NEW ORLEANS:

TUESDAY MORNING, OCT. 7, 1851

Whig Parochial Convention.—Pursuant to announcement, the whig delegates elected by the several Representative Districts, to a Parochial Convention, for the purpose of nominating candidates for the State Senate, assembled in Duncan's building, on Saturday, October 4, 1851.

Judge T. Wharton Collens was called to the Chair, and James S. Hall appointed Secretary.

On the call of Districts and Wards, the names of the following delegates were registered:

First District—First Ward.—I. N. Marks and D. B. Forten. Second Ward—E. T. Parker and H. M. Summers.

Second District—Third Ward.—D. C. Adams, J. O. Hewes and W. H. Garland. Fourth Ward—A. P. Simpson, James Stockton, C. W. Lyle and T. H. Shakles.

Third District—Fifth Ward.—Chas. Byrne, H. G. Stetson, J. W. Robbin and L. C. Dillard. Sixth Ward—J. A. Beard, R. H. Ernest, Thomas Curry, James S. Hall and Geo. Allen. Seventh Ward—H. J. Ranney, N. E. Baily and S. G. Kirk.

Fourth District—G. B. Duncan, G. C. Collins, Arthur Sanrier, G. W. Fleming, Samuel Girtry.

Fifth District—Third Ward.—S. Gogel, J. Benit. Fourth Ward—J. Hernandez, F. Blanque. Fifth Ward—Frank Alonzo, C. H. Dinery.

Sixth District—Sixth Ward.—G. W. Collins, L. Sere. Seventh Ward—H. St. Paul, O. Dubuchier.

Seventh District—J. Thibaudin, T. Seymour, E. Straus, A. P. Rouz, J. B. White, J. A. Barnes.

Eighth District.—F. B. Hernandez, Oscar Congot, P. L. Bailbouz.

Ninth District.—G. R. Vienne, C. E. Fargot, Robert Winn.

On motion of Mr. Marks, it was agreed that the basis for voting should be one for every one hundred whig votes, and one for every fraction over fifty, regulated by the vote cast at the last Gubernatorial election. The First Representative District was entitled to four votes; Second District, seven; Third District, twelve; Fourth District, five; Fifth District, eight; Sixth District, seven; Seventh District, three; Eighth District, two; Ninth District, two.

Maj. H. J. Ranney, offered the following resolution, which the Chair decided to be out of order:

Resolved, That this Committee nominate candidates to represent the whigs of this Parish in the Senate, and all other Parish officers, and that we recommend the district committees to nominate whig candidates for all the offices to be elected at the ensuing election.

Col. W. H. Garland moved that a committee of five be appointed by the Chair, to draft suitable resolutions for the concurrence of the Convention. Messrs. W. H. Garland, E. T. Parker, I. N. Marks, C. C. Duncan and J. Toledano, were appointed said committee, who, after retiring for a few minutes, reported through their chairman, the following resolutions, which were ably discussed by Col. Garland and unanimously adopted:

1. *Resolved*, That we look upon the whig party as the great conservative party of the country—whose principles are best adapted to foster domestic industry—to develop the improvements, and by a wise, just and energetic administration of the affairs of the nation to advance its interest abroad.

2. *Resolved*, That we regard the Compromise as constitutional, honorable and expedient—to be founded in an enlarged and enlightened patriotism, and that all efforts to impair its obligations or destroy its salutary influence, whether they spring from the abolitionists or secessionists, are alike unconstitutional and at war with the best interest of the country.

3. *Resolved*, That the Constitution of the State has failed in the great objects for which it was created, that it has prevented the development of the resources of the State—checked its agricultural and commercial advancement, and hung as an incubus around the energies of the people; and that the whig party owe it to themselves and the country, to support no one for the next Legislature who is not in favor of the passage of a bill for the immediate calling of a convention to ret change and remodel the organic law as will unfetter the energies of the people, and enable the State to take her station among her sister States in social and physical improvements.

4. *Resolved*, That among these Constitutional and Statutory changes, we recognize—

An elective Judiciary.

An important reduction of the fees of office, particularly in the Parish of Orleans, in order that the people be relieved of a system of taxation, the most oppressive and unjust of any that exists in this country.

A "homestead exemption clause," and legal provisions, by which a moderate amount of the absolute necessaries of life and the wages of labor shall be exempt from execution.

A well regulated system of Free Banks—safeguarded and protected, that while in its operation, it shall diffuse the benefits of accumulating capital, it shall at the same time afford a safe circulation, that shall be convertible into specie at all times and under all circumstances.

The delegation of the necessary power to create and foster a wise and liberal system of railroads, manufactures and such other improvements as will tend to encourage the labor and develop the resources of the State.

