FOR RED, COARSE SHINY SKINS AND ROUGH COMPLEXIONS

IN place of powder, use Dr. Blair's Cream of Cucumber. Powder fills up the pores of the skin, producing an unhealthy condition, while Dr. Blair's Cream of Cucumber renders the skin beautifully clear, soft, smooth and healthy. Takes the redness and sting out of a wind-burned complexion and is excellent for chapped hands and face.

Dr. Blair's Cream of Cucumber is guaranteed to contain essence of cucumber, will not rub, dust or blow off like powder, its presence can not be detected and one application lasts all day. It is soothing and refreshing, and considered the most refined and exquisite of all complexion preparations.

Dr. Blair's Cream of Cucumber will not grow hair, but does prevent black heads, and will, in time, remove all wrinkles. 50c and \$1.00, in white and flesh color, at all drug stores, or sent postpaid upon receipt of price. Dr. Blair Laboratories, Dept. 22, Lynchburg, Va.—(Adv.)

church of Lynchburg. Her husband was an elder in the same church for twenty-two years, and her son is an elder in the First Presbyterian church of Knoxville.

For years Mrs. Deane prepared the bread for the Sacrament, and through all her days adorned the gospel of her glorious Lord.

During the latter part of her life much of her time was spent with her son in Knoxville, where the writer of this brief appreciation learned to know and love her. He has two pictures in mind. One of her in church, sitting toward the front, just before the pulpit, listening eagerly, glad when her deafness permitted her to hear. Her face in inspiration as it was raised

in expectation to the preacher.

The other of her in her son's home. How gracious she was and cordial. Though old, alive to the world about her. Particularly interested in the church, delighting to talk about its work. She was firm in her faith, uncompromising in her convictions, kind in spirit, always ready for a bit of Scripture and prayer, so that the pastoral visit was ever a joy and blessing to the minister. She was a rare combination of strength and sweetness.

How happy she must be with Him, and how glad that the mantle of her faith and service has fallen upon her son.

How Coca-Cola Resembles Tea

If you could take about one-third of a glass of tea, add two-thirds glass of carbonated water, then remove the tea flavor and add a little lemon juice, phosphoric acid, sugar, caramel and certain flavors in the correct proportion, you would have an almost perfect glass of Coca-Cola.

In fact, Coca-Cola may be very well described as "a carbonated fruit-flavored counterpart of tea, of approximately one-third the stimulating strength of the average cup of tea."

The following analyses, made and confirmed by the leading chemists throughout America, show the comparative stimulating strength of tea and Coca-Cola stated in terms of the quantity of caffeine contained in each:

- Black tea—1 cupful (hot) (5 fl. oz.) 1.54 gr.
Green tea—1 glassful (cold) (8 fl. oz., exclusive of ice) 2.02 gr.
Coca-Cola—1 drink, 8 fl. oz. (prepared with 1 fl. oz. of syrup) .61 gr.

Of all the plants which Nature has provided for man's use and enjoyment, none surpasses tea in its refreshing, wholesome and helpful qualities. This explains its almost universal popularity, and also explains, in part, the wide popularity of Coca-Cola, whose refreshing principle is derived from the tea leaf.

The Coca-Cola Company has issued a booklet giving detailed analysis of its recipe. A copy will be mailed free on request to anyone who is interested. Address:
