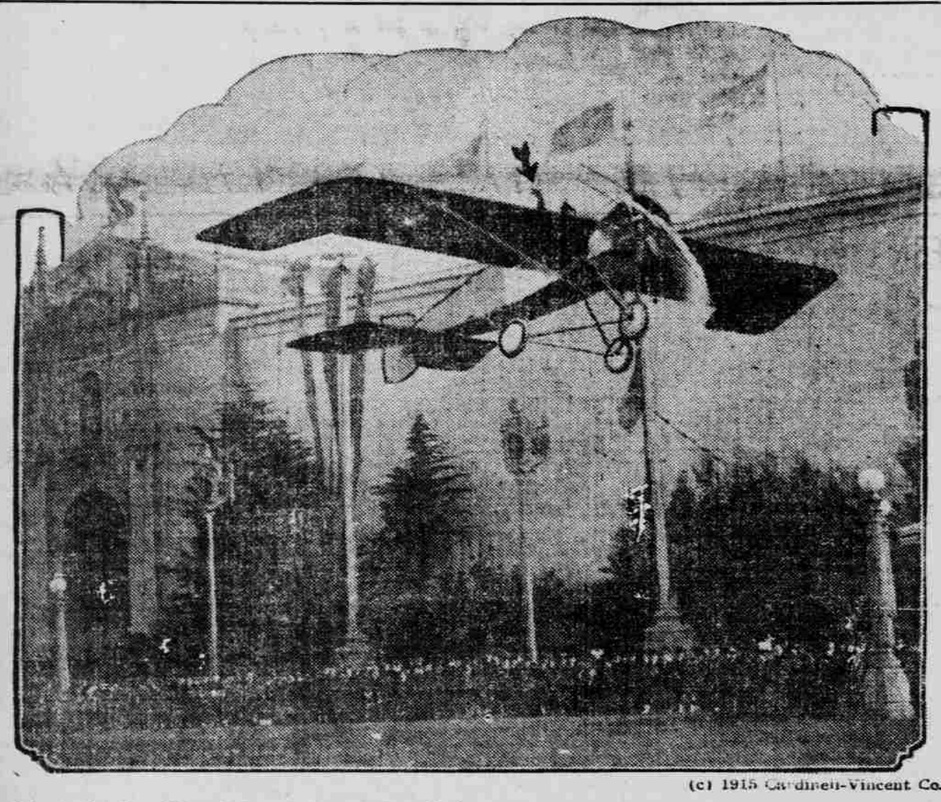
HERE'S LINCOLN BEACHEY WAVING FAREWELL ON HIS LAST TRIP



(c) 1915 Cardinell-Vincent Co.

Lincoln Beachey Flying Before Palace of Transportation at Panama Exposition Just Before His Death.

MURDER IS REVEALED.

Parish Priest Was Killed by His Brother at Time of Earthquake.

Rome, March 26.—Recovery by the police of a famous art treasure stolen from the parish church of Massa d'Albe after it was destroyed by the earthquake in January, has disclosed also that the parish priest was murdered by his brother, according to advices from Avezzano. When the ruins of the church were explored, after the disaster, it was found that a noted Byzantine Triptych executed in ivory used as an altarpiece, as well as other religious objects, were missing. Their value was fixed at a large sum.

The police now claim to have learned that when part of the church was wrecked the priest was buried with the art treasures in a section of the building which remained standing because its massive walls were a part of an old fort built on solid rock.

The priest was slain, the authorities assert, by his brother, who suspected the ecclesiastic of being friendly with his wife. This man, it is asserted, found the clergyman lying helpless under the ruins and killed him, with the assistance of friends, who then removed the art objects. An intercepted letter led to the discovery of the crime and all those suspected of being involved have been arrested.

War Tax on Lodz.

Amsterdam, March 26.—A dispatch from Berlin, printed by the Telegraaf, states that the Russian city of Lodz has been ordered by the German military authorities to pay a war tax of 500,000 rubles ($250,000).

