Special Dispatches to the Arizona Miner, By Western Union and U. S. Military Lines.

Foreign and Domestic.

San Francisco, May 5.—The National gold bank trust company will pay a dividend of 11 per cent to-morrow.

British war steamer Pheebus will remain here three days and will then sail for Cuba.

Mining stock market continues to exhibit weak undertone. Advices given by operators that this is a splendid time to buy. Continued press has caused wide spread distrust. A panic is threatened.

The Giant Powder Company has sued the California Powder Company for the purpose of establishing plaintiff's right to the exclusive use of dynamite or giant powder.

Washington, May 5.—The bill reported by Senator Kelly today, provides that Government guarantees to pay five per cent interest on bonds of the Texas Pacific Railroad Company, to the extent of $6,000 per mile for ten years, for a distance not exceeding seven hundred miles. In return for which the Company is to transport U. S. Mail, Army and Indian supplies forever, free. Committee's written report accompanying bill shows that mail and army service now costs Government $341,714 per annum. Government outlay for interest on cost of bonds would amount to $280,000 per year for ten years only. Government would, in twenty years, save by the construction of this road, some four millions. The report therefore argues that, from the vast benefit of a general nature, to the country at large, the passage of this bill would result in direct pecuniary advantage to the Federal Government.

Ways and Means committee submitted a report on the Southern contract case. They release Boutwell and Richardson from all responsibility and recommend repeal of the contract law of 1872.

Luttrell introduced a bill to appropriate $10,000 for the relief of the widow of the Peace Commissioner that was killed by Modocs.

New York, May 5.—During a disgraceful altercation last night in a fashionable resort in this city between Congressman John Morrissey and State Senator Fox the latter struck the former several times, when friends interfered. Fox's face bruised and slightly cut.

San Francisco, May 5.—Telegrams at agency of Pacific Mail Company here announce the arrival of steamer Arizona at Panama May 1st.

William West, an employee of Cutting & Co., was attacked by robbers on First street this morning, who knocked him down and beat him badly, and robbed him of $175 and his watch and chain.

John T. Peters who was arrested for perjury yesterday, has been released on bail.

Charles Pope met with a splendid reception at the California Theatre last night.

Kingston, May 4.—Pacific Mail Company's steamer Henry Chauncy arrived here from New York, May 2, and sailed on the morning of the third for Aspinwall.

Washington, May 6.—Col. Thos. A. Scott, President P. R. R. Co., will be here again on Thursday, with the intention of remaining a week at least, to study the situation and prepare his plans for the passage of the bill he introduced for the relief of the road.

Efforts have recently been made to purchase rights of Texas Pacific Co., but the negotiations failed because the parties could not arrange matters to suit Col. Scott. Scott says his reputation and fortune are staked on the completion of this road.

It is understood that Minister Jay will not return to Vienna on account of a trouble which has arisen between him and Austrian authorities for which government rebuked Jay.

An appeal published in papers this a. m., states that one hundred and forty-two thousand people have been rendered homeless by the floods in the South. Twenty-five thousand dollars worth of provisions needed daily.

San Francisco, May 6.—The telegraph office at Gervase, Oregon, was demolished by lightning last night. Instruments, tables, papers, etc., completely wrecked.

Rained heavily here throughout the forenoon to-day. Rain is general throughout the northern portion of the State. Most encouraging reports concerning crops are received from all quarters. Outlook for an abundant harvest never better.

Steamer Kalorama sailed to-day for San Diego.

New York, May 9.—Democrats met in full force last night at Manhattan Club, in response to a call, in an initial movement toward reorganizing the Democratic party. Speakers indulged in predictions of failure of party triumphs.

Memphis, May 8.—Letters from southern Arkansas give gloomy accounts of suffering from floods. In one county over a thousand people are destitute, farms inundated and stock perishing.

St. Louis, May 8.—Annual election of Kansas Pacific R. R. Co. was held yesterday. Col. Thos. A. Scott, Robt. Baird, W. B. Lewis, J. C. Perry, Robert E. Clark, A. Meyer, M. C. Greely, S. M. Edgell and T. Meiser of Pennsylvania, and L. H. Meyer of New York, elected Directors.

San Francisco, May 8.—Steamer Montana sails for San Diego to-morrow, en route to Panama. She is thrown open to public inspection to-day, and drawing large crowds of admiring visitors. The steamer was lately overhauled and provided with elegant appointments.

Little Rock, May 7.—Supreme Court met this morning. Case of Brooks against Fogg, State Treasurer, asking mandamus compelling Fogg to pay the requisition made on him by Brooks, Governor of Arkansas, came up. Decision rendered granting mandamus, Court holding the decision of Judge Whylock in Circuit Court, rendering judgment against Baxter as valid. Brooks' supporters now think the President will recognise him as Governor.

Washington, May 7.—House rejected Continental bill by 92 to 138. There seems to be but little probability of Senate finance bill, reported yesterday, to become a law. Inflationists see no advantage in it. Other side object to some of its features. Chances now are that Congress will do nothing in the subject.

Joseph H. Blackburn, ex-U. S. Marshall of this district was sentenced by Judge Trigger, U. S. District Court yesterday, to four and a half years at hard labor in the State's prison for forging signatures of official board.

San Francisco, May 7.—Consolidated Virginia declared its first dividend of three dollars per share, $324,000 today, payable Monday.

Jas. H. Rogers and M. Lluchenler, police officers accused by grand jury for misconduct in office, demanded an investigation by police commissioners. Charges against them will have hearing to-morrow.

San Diego, May 8.—Mary C. Nickerson, second daughter of Capt. Nickerson, of Gen. Crook's staff, died at San Rafael, May fifth.

Washington, May 5.—Senate finance committee, by majority vote, agreed to recommend incorporation on following provisions in House finance bill: To fix maximum greenback circulation at three hundred and eighty-two millions, and to issue one hundred and sixty-four millions of new National Bank notes, retiring for each million of such issue, half million greenbacks, until the total greenback circulation is reduced to three hundred million, and fix January 1, 1877 the date for resumption of specie payment.

Washington, May 6.—Secretary of Treasury in submitting additional estimates for the year ending June, 1875, for public works, asks for $1,231,625 for San Francisco mint.

President has recognized Adolf Rosenthal as Consul German Empire at San Francisco.

Secretary Navy favors continuance of one million subsidy to Pacific mail steam ship company unless government shall buy new ships being built for the company.

Washington, May 7.—Information has reached Washington through private letters that W. W. Bowers of San Diego, member of the Assembly in the late Legislature of California, will be a candidate for Congress to succeed Hon. Sherman O. Houghton. Houghton declared that he will not be a candidate for re-election.

Little Rock, May 8.—A party of Brooks' men intercepted the steamer Hattie, which started with a squad of Baxter's men, captured her and brought her here. The Baxter men who were on the steamer escaped, and Brooks to-night sent a squad of men in pursuit of them, while Baxter, in turn, sent a squadron of cavalry in pursuit of Brooks' men.

San Francisco, May 9.—Weather clear to-day, but cold.

Charleston, S. C., May 8.—A petition was filed in the U. S. Court to-day for the involuntary bankruptcy of Flov Moses, and an injunction was granted restraining the sheriff of Richmond county from selling his effects until further orders from the Court. The debts of the Governor are said to be in excess of his assets over $250,000.

New York, May 8.—The jury in the case of ex-Treasurer Sprague of Brooklyn, on trial for embezzlement, brought in a verdict of not guilty. Sprague will inaugurate proceedings for the recovery of his property, which he turned over to secure the city against loss.

Madrid, May 8.—The Carlists under Don Alfonso have been defeated with heavy loss.

Memphis, Tenn., May 8.—Letters from below give more gloomy accounts of suffering among the people from floods. In the vicinity of Bernard and Chicoll counties, one thousand people are reported destitute.

Nashville, Tenn., May 8.—Bill Kelly (colored) was hanged here to-day, in presence of 10,000 people, for rape of a white woman, two years ago.

Chicago, May 8.—A Washington special says Thurman flung out several important facts during his cross examination of Gov Shepherd and others, among them, that the District government, since its organization, has run in debt sixteen millions of dollars, over all appropriations by Congress. Among some of the extraordinary items of expenditures, was $4,000 for keeping in repair old town pumps. Another of $300,000 for cleaning streets and alleys. Another of $180,000 paid for advertising in official newspapers in the first year of the organization of the Board of Public Works. The Chronicle got $98,000, the Republican $25,000, and the Evening Star $19,000. The remainder was divided among some twenty publications in this city and Philadelphia. Every theatre programme and hand bill got some of the pap, the only discrimination being in the amount paid each.

