PROPOSALS FOR REVENUE STAMPS.

TREASURY DEPARTMENT,
Office of Internal Revenue, July 28, 1862.

PROPOSALS will be received until Wednesday, the 6th of August next, for furnishing Revenue Stamps under the recent act of Congress imposing stamp duties.

Bidders will state the price per thousand stamps, deliverable in packages of ten thousand each at the Treasury Department in Washington.

Also, the price per thousand in similar packages, deliverable to the agent of the Department at the place of manufacture.

Also, the price per thousand, delivered in larger packages, as required, either at the Department, or place of manufacture.

Also, the price per thousand, separated in such quantities as may be daily ordered for the use of collectors and others, never less than two hundred stamps, and securely packed in tin cases, suitable binders' board boxes, with muslin, or other equally strong covers, or lined envelopes, according to the quantity and distance to be conveyed, as may be required by the Department, stating the difference, if any, between the cost of delivery to an agent at the place of manufacture and at Washington.

All such packages before mailing to be re-examined, and the stamps recounted by an agent of this Department.

Bidders will also give the additional cost for directing packages for the mails and preparing blank receipts, under the direction of an agent of the Department, either at the Department or manufactory.

Proposals must be made for the stamps in sheets, perfectly gummed and perforated in such manner that each separate stamp can be readily detached and used.

On and after Wednesday, the 30th of July instant, designs for the proposed stamps may be seen at the office of the Commissioner of Internal Revenue.

Each bid is to be accompanied with a specimen of the style of engraving and the quality of paper to be furnished, which will be submitted to a board of disinterested experts for examination; and the accepted bidder, before the final consummation of a contract, will be required to furnish proof impressions of the engravings of the several denominations of stamps.

Specimens of board and tin boxes and lined envelopes must also be submitted with each bid. It is necessary to protect the boxes by muslin, or other covers, in the most effectual manner, against wet and abrasion. The contract will require all dies and plates to be prepared and kept in repair, and that new dies and plates shall be made, either for the present denominations of stamps or others, without charge, at the pleasure of the Department. And all such dies and plates are to be the property of the United States for the service of the Treasury Department.

No bids will be considered except from parties who have been actually engaged in the business of copper plate or steel engraving and printing, and who are then engaged at the time of bidding, and provided with all the necessary facilities to execute the work promptly, and give the requisite protection to the stamps, dies, and plates in their possession.

Parties not known to the Department will furnish proofs to these points.

In awarding the contract the Commissioner of Internal Revenue reserves the right of deciding which bid, in the practical results, may be most to the Interest of the Department, having reference to the style of the work, security, mode of packing, &c.

Proposals should be carefully sealed, and marked "Proposals for Revenue Stamps," and addressed to the Commissioner of Internal Revenue.

GEORGE S. BOUTWELL,
Commissioner of Internal Revenue.

CHARLES' LONDON CORDIAL GIN

Is distilled in London, and put up solely in quart and pint bottles, to meet the requirements of Druggists, and those to whom Pure and Unadulterated liquor is a Necessity or a Luxury.

It is the oldest established of all the Gins (!) which have started into existence upon the basis of its well-deserved and hard earned celebrity.

It has no connection with, and is in no way like the trashy mixtures sold as "English Gin," or "Old Tom," or "London Dock," or "London Gin," &c., &c., no matter how much "antiquity" or "respectability" is assumed by their bogeitery.

Dr. Valentine Mott, of New York, says: "It is far preferable to even pure Holland Gin, and is the best article of its kind I have ever seen." So say thousands of physicians.

The New York Herald says: "We are surprised at its beneficial effects; it is a certain sale card to health."

The Philadelphia Ledger says: "It has no superior, if an equal, in medicinal virtues."

The New Orleans Picayune says: "There is no remedy on earth for dyspepsia equal to it."

The Boston Journal says: "As a beverage, as a preventive, or as a remedial agent, we want no other. It is our wife nurse."

Women of America, for you it is particularly adapted. In sickness or health, it is your greatest friend.

Just arrived, a direct importation per steamer Fulton, from Europe, a very fine and large assortment of Marine, Opera, Field Glasses, and Telescopes, which I will sell a very little above the cost in Paris. As to the qualities, there are none superior to be had, having been selected purposely for this market. Also, a large and well-assorted stock of Opera Glasses, Microscopes, gold, silver, and steel Spectacles and Eye Glasses, suited to the sight by the use of an Optometer. A considerable number of certificates to be seen at my office, from gentlemen who have been suited at my old establishment.

Persons calling at my office can be accommodated with any style and price of Teeth they may desire; but to those who are particular, and wish the purest, cleanest, strongest, and most perfect denture that art can produce, the Mineral Plate will be more fully warranted.

4th. No temporary teeth are needed, as permanent ones can be made immediately, thereby preserving the natural expression of the face, which, under the old system, is frequently disfigured.
