CONGRESSIONAL.

XXXVI CONGRESS—First Session.

WASHINGTON, Feb. 27.

HOUSE.

Mr. Gurly, from the Committee on Printing, reported a resolution, that there be printed for the use of House, 25,000 extra copies of the President's Annual Message, with the report proper the Heads of Departments and Chiefs of Bureaus connected therewith, omitting the statistical parts; and that there also be printed 5,000 extra copies of message and accompanying documents complete.

Mr. Gurley said these resolutions were an innovation to former practice. The committee propose, not only to largely reduce the number of volumes, but to exclude the dry statistics. Instead of sending off three or four volumes as heretofore, one of 400 or 500 pages would afford all the really valuable information, and at the same time convenient for the mails and for handling. The cost formerly was nearly $44,000; by the plan $16,000 would be saved. This is the Senate's plan which has worked so well that that body has reaffirmed it. In reply to a question, he said he understood that by the law this printing would go to the Senate printer. The resolutions were adopted.

A very lively time ensued.

Mr. Adrian and Mr. John Cochrane wanted to make explanations in relation to the charges, as to the shabby treatment of the 7th Regiment.

Objections were made principally by Lovejoy and Farnsworth.

The House voted for printer. Whole number of votes 197. Necessary to a choice 99. Glossbrener 81; Ford, of Ohio, 65; Wilton 2; Seaton 14; Defrees 2; Solloway and Coombs 1 each.

The House again voted. Whole number of votes 197. Necessary to a choice 99.—Glossbrenner 81; Ford 91; Ball 8; Seaton 14; Scattering 3.

The House again voted. Whole number of votes 189. Necessary to a choice 95.—Glossbrenner 74; Ford 88; Ball 1; Seaton 17; Scattering 3.

Mr. Hood asked whether it would be in order, that after the next trial, if it be unsuccessful the plurality shall elect.

The Speaker replied in the negative.

Farnsworth moved that the subject be postponed till the 1st Monday in June.—Negatived.

Several ineffectual motions were made to postpone till Monday, Wednesday and Friday, and to adjourn.

The House again voted. Whole number of votes 185. Necessary to a choice 93.—Thos. H. Ford 93; Glossbrenner 71; Seaton 18; Ball 2; Windom 1.

The Speaker declared Ford elected.

Previous to the announcement of the result, several votes were changed to Mr. Ford. The last contest was close, and excited much interest.

Mr. Blake announced the death of Cyrus Spink, of the 14th District of Ohio. He pronounced an appropriate eulogy. Messrs. Curtis and Sherman also paid a tribute of respect. The customary resolutions were adopted. Adjourned.

SENATE.—Mr. Davis presented a memorial from the Legislature of New Mexico, asking for the organization of the territory of Arizonia. Referred.

Mr. Seward presented petitions praying for pensions to soldiers of the war of 1812.

Mr. Hale presented the memorial of Frank Sanborn, protesting against the order for his arrest, and asking that it be rescinded.

Mr. Bingham presented a petition in favor of the Homestead bill.

Mr. Collamer introduced a resolution on post office and post roads, inquiring into the expediency of having letters which may remain in any post office undelivered for 30 days returned to their writers. Mr. Collamer advocated the resolution as necessary to relieve the dead letter office of the immense amount of matter thrown upon it. The resolution was adopted.

Mr. Wilson gave notice of a bill to reduce the rates now paid for printing 25 per cent.

Mr. Brown's resolution was taken up, and Mr. Toombs made a long speech upon it, when further consideration of the subject was postponed until Wednesday a week, hence the Senate went into executive session and afterwards adjourned.

WASHINGTON, Feb. 28.

HOUSE.—Mr. Millson ineffectually endeavored to introduce a resolution providing for the election of a Chaplain to-morrow.