Prohibited List Is Extended.

Rome, March 26.—A royal decree has been promulgated extending the prohibition of exports to include all metals, sulphate of alumium, cement, stearin, paraffine, ceresin and all material for tanning. Italy on February 8, prohibited the exportation of all foodstuffs except fruit, vegetables, milk and butter. The order included everything that might be used to feed cattle and other animals or poultry.

ORDER WRIGHT PLANES

Warring Nations Want American Airships With Stabilizers.

Dayton, O., March 26.—Orville Wright's factory has received orders for scores of war aeroplanes equipped with the new Wright stabilizer, which is designed to make the military planes as safe to ride in as a street car.

According to experts representing foreign countries which have placed orders for the planes, the new machines will revolutionize aerial warfare. The aviators will be able to pay all of their attention to what is going on on the earth beneath them instead of keeping their attention centered upon the control of the machines.

"Our stabilizer has been given the needed finishing touches," said Wright today. "We could have placed it on the market before this if we were not now head over heels in turning out the armored military planes now in demand."

Killed Taking New Auto Home.

Wichita, March 26.—J. A. Pritchard of Great Bend, Kan., was killed a mile north of this city today when a Santa Fe train struck a motor car which he had bought here and was driving home.

HIS LAKE IS LEAKING.

And John D. Is Having Trouble on Buttermilk Hill.

Tarrytown, N. Y., March 26.—John D. Rockefeller not only has the most money in the world, but he is now the possessor of a disappearing lake. So far he has spent $200,000 on this beautifying addition to the Buttermilk hill section. Twice has the lake been completed and the water turned on and just as many times it has disappeared, leaving a sandy bottom bowl. Mr. Rockefeller gave the matter much study but without result.

Now that he wants to put his mind on something varying from his usual trend, he is going to work on the lake mystery even to the exclusion of his favorite golf. He intends to build the lake no matter what it costs and he is on the job all day to see that it is done.

Once before a Rockefeller lake disappeared and he intends that it shall not occur again. The local witness of Tarrytown has observed that this may be a proof of the adage that milk and water will not mix.

Give your newsboy a standing order if you want him to sell you a Postscript every day at 5 o'clock.

"SHELDON DAY"

Dr. Charles M. Sheldon Will Be Honored Sunday.

Auditorium Will Be Packed by His Admirers.

Sunday will be "Charles M. Sheldon Day" in Topeka. Some of the Topeka business men had planned to have a line of two or three hundred automobiles to accompany Dr. Sheldon from his residence Sunday afternoon to the auditorium where he will speak as a member of the Flying Squadron of America in the interests of national prohibition, but in deference to Dr. Sheldon's wishes this plan was given up. While Dr. Sheldon, who arrived in Topeka today, appreciated the honor which the business men wished to do him, he did not care for that kind of display.

The plan finally decided upon is that Arthur Capper, governor of Kansas, who will preside at the meeting Sunday; R. L. Cofran, mayor, and the other city officials, will accompany Dr. Sheldon from the National hotel to the auditorium Sunday afternoon.

Dr. Sheldon expressed himself this afternoon with enthusiasm relative to the cordial reception that has been given the Flying Squadron of America in nearly seventy cities. Sentiment in favor of national prohibition is spreading rapidly, he says.

ELECT OFFICERS TODAY

Presbyterian Missionary Meeting Ended This Afternoon.

The annual meeting of the Presbyterian Home and Foreign Missionary society of this district came to a close this afternoon. The final number on the program was a playlet, "How Not to Do It," by the Louise Arnold Circle of the Second Presbyterian church. This circle is composed of small girls and their work will be an interesting feature.

