Amusements.

GROVER'S THEATRE.—*Last night of the Florences*—"*Ireland as it Was*" and the "*Irish Mormon.*"—This evening, the Irish boy and Yankee girl, Mr. and Mrs. W. J. Florence, will take leave of the citizens and visitors of the capital, and we are to have a thorough Irish bill. The performance will commence with the Irish domestic drama, in three acts, with splendid scenery, &c., entitled "Ireland as it Was," with Mr. Florence as Ragged Pat and Mrs. Florence as Judy O'Trot; after which, Koppitz and the orchestra will perform, for the last time, "A Day with the Irish Brigade;" the performances to conclude with the "Irish Mormon, or the Man with Three Wives," Mr Florence as Brian O'Lynn. On Monday evening next, Mr. E. L. Davenport, the distinguished American tragedian, will appear in one of his great characters.

AT FORD'S NEW THEATRE, our citizens are to be treated to a grand daylight performance of "Fanchon, the Cricket," this afternoon, at half past two o'clock. It will be one of those rare occasions that will be readily taken advantage of by ladies and families who were unable to attend during its successful run. "Fanchon" is a good moral play, and one well calculated as a moral lesson to all. The evening's performance embraces two attractive pieces—"The Pet of the Petticoats," with Miss Mitchell as Paul; concluding with the great drama of Southern life, entitled "The Octoroon, or Life in the South," showing Southern scenery, manners, and customs, with Bishop as Salem Scudder.

WASHINGTON THEATRE.—Last evening a fine audience assembled to witness the presentation of Bulwer's "Lady of Lyons." Miss Kate Denin, as the "haughty beauty," and Mr. A. H. Davenport as the "young soldier of France," elicited most enthusiastic applause. This evening, the celebrated drama of "Lucretia Borgia," the heroine by Miss Denin, and the laughable piece entitled "Irish Assurance and Yankee Modesty," will be performed. On Monday evening, Mr. John E. Owens, the great comedian of the age, will positively appear, in two of his most popular characters.

CANTERBURY.—To-night will be for the benefit of the fascinating Spanish danseuse and graceful tight-rope artiste, M'lle Marietta. For the information of those who have not been witnesses to her superior talent, we will say that as a danseuse, Marietta is fully an equal to the famous "Cubas," and as a tight-rope performer she has no superior in the world. The sweet songstress, Miss Agnes Southerland, will appear to-night for the last time positively. George R. De Louis will appear in his thrilling horizontal bar feats, and introduce his astonishing dog, Hart and Simmons, the celebrated delineators of negro character, will appear in their inimitable mirth provoking sayings and doings. We must not forget to mention that the usual Saturday afternoon performance will take place this afternoon at two o'clock, when the entire company will appear.

GREAT AMERICAN CIRCUS.—The great Equestrian Show on Louisiana avenue, near Tenth street, is still crowded every afternoon and night. The riding of Louise Tourniare, George Derious, R. Hemmings, Eliza Gardner, Helouin Bregy, and M'lle Camille is excellent; the brilliant wit and original jests of Messrs. Reynolds and Gardner; the tight-rope performances of Mr. Hemmings well merit the applause that is heaped upon them. All the members—gymnasts, acrobats, jugglers, and equestrians—will appear this afternoon and evening.

Trial of the Steam Fire Engine.

Yesterday afternoon a trial of the steam fire engine "Hibernia," of Philadelphia, commanded by William Dickson, chief director, took place at the corner of Twelfth and E streets in the presence of a large crowd of citizens and others.

A committee of citizens, consisting of Capt. Bennett, of Philadelphia, J. B. Ellis, and B. F. Beveridge, of this city, with Chief Engineer Lyle, of Philadelphia, were requested to observe and report on the operation of the engine.

The fire was then lighted, and in just six and a half minutes the whistle was blown, and in ten minutes from the lighting of the fire, the engine was started. She worked admirably—fully demonstrating the superiority of this method of subduing the destroying element. Various experiments were tried and successfully executed. Among other things, the engine threw a stream a distance of two hundred and forty feet through a one and three eighths inch pipe. Three streams were then tried, and a distance of one hundred feet each was made by the three streams through seven-eighths inch pipe.

Among those present, we were glad to see the President and several members of the City Councils, who took a deep interest in the operation of the engine, and we hope what little they saw of the workings of this machine will convince those of the doubting party of the wisdom, if not the absolute necessity of procuring at least three of these excellent preservers of property, at once. Besides the above, a committee of the Philadelphia Fire Department, consisting of the Chief Engineer, Daniel M. Lyle, and Messrs. John R. Downing, Francis Finney, John Thornley, and Alfred Buhl, were also present. They came on here for the purpose of witnessing the working of this engine, and to endeavor to procure the introduction of more of the same by the Government.

