OTIS L. BENTON

Republican Candidate for Congress

A VOTE FOR BENTON

MEANS a vote for Americanism; for protection to home and home industries; a better nation and a better state. It

MEANS to supplant the politician in congress with a proved business man, who will help apply business methods to the problems of public expenditures.

A VOTE FOR BENTON

MEANS a vote for Kansas—and particularly the Sixth District of Kansas. Otis L. Benton is a man who accomplishes results while others talk. He is a man to serve his constituency with credit and with honor, and make a name for himself and for the state and district which elects him.

Otis L. Benton Is and Has Been an Advocate of Rural Credit Legislation

In a conversation with Mr. Benton regarding the subject of Rural Credits, he expressed himself positively in favor of such a measure, and said further:

"Why, do you know it was the Republican party that made an exhaustive study of the subject which is the basis for the present bill, and the Republican National Convention of 1912 declared in favor of the Rural Credit measure.

"During my entire life in Northwestern Kansas I have worked early and late to obtain cheaper money for this part of Kansas. Cheaper money means a higher price for land ,which is of far more importance to me as a large land owner, as well as to the other farmers of the district, than anything else.

"I shall work for all beneficial legislation to this end. The false and garbled statements being spread over this district hy unscrupulous politicians will not fool the voters into believing that I am opposed to Rural Credit Legislation."—Oberlin Times.

Connelly Attempts to Prejudice the Voters

By the way, don't the voters think Mr. Connelly pretty hard up for campaign material when he resorts to the "extravagant use of money" by having expensive plate matter prepared with his picture, to publish the statement that Mr. Benton stands well even outside the Sixth Congrssional District? In addition to the generous and universal indorsement that Mr. Benton is receiving from all classes of people at home, a Missouri banker also thinks well of Mr. Benton as congressional timber. What a terrible charge. The time WAS when a banker's indorsement would prejudice the voters, and Mr. Connelly is resorting to this old stuff. But when the farmers and everybody else are riding in automobiles, many owning bank stock and all getting rich by the sale of our livestock and agricultural products at WAR PRICES, no one will be fooled by such methods. The question naturally arises, has Connelly ever done anything at home or abroad to receive such praise?

Mr. Connelly has been in Congress four years. Will he or his friends name one bill that he ever even offered, to say nothing about it becoming a law, while he has been Congressman, for the benefit of a single man, woman or child of the Sixth Congressional District of Kansas? His salary during the four years, say nothing about his mileage and extras, will amount to over $30,000, and what has he ever done to earn the money?—Oberlin Times.

BE PRETTY! TURN GRAY HAIR DARK

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color, and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe improved by the addition of other ingredients for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Advertisement.

W. C. Lansdon

Democratic Candidate for GOVERNOR of KANSAS

Will give the people of the state a careful, efficient business administration.

W. C. Lansdon was born on a Kansas farm and has always been interested in problems of agriculture and labor. He is an advocate for organization for farmers and laboring men. He has always given preference to union men and conducted the Fort Scott Monitor under union labor and converted the Central Kansas Publishing Company from an open shop to a union business. Before the organization of the Typographical Union local in Salina, he paid better than the union scale on an eight-hour basis. He has always been a defender and advocate of human rights.

In his public and private life he has always stood for the better and higher standard of living, standing on the Christian side of all great moral questions; his membership in the Methodist church taught him that.

Mr. Lansdon believes there are many ways to save money for the taxpayers of Kansas without impairing the efficiency of state, charitable, penal and educational institutions by false economy, that the corporations should bear their share instead of placing all on the farmers and merchant as is generally done.

Mr. Lansdon regards Woodrow Wilson as the greatest President since Lincoln and believes that the courage, ability and patriotism of Mr. Wilson have kept the republic out of war and that the President deserves the support of people of all parties in his campaign for re-election. Mr. Lansdon's record is backed by actual conditions and not by words. His candidacy for Governor is endorsed by the Typographical Union of Salina, Kansas. Look up his record; you will find him with you. Then vote for him for Governor of Kansas, and by so doing uphold the policy of our President, Woodrow Wilson.