Mr. Sherman, from the committee on Ways and Means, reported a bill providing that it shall be the duty of the President to cause his annual message and executive documents to be printed and copies delivered to the Secretary of the Senate and Clerk of the House in time for the distribution at the commencement of each session of Congress, and that said printing shall be executed by the Printer of the House, at the rates prescribed by law, provided that one half the sum for composition be allowed to each no more. It is also provided for 10,000 additional copies of the message and reports proper of the departments and bureaus, omitting the statistics, be printed for the use of the Senate, and 20,000 for the House, and for each five thousand of the complete documents in addition. The bill was referred to the committee on printing.

Mr. Sherman also reported a bill proposing in place of the present mileage of members of Congress to allow 20 cents a mile, to be computed by a straight geographical line, and repealing all acts and parts of acts on this subject.

After some debate, they refused to table the bill, and also refused to refer it to the committee of the whole. Finally Mr. Sherman's bill was adopted, by 128 to 44. As a substitute to the original, Mr. Sherman moved the previous question. On the final passage of the bill further proceedings were interrupted by Mr. Ruffin's rising to a privileged question. His name upon the last vote for Printer yesterday was not up on the journal, he wished to enter his motion to correct it.

This movement created much interest all over the hall. By the entering of Mr. Ruffin's name for Mr. Glossbrenner, the election would be vitiated, as Mr. Ford obtained only a sufficient number to effect a choice, according to the announcement.

Mr. Sherman insisted that his own motion should be put.

Mr. Ruffin said he would hereafter bring up his question.

Adjourned.

SENATE.—On motion of Mr. Mason a resolution was adopted calling on the President to furnish a copy of any report made by commissioners for marking boundaries between the United States and G. Britain.

The hour of meeting was fixed on and after Thursday at 12 o'clock.

Mr. Cameron presented a petition for the modification of the Tariff.

Mr. Foote from the committee on Claims read a report accompanied by a bill explanatory of the act to carry into effect the 9th article of the treaty of 1819 with Spain; ordered to be printed.

Mr. Davis moved to take up the bill, authorizing the sale of arms to States, and regulating the appointment of Superintendents of public Armories. The question being on the amendment to appoint superintendents from the officers of the ordnance corps.

Mr. Hale opposed it. He had examined the studies of students at military academies, and found they contained nothing to fit them for this post.

Mr. Davis said the Senator's remarks had no application to this bill.

On motion of Mr. Mason, the Senate then went into Executive Session.

WASHINGTON ITEMS.

WASHINGTON, Feb. 27.

The President has recognized Mr. J. D Seybrandt as Vice Consul of Sweden and Norway at New Orleans, and Mr. Robert Barth as Vice Consul of the Grand Duchy of Mecklenburg Zoliferin at St. Louis.

The Post Office Committee have authorized Mr. Colfax to report at the earliest possible day a bill submitted to them by him, for expediting and cheapening the postal service between the Atlantic and Pacific States. It directs the Post Master General to advertise immediately for proposals to carry the entire mail averland to such points on the Mississippi and Missouri rivers as the bidders may select, and by such routes as they may designate in their bids to California. The letters, mails and all printed matter on which letter postage is prepaid, to go through in twenty days, and to be carried semi-weekly. The newspaper mail to go through weekly, in thirty days. Proposals to supply Denver and Salt Lake by branch lines weekly from the main route, are to be invited, and bids to be received by 1st of February and submitted to Congress for acceptance or rejection. The contract, if made, shall run three years from the 1st of July, 1860.—Bids for more or less frequent service will also be taken. Bids are also to be invited to carry the entire mail by water route from New York and New Orleans semi-weekly and weekly. Before these bids are submitted Congress will show that half a million dollars can be annually saved in the single item of the mail service.

The House passed the bill for the payment of the invalid and other pensions, and the bill for the support of the Military Academy.

Mr. Conklin asked, but failed to obtain consent to offer a resolution instructing the Committee on Judiciary to inquire whether, if any, and if so, what legislation is necessary to secure the liberty of speech or person in the District of Columbia; and whether, if any, and if so, what practical legislation is necessary to secure the rights of free persons in said District.