San Diego, May 9.—Capt John Smith, of Arizona, arrived by stage yesterday on his way to San Francisco.

Steamer Montana passed up yesterday morning, landing passengers off the Heads.

San Francisco, May 7.—Steamer Newbern will sail for mouth of Colorado river Tuesday next.

Gold in New York 112¾. Greenbacks in San Francisco, 89@90.

Washington, May 11th.—Kittrell has been appointed postmaster at San Bernardino, Cal.

Frederick Eland is to be postmaster at San Pedro, Arizona.

New York, May 11.—The California and Texas R. R. Construction company are about winding up their affairs, and will go into liquidation. The Texas & Pacific Co. will release the Construction company from their contract upon the latter finishing the sections of the road from Dallas to Fort Worth and from Texarkana to Brookshire, and turning over the property to the Railroad Co.

The review of the markets for the past week exhibit a substantial revival in trade circles. The outlook is considered more favorable, but a feeling of positive confidence is still wanting. In the general markets the trade has been low and prices, in the great majority of cases, weak. Coffee is a quarter of a cent lower; tea is weak; California hides are firm; hops are firm; syrup steady; crude sperm oil steady and nominal; wool decidedly better and the demand is active.

Little Rock, May 11.—Skirmishing between the forces of Baxter and Brooks continues. President Grant telegraphed to the rival Governors suggesting an adjournment of the Legislature for 10 days so that there may be a quorum and a cessation of hostilities in the meantime.

Baring Cross, Ark., May 11.—A battle is in progress here.

Little Rock, May 11.—The telegraph operator at Baring Cross has vanished the earth. It got too hot for him.

San Francisco, May 11.—Gold in New York 112¼. Greenbacks in San Francisco 89@90.

Fears are entertained in Los Angeles that the bandit Vasquez might make a raid on that city.

San Diego, May 11.—No Eastern reports.

The Steamers Senator and Montana have arrived. The former leaves for San Francisco and the latter for Panama to-day.

Territorial Dispatches.

YUMA.

Yuma, May 9.—Weather warm and pleasant. Slight shower of rain night before last.

To-day's Sentinel gives the shipments for the past week, as follows:

Wm. B. Booper & Co., by steamer and wagons to different towns and posts in the Territory, 71,462 pounds of citizen and 62,551 pounds of government freight.

Tuesday last, as Mr Quinlan's freight train was passing along on its way to Tucson, when at a point about 18 miles from here, a heavy box of goods fell from the top of one of the wagons, striking the driver, Frank Johnson, on the head, knocking him down and then falling on his right leg, below the knee, breaking both bones in a terrible manner. The unfortunate young man was brought into town, and his leg set by Dr Goodwin, county physician, assisted by Drs De Corse and Armbar. Notwithstanding the terrible nature of the fracture, the patient is doing well.

There is a report in town that very rich placers have been discovered at a point some 15 miles southeast of Gila City.

Wm. B. Hellings, of Phœnix, arrived by stage Tuesday evening, and left on horseback Tuesday morning for Ehrenberg.

Hon John Smith of Camp McDowell arrived by stage Tuesday evening and left for California Wednesday morning.

Larkin W. Carr and wife arrived by stage from California last Tuesday evening.

Mr Carr's sheep, from California, have about reached the river. The flock numbers about 6,000. They are in excellent condition and came with very little loss.

Mr L. J. F. Isger returned from his mine in the Cababi mountains last Tuesday. Having completed the survey, he is very sanguine of the great richness and extent of his mine.

Sam'l Purdy, Jr., has been appointed Deputy U. S. Mineral Surveyor and took the oath of office last Tuesday.

Yuma, A. T., May 11.—Weather pleasant and warm. The sheep belonging to the Carr Bros passed over the river yesterday on their way towards Tucson.

Mr. Larkin W. Carr and wife, leave by stage to-morrow evening for Tucson.

The Gila and Colorado rivers have been running swift and full, but are subsiding some to-day.

Yuma, A. T., 12.—Weather clear and pleasant. Carr Brothers sheep started last evening about dusk up the Gila.

Mr. Baker of this place returned from the Castle Dome mines yesterday and reports everything working finely.

David Neahr started a train load of citizen freight for Tucson this a. m.

One of Fish & Hellings' trains loaded yesterday, at Yuma Depot with Government freight for Camp McDowell.

TUCSON.

Tucson, May 9.—Yesterday, most of the day, there was a high wind from the southeast. About noon, and during the afternoon, several light showers of rain fell, accompanied by thunder and lightning. Last night, rain enough fell to lay the dust nicely. This morning the air is clear and cool.

The Mesilla News of the 24 inst. says the grand jury will probably find indictments not only against the Texans who have committed murders in Lincoln county, but also against the Mexicans who killed ex-Sheriff Ginlum and others.

Tucson, May 10.—Wednesday last a Mexican came into Camp Lowell, nearly naked, with his head partly shaved, and stated that he belonged to Rogers' lumber camp, and that some Apaches had caught him away from the camp and served him as above described, then let him go.

It is reported that James Lee's camp, some 25 miles from Tucson, had been attacked by Apaches.

The Citizen contains a lengthy editorial favoring the removal of Cochise's Indians to New Mexico.

Tucson, May 11.—The Santa Fe New Mexican of a late date says it is proposed by the Indian bureau to transfer the Cashise band of Apaches to a new reservation at Hot Springs in New Mexico, west of Fort McRae.

Tucson, May 12.—Lieut W. F. Rice and wife, with an escort, left Tucson for Camp Apache yesterday.

Lieut. E. W. Ward left Camp Lowell for Apache Wednesday last.

A report is current about town that the Apaches yesterday morning, made a raid on Leopoldo Carrilla's Rancho, some six miles from Camp Lowell, run off some stock and took with them a Mexican woman from the rancho.

A small scouting party from Camp Lowell, under command of a Sergeant, was at once sent after the Indians.

Last week Lieut J. H. Pardee and wife were complimented by the garrison of Camp Lowell, with a grand ball previous to their departure for Camp Grant, which is Lieut Pardee's station. The entertainment was given at the commanding officer's quarters. A number of citizens from Tucson were present.

Can't get any further particulars about the Apaches.

MARICOPA WELLS.

Maricopa Wells, May 9.—From passengers by last night's stage from Florence, we learn the following:

Lieut Reilly, 5th Cavalry, with detachment, was camped nine miles from Florence on the 7th.

A Mexican, whose name could not be ascertained, and who was engaged as a packer for the outfit, took a mule and went to Florence. Lieut Reilly sent Jack Long, boss packer, and two soldiers, to arrest him and bring him back. Long found him eating his supper in the restaurant, and went in to arrest him, but he refused to be arrested. Long had a gun, with which he tried to persuade the Mexican to go along with him. The Mexican grabbed the gun with one hand and went for his six-shooter with the other. Long wrenched the gun away and shot him, killing him instantly. Long was arrested and a coroner's jury was impanelled. Have not heard the result as yet.

Day before yesterday the Pimas regenerated eight more Apaches. This makes a good week's work for them.

Great anxiety is felt for the safety of the Williams brothers, who are engaged in mingling some forty miles south of here. They were to have come in some time ago, and it is feared they have been jumped by Indians. A party leaves Sacaton to-morrow to search for them.

Judge C. A. Tweed and Mr McFarland left for California by last night's stage.

Heavy rain yesterday; weather very cool now.

WICKENBURG.

Wickenburg, May 9.—Thomas Ewing, of Tucson, arrived at this place by private conveyance yesterday evening, and left for Prescott this morning.

C. W. Beach's train arrived here with freight for Wickenburg last evening.

Wickenburg, May 11.—The first shipment of strawberries were forwarded to Kelly & Stephens by Henry Rambos by last Sunday's buckboard. Strawberries are selling here for one dollar per pound. Fruit is abundance will be ripe shortly.

Numerous trains are passing through here bound for various parts of the Territory.

Miners are arriving in town from day to day, and speak very favorably of their respective mines.

The weather is delightful to-day.

Wickenburg, May 12.—Mr. John Ellis, an experienced miner from Humbug district, arrived in our town yesterday for supplies and mining implements. He speaks very encouragingly of the mines of that neighborhood. Very rich diggings are being rapidly developed, and the people have every confidence in the future.

Weather clear and pleasant.
