Governor's Message.

The message sent to the General Assembly by Governor Heard last Monday was lengthy and embraced everything of interest to or concerning the welfare of the people of the State.

Gov. Heard made a special feature of trusts, which, he said, were "menacing and oppressive combinations." He pointed out the fact that they had grown greatly in scope, power and number, since the last session of the General Assembly, and advised the remodeling of the laws to restrain the trusts which have been rendered inoperative by the decisions of the Federal courts. He advocated that "early and serious attention" be paid to this subject.

The great and growing prosperity of this State was much commented upon, as well as the growth in importance and in commerce of the metropolis, New Orleans. In pointing out the growth of the State he used the figures of the census of 1890, which gave the State the population of 1,113,587, to compare with 1,381,625 in 1900.

As a proof of the growing prosperity of the people of the whole State he called attention to the fact that thirty State banks have been organized since 1899; that the State assessments show an increase of $24,555,815 over 1900, which was the largest in the history of State; an increase of $17,813,000 by parishes and $6,741,000 by New Orleans, giving the State an alimony of $1,661,520.

The health he spoke of as being in a most satisfactory condition, and he complimented the State Board of Health on its work.

In the public schools he noted an increase in pupils of 13,915 over 1900, which is an increase of more than 200 per cent over 1899, which was hitherto the year of the largest enrollment. The revenue for the schools he gave as $1,340,646, an increase of $53,245 over 1900. He advised legislation to further improve the condition of the public schools.

In speaking of the immense amount of work done the past two years on the levees, he congratulated the people of the State on being free from danger of inundation.

He found fault with the condition of the State Leper Home at Indian Camp plantation, and said it was totally inadequate for the housing of all the lepers in the State.

He laid stress on the fact that if the home was properly equipped and sufficiently enlarged all the lepers of the State might be sent there, which would result in the eradication of the disease.

The congestion of cases in the docket of the Supreme Court was discussed and he stated that something must be done at once to relieve it. He advised the forming of two circuits, the Northern and Southern, with Appelate Courts of three judges each.

General Wood has been directed to turn over the island of Cuba to the new government next Tuesday, May 20. President Palma will be inaugurated on that date.

The Most Common Ailment.

More people suffer from rheumatism than from any other ailment. This is wholly unnecessary, too, for a cure may be effected at a very low cost. G. W. Wescott, of Meadowdale N. Y., says; "I have been afflicted with rheumatism for some time and it has caused me much suffering. I concluded to try Chamberlain's Pain Balm and am pleased to say that it has cured me" For sale by V. H. Frederick, druggist.

WHAT THIN FOLKS NEED

Is a greater power of digesting and assimilating food. For them Dr. King's New Life Pills work wonders. They tone and regulate the digestive organs, gently expel all poisons from the system, enrich the blood, improve appetite, make healthy flesh. Only 25c at J. L. Watkin's City Drug Store.

SPRING AILMENTS.

There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impared, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind needs toning up. The trouble is, that during winter, there has been an accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a right exit, and by its tonic effect, fully restore the wasted tissues and give stength in place of weakness. 50c at V. H. Frederick's drug store

The Laurel Chronicle thus tells the tale of a pine tree:

"The Mississippi pine tree knows not what a day may bring forth. On Saturday morning he may be waving too and fro in the breeze proud of his growth, in full remembrance of the storm that he has endured in the past. (We started to say the woodman's ax, but that is fast becoming a back number.) The cross cut saw at 8 o'clock A. M. strikes him and in a few minutes he is cut off and sawed into logs. Before night he is loaded on the cars, hauled into the town and dumped into the pond. On Monday morning he is dragged out, sawed into lumber, and before night put into a dry kiln. On Thursday he is taken out and loaded on the cars. On Saturday he is in Chicago, and the following Monday he is being nailed in some building in that great city."

Pearl River Items.

May 8, 1902.

Editor St. Tammany FARMER.

May Day was observed at Pearl River by the Junior Sunshine Branch, "Deeds of Kindness." They had an impromptu entertainment at the public school house. Mr. Lancaster had given the children a half holiday so they made sunshine while the hay lasted. For hay they had lemonade, cake and other refreshments and spent the hours in a joyful ripple of sunshine.

Miss Bessie Simpson gave her little band full license to make all the sunshine they could for themselves and others. Miss L. C. Hayes assisted them all she could. As they could not have a "Silver Tea" they crowded all the sunshine they could in a few hours.

The Ladies' Aid Society gave their first ice cream supper and they were much pleased with the results. Our energetic pastor, Bro. Reed, is pushing on to get the church started.

Many visitors from the city are coming out every excursion day to get a breath of fresh air.

Little Ludwig Heilkamp is on the sick list, but that is the only case there is just now in our healthy little town.

Mrs. F. Hartman and Miss Susie Newman paid a visit to friends at Slidell last week

Miss L. C. Hayes, Mrs. L. Crary Sadler and Wallace Crockett spent last Saturday at the pleasant home of Mr. and Mrs. Antoine Provost, on Apple-Pie-Ridge, where they were made happy by the cordial hospitality of the family.

Mr. L. Bird, of Booth, was a visitor here Tuesday

Miss Alma Crawford entertained several visitors from the city last Sunday.

Lanier Crockett, relief agent, has gone to Slidell to take charge of that office a short time.

Several of the Pearl Riverites attended the pic-nic at Hattiesburg. Wonder if "Wildwood" went also.

Mrs. Watson is spending a few weeks at Mrs. Allan Porter's.

At this moment have just learned that Mrs. Mary Crawford is quite sick.