On motion of Mr. Fenton, a resolution was adopted, calling on the Secretary of the Interior to report to the House the present condition of the trust land west of Missouri, set apart for the New York Indians, whether the same has been brought into market as a part of the public domain, and if so, by what authority.

The New Orleans Picayune of Wednesday is received by Adams Express. The Galveston Civilian of the 17th, says that Gov. Houston has transmitted to the President the result of the labors of the Texas Commissioners on the Rio Grande. He says that unless immediate steps are taken for the efficient protection of the frontier of Texas he will move to repel the present invasion, and prevent a recurrence of the measures progressing in and out of Texas, looking to a Protectorate in Northern Mexico. The Commissioners' report that there is no certainty of quiet without a partial occupation of Mexico.

The Texan Legislature adjourned on the 13th inst., without action on the South Carolina resolutions.

The election of ex-Gov. Ford of Ohio to day for Printer was rather unexpected; all the Republicans voted for him together with three Southern Oppositionists, Anderson of Ky., Davis of Md., and Etheridge of Tenn. Southern Opposition voted for Ball and Seaton. Adrian and Anti-Lecompton Democrats for Winton. Democrats for Glossbrenner.

The Senate in executive session finally disposed of the Commerce and Amity treaty with Paraguay, by ratifying it.

The Mexican treaty was then read, but a general discussion of its merits was not commenced.

Among the memorials presented to-day in the Senate was one from Samuel F. Dunlap, claiming that Nicaragua had given to him and company the exclusive right to navigate by steam all the waters of that country.

He complained that our federal Executive has for the last five years overlooked their rights. The memorial was referred to committee on Foreign Affairs.

The Herald correspondence states that Mr. Wyke, the British Minister to Central America has negotiated a treaty with Nicaragua, by which the mosquito protectorate is totally abandoned to Nicaragua, stipulating for its nominate sovereign for annual subsidy for $5,000.

The Tribune correspondence of the 26th says, at the Democratic caucus yesterday Mr. Brown's resolution for an immediate slove code received five votes—Messrs. Mason, Clay, Chestnut, Robert Johnson and Brown; those of Mr. Davis were carried without a division and will command every Southern Democratic vote in the Senate, and all for the North but those of Messrs. Douglas and Pugh.

The Brooklyn has been ordered to New York to take out Col. Pickett, our new Consul to Vera Cruz, who will carry instructions to meet the contingency of Miramon's projected attack.

The treaty will be taken up to-morrow and pressed urgently to a division in view of the expected attack on Vera Cruz; there will be 28 votes in the negative, or six more than necessary to defeat its ratification.

Gov. Houston has written a letter here demanding if the government intends taking any action towards Mexico, and intimates broadly if not, he will assume the responsibility on behalf of Texas.

FROM WASHINGTON.

WASHINGTON, Feb. 27.

In consequence of information received at the War Department from Gov. Houston of Texas, Col. Lee who commands the department of Texas is expressly ordered to pursue and capture Cortinas and his band, whether they go into Mexico or not, the purpose being to strike a decisive blow even though other consequences are involved.

There are 642 men belonging to the Infantry and Cavalry arms, stretched from Fort Brown near Matamoras to Fort Clark; about 250 miles above, under competent officers and with special instructions as to vigilance.

Information received here represents Cortinas as an American citizen who recruited his followers by opening the jail at Brownsville, and then plundering both sides of the river; the better to do this he has more Americans than Mexicans in his band.

The authorities of the State of Chihuahua recently applied to the President for the aid of our troops stationed near there to prevent depredations on American citizens' property by marauders and banditi in the interior of Miramon who were drilling and organizing for the defeat of the Liberal cause.

Orders have been sent to Capt. Walker commanding at Fort Bliss near El Paso, notifying him of this application, and directing his forces to be marched into Chihuahua for the purpose stated.

The Mexican treaty was to-day taken up in the Senate executive session and read according to the usual formality, which consumed most of the sitting; it will be pressed by Senator Mason daily until a vote is taken.

Instructions were sent from the department of State to-day to Mr. Ward, our Minister in China, requiring him to remain at his post and carry out Mr. Reed's treaty. He had intimated his intention to return.