The adoption of a more perfect system of Public Education, by which the acquisition of knowledge, shall be placed in the reach of all classes of society.

It was moved and carried that the Convention proceed to the election of two candidates to represent the parish in the State Senate.

Major Beard nominated James Robb.

Major Ranney nominated Samuel J. Peters as a substitute for Mr. Robb, who, he was authorized to say, would not accept the nomination. Mr. Toledano nominated J. P. Benjamin. Major Ranney also nominated Col. T. G. Hunt.

Col. Garland announced that Mr. Peters's state of health would not permit him to accept a nomination.

The Convention then proceeded to vote, which resulted as follows:

	Robb.	Benjamin.
1st District	4	4
2d District	7	7
3d District	12	12
4th District	5	5
5th District	8	8
6th District	7	7
7th District	3	3
8th District	2	2
9th District	2	2
	70	70

The Chair pronounced Messrs. James Robb and J. P. Benjamin unanimously nominated as candidates for the Senate.

Major Beard moved that a committee be appointed to correspond with Messrs. Robb and Benjamin in regard to their nominations. Messrs. J. A. Beard, G. B. Duncan and Jules Toledano, were appointed. The Chairman was added to said committee.

On motion of Major Beard, it was unanimously voted that Messrs. G. B. Duncan and Cyprien Dufour be nominated to canvass in behalf of the nominees, Messrs. Robb and Benjamin, during their temporary absence.

It was moved and adopted that all the papers in the city be requested to publish the proceedings of this Convention. Whereupon,

The Convention adjourned.

T. WHARTON COLLENS, President.
JAMES S. HALL, Secretary.

T. WILSON, Sec. D. C. VANDEGRIFT, Chairman.

Third Representative District.—At a meeting of the whigs of the Third Representative District, held at the Lafayette Hose House, on the 6th inst., Col. J. G. Seymour was called to the Chair, and John F. Wilson appointed Secretary.

The names of the delegates from the respective wards were called, and all answered to their names with the exception of five, who were absent from the city.

The Chairman explained the object of the meeting, when, upon motion of Mr. Roberts, it was resolved that the delegates from each ward should nominate their candidates seriatim.

Accordingly a number of names were submitted, when, upon motion of Mr. Dunn, it was resolved that the six candidates should be elected by ballot.

The Chair appointed as tellers, Messrs. J. E. Shaw and A. Brother.

After a recess of five minutes, the ballotings proceeded, with the following result:

H. J. Ranney, C. A. Waterman, J. N. Hawthorn, S. Storey, W. J. McLean, Tho's. Curry.

These gentlemen having received a majority of votes, were, upon motion of Mr. Harley, unanimously nominated as candidates to represent the Third Representative District in the next Legislature.

On motion of Gen. E. L. Tracy, it was resolved that the Chairman should be authorized to call another meeting, in the event of any of the nominees declining.

The resolutions adopted by the Whig Parochial Committee were cordially endorsed by the meeting.

On motion, the meeting adjourned.

J. G. SEYMOUR, Chairman.
J. F. WILSON, Sec'y.

Presentation.—The members of Protection Company No. 19, last evening, marched in a body to the Shades, in Perdido street, where, they presented their Assistant Foreman, Mr. Fleming, who made some very happy remarks on the occasion, they presented Mr. A. E. Sayre, the proprietor of the house, with an elegant silver goblet. In response, Mr. Sayre briefly acknowledged the compliment paid to him, and after a few toasts had been offered, the party adjourned, all good humor with each other. The goblet bears the following inscription: "Presented to Angus E. Sayre, by Protection Fire Company No. 19, as a token of esteem."

Contracts.—The following contracts were disposed of by the Mayor yesterday: J. Ahern, lamp oil for two years, at $23, and $23 per annum for the Third Municipality, for each lamp. J. M. Laffranderie, First Municipality, two years, at 19 cents per lamp per annum. A street for banqueting was given at fourteen and half cents per running foot.

First Municipality Council.—Recorder Genois in the chair.

The reading of the journal was dispensed with.

A message from the Mayor was read, referring to the *pro rata* payment required on part of the First Municipality, on the score of a late riot on the 21st of August.

The message was taken up paragraph by paragraph.

Mr. Fabre moved the suspension of the rules, in order to have the sanction of the Council to the payment of the claims of the sufferers in the late riots. The motion was, however, lost.

Mr. Pecquet moved the adoption of the substance of the aforesaid resolution the Committee on Claims. He also moved that the officers required to do duty on the occasion of the late riots be paid for extra services.

The matter was referred to the Mayor and Recorder, as the best possible judges of the compensation which ought to be paid for services of that character.

The Council adjourned at nine o'clock.

