MORSE IS THE MAN

(Continued on Second Page.)

Mr. Durand was chosen by acclamation.

The Tenth district named A. McDonald of Bay City as alternate from the eastern division, and Mr. McDonald's nomination was made by acclamation.

When the elector at large from the western district of the state was called for the convention ran against its first snag and there was a lively session for a time. Thomas H. Carroll of Kent, in an eloquent tribute, named Colonel A. T. McKeynolds of this city, whom he referred to as "the hero of two wars." The Twelfth district, through John Powers of Escanaba named Peter White of Marquette. Mr. Power was decidedly in earnest and said that Mr. White's nomination would mean much to the northern peninsula. The chair reminded Mr. Power that Mr. White already holds a state office, that of world's fair commissioner. The delegates from the twelfth said they would fix that. Then the chair reminded the gentleman that Mr. White is a director in a bank and that would disqualify him; but Tim Nester said they would fix that. Mr. White was nominated by a vote of 522 to 225. Colonel McKeynolds was unanimously chosen elector-at-large.

Mark S. Stevens offered a resolution that the selection of district electors be left to the various congressional conventions and that the state central committee be empowered to place these nominations on the state ticket, and that the seventh district, which has held its congressional convention, be permitted to place as its nominee the nominee of the caucus. This resolution with one or two unimportant changes was carried.

The chair read a telegram addressed to Judge Morse from Governor Winans. It read: "Accept my heartiest congratulations. You have my highest esteem and will have my heartiest support."

Another effort was made to get Ellis before the convention; but it was unsuccessful and the convention adjourned at 5:35 having completed its labors in four hours.

Vacant Headquarters.

The headquarters of the democratic state central committee which were early established at the Morton house were practically abandoned last night, the delegates having no further use for them. The lobbies of the hotel still contained delegates who were unable to catch trains from the city and they fought the convention over again. The Wayne delegation got all it wanted and its headquarters in parlor B are cigarless and deserted. Frederick Marvin's headquarters in room No. 8 are in the same condition. The greater portion of the delegates were taken care of at the Morton house, and in spite of the immense crowd there wasn't a kicker to be found. Everybody expressed the greatest satisfaction with the hotel accommodations.

Morse Will Resign.

Judge Morse said last evening that he would resign as chief justice of the supreme court at an early day. He will confer with his associates before doing so to the end that the work before the court may not be confused.

For Suspicion of Larceny.

Mrs. Kinney of No. 195 Stocking street complained to the police yesterday that someone had stolen $1.50 from her residence. Detectives Gast and Jackaway investigated the matter and subsequently arrested Willie Broxmeyer, Fred Nolikinski and Guy Prentice on suspicion of being the thieves. The boys were arrested at Reed's lake, where, by the aid of the gentle lake breezes, the money was being wafted in. They were locked up at the station.

Backed Into the River.

A team attached to one of the Central Coal company's wagons backed off the bank and into the river at the foot of Lyon street yesterday in the rear of the Street Car company's power house. Considerable difficulty was experienced in getting the horses back to the street; but they sustained no serious injuries.

There are 530 pages of text and 26 full page portraits and illustrations in The Herald's "Life of Benjamin Harrison." Subscribe for this paper and you will get the book free. Order at once.

Royal Baking Powder

ABSOLUTELY PURE

No Money Can Buy This Boy.

Mrs. William May Smith of Provincetown, Mass., a portrait of whose little son is given here, writes:

MASTER SMITH.

"My baby was a frail little thing when he was born. He was nursed at the breast until he was four months old, when the doctor said he and his mother would both die if he was not weaned. We tried cow's milk, which was not adapted to his needs, so we used lactated food, following the directions exactly. Since then he has gained a pound a month, has had very little sickness and seems strong and bright. One friend says of him: 'I would not have given two cents for him when he was two weeks old, but now, if he was mine, no money could buy him.' And I am sure his father and mother agree with the last clause of that statement."

THE TITAN OF CHASMS.

A Mile Deep, 13 Miles Wide, 217 Miles Long, and Painted Like a Flower.

The Grand Canon of the Colorado river, in Arizona, is now for the first time easily accessible to tourists. A regular stage line has been established from Flagstaff, Arizona, on the Atlantic & Pacific railroad, making the trip from Flagstaff to the most imposing part of the canon in less than twelve hours. The stage fare for the round trip is only $20, and meals and comfortable lodgings are provided throughout the trip at a reasonable price. The view of the Grand Canon afforded at the terminus of the stage route is the most stupendous panorama known in nature. There is also a trail at this point leading down the Canon wall, more than 6,000 feet vertically, to the river below. The descent of the trail is a grander experience than climbing the Alps, for in the bottom of this terrific and sublime chasm are hundreds of mountains greater than any of the Alpine range.

A book describing the trip to the Grand Canon, illustrated by many full-page engravings from special photographs, and furnishing all needful information, may be obtained free upon application to John J. Byrne, No. 723 Monadnock block, Chicago, Ill.