Horace White, of the Chicago Press & Tribune, formerly assistant Secretary of the National Kansas Committee, appeared before the Senate Harper's Ferry committee to-day.

The executive board of the committee consisted of three members residing in Chicago, Messrs. J. D. Webster, H. D. Hurd and George W. Dole, who transacted the business with the authority of a full organization.

The aggregate sum of money received and disbursed by that body in 1856 and three months of 1857 was about $120,000, of which less than $10,000 was for the purpose of arms.

Their dealings with Brown amounted to an appropriation of $150 in cash, 12 boxes of clothing and 25 revolvers for his benefit, of which the last mentioned never reached him; all this had transpired in the fall of 1856.

Witness had never seen Brown since January 1857. Brown never communicated to witness or the committee any purposes or designs against slavery outside of Kansas. Brown's last appearance before the committee was at the Astor House, N. Y., in January 1857, where he applied for 100 Sharp's rifles belonging to the committee and then stored at Tabor, Iowa, with which to repel the Rorder Ruffian invaders of Kansas.

Pending the discussion of his petition, which was warmly opposed by members of the committee, the question was disposed of by voting the arms back to the control of the Massachusetts State Kansas committee, which purchased and forwarded them to the National committee at Chicago at the first instance. Brown then proceeded to Boston, as was supposed to make his application to the Massachusetts committee; witness never saw him afterwards.

Witness was acquainted with with John E. Cook, Richard Realfe, James Redpath, none of whom ever told him or the National committee a syllable about Brown's plans. The National committee disbanded in March 1858.

It appears by a letter from the Secretary of State communicated to the House, in response to a resolution calling for a copy of the Emperor Napoleon's recent letter on the subject of Commerce and Free Trade, that it has not been communicated to the Executive by the Government of France, nor has it been officially transmitted to the Charge d'Affairs of the U. S. at Paris.

The records at the State Department, show that the total number of persons embarking at foreign ports for the United States during the year 1859, was 155,500, of whom 96,000 were males.

The Mexican treaty was, to-day, debated for several hours in Executive session. Those who have not decided to oppose it, say that their minds are open to conviction. The fullest opportunity will be afforded for discussion.

The House mileage bill, owing to the failure to order a vote on its passage went to the Speaker's table, and takes its place the 6th or 7th on the calendar.

CHANGE OF TIME FOR HOLDING THE CHICAGO CONVENTION.

ALBANY, Feb. 28.

The question of the propriety of changing the time of holding the Republican National Convention having been submitted to the members of the Republican National Committee, and their views having been communicated by letter, it is determined in accordance with the wishes of a majority thereof, that the said Convention be held on Wednesday the 16th day of May next.

Signed,

EDWIN D. MORGAN, Chairman.

WM. M. CHASE, Sec'y.

FROM KANSAS.

ST. LOUIS, Feb. 28.

The bill abolishing Slavery in Kansas, which was vetoed by the Governor of that Territory, has been passed over his veto, by a vote of 30 to 7.

JUSTIFIABLE HOMICIDE.—A Man Kills his Stepfather. A day or two since Augustus Binkley, living near Double Wells, Warren County, Va., killed his stepfather, Mr. Edward Baker. The cause is stated to be that Baker treated his wife badly, and on one occasion recently he not only whipped her in the presence of others, but exposed her person to the spectators. This so exasperated her son, that he attacked and killed him and then immediately delivered himself up to the authorities. He ought to be crowned for so laudable a deed.

A FABLE.—A young man once picked up a sovereign lying in the road. Ever afterwards, as he walked along, he kept his eyes steadfastly fixed on the ground, in hopes of finding another. And in the course of a long life he did pick up at different times a good amount of gold and silver. But all these days as he was looking for them, he saw not that heaven was bright above him, and nature beautiful around. He never once allowed his eyes to look up from the mud and filth in which he sought the treasure, and when he died a rich old man, he only knew this fair earth of ours as a dirty road to pick up money as you walk along.