Assault and Stabbing.—Peter Colliani will be examined on the 9th instant on the charge of assaulting and stabbing Joh Fox, in the Pacific coffee-house, on Gravier st, on the 3d of the present month. The wound was given in the left eye.

Sam Smith.—Recorder Caldwell yesterday required $3000 bail for the appearance of Sam Smith to answer the charge of vagrancy, and carrying concealed weapons on us. Sam was arrested on a steamer trying to ply his industrial occupation in the guise of a returned Californian. When arrested Sam had a six barreled revolver and an "outsider" on his person.

Fined.—John Ross was yesterday fined two dollars by Recorder Caldwell for interfering with a watchman.

More Heavy Bail.—John Clayton *alias* Mossin John, was held to bail yesterday by Recorder Caldwell, in $3000, to answer the charge of vagrancy preferred against him.

Stabbing.—John Holmes, whom we noticed a few days ago as having been badly stabbed in the Meat Market, yesterday made an affidavit before Recorder Genois, charging one Valeouver, a colored lad, with the offence.

Another Victim.—William McDermott, a native of Ireland, was brought down on the steamer Princess No. 3, and landed in the Charity Hospital, died there on Sunday last of injuries received through the blowing up of the steamboat Brilliant, at Bayou Goula. The Coroner's jury returned a verdict accordingly.

Remanded.—P. Bullard, V. Lacoste, P. Rousseau and J. Hurst, were yesterday remanded by Recorder Genois, on the charge of assault and battery, committed on the 7th September, on Jacob Claus.

Assault and Battery in the First Municipality.—Caroline Almond was yesterday charged, by Mrs. Ricker Guinsburg, with slapping her in the face without provocation.

Thomas Farrell and wife are charged, by Bridget McDonogh, with assault and battery. To be examined.

Insult by a Slave.—Henry Phillips complained yesterday, before Recorder Genois, of a slave named Henry, belonging to Mr. White, corner of Bienville and Dauphin streets, who, he says, was committing a disturbance, and when an arrest was about to be made, he (Henry) resisted, struck, and abused the party who arrested him. Remanded for future examination.

Murder.—George B. Lynch declared, before Recorder Genois yesterday, that the man who murdered Thomas Leech on the day previous was concealed in a house on Casacalvo street, between Elysian Fields and Marigny streets. The Recorder issued his warrant for the arrest of the offender.

Wounding.—Thomas Flynn yesterday made an affidavit before Recorder Caldwell, charging Peter Norman, Robert, a slave, belonging to Mr. Churchill, and Margaret and Laura, slaves, belonging to Mary Taylor, with assaulting, cutting and wounding a man in several places with a knife, on Sunday night last. The man, whose name is unknown, is now lying in the Charity Hospital from the effects of the wounds. The accused, with the exception of Laura, who was not arrested, were remanded for examination until the state of the wounded man could be ascertained.

United States Frigate Independence.—The Republic has been favored with the following extract from a letter from an officer on board the U. S. Frigate Independence, touching the reception and stay of that vessel at Trieste lately:

"Our visit to Trieste was a very pleasant one, as we were objects of a great deal of attention and politeness. Among our distinguished visitors were the King and Queen of Saxony, the Archduke John, the Ban of Croatia, Jellachich, and his wife, one of the very prettiest women I have ever seen. The Ban is a polished gentleman, and of pleasing manners. I have never seen a vessel attract such attention as did the Independence at Trieste; the daily number of visitors was immense, and on Sunday certainly not less than ten thousand."

Lake Superior Iron.—The iron from the mines of Lake Superior is of a quality superior to that of any other. It ranks higher than even the celebrated Swedes iron, being more malleable and tougher, and not so subject to flaws. It is now the only iron used on the Lake steamers, where superior strength is required.

NEW YORK, October 6—6 P. M.

By the arrival of the steamship Pennsylvania from Chagres, we have been received of the State election in California. Both parties claim the election of their candidates for Governor, but the result of the election in that State is not known. The democrats, it is thought, will have a majority in the Legislature.

The Journal of Commerce publishes the names of many hundreds of respectable citizens, who, without regard to party, will support no candidate who is pledged to the compromise measures.

Private advices state that Henry Clay's health is failing.

The steamship Ohio has arrived from Chagres. She brought two millions of gold. Capt. Sandford and crew of the steamship Lafayette, burned at Chagres, came passengers on the Ohio.

The steamship Winfield Scott has arrived here from New Orleans.

Advices have been received from Rio Grande, South America, to the 23d of August, which states that hostilities have commenced with Buenos Ayres.

Also have been received from Nicaragua, that Gen. Munoz was marching upon Granada for the purpose of capturing the city.