Capt. Camp and Capt. Hartz, of the quartermaster's department, were present by invitation, and they felt a deep interest in the experiments, at the close of which they expressed themselves well satisfied with the same. This department has an enormous amount of property scattered about this city, and it was a wise precaution of the Government when it employed the "Hibernia."

This engine was built in Philadelphia, in 1858, by Messrs. Blaney, Neafie & Co., of the Pennsylvania Works, and is a large sized machine. It is suggested that a small one would do better for this city, on account of the great distance she might have to run, owing to the great amount of territory occupied by our city.

Arrest of a Murderer.

On Thursday Sergeant Hepburn, assisted by some of the provost guard, went to Alexandria and arrested Jeremiah Dickson, *alias* Dixie, *alias* Sol Holland, for the murder of Peter Miller, a colored man, in Philadelphia, on July 6, 1858. He was secreted in a house, but the officers soon got a clue as to where he was, and upon going to the house it was immediately surrounded, so as to render escape impossible, and the officers went in and took the prisoner into custody and brought him to this city, when he was examined by Justice Donn, who committed him to jail, and on Friday morning, as we understand, he was sent on to Philadelphia in charge of Detective Hetchkiss, at which place he will soon have his trial.

Prisoners of State Sent Off.

About 200 prisoners of State from the Old Capitol, were sent from this city per steamer to Fortress Monroe, and thence they are to be sent up the James river, to be offered in exchange for a like number of our loyal Union citizens who have lain for months—and many of them for over a year—in the filthy prisons of the South, for no other offence than the manifestation of love of country. The business of endeavoring to effect this exchange, has been entrusted to Mr. Wood, the Superintendent of the Old Capitol, who accompanies the prisoners to Richmond, if practicable.

Breaking up a Ranche.

The night patrol, under Lieut. Franklin, of the Tenth New Jersey, visited the ranche of Mrs. Taylor, on E street, between Twelfth and Thirteenth, last Thursday night, and arrested the proprietress, and ordered her to report to the Central guard-house yesterday. This woman keeps a low bawdy and liquor house for soldiers. She was arrested and fined $20 not long since, but she still persists in buying liquor by the quart, (to avoid loss in evaporation,) and retailing the same. We hope he place will be watched and broken up.

Police Matters.

James E. Herbert was arrested on Thursday, by Officer Straub, of the First ward, on the charge of being drunk and disorderly. Taken before Justice Thompson and fined $2.

Congro Grayson was arrested on Thursday, by Officer Nicholl, of the Fourth ward, on the charge of fast riding. Taken before Justice Walter and fined $5, which he paid and was discharged.

George Myers was arrested on Thursday, by Officer Fuss, of the Fourth ward, on the charge of stealing a watch. Taken before Justice Walter and held for a further hearing.

Visiting Days at the Hospitals in this City.

By a late order of the Surgeon General, "the military hospitals will be open to the authorized agents of soldiers' relief associations and other aid societies, from twelve o'clock m. to six o'clock p. m., daily, and to the friends of patients and other visitors, if, in the judgment of the surgeon in charge, their visits will not be prejudicial to the welfare of the sick."

Preaching in the Capitol Yard

On Sunday afternoon, at 3 o'clock, by Rev. Chauncey Barnes, of Albany, New York. Subject—the causes of our present troubles.

The Hospitals in the Capitol.

We are glad to learn that the Rev. Charles Spear and lady are in the habit, daily, of visiting the sick and wounded in the Capitol. It is the intention to hold daily services there at 4 o'clock. On to-morrow, they will hold meetings there at that hour. We learn that they need Bibles, stationery, and some delicacies. Anything directed to their care at the Capitol, or their residence, corner of Second and D streets, will be faithfully disposed of among the patients.

Personal.

Charles Hosmer, U. S. Coast Survey; Gen. Ward and Col. Danforth, U. S. A.; and Hon. J. R. Giddings and family, are at the National.

Col. Atterbury, U. S. A.; E. P. Bray and O. P. Quinlevin, New York, and Hon. G. Dwight, Springfield, Mass., are at the Metropolitan.

Liquors Seized.

The stock of liquors belonging to James Cagan, corner of Twentieth and H streets, was seized by Lieut. Branin, and turned over to the medical purveyor yesterday.

Passenger Railway.

The line to the Navy Yard is now in running order, and six cars have already been put upon the track, to be followed by others as soon as they arrive from Philadelphia.

