Wheat Prices Unchanged, But the Market Rather Soft.

Receipts of Barley Light and Quotations Remain Steady—Oats Very Dull.

San Francisco, March 2d.

Wheat is unchanged, but the market is rather soft. Futures are weaker. Barley remains steady; receipts are light, although there is plenty in the country, which is being held to see how the new crop turns out; with more liberal offerings the market will weaken. Oats are very dull; previous prices stand; the only receipts to-day were from the north.

Potatoes are firmer; stocks are not heavy. Onions are weak. There are not many Sweet Potatoes offering. There were 314 boxes of Asparagus in this morning; the majority sold for 6c. Rhubarb did a little better, but it is still weak; 285 boxes arrived. Mushrooms are scarce and higher. Green Peas are dragging; 137 sacks were received from all sources. Tomatoes sell slowly; receipts were 30 boxes. There are but a few boxes of Egg Plant to be seen, but nobody wants it.

Butter is still quite weak, but prices for to-day are unchanged. Cheese is steady, with stocks slightly increasing. Eggs appear to be somewhat firmer; a cent or so above quotations is being received today for both store and ranch Eggs.

A Modern Version.

The King has left his counting-house and wisely spent his money;
The Queen and he are bicycling, forgetting bread and honey;
The maid has bought a wheel, too, and left her hanging clothes;
'Twould take a nimble blackbird now to nip off half her nose.
—Toledo Blade.

Are you one of those unhappy people suffering with weak nerves? Remember that the nerves may be made strong by Hood's Sarsaparilla, which feeds them upon pure blood.

Hood's Pills are the best after-dinner pill; assist digestion, prevent constipation. 25c.

The Doctor's Examination.

Are you ever free from colds?
No, doctor.
If you dress warmly and are careful, do you still take cold easily?
Yes, doctor.
Do you perspire freely from the least exertion?
Yes, doctor.
You say you take colds in the summer months as much as you do during the winter months?
Yes, doctor.
Do you always have a cough?
Yes, doctor.
You take cold so easily because your general system is below par. Your blood is thin and watery. Your organs of digestion are inactive. You must have a stimulant for the organs of digestion. You need a good appetizer. Then your blood will become rich and red, and you will get the rich, red blood which is so necessary to build up the system and put your body in a condition to resist the atmospheric changes. I will write you a prescription:
