## NEW ORLEANS MARKETS.

TUESDAY MORNING, Dec. 26, 1848.

Scarcely anything was done in our market yesterday, (Christmas,) the Banks and places of business being generally closed, out of regard to the day. Had it been otherwise, however the difficulty of procuring drayage, which still proves a serious embarrassment to shippers, would have been likely to prevent any important transactions—especially in Western Produce.

# DAILY CRESCENT.

*NEW ORLEANS:*

TUESDAY MORNING, DECEMBER 26, 1848.

☞ A letter from our valued correspondent "Indicator," also a letter from Bayou Sara, will be found on the third page.

THE CRESCENT.—Owing to the sudden indisposition of one of the carriers of the "Crescent," a portion of our subscribers residing in the upper part of the Second Municipality were not served yesterday morning. We trust not to be under the necessity of again asking the indulgence of our subscribers.

FROM VERA CRUZ.—The steamship Teviot, Capt. Rivett, arrived off Ship Island on the 23d inst., but did not communicate with the tender until the 24th. She left Tampico on the 17th, and Vera Cruz on the 19th inst. No news at the date of sailing. The Teviot had on board a million and a quarter of specie. The following is a list of the shipment to this port:

Bruguiere & Brother, $20,000; J. M. del Campo, 20,000; M. Hezog, 18,000; Clasen & Vies, 19,000; M. del Campo, 10,000; Edward Leon, 6,000; T. L. Taylor, 4,250; Dabeateen, 4,000; F. Camesles, 3,000; to order, 3,000; M. del Campo, 2,000; Rodewald & Co., 2,000; D. B. Callihan, 2,000; S. Herdandez, 2,500; Hernsheim & Kokernot, 1,800; C. Odier & Co., 1,827; B. A. Soulle 1,592; J. W. Andrews & Co., 1,142; F. Bonis, 791; L. G. Bruguiere, 640.

*Passengers.*—The following is a list of the Teviot's passengers: Mrs. Swidt and 2 children, Mrs. Clara, Messrs. Favre, Josslemon, Smith, J. Smith, Sellier and lady, Carrillo, lady and child, Campi, Guardido, Jono, Marshall, Leon, Gibbon, Carnot, Vail, Hyde, Simonfeldt, Stolz, Taylor, Mayriffin, Zulaso, Levison, Georgin, Wilmoth, Soulier, and Fredericks.

SETTLEMENT OF THE POSTAL TROUBLES.—Among the passengers in the steamship Canada was M. G. P. Putnam, who brings out the final settlement of the postal difficulties between Great Britain and the United States.

GEN. TAYLOR.—The committee appointed to invite Gen. Taylor to Vicksburg, says the Vicksburg Whig of the 20th inst., returned yesterday morning, and communicated the pleasing intelligence that Gen. Taylor has consented to visit us on the 1st day of February next, and remain long enough to afford all his friends an opportunity of shaking him by the hand. The committee state that their visit was unceremonious and brief, but very pleasant; and all were delighted with the plain, gentlemanly appearance and manners of the "people's President." After remaining a few minutes they took leave of the General, who, when he came to the ladies, added a kiss to the other ceremonies of parting.

THE CHINA DIFFICULTY.—*Naval.*—The celestial governor of Canton, as has been seen by our extracts from foreign papers, has put a slight upon our Commissioner there, Mr. Davis, which he threatens to punish if unatoned for.

The Preble sloop, Com. Guyn, with Com. Getsinger as passenger, arrived at Macao on the 23d of Sept., from the Sandwich Islands, and the Plymouth was at Whampoa on the 28th, the latest dates.

A letter from on board the Preble, dated Sept. 26th, says: "To-day we sail for Canton, in consequence, it is said, of our minister having some trouble with the government."

The U. S. frigate United States, Com. Reed, last from the Gulf of Spezzia, was at Gibraltar, Nov. 18.

The Americans have given up Spezzia as a naval station, and return to their former waters at Mahon.

LIBERATION OF AMERICAN PRISONERS.—We are gratified to learn, says the Washington Union, of the 17th inst., from the State Department, that James Bergeo and Richard F. Ryan, the two American citizens imprisoned in Newgate, Dublin, under the act of the British Parliament of the 25th July, 1848, (11th and 12th Victoria, cap. 35,) charged with treasonable practices against the British government in Ireland, have been set at liberty. Their liberation has been effected through the active and strenuous exertions of Mr. Bancroft, the able and distinguished representative of our country at the court of St. James.

RECEPTION OF THE CHARGE D'AFFAIRES FROM VENEZUELA.—On the 12th inst., Senor Don Rafael Acevedo presented his credentials to the Secretary of State, at Washington, and was received as Charge d'Affaires of the Republic of Venezuela to this Government. On the 14th inst. the Secretary of State introduced him to the President, to whom Mr. Aceved made an address.

J. A. BLACK.—The funeral ceremonies of J. A. Black, late member of Congress, took place on the afternoon of the 19th, at half-past 3 o'clock, at the Presbyterian Church, at Columbia, S. C. Both Houses of the Legislature and a numerous audience were in attendance.

