Dr. Mann's
AGUE BALSAM.
Unrivalled in the History of Medicine.

THIS Balsam, that has been so extensively sold and met with such unrivalled success for the past five years, and brought health and happiness to many families throughout the western country, is the result of years of study and experiment, by the proprietors of this *Wonderful Compound*; and we are happy to state to the world that the object sought for has been gained, which is found in the numerous evidences in favor of this remedy. This Balsam is only recommended for one class of diseases, viz: those produced by malaria, and enters directly into the circulation, and thereby counteracts the poison of malaria in the system; and as a tonic it is particularly recommended. Now for a few evidences:

ORWELL, Ohio, June 1, 1858.

MESSRS. S. K. MANN & CO.—Gents: Having had occasion to use some of your Ague Balsam in my family, I find it the most prompt and efficient remedial agent for the certain cure of ague ever used, and as a strengthening tonic I think it has no equal.

Your obedient servant,
SAMUEL HENDRY.

OLNEY, ILLS., Sept. 20, 1857.

MESSRS. S. K. MANN & CO.—Gents: Your Ague Balsam is the only remedy that seems to meet the wants of the people of this locality. We have upon our shelves all the popular remedies of the day for the cure of intermittents, but Dr. Mann's Balsam sells in preference to all others, from the simple fact it cures. It is destined to excel all other remedies ever offered.

Truly yours,
G. W. HAYNIE.

DR. MANN & CO., Galion, Ohio—Gents: Your Ague Balsam is the people's own remedy, in this part of the country, for the cure of ague and fever. We have never known it to fail in any case when properly used. It is looked upon as a perfect antidote to malarious diseases.

Very truly yours,
REED & PETTIJOHN.

CAIRO, ILLS., May 15, 1858.

ST. LOUIS, June 1, 1858

MESSRS. S. K. MANN & CO.—Gents: We find the demand for Dr. Mann's Ague Balsam daily increasing, and the great demand for it is a sufficient evidence of its great merit. In all places in our travels we find the universal opinion of those selling it, and more particularly those using it, to be, that it has no equal in the category of remedies, and that it has certain specific is a fact that cannot be disputed.

Truly yours,
G. J. WOOD & CO.

Ayer's Cathartic Pills,

For all the Purposes of a Family Physic,

ARE so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating property is search, and cleanse, and invigorate every particle of the human mechanism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid, who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and reviving.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis any American Almanac, containing certificates of their cures and directions for their use in the following complaints:

Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice,

And other kindred complaints, arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled Dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else.

Ayer's Cherry Pectoral

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

SO wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use.—When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten. Prepared by DR. J. C. AYER & CO.,
Lowell, Massachusetts.

Sold by J. E. Cuningham, P. M. Donnelly, and T. H. Barr & Co., Terre-Haute, Indiana; and by all Druggists. At Wholesale by

Terre-Haute Female College,

TERRE-HAUTE, INDIANA.

THE Second Session of this Institution will commence on **TUESDAY**, the first of February, and continue Twenty Weeks.

Eighteen Professors and Teachers of superior qualifications, and selected with great care, constitute the Board of Education. Profs. Alphonso Wood and R. S. Bosworth, and all the leading Teachers, have been so long, and so favorably known to the public, as to render unnecessary any remarks respecting their qualifications.

The location of the College, for *health and beauty*, cannot be surpassed—and the Buildings erected and furnished at an expense of about $20,000, offer home comforts, rarely to be found in institutions of learning. They are *warmed by steam and lighted by gas.*

The apparatus for experimental illustrations, includes a good *Telescope, Microscope*, and every requisite to illustrate fully all the principles of the sciences pursued.

Weekly Lectures are delivered before the School.

The Music Department, under the care of Prof. Anthon and Miss Newby, both of whom *excel* in their respective departments, is in a highly flourishing condition.

The course of studies is *extensive and thorough*,—the Classic constituting a prominent feature. All the classes in the College course are *respectable for numbers and attainments*, the Senior Class numbering *Ten.*

The expenses per annum, including rooms furnished, board, tuition in all the branches of the regular course, fuel, lights and washing $225.

☞ Any further information respecting the School may be had, by addressing Rev. John Covert, or Rev. Ishonso Wood, Terre-Haute, Ind.

THE EYE.

OF all the organs which benificent nature has endowed man with, the eye is the most important, most complex, and most delicate in organization. From its exposed situation it is constantly liable to diseases which assume varied forms and which, when neglected, or maltreated, too frequently terminates in blindness. It becomes therefore—absolute necessary, that the practitioner shall be thoroughly conversant, not only with the eye-ball and its appendages, but that he shall have a most accurate and perfect knowledge of all diseases to which that organ is liable.

In presenting this card for public consideration, I would observe, that after an experience of over ten years in the principal ophthalmic hospitals of Europe, together with the advantage of a large private practice I am prepared to treat all diseases of the Eye with that certainty of success which can only be accomplished by years of experience.