To the various Soldiers' Relief Associations of the District of Columbia.

At an adjourned meeting of the Union Soldiers' Relief Association, held on Wednesday evening, October 1st, it was—

Resolved, That it is the sense of this convention that the several "Relief Associations" within the District of Columbia be requested to appoint one delegate from each of their associations, respectively, to act as a general committee of conference upon all matters pertaining to the sanitary condition of our soldiers in hospital or elsewhere, which committee should meet and organize as early as practicable.

It was also voted that each Soldiers' Relief Association, of the District of Columbia, be requested to appoint a delegate, and that he be notified by the secretary of this meeting to meet at Temperance Hall, E street, on Saturday evening, October 11, at 7 o'clock, to act upon the resolution.

In accordance with the instructions of the convention, I notify you that a meeting of delegates will be held on Saturday evening, October 11, at 7 o'clock, at Temperance Hall, on E street, and you are requested to send a delegate.

JOHN A. FOWLE,
Secretary.

(COMMUNICATED.)

(Extract from a Letter on the Battle Field.)

* * * * * * * *

This battle (Antietam) has been the most sanguinary of the war, and the only one fought with design and upon military principles. The arrangement of our corps—the overlooking position of the Commanding General—the sending into action the right and the left—the closing up of the centre, and final success—excites bewildering admiration, and carries the mind to the great fields of Austerlitz and Wagram, fought by Napoleon. Of all this have I spoken. The heart history of such a conflict, purchased by the life and blood of twenty thousand men, must be found in the hospitals. War has its glories—but it has its ten thousand demons in these human tortures, that make the eye-balls ache—the heart bleed—the lips palsy, and the brain reel. The sight is at first positively unendurable. The life blood of some is still trickling away in silent calmness—while the dissevered limbs and manic brain of others give rise to sounds God grant I may not again witness.

But ye mothers who now seek a son—or wife a husband—or sister a brother—or sons a father—know and be consoled that even here the hand of mercy is watchful, and better care is bestowed upon your loved one than might at first seem possible. It was in the hospital where rested the gallant Hooker, that I learned the history of those mythical words so often seen and so little understood, "S. T.—1860—X." Anything alleviating the sufferings and saving the lives of our soldiers is a national blessing. I witnessed some astonishing results from this article.

It is well known the effect of burnt gunpowder and excitement is thirst, which, added to the loss of blood in the wounded, creates the necessity of a reviving stimulant. In this particular hospital, the physicians were allowing their patients to drink Plantation Bitters, otherwise called S. T.—1860—X, and although the wounded are most numerous here—this division having opened the fight at 5 in the morning—the men were mostly composed, and there was but very little fainting. The article acts upon the stomach, and nerves in a most incomprehensible manner, superior to brandy, and without subsequent stupifying reaction. It originated in the West Indies, containing calisaya bark, winter green, lavender, anise, clove buds, orange, snake root, &c., preserved in St. Croix Rum—the S. T.—1860—X being a secret ingredient, not yet revealed to the public. It is principally recommended for want of appetite, disordered liver, intermittent fevers, stomachic difficulties, &c. I understand it was somewhat known in the Southern States previous to the war, and it appears an agent of Jefferson Davis recently applied to the proprietors for the privilege to make it for hospital purposes during the war, to which they made the following reply:

NEW YORK, Jan. 16, 1862.

Mr.——,

Agent of, etc:

Dear Sir,—In reply to your communication, offering us "Fifty thousand dollars for the recipe and right to make the Plantation Bitters for hospital purposes during the war," we beg to say your price is a liberal one, considering it would cost us nothing to comply, and that otherwise we can derive no revenue from the Southern States; but, sir, our duties to our Government and our ideas of consistency would not allow us to entertain it, although it might please us to assuage the sufferings of your misguided followers.

We remain,
Very respectfully yours,
P. H. DRAKE & Co.

These gentlemen give the history of certain ingredients of their article for over two hundred years—showing that through all changes of the medical profession and its practitioners, strength, composure and cheerfulness have been derived from these sources. Dr. Woods in the Washington Hospitals informed me that he had been unable to produce an hour's sleep in one patient for nearly two weeks, and he was fast sinking and crazy, until the Plantation Bitters came to his knowledge, when one day's trial gave him a night's rest and he was now fast recovering. I am surprised our Government has not equalled Jefferson Davis in energy, and adopted this invaluable article in all our hospitals. As a lay member, I can bear witness it is "good to take," and affords more energy and life than anything I have ever tried. Success to the Plantation Bitters.

But I have digressed. In my next I shall speak of gathering in the wounded, burying the dead, &c.