The following officers were elected this morning: Miss Anna M. Gabby, Junction City, president; Mrs. S. C. Pettit, Topeka, vice president; Miss Olivia H. Milley, Junction City, treasurer; Mrs. M. M. Davis, Manhattan, corresponding secretary; Mrs. F. W. Mitchler, Kansas City, recording secretary; Mrs. J. H. Blythe, Leavenworth, secretary of literature and study classes; Miss Elizabeth Dixon, Lawrence, secretary of C. E. societies; Mrs. S. Martindale, Topeka, secretary freedmen; Miss Helen Short, Leavenworth, secretary of Y. P. societies; Mrs. C. A. Trapp, Topeka, secretary Light B. and L. L. B.; Mrs. A. H. Harshaw, Junction City, secretary of W. G., W. C., and Y. U. M. S.

Mrs. S. A. Maxwell was selected as the delegate for this district to the Southwest Board. The Southwest district takes in Kansas, Oklahoma and other states in that territory.

The next convention of the society will be held in Kansas City, Kan.

The following program was given today:

Morning.

9:00—Question box, Miss Barr; committee meetings.

10:00—Reports of committees: (a) Presbyterial constitution and by-laws, (b) by-laws governing district work, (c) visitation of societies; place of meeting in 1916; delegates to S. W. board; new business; election of officers.

11:30—"Bible Study," Mrs. G. F. Worley.

12:00—W. M. S. informal conference: "New societies, new members, extension;" Y. P. led by Mrs. A. Harshaw, Junction City, secretary W. G.

Afternoon.

2:00 p. m.—"Missions in Sabbath School," Mrs. Frank Binns, Rossville; Mrs. David Page, Topeka; "Bible Study," Mrs. Worley; duet, Mrs. Williams, Miss Bartell.

3:15—Discussion of Freedman's work, led by Roberta C. Barr, Pittsburg, Pa.

3:45—"Children's Work," Mrs. C. R. Thrapp, secretary of L. B. and L. L. B., and Mrs. J. W. Hart, Junction City.

4:00-4:15—"How Not to Do It" (a little play), by the Louise Arnold Circle, Second church, Topeka.

Adjournment.

FIRST TARDY MARK.

Little Heroine Breaks School Record to Save Brother and Sister.

Elizabeth, N. J., March 26.—Mary Gunos, 6 years old, walked into school No. 1 Thursday, tardy for the first time since she joined the school last September. But she had an excuse written by her mother. It read:

"Please excuse Mary for being late. I was at market when the house almost burned down, and she is late because it took her so long to save Michael and Catherine."

Michael, her 18 months old brother, had been overcome by smoke before he was found by the little mother, who groped through the smoke and carried him to the street, returning then for her sister Catherine, 3 years old.

Then the little heroine swooned. She might have reached school on time but for that.

FRANK SIMMS ILL.

City Candidate, Running for Commissioner, Unable to Campaign.

If F. B. Simms, proprietor of the Gem Laundry, succeeds in being nominated for city commissioner of parks at the city primaries Monday, his nomination will not be due to any campaign made by himself. Mr. Simms announced his candidacy just a few days before the time for filing nomination petitions would expire. His petition was filed on Thursday. The following day or just a week ago, he was taken with a chill and has been in bed since and there is no prospect of his being on his feet until after Monday's election.

He has had a high fever, but was reported much improved today.

"If Mr. Simms is nominated," said Mrs. Simms today, "he will have his friends to thank, for he has done absolutely no campaigning for himself."

Rush Order for Lead.

Granite City, Ill., March 26.—A rush order for one million pounds of sheet lead was received today by a metal company here. Officials of the company declined to say where the order came from or whether it was a war order. Bullets often are made from sheet lead.

FOUR FIRES TODAY

Topeka Residences in Epidemic of Blazes for Firemen.

Considerable Damage Resulted From Mysterious Causes.

There was a $500 loss by fire at the residence of Mrs. Lizzie E. Wagoner, 1312 Buchanan street, this morning. The fire started in the attic. Its cause is a mystery. Practically the entire roof was burned and there was damage by water. Both house and contents were insured.

A spark on the roof of the home of C. E. Suit, 1327 North Jackson street, today was the cause of a fire. The damage was only $2.

