### Hart's Vegetable Extract,

only remedy that can be relied on for the per nent cure of Spinal Complaints, Spasmodic ections, Irritation of the Nerves, Nervous or Sick Headache, Nervous Tremors, Neuralgic Affections, Apoplexy, Paralysis, General Debility, Deficiency of Nervous and Physical Energy, and all Nervous Disorders, including the most dreadful of all diseases that ever affect the human race---

### Epilepsy, or Falling Sickness,

Hysterical Fits, Convulsions, Spasms, &c.

This disease consists in a sudden deprivation of the senses, accompanied with a violent convulsive motion of the whole body. It attacks by fits, and after a certain duration goes off, generally leaving the sufferer in a stupor, attended with great weakness and exhaustion of the body.

Doctor Hart would impress it upon the minds of the afflicted, that the Vegetable Extract is the only remedy ever discovered that can be relied on for the permanent cure of this most dreadful of all diseases. As its tendency is to insanity, madness and death, the most SKILLFUL PHYSICIANS of Europe, as well as those of our own country, have pronounced Epilepsy incurable. And it has been so considered by many, until this most important of all discoveries was made by Doctor S. Hart, nearly sixteen years since, during which time it has been performing some of the most REMARKABLE CURES upon record, and has acquired a reputation which time alone can efface. Physicians of undoubted skill and experience, Ministers of various denominations, as well as hundreds of our eminent citizens, all unite in recommending the use of this truly valuable medicine to their patients, charge, and friends, who are thus afflicted, as the only remedy.

WE QUOTE THE LANGUAGE used by those who have been cured by this valuable medicine. One says, "I have suffered beyond my power of description, but now I rejoice in being fully restored to health and happiness." Another says, "I thank God I feel that I am a well man. I also feel it my duty to proclaim it to the ends of the earth, that those similarly afflicted may find relief. Another, (who is an EMINENT LAWYER, and well known in this city,) says, "My son has been afflicted for years with Epilepsy, but is now enjoying good health from the Vegetable Extract. His fame," says he, "should and ought to be sounded to the ends of the earth." Another says, "Language is entirely inadequate to express my gratitude to Dr. Hart, for having been the means, under the blessing of God, of restoring me to the enjoyment of good health, after having been afflicted with Epilepsy in its worst forms for more than twenty-three years and my morning and evening oblation of praise and thanksgiving shall continue to ascend to that God who has afflicted but to make me whole."

EPILEPTIC FITS—Of twenty seven years and six months, cured by the use of this Truly Wonderful Medicine.

Read the following remarkable case of the son of Wm. Secore, Esq., of Philadelphia, afflicted with Epileptic Fits twenty seven years and six months. After traveling through England, Scotland, Germany, and France, consulting the most eminent physicians, and expending for medicine, medical treatment and advice three thousand dollars, returned with his son to this country, in November last, without receiving any benefit whatever, and was cured by using HART'S VEGETABLE EXTRACT.

M. Wm. Secore's Letter to Dr. Hart:—

I have spent over three thousand dollars for medicine and medical attendance. I was advised to take a tour to Europe with him, which I did. I first visited England. I consulted the most eminent physicians there in respect to his case; they examined him and prescribed accordingly. I remained there three months without perceiving any change for the better, which cost me about two hundred and fifty dollars, pocketed by the physician, and the most that I received was their opinion that my son's case was hopeless and POSITIVELY INCURABLE. I accordingly left England, traveled through Scotland, Germany and France, and returned home in the month of November last, with my son as far from being cured as when I left. I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract, seeing your statements and certificates of so many cures, some of twenty and thirty years standing, and I can assure you I am not sorry I did so, as by the use of Hart's Vegetable Extract alone, he was restored to PERFECT HEALTH. His reason, which was so far gone as to unfit him for business, is entirely restored, with the prospect now before him of life, health and usefulness. He is now 28 years of age, and 27 years 6 months of this time has been afflicted with this most dreadful of diseases, but, thank God, is now enjoying good health.

Now, sir, faith without works I don't believe in.—To say I shall, beyond gratitude to you is one thing and as I here enclose you one hundred dollars, I have, no doubt but you will think this another and quite a different thing. The debt of gratitude I still owe you, but please accept this amount as interest on the debt in advance. Yours, very respectfully,

(Signed) WILLIAM SECORE.

