THE Genuine Indian Balsam of Liverwort and Horehound, is put up in bottles at the low price of 50 cents each, containing the strength of three ounces of Liverwort, best for the cure of many other roots and herbs known among the Indians as efficacious in curing pulmonary complaints.

The unrivalled success which has attended the use of this inestimable Balsam wherever it has been introduced, has obtained the confidence and recommendations of respectable physicians, for the cure of coughs, colds, pain in the side, want of rest, spitting of blood, liver complaint, &c.

To whom it may concern. This is to certify that we have in our practice frequently prescribed Mrs Gardner's Indian Balsam of Liverwort and Horehound, with a decided good effect; we can therefore, from the knowledge of the materials it is made from, and observation and experience, recommend it as an superior pectoral, those affections of the lungs for which it is recommended.

RUSITON & ASPINALL'S
COMPOUND TONIC MIXTURE.—A speedy and certain cure for the Fever and Ague, consistent and intermittent fevers, prepared from the original recipe. Cured with eminent and universal success in 1832, by persons of the highest respectability in this city, as stated in the annexed certificates.
This medicine is highly recommended, and has been extensively used in the above diseases with such distinguished success, that the proprietor of the recipe has been induced to offer it to the public in its present form in the hope that it may be the means of relieving many of those who are suffering under the scourge of our country. It is a medicine possessing great virtues, and when used according to the directions has never failed of effecting a cure, even in the most obstinate stage of the disorder. It is not at all disagreeable, and persons of the weakest stomach, and children may take it with impunity. It strengthens the digestive organs, creates an appetite, and seldom requires more than one, or in obstinate cases, two bottles to effect a cure. There is neither mercury nor arsenic in the medicine, nor any thing injurious to the human constitution. The proprietors are so well convinced of its efficacy, that they agree to refund the price of every bottle which has been taken in accordance with the directions and has not effected a perfect cure of the fever & ague.

Royal College of Physicians, London.
THE original Vegetable Hygeian Universal Medicine, prepared by W Miskin, Esq. Member of the Royal College of Surgeons, Licentiate of Apothecary's Company, Fellow of Bolt Court Society, Surgeon to the Royal Union Pension Association, Lancaster Place, Waterloo Bridge, and Perpetual Pupil of Guy and St. Thomas's Hospitals, London.

This valuable medicine, the result of twenty years' experience and unparalleled success in the extensive and highly respectable practice of the proprietor, patronized by the family and nobility, and is now introduced to the notice of the American public, at the earnest solicitation of a number of gentlemen of long and high standing in the profession. It is hoped, as a preliminary step, to check the evils and fatal consequences arising from the use of the numerous and deleterious nostrums foisted upon the public by the aid of fabricated proofs of miraculous cures, and other frauds, by a set of mercenary, unprincipled pretenders so totally ignorant of medical science, that it is impossible the monstrous delusion can any longer go down with the intelligent people of this country. These pills, mild and agreeable in their nature, should be kept in every family in cases of sudden illness, for, by their prompt administration, cholera, cramps, spasms, fevers and other alarming complaints, which no other given kind, can be speedily cured or prevented. In fact, all those who value good health, should never be without them. They are sold in packets at 37½ cts, $1 and $2 each, by every respectable druggist, bookseller, and vender of medicine in the United States. Full directions, with copious directions, together with testimonials of professional ability from the following eminent gentlemen: Sir Astley Cooper, J Abernethy, James Birrell, M. D., W. Buck, M. D., J. Aston Key, A. Frampton, M. D., and numerous others. The originals may be seen in possession of the General Agent, by whom the medicine is imported into this country, and to whom all applications for agencies must be made.