Central America was quiet at last accounts.

Boston, Oct. 5.

Ladder & Co., Hardware merchants, and Potts & Co., carpet dealers, are reported to have failed.

The steamship City of Manchester has arrived at this date.

Indictments have been found against the Christiana rioters on the charge of treason. [Pic.

Archbishop of Baltimore.—The Philadelphia Catholic Herald gives the true version of the story that the vacant See of Baltimore had been filled:

"During the past week, various rumors have been circulated respecting the filling of the vacant See of Baltimore, which have caused many anxious inquiries. We therefore deem it best to state that authentic information has been received, that on the 24 August, His Holiness, Pius IX., promoted the Bishop of this Diocese to that See, and, at the same time, nominated him Ab-Legate to preside at the National Council, to be held next May in the city of Baltimore. The official documents, however, have not yet been received. Bishop Garland, who is no doubt at this time at Rome, will probably bring over the Pallium on his return."

At the National Council to be held in Baltimore next May, the new Archbishop will preside as Ab-Legate.

Louisiana Crops.—The Pioneer, of the Parish of Assumption, promises badly, and on the contrary, cotton and corn promise well, in districts last year less favored than others, but which now furnish a more favorable yield.

Mortality.—The deaths in the city of Boston for the week ending the 27th ult., number 81—males 35, females 46; 38 were children under five years of age.

At Memphis, for the same time, the deaths amounted to 7; adults 5, children 2.

At Mobile the total number of deaths for a corresponding period was 19; adults 12, children 7. During the quarter ending Sept. 30, there were admitted into Mobile City Hospital 457; discharged cured 311, died 34. The report of Dr. H. S. Levert, Surgeon of the United States Marine Hospital, Mobile, for the three months, ended Sept. 30, 1851, has just been published. The admissions for that period were 199, discharged 164, died 3, and remaining 32.

Histrionics.—The young gentlemen of Louisville have lately established a Thespian Temple, in that city, which is spoken of as being highly creditable to those engaged in it.

Queer.—The remarks of our contemporary of the Courier, to the effect that Messrs. Benjamin and Robb ought not to go to the Legislature, but should stay here, the one to attend to the Jackson and NewOrleans Railroad, the other to the Tehuantepec project. We have thought that the Constitutional Convention had cast such embarrassments around such enterprises, that the first step of Messrs. Benjamin and Robb and other friends of Internal Improvements, should radically be to amend the miserable instrument it framed.

The Speakership.—Hon. David T. Disney, of Ohio, Hon. John McClernand, of Ill., Hon. Geo. W. Jones, of Tenn., and Hon. Lynn Boyd, of Kentucky, are mentioned in connection with this office.

Extraordinary Death from Excitement.—A few days since, Mr. John Harris Salter, of Alfred place, Clapham road, visited the Great Exhibition in Hyde Park, where he was allowed to perform several pieces of music on the new piano forte invented by Broadwood, and was so enraptured by the wonderful tones of the instrument, that he became so much excited that he was taken home and placed under restraint. Symptoms of insanity subsequently supervened, and he died raving mad. [English paper.

Archæology in Algiers.—A very fine Roman mosaic has been discovered at Aumale. There are three compartments, surrounded by a border, remarkable for the brightness of its colors and the simplicity of its ornaments, which are all straight lines interlaced. In the first is the Nereid Thetis; in the second, Amphitrite. The third is not quite clear; it appears to be a Roman abandoning agricultural labors for the Bacchanalian games. A discovery has also been made, in the Roman ruins of ancient Arsew, of a large stone idol and five tumular stones. They are Phœnician and Carthaginian antiquities, deposited when those people had colonies on the northern side of Africa. One of these stones has a Punic inscription on it, perfectly distinct. The relics have been placed in the Museum of Algiers.

Frost.—On Monday morning of this week, (the 29th day of September) the cotton plantations in this vicinity were visited by quite a severe frost. We deem so remarkable an occurrence as this worth chronicling. The appearance of frost in this region of country by the 9th or 15th of October has generally been considered early enough, and we venture to say that it "reaneth beyond the memory of man" when we have had a frost here in September before. [Concordia Intel., 4th inst.

A gentleman accustomed to the signature of the firm in which he was a partner, having to sign a baptismal register of one of his children, entered it as the child of Smith, Jones & Co.

Relative Heights.—The White Mountains in New Hampshire were, until recently, regarded as the highest land in the United States, east of the rocky mountains—but it has been ascertained that there are higher peaks in Yancy county, N. C. Mount Washington, which is the highest peak of the White Mountains, is 6234 feet above the level of the sea. Black Mountain, in Yancy county, is 6476 feet—thus beating Mount Washington by 242 feet.