The Field of Gettysburg

is to the old soldier and the student the most interesting of all the earth's battle grounds. Those who go to Washington to attend the encampment of the G. A. R. in September, will have the best opportunity of visiting Gettysburg by taking the line of the Michigan Central and the Northern Central, which includes a side trip to Gettsburg either going or returning. For those who wish to return by way of Philadelphia, all return tickets will be honored either via the short line or via Philadelphia, allowing stop-over at Baltimore, Philadelphia and Harrisburg. The stop at Philadelphia will permit of a side trip to New York and return at the low rate of $4.00.

During the summer season the Michigan Central gives the privilege of stopping over at Niagara Falls at any time within the life of the ticket returning, upon depositing it with the ticket agent there, affording a valuable opportunity to see the beauties of the great cataract and vicinity at leisure.

Tickets are also sold to Washington via Toledo and the lines south and east therefrom.

The Michigan Central is the shortest route, the best route, and offers inducements that no other line can give. For any additional information apply to nearest Michigan Central ticket agent or to J. S. Hall, Mich. Pass. Agent, Jackson, Mich.

Physicians

frequently state: "We know that Port Wine is the best tonic for the weak, nervous and debilitated, and for such troubles as exhaustion, weakness, sleeplessness, etc., there is no medicine to compare with it; yet we fear to prescribe it, for there are so many adulterations on the market."

There is a brand called "Royal Ruby" Port Wine, so called for its royal taste and ruby color, it is pure and old and has that fruity taste that no other wine has. Druggists sometimes urge that which they have in bulk; why? More profit of course. Royal Ruby port wine is guaranteed by the undersigned to be absolutely pure and over five years old, or money paid for it will be refunded. Quarts $1.00; pints 60 cts. Sold and guaranteed by White & White, Thum Bros. and Schmidt, leading druggists. Bottled by Royal Wine Co., Chicago.

Physicians Outdone.

DON'T REMAIN STOUT

YOU SEE YOUR STOUT FRIENDS GROWING THINNER EVERY DAY.

They Are Using Dr. Edson's Obesity Pills and Bands.

NO DIETING—NO PURGING

It has been abundantly proved that the use of the Edson electric bands, or the obesity pills or both, for which the agents of this country are the well-known firm of Loring & Co., 36 Washington street, Chicago, and Post Marshall Field & Co.'s store, is the one safe and effective way of reducing corpulency. The Obesity Pills are made from the waters of the German Imperial Springs, government ownership.

The bands or pills are used separately, and make a rapid and healthful cure. Or, if used together, they help each other in action and obtain better results.

CURED HIS RHEUMATISM AND OBESITY

ATTRIDGE HOTEL, Chicago, April 20, 1892.—Gentlemen—Please send one 38 inch obesity to Mrs. W. L. Carroll, 234 Chestnut street, Philadelphia, C. O. D. I like your obesity band and pills very much. They have reduced my weight eighteen pounds in the last five weeks. The obesity pills have driven away all rheumatic trouble. WILLIAM H. DURYEE.

HOW TO GET the PROPER MEASUREMENT

Measurement for band is the largest part of the abdomen. The numbers 1, 2, 3 on the band indicate where measurem't should be taken.

The bands cost $2.50 for any length up to 36 inches, but for one larger than 36 inches add 10 cents extra for each additional inch. Thus a 46-inch costs $3.50, and the pills may be bought for $1.50 a bottle, or three bottles for $4, enough for one treatment.

SOLD BY DRUGGISTS.

You can buy the pills and bands direct from our stores or by mail or express.

THE "LADIES' IDEAL SYRINGE."

MANITA, UTERINE SPECIFIC. THE ONLY SCIENTIFIC VAGINAL SYRINGE IN THE WORLD for the treatment of the various acute and chronic inflammations of the internal female organs of generation. WHY? Because hot water injections can be applied and retained to the inflamed parts 3 degrees hotter than with any other SYRINGE. The Shield prevents the fluid from coming in contact with the external parts, which are very sensitive to heat. (Very hot douches cure inflammation, relieve prolapsus, and heal ulceration.) Because the fluid enters the Vagina, and expands it to its capacity, smoothes all folds in which the Vagina lies when at rest, and brings all discharges hundreds of times to the surface. The fluid, after cleansing the parts, passes out through the escape tube into the waste vessel. Because a back-breaking bed pan or rubber sheet is never needed, the person or bedding never soiled, and the lady does not have to rise from her bed. It has many other advantages explained in our descriptive circular. The SYRINGE is made of polished hard rubber, in four pieces, capable of being cleaned in every part, and will last a life-time. Every lady should have one. Recommended by physicians of some school, and the leading Medical Journals of the entire civilized world.

Syringe No. 3, with two quart fountain bag, nozzle, and escape tubing, $4.00. Will send by mail. If there is no agent in your place, postage paid, on receipt of price.