*Another remarkable Cure performed by the use of Hart's Vegetable Extract.*

Doctor Hart:—It is with no small degree of gratification that I am enabled to announce to you the complete restoration to health of my daughter, by the use of your Vegetable Extract. At the age of six years, (her age at present is sixteen) she was first attacked with this dreadful malady called Epileptic Fits; and until she commenced taking the Extract, she suffered with attacks of fits, almost incessantly, and so severely as to threaten to drive reason from its throne, and render her insane—IDIOTIC.

Physicians pronounced her incurable, and could do nothing more for her. We had almost despaired of a cure, when hearing of the remarkable cures performed by the Vegetable Extract, we determined to give it a trial. The result has exceeded our most sanguine expectation, as by its use she is free from a most dreadful malady, and restored to PERFECT HEALTH.

Should any one feel desirous of seeing her, and of ascertaining the particulars of the case, such wish may be gratified by calling on or addressing a letter to me, post-paid, at my residence, two miles from the village of Yonkers, Westchester, New York.

O. C. DENSLOW, Yonkers N. Y

Teething, Worm, Costiveness, &c., will produce this disorder. In all such cases the Vegetable Extract is the only medicine which can be relied on with any degree of safety. Mothers who have small children should remember this. MANY A CHILD, the past year, who has suffered with this complaint, and has been given over by physicians to die, has been restored by the use of but one bottle of Hart's Vegetable Extract.

The child of William Anderson, North Fourth street, Williamsburgh, aged 20 months, had fits constantly for eight weeks. A consultation of physicians was called, who decided that the case was a hopeless one, and the child must die. Whilst the child was in this dangerous state Mr. Anderson called at my office and obtained a bottle of the Extract, administered it to the child, and the result was a perfect restoration of health.

The son of Mr. Robert McGee, corner of Sullivan and Prince streets, New York, was severely afflicted with fits. In this case also the physicians held a consultation and decided that they could do no more and that nature must effect its own cure, or the boy must die. The Vegetable Extract was administered to him whilst in a fit, by one of the attending physicians. Its effects were almost instantaneous. The fits was broken, and the boy restored to health. Mr. McGee says, "I shall never again be without the medicine in my house, if I can avoid it, for fear that some of the rest of my children may be attacked in the same way. I consider the medicine invaluable.

We would refer to the following persons, who have been cured by using Hart's Vegetable Extract.

W. Bennett, nine years, 171 Grand st.
J. Ellsworth, seven years, 13 Dover st
Joseph McDougal, nine years, East Brooklyn L. I.
H. W. Smith, N. Y Custom House.
S. Kelly, twenty years, Staten Island.
Miss E. McKeet, twenty years, Yorkville.
Miss E. Crane, twenty years, 112 hammersly st.
Wm. H. Parsel, twenty-three years, 78 Norfolk st.
Jacob Petty, four years, 174 Delancy st.
Philo Johnson, twenty-eight years, Greencastle Ct.
Judge Randall, 94 East Broadway, N. Y.
Thomas R. Jones, of the U S Navy.
Capt Wm. Jennings, State st, Bridgport, Ct.

THE TIME IS NOT FAR DISTANT, When thousands who are now trembling under the hand of this dreadful disease, and fearing that every attack may prove fatal, will find permanent relief and be restored to new life, by using this celebrated medicine.

OVER ONE THOUSAND CERTIFICATES, Have been received, in testimony of the beneficial results produced by the use of Dr. Hart's Vegetable Extract.

# DR. McLANE'S VERMIFUGE

*From the Pittsburg Gazette.*

THE past summer (1847) has been a very remarkable one. Frequent and heavy rain, followed by intense and long continued heat, had the effect, in the first place, to promote a rapid growth of succulnto vegetation, and in the second to produce a rapid decomposition of vegetable matter, giving rise to much miasma and spreading sickness, disease and death, in places which had heretofore been remarkable for their salubrity.

We are credibly informed, that whole meadows, on which the grass was unusually heavy, rotted to the ground and was not fit to be cut. In Indiana and Illinois, the sickness was so general, that there was not enough well persons to attend upon the sick, whose sufferings were protracted by a want of proper remedies, as well as of good nursing. Much of this suffering might have been prevented, had every family kept on hand a supply of medicines suited to counteract the effects of this miasma, with which the atmosphere at certain times is surcharged. In addition to Quinine, (which is in such general use as to need no comment,) we would strongly urge every family to keep on hand one or more boxes of "DR M'LANE'S LIVER PILLS."