THE INDIANA U. S. SENATOR.—A dispatch from the West, says: "The election of Gov. Whitcomb, of Indiana, to the U. S. Senate over E. A. Hannegan, is regarded as a great free soil triumph, as Gov. Whitcomb, in his recent message, said the territory had come to us free, was now free, and should remain free, and that every constitutional and legal means should be adopted to continue it free."

COLLISION IN THE CHINA SEAS.—We have accounts of disasters in the China seas from the Simoom. At Cum-sing-moon, the opium-receiving ship Isabella Robertson, Kelly, came in collision with the American brig Eagle, Lovett. The former went down at her anchors; the latter was dismasted, and has been condemned and sold. Capt. Kelly was last seen in the cabin, and is supposed to have gone down in her. Her cargo, consisting of 700 chests of opium, was estimated to be worth nearly half a million dollars.

☞ Francis E. Rives, late member of Congress from Virginia, has been elected State Senator in the Chesterfield district, in place of James H. Cox, resigned. Mr. Rives is a democrat, and was elected without any whig opposition.

☞ The ship New York, which brought the Cholera to New York, was permitted to come up to the city on Wednesday, the 13th.

BINGAMAN COURSE.—In consequence of the prevailing epidemic, the proprietors of the Bingaman Course have determined to postpone until the 20th of March next the race meeting which they had advertised for the present week. This intention will doubtless meet the approbation of turfmen and all others who take an interest in this favorite sport.

THE CHOLERA.—The European Times of the 25th ult. mentions as a remarkable fact, that of the 290 deaths from cholera, which have occurred in London since the 14th October, not fewer than 221 have occurred on the south side of the Thames, where the drainage is less perfect than on the northern banks, while the population of the latter is perhaps tenfold greater.

☞ More than 3000 persons, mostly children, are now enrolled in the Greenock (Scotland) "Penny Club," a kind of Savings Bank, to which a weekly contribution of one penny is paid, and, as the number of members is rapidly increasing, it is thought the receipts of the club during the next year will exceed £1,000.

☞ Topics of English news are anything but abundant. The thing most talked of seems to be a probable break up of the Whig Ministry. Lord Stanley is mentioned as the probable Premier, but it is also said that Lord Clarendon will have a prominent place in the new Cabinet.

☞ Three abductions of young girls, about fifteen years old, from Boston, by a black scamp named Bob Moore, came to light on the 15th. The girls are to be sent back to their friends. Bob is the same fellow arrested some time ago with a good looking white girl, the wife of another black man at Boston, with whom he had run off.

☞ The Boston Cholera Committee has recommended an appropriation of $10,000 for cleansing the city.

AMERICAN THEATRE.—To-night there is a very attrative bill put forward by the manager of this house, who has determined that the entertainments shall be of that varied and amusing description which cannot fail to give satisfaction. Mr. and Mrs. E. S. Conner will appear in Shakspeare's tragedy of "Romeo and Juliet," supported by Mr. Charles as *Mercutio*, and an effective cast of the other characters. After which there will be a concert by the Sable Harmonists, who gain popularity every time they perform. The amusements will conclude with the merry farce of "A Pleasant Neighbor," in which Mr. Spear and Miss E. Petrie will appear.

ST. CHARLES THEATRE.—The "Stranger" was performed at this popular establishment last evening, with great effect, and to a good house. Mr. Fleming confirmed the favorable impression he made in "Claude Melnotte" on the previous evening. Mrs. *Haller* was most truthfully and feelingly represented by Mrs. Jones. Old *Solomon* had a judicious representative in Mr. Chippendale, and the other characters were respectably acted. "A Nabob for an Hour" kept the audience in continual good humor, and the entertainments were concluded by the second representation of the beautiful opera of "Rosina," in which the charming Miss Emily Coad gave several simple ballads with touching effect. The whole music was executed in a manner that reflected credit upon the company and orchestra, and the public will be glad to see it announced again.

MR. AND MISS LOGAN.—These talented performers made a decided *hit* Sunday night at the St. Charles; the lady particularly was enthusiastically received. They were both called before the curtain at the conclusion of their respective parts. We regret to state, however, that they have relinquished their engagement for the present. The prevailing epidemic has cast such a gloom over theatrical business that the managers and Mr. L. have agreed to postpone the engagement until the city shall have resumed its wonted tone of calm cheerfulness.

FRENCH THEATRE.—This evening will be performed Rossini's opera of the "Barber of Seville," which was so well received on its first representation this season. From the strong cast of the characters in this beautiful opera, we believe a full house may be expected, and we do not say too much when we assert that in our opinion it is one the most attractive pieces of the season.

STOCKWELL'S PANORAMA OF THE MISSISSIPPI RIVER.—We were pleased to observe a large and fashionable attendance at "Panorama Hall" last night. The merits of this immense painting never seemed to be more highly appreciated. We have no hesitation in saying that any person who has seen this great painting once, will surely desire to see it again. It is the production of a man of genius and worth, and as such we heartily wish him all success.

