The Wheat Market Steady But Not Buoyant.

Barley Prices Unchanged—Oat Holders Asking an Advance on Quoted Figures.

SAN FRANCISCO, December 7th.

The Wheat market is steady, though not buoyant. Shippers are buying to a moderate extent, thus keeping business in fair motion. No. 1. shipping quality is quotable at 93¾c, with 95c for choice. Offerings of lots suitable for milling uses are not large, and quotations are somewhat firm.

It was to be expected that the steady rain of the past twenty-four hours would have some influence in weakening Barley prices, but the sample market is practically unchanged, owing, probably, to a bull movement in the Call Board, where futures have been quietly advancing.

Some holders of Oats are asking an advance on quoted figures, but no sales have been reported to warrant any change of quotations. Demand fairly active.

In reference to Hops the *Commercial News* says: "Eastern advices are still quite favorable to holders of choice growths, and it is plain that buyers are beginning to realize that the abundance so generally noted does not apply to the higher grades. In these varieties increased activity at slowly hardening prices is noted. That this is but a reflection of the condition of the English market is of course evident. Locally, more activity is noted, with reported sales of choice to the extent of 200 bales at 9c, and under grades have changed hands at 7c ₱ lb. Best grades are firmly in hand at the advance, and are in limited supply at that."

Green Peas from Los Angeles and from San Mateo were features of the Vegetable market this week. Supplies, generally, are light, as usual at this season.

There is no change in quotations for diary products. Trade is good, but receipts are ample for all custom.

Poultry is cheap, offerings being large. Several cars of Eastern Poultry arrived during the week.

A File
OF.....
Harper's Weekly
(During the War)
is.....
worth $100.

Over 1,000 of the stirring Harper Weekly war pictures, by Thos. Nast and other famous Harper war artists, taken right on the field, were used to illustrate

HARPER'S
Pictorial History
—OF THE—
Civil War.

This great book has sold for years at $16 to $30 in two big volumes. The pages are 16½x11½ inches. There are 832 pages. Lots of maps and sketches, and one big colored map 23x33 inches.

People wanted them, but couldn't afford $16 and kept asking for the old "Harper's Weekly during the War." After the pictures had been put into this big, new, complete history, the old Weekly plates were destroyed and now those files are scarce.

But the big history was so interesting, and, being compiled from all the official records, was so complete and valuable that thousands bought it.

Now it is all cut up and everybody is getting it and being surprised.

It is made into 26 big parts, 32 big pages in each, and printed on nice supercalendered paper—better than ever before—and has a handsome buff cover with emblematic design on each part.

The parts have sold as high as $1 each, but can be got for only 8 cents each if you know how. The pictures alone are worth more than that, but the story and copies of many official documents and state papers of priceless historic value, all go in with the pictures.

How!!!?

Well, you want to first get part No. 1 and see the table of contents and see that there is ten times as much value as you thought, or even saw before for the money.

Given to all subscribers of the Record-Union and Weekly Union for 8 cents per number. Only $2 08 for the complete work.