☞ Mrs. C. P. Brister, editress of the Newark (O.) Times, writes in her paper of Jan. 29, 1859, as follows:

We know that Dr. Roback's Scandanavian Remedies are all they claim to be.—The Dr. presented us with a few bottles of his Scandanavian Blood Purifier and boxes of his Blood Pills last summer, which put new life into us. They invigorate, strengthen, and leave the system in a better condition than stimulants usually do, and have no depressing effect. We feel safe in recommending the Blood Purifier to all suffering from debility, be the cause what it may, the Pills have this peculiarity, they are *powerfully* active, and at the same time leave the patient stronger and in an improved condition, different from most drastic remedies. Try them with the Blood Purifier and you will feel like many who have been relieved, and willing to add your testimony to their efficacy. See advertisement. [dwoaw

A GOOD MEDICINE.—McLean's Strengthening Cordial and Blood Purifier is one of the most useful and pleasant beverages of the day.—It is mild and agreeable to the taste, bracing the nerves, giving a healthy tone to the stomach, and imparting a glorious appetite. A wine glass full of this Cordial taken three times a day, will be better than a family physician, as no other medicine will be required. For ladies it is particularly recommended, as it strengthens the sinews of the "weaker vessels" in an astonishing degree. See the advertisement in another column.

THE GREAT DISCOVERY OF THE AGE.—Prof. O. J. Wood, is the discovery of his unrivalled Hair Restorative, has conferred upon mankind a lasting benefit. No such sovereign remedy for all diseases of the hair has ever been discovered.—Never known to fail of accomplishing all that is claimed for it, thousands now daily use it with infinite advantage to themselves. Every day the proprietors receive letters testifying to its merits, and enumerating the benefits resulting from its use.

To those who are in this way afflicted, we can commend the Hair Restorative as a safe and reliable remedy. See the advertisement in another columns, wherein will be found testimonials from numerous well known firms and individuals. [sep13]

MEXICAN MUSTANG LINIMENT

Its wonderful effects and consequent popularity—perhaps no article in the history of the Materia Medica, ever acquired the same patronage, was subjected to the same number of severe and different tests, and met with so few failures as the Mustang Liniment. It has justly been styled a Panacea for all external Wounds, Cuts, Swellings, Sprains, Bruises, or Eruptions on Man or Beast. It is so far a medicine of surprising virtue, that Physicians are compelled to prescribe it, and from some cures of Chronic and Distorted Rheumatic cases, it has naturally attracted much attention from the first scientific minds of the age. No family can afford to be without a bottle of the Mustang Liniment in the House. Beware of imitations.

The genuine is sold by respectable dealers in all parts of the world. BARNES & PARK, Proprietors, N. Y.

From the pen of

OUR GIFTED LADY CONTRIBUTOR,

MISS LUCY A. RANDALL!

Daughter of the widely-known and greatly esteemed City Superintendent of Public Schools,

S. S. RANDALL, ESQ.

Miss Randall has already earned for herself an enviable reputation as a sketch-writer under various *nome de plume*, but she is better known, perhaps, as "Helen Forest Graves," in the NEW YORK WEEKLY, and "Mrs. George Washington Willis," in a cotemporary journal.

Tens of thousands have admired the beautifully written sketches of this talented young lady, and every one of these will hail with delight the announcement that she has undertaken a serial narrative. It has often been remarked by many that so exquisite a writer as MISS RANDALL would accomplish wonders in a novel;—and we beg to assure all who have formed this opinion that they are not mistaken.

THE TANGLED PATH

WILL BE READY IN

THE NEW YORK WEEKLY,

On Thursday, March 1, 1860.

FOR SALE EVERYWHERE.

OUR TERMS:

The NEW YORK WEEKLY is sold by all respectable News Agents in the United States.—The price is Four cents, but in some cases, where Agents have to pay extra freight or postage, a higher price is necessarily charged. When there is a news agent in the town, we desire our friends to get The WEEKLY through him. We do not wish to mail the paper except to places where there is no other means of getting it. When sent by mail the price is invariably be $2 a year, in advance. Subscriptions taken for three months. Two copies will be sent for a year for $3; four copies for 6,00; eight copies for 12,00;—Postmasters and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions.—Canada subscribers must send twenty six cents extra with every subscription, to pay the American postage.