OLYMPIC CIRCUS.—We are pleased to find that Mr. Stickney is doing a good business at the Olympic, notwithstanding the unfavorable state of the city for amusements. He certainly presents great attractions, and richly deserves a liberal patronage. In addition to the splendid feats of equestrianism and beautiful Ethiopian melodies, usually offered, Mr. O'Connell, the "tattooed man," will make his first appearance this evening.

THE UNITED STATES AND CUBA.—The rumor recently put forth that the United States were negotiating with Spain for the sale of Cuba, having been copied into Spanish papers, created some excitement there. The *Espana*, not a ministerial paper, pronounced the rumor false, but thought it ought to be contradicted. The Gazette says: "We think it necessary to declare, being duly authorized to do so, that it is absolutely void of foundation." The Madrid correspondents of the London papers, however, think differently.

A Washington letter to the N. Y. Herald, says: "Mr. Botts has got a letter from Madrid, and intends to make a call for information with regard to the Cuba affair, etc.

☞ The cause of the accident to the steamship Great Britain, according to the late English papers, has been satisfactorily ascertained to have been the derangement of the compass by the iron of the vessel.

☞ Chloroform has proved useless in the treatment of cholera, on Staten Island, but delirium tremens was relieved in a desperate case recently, at Rochester, by it.

CORRESPONDENCE OF GEN. TAYLOR.—A few weeks since, several promising youths of Baltimore addressed to General Taylor a letter requesting him to forward them each his autograph, which elicited the following reply, accompanied with an autograph for each, on separate sheets of paper:

BATON ROUGE, Nov. 30, 1848.

*Gentlemen*: On my return home, a day or two since, after a brief absence, I found your highly esteemed letter of the 10th inst. in which you say "The undersigned, young Americans, having the highest regard for your military and civil services, would esteem it a great favor to receive your autograph, if you can find a leisure moment to confer that honor upon us," which it affords me much pleasure to do.

For the too flattering terms in which you have been pleased to allude to my humble services, accept my most cordial thanks accompanied by my best wishes for your continued health and prosperity throughout a long life.

With considerations of high respect and esteem, I have the honor to be, gentlemen, your obedient servant,

Z. TAYLOR, Major General United States Army.

SOUTH CAROLINA.—Col. F. H. Elmore has been reelected President of the Bank of South Carolina.

NEW HAMPSHIRE.—The plurality bill is now, we suppose, a law. Hereafter, members of Congress and Presidential electors will be chosen by a plurality, instead of a majority vote.

LADY EDITOR.—The wife of the editor of the Shawneetown Advocate, in the absence of her husband, publishes a card, with her proper signature, stating that until his return she has assumed the editorial duties of the paper.

☞ Mr. Treat, for a long time editor of the St. Louis Union, has left that paper. He was presented by his political friend with a handsome gold watch, as a token of their esteem and approbation.

☞ The Maysville Herald says that there has been quite a fatality among the cows in that city. Cause supposed to be from eating poisonous food.

BARBAROUS ATTACK.—A man in St. Louis shot at a barber through the window of his shop. Fortunately the ball did not take effect.

CHOLERA PREVENTIVE.

☞ In offering this Preventive to the public we do not wish to make a merchandise of misfortune, for when a disease, such as the CHOLERA, is existing, any secrecy regarding a medicine that may be beneficial, is, we might say, criminal. The component parts of this Preventive are *CAYENNE PEPPER, CAMPHOR, OPIUM, CASTOR OIL, (a powerful anti-spasmodic,) OIL OF PEPPERMINT, and GOOD COGNAC BRANDY.*

This article is put up in 4 oz. vials, with full directions, for males and females; also, notices from eminent physicians, on Cholera, regarding symptoms, diet and clothing. The public will see the advantage of having this medicine near at hand, for if taken suddenly in the night with a violent purging, or those more dangerous symptoms, the Cramp or Spasms, by taking a few spoonsfull of the above, it will at least retard or check the disease until a physician can be had, who, owing to great exertion, will be unable in those moments, often seven miles off, to attend to calls in those moments, when every second is so valuable. Another advantage is, that upon the label of every vial is printed the component ingredients; so that the physician can instantly see what has been taken before his arrival, which all will admit is of some importance. The medicines are fresh and active, and physicians can depend upon their prompt effect. In connection with the Preventive, we have a powerful LINIMENT for Spasms and Cramp, containing Mustard, Cayenne, etc. Any physician desiring the recipe can obtain it, by calling at the Depot, No. 18 Carondelet street, where any druggist would do well to supply themselves with a vial of PREVENTIVE and LINIMENT, for if attacked with Cholera while on a boat, it would delay the symptoms until a physician can be obtained.

☞ Price of Preventive, 75 cents; of Anti-Spasmodic Liniment, 75 cents.

This preparation, as made by us, is not by mixing the Tinctures of the above named medicines, but by manufacturing the medicaments themselves (in due proportions, as per United States Dispensatory,) in Cognac Brandy, forming a Compound Tincture of the whole. It can be made, however, by mixing the tinctures, if necessary.

For full description and directions, see envelope.

☞ For sale at the SOUTHERN MEDICAL DEPOT, No. 18 Carondelet street, between Canal and Common streets. d23 1m3p