These Pills are the prescription of an eminent Physician in Monongahala Co. Virginia, and were used by him in his private practice as a remedy in billious complaints, for years before he thought of offering them to the public. Such, however, was the success of the Pills, and so great the number of persons benefited by them, that the making of the quantity requisite to supply the increasing demand, began to interfere materially with the time required to attend to his practice. To prevent this he has made arrangements with the house of J. KIDD & Co. No. 60 Wood Street, Pittsburg, Pa. to prepare and vend them, where the genuine may be procured at all times and in any reasonable quantity.

These Pills are not recommended as a panacea for 'all the ills that flesh is heir to," but in all affections of the Liver and in all bilious complaints, they stand without a rival. All who have ever used them, give them the preference over all other Pills, and cannot be persuaded to exchange those which they find experience to be *mild, safe*, and *effectual*, for any other, even though they may be *sugar coated*, or so drastic as to go "through by day light."

Prepared for the proprietor by J. KIDD & Co wholesale Druggist, No. 60 Wood Street, Pittsburgh, Pa. to whom all orders from a distance must be directed.—Sold also by our Agents and the principal Druggists throughout the United States and Canada.

### Monthly Bulletin. No. 3.

THIS world has ever been the scene of the fiercest struggles between Truth and error. No sooner does Truth propound an important theory, than error, with its legion of allies, seeks to arrest its progress. A most illustrious instance of this, was the opposition made to the immortal JENNER. His master mind was led, under Providence, to the discovery of Vaccination, by which that dreadful scourge, the *small pox*, was robbed of its terrors. He found that the matter from pustules upon the udder of a cow contained a principle which would produce, the almost divine results for which he had so patiently and anxiously sought. Oppositon arose. Interested persons high in social rank and professional position, ridiculed what they dared not deny! They asserted that many vaccinated persons became covered with hair, and even exhibited horns and a tail; and that in one case a child ran on all fours, bellowing like a bull.—But the current was soon turned. The British Parliament voted him £20,000 sterling ($100,000,) and the world sang his praises.

The same spirit has come down to our own time.—Even while we write this Bulletin, interested persons, jealous of the wonderful efficacy and success of

**The Graefenberg Medicines,**

are opposing them. Misguided men! How utterly impossible to arrest their spread. The most extraordinary certificates are constantly flowing in to the Company, from all parts of the country; certificates which have astonished the most respectable citizens. Many of these testimonials have been submitted to gentlemen of great distinction, who have carefully examined them to see that they are GENUINE. Among these, are the names of the Rev. N. Bangs, D. D., of the Methodist Episcopal Church, and Francis Hall, Esq, editor of the New-York Commercial Advertiser. We finally submitted the whole to The Hon. WM. V. BRADY, the Mayor of New York, who has given his certificate, under the Great Seal of the City, that they are genuine and reliable.

With such names, we fear no opposition. We are fortified at every point, and solicit a continuance of the unexampled patronage we have already received We would earnestly advise,—

1st. That in every neighborhood where there is no Graefenberg Depot, immediate steps be taken to have one. By addressing the General Agent of any district, this can be secured.

2d. Families should club together and get an immediate supply.

3d. Emigrant Societies and other philanthropic bodies should furnish them to the needy.

Of the Graefenberg Vegetable Pills alone, 30,000 boxes are sold each and every week!

Of the Health Bitters, an enormous quantity,—These extraordinary Bitters are sold at twenty-five cents a paper, and are warranted to make two quarts of Bitters superior to any in the world. They are composed of Roots, Barks, Herbs, and Vines, gathered in the vast forests and praries of America and are a speedy and certain restorative of weak and debilitated constitutions.

The other Medicines of the Company are of equal value, and are as follows:—

The Graefenberg Sarsaparilla Compound, the Graefenberg Eye Lotion, the Children's Panacea the Green Mountain Ointment, the Consumptive's Balm, the Dysentery Syrup.

THOMSON'S COMPOUND SYRUP OF TAR AND WOOD NAPHTHA.