Notice of Attachment.

August Nippert vs. Wm. McCrocklin—Attachment before I. Duy, J. P.

The plaintiff filed in my office its affidavit, setting forth that the said defendant is indebted to him and that the defendant is a non-resident of the State of Indiana, and caused a writ of attachment to be issued by me, against the goods and chattels, credits and effects of the said defendant.

Now therefore said defendant is hereby notified to be and appear before me at my office in Terre Haute, on the 15th day of March, 1860, at 10 o'clock a. m, otherwise said proceeding will be determined in his absence.

THE GREATEST REMEDY IN THE WORLD. This Cordial is distilled from a berry known only to myself, and chemically combined with some of the most valuable medicinal roots, herbs and barks known to the mind of man, viz: Blood Root, Wild Cherry Bark, Yellow Dock, Dandelion, Sarsaparilla, Elder flowers, with others, producing a most infallible remedy for the restoration of health ever known. It is Nature's own remedy, curing disease by natural laws. When taken, its influence is felt coursing through every vein of the body, purifying and accelerating circulation of the blood. It neutralizes any bilious matter in the stomach, and strengthens the whole organization.

M'Lean's Strengthening Cordial

Will effectually cure Liver Complaint, Dyspepsia, Jaundice, Chronic or Nervous Debility, Diseases of the Kidneys, and all Diseases arising from a Disordered Liver or Stomach Dyspepsia, Heartburn, Inward Piles, Acidity or Sickness of the Stomach, Fullness of Blood to the Head, dull pain or swimming in the Head, Palpitation of the heart, Fullness or Weight in the Stomach, Sour Eructations, Choking or Suffocating feeling when lying down, Dryness, Yellowness of the Skin and Eyes, Night Sweats, Inward Fevers, Pain in the small of the Back, Chest or Side, Sudden Flashes of Heat, Depression of Spirits, Frightful Dreams, Languor, Despondency Nervous Disease, Sores or Blotches on the Skin, and Fever and Ague (or Chills and Fever.) It will also cure diseases of the Bladder and Women, such as Seminal Weakness, Incontinence of Urine, Strangury, Inflammation or Weakness of the Womb or Bladder, Whites, etc.

THERE IS NO MISTAKE ABOUT IT.

This Cordial will never fail to cure any of the above diseases, if taken as per directions on each bottle, in German, English and French.

OVER A MILLION OF BOTTLES

Have been sold during the last six months, and it has in no instance yet failed in giving entire satisfaction. Who, then, will suffer from weakness or debility, when McLean's Strengthening Cordial will cure you?

TO THE LADIES.

Do you wish to be healthy and strong? Then go at once, and get some of McLean's Cordial. It will strengthen and invigorate your whole system, causing a healthy and pure circulation of blood to flow through every vein, and the rich, rosy bloom of health to mount to your cheek again.

Each bottle is warranted to give satisfaction.

FOR CHILDREN.

We say to parents, if your children are sickly, puny, or afflicted with complaints prevalent to children, give them a small quantity of McLean's Cordial, and it will make them healthy, fat and robust. Delay not a moment, try it, and you will be convinced.

IT IS DELICIOUS TO TAKE.

CAUTION.—Beware of Druggists or dealers who may try to palm upon you some Bitter or Sarsaparilla trash which they can buy cheap, by saying it is just as good. Avoid such men. Ask for McLean's Strengthening Cordial, and take nothing else. It is the only remedy that will purify the blood thoroughly, and at the same time strengthen the system.

One tablespoonful taken every morning fasting, is a certain preventive for Cholera, Chills and Fever, Yellow Fever, or any prevalent disease. It is put up in large bottles.

Price only $1 per bottle, or 6 bottles for $5.