The last fire was in the MasSpadden residence and started in the basement. It had gained considerable headway before being discovered. The loss has not been estimated, but is heavy. The firemen were kept busy today. While the MacSpadden fire was being fought another alarm came in from 705 Chandler street.

A family named Neskie live at 709 Chandler street. The fire was extinguished before any damage was done.

SENT TO THE BOTTOM

Another British Merchantman Sunk by German Submarine.

London, March 26.—Another British merchantman has been sent to the bottom as a result of German submarine warfare. The steamer Delmira was torpedoed in the English channel after the crew had been permitted to quit the ship.

Infantry attacks were made by both French and German troops yesterday at various points, chiefly in the Meuse region. Each reports that the attacks of the other were repulsed.

The status of military operations in northern Poland remains in question. Official reports give no idea of the operations beyond bare announcements of the results of isolated engagements and little is known except that a battle of importance over a long front is under way. Petrograd dispatches convey the idea that the Germans have all but abandoned their attempt to break through the Russian line and penetrate to the Warsaw region from the north. Today's official Berlin statement says the Russians were defeated in engagements to the east of Augustowo.

"TOO MUCH MUSTARD"

Bottle Washer and Pastry Cook's Helper Fight at Restaurant.

Because the chief bottle washer made a swipe at the pastry cook's helper with the bread knife and nearly amputated an eyebrow, dinner was a little behind hand at one of the uptown restaurants this noon. The victim of the affray withdrew for repairs to a local doctor's office where a well placed stitch or two did the work of the eight or nine that would have been required had the chief bottle washer been nearer to the object of his attack.

None of the guests suspected the real reason for the slight delays in the delivery of their orders from behind the swinging doors which veil the mysteries of the cuisine, and the waitresses unjustly came in for most of the blame. Order in the kitchen was restored with no great delay and there was evidently an intention of settling the dispute out of court, for no complaint was entered at the police station at the time.

HOW DO THEY STAND?

Central Civic Committee Will Question Candidates for Mayor.

The central committee of Topeka civic organizations under Dr. J. E. Kirkpatrick, of Washburn college, as temporary president will invite the two candidates for the position of mayor of Topeka, who are in the race at that time to meet with the committee at 8 o'clock a week from Saturday night. The candidates will be asked how they stand on the propositions in which the committee is particularly interested.

The committee wants to see the suggestions made in the social survey carried out as far as possible; to have the municipal farm plan developed, and the municipal lighting plant enlarged so that it will be possible for the city to furnish light and power at reduced cost to the consumers.

Permanent officers will be named at this meeting of the committee, which is representative of numerous Topeka civic organizations.

CALL HIM "KEWPIE."

City Contractor Has Been Dubbed—He Admits It.

J. A. Pringle, contractor, who is building the West side sewer, is a person not easily embarrassed. But in the last few days the pinkness of his complexion is alternating with a crimson blush and a new pucker draws up the corners of his mouth, and his Santa Claus "breadbasket" is shaking a little more than usual. It is all because some one discovered in him a likeness to those cute little dolls called "Kewpies."

The blushes come when some friend now addresses him as "Kewpie." For a while he protested. Later he became indignant. Today he surrendered.

"It's no use. I give up. That name is going to stick in spite of anything I can do," he announced resignedly today.

LIKE TOPEKA MOVIE.

Manager Wagner Sends First Report From "Million $ Heiress."

"The Million Dollar Heiress" is proving popular in its tour of Kansas towns and cities. According to word received in Topeka today from H. N. Wagner, the manager, the picture is receiving a warm welcome wherever it has been shown.

The Topeka movie was shown at Baldwin Thursday night and Osawatomie tonight and Saturday. W. M. G. Lane is accompanying the pitcure and Wagner is in advance booking dates.

Every Well Dressed Young Man Does His Shopping in Four Reels

Every Reel is a Chapter by Itself

There's His Hat, His Furnishings, His Shoes, His Clothes

In every department we've got the stage for Spring all fixed, and the "properties" ready to give you superfine service. Clothes from the world's famous makers, prominently—
