AGUE OF THE EARTH

Statistics of Japan's Experience With Earthquakes,

NEARLY 5,000 LIVES LOST

Over 2,400 Shocks Since Last October. 5,500 Houses Demolished in the Gifu Disaster.

SAN FRANCISCO, Feb. 24.—Recent Japanese advices say: According to the latest investigations the damage caused in Gifu prefecture by the great earthquake of last October is as follows: Houses totally burned, 4,431; houses partly burned, 23; houses entirely overthrown, 51,006; houses partly ruined, 33,436; lives lost, 4,957, and persons severely wounded, 3,144. The prefectures of Gifu and Aichi are still visited by earthquake shocks. They have been entirely free from oscillations only two days since October 28, the date of the great earthquake. Two thousand, three hundred and eighty-eight earthquake shocks were felt in Japan during the past three months, says the Japan Mail of February 6, seventy-nine of which were quite severe.

Earthquake in California.

SAN DIEGO, Cal., Feb. 24.—The most violent earthquake shock ever experienced here routed the people out of bed at 11:14 Tuesday night. Contrary to the usual experience the shock lasted nearly a minute. It was very severe; buildings swayed so much that guests in hotels and private houses were awakened from sound sleep and rushed to the street in their night clothes. The movement lasted so long that people had time to descend from the third and fourth stories and look back and see the building still swaying. A loud rumbling accompanied the trembling. No damage was done. The same experience is reported from Los Angeles.

MADE A QUICK VOYAGE.

The Majestic Beats the Ocean Record, Considering the Distance Covered.

NEW YORK, Feb. 24.—The White Star steamship Majestic, Capt. Parsell, has arrived, having made a remarkable run in point of speed and, considering the distance covered, she beats the record. On her seventeenth voyage the Majestic's time was 5 days 18 hours and 8 minutes. She then covered 2,775 miles. The time of the passage just completed was 5 days 20 hours and 22 minutes, and distance covered 2,866 miles, 89 miles more than on the seventeenth voyage, being equal, at the rate steamed, to 4 hours and 28 minutes, which would make her time on the short route 5 days 15 hours and 54 minutes—the fastest ever made.

ST. LOUIS MUST PUT UP.

Notified to Raise $2,500 in Ten Days or Lose the Prohibition Convention.

ST. LOUIS, Feb. 24.—The prohibitionists of this city have been notified by their national executive committee that as a precedent to the national convention coming here on June 29 they must be assured of the sum of $2,500 to help defray expenses. Cincinnati has offered to put up this amount and unless St. Louis raises the sum in ten days the committee will change the place of holding the convention from here to that city.