THE ONLY CERTAIN REMEDY FOR THE CURE OF

**CONSUMPTION,**

Ashma, Bronchists, Spitting Blood, Pain in the Side and Breast, Sore Throat, Haorsness, Palpitation of the heart, Whooping Cough, Croup, Hives, Nervous Tremours, Liver complaint, Diseased Kidneys, and Affections generally of the Throat, Breast and Lungs.

Of all the diseases incident to our climate there is none so universal, and at the same time so insidious and fatal, as Consumption. In this country especially, Pulmonary Consumption is emphatically a scourge and in its resistless career sweeps over the land as a Destroying Angel, laying low, with relentless hand, the strongest and fairest of our race. Hitherto all efforts to arrest this dread disease have proved vain, and all that seemed within our power was at best alleviation of suffering, rendering somewhat smoother the certain progress to the tomb

The proprietor, in offering this preparation to the public, would embrace the opportunity to state upon what grounds it puts forth its merits; and the reasons upon which it founds its superior claims to the attention of the afflicted, that all who require its use may repose full confidence in its curative powers. Since its first preparation he has had the pleasure of witnessing its happy results in numerous instances; but he was determined not to offer it to the public until he had become thoroughly convinced of its efficacy Having such conviction, he now confidently offers it as a remedy without a parallel for the cure of PULMONARY CONSUMPTION and its kindred diseases.

Let the following speak for itself.

"I have used THOMPSON'S COMPOUND SYRUP OF TAR & WOOD NAPHTHA, for some time in my practice, and have found it the most efficient remedy I have ever used in Consumptive cases, Chronic Catarrh, etc when great irritability, with weakness of the pulmonary organs, existed. The rapidity with which it acts is greatly in its favor where dyspnea or oppression exists, when is mediately relieved by it."

"In Pulmonary Consumption it can be used with confidence, being applicable to every form of that disease, and I consider it a medicine well worthy the attention of Physicians, and exempt from the imputation of empiricism." M. CHAMCERS, M. D. Philadelphia, Oct. 11th, 1846.

# DR. McLANE'S LIVER PILLS

A RARITY under the head of a Patent Medicine and advertisement. We ask our readers to peruse the following notice that they will profit thereby.

**M'LANE'S VERMIFUGE.**

A medicine which is perfectly safe, and may be given to children from tender infancy, to advanced age, lays under no restraint as to cold water, or any kind of food. Purges children, subduing fever; destroys and expels worms with invariable success, and is easily administered to children.

That it possesses these valuable properties, is fearlessly asserted, still claiming the aditional advantages of being given in small bulk, and requiring none of the drenching which Worm tea and other supposed Vermifuge demand. During its brilliant career, it has been introduced into many families, where every other known and accessable Vermifuge had been tried without the least success, where it has promptly expelled worms to an almost incredible amount.

Hear what the Editor of the Bulletin of the Pacific, (published in Pittsburgh, Pa.) says in reference to the article.

"In looking up a few advertisements for my small sheet, the other day, I called in upon Messrs. J. KIDD & Co. and remarking that I would be glad to advertise any medicine that really was essentially useful, they furnished me with their circular respecting Dr. M' Lane's Worm Specific, with the accompanying certificates. Feeling pursuaded that the certificates were genuine, I took some of the medicine home for the use of my own young family. I gave the first day a small teaspoonful to Sarah. She was wan-looking and black under the eyes. She passed several worms, some as large as a pipe stem. I also gave a small teaspoonfull Samuel, a little, rosy cheeked fleshy boy, about 5½ years old. But as his stomach was tympanous, i. e. he was pot-bellied, I thought he might have worms.—He cried after more, which I did not see fit to give him, but upon the operation of this medicine, his mother and the neighbors were surprised at the result. He passed nearly a pint of worms, almost all as big as a common pipe stem. There was seventy in all. I then gave some to a little boy only 2 years old, and he passed twenty-five, some eight inches in length. I therefore feel clear to recommend M' Lane's Vermifuge as a specific for worms. It fairly seems death to them.

**DALLEY'S Magical Pain Extractor.**—More proofs that Dalley's Magical Pain Extractor is best Medicine in the world. Every day is demonstrating the matchless virtues of this article.—Letters are coming to us from all parts of the Union expressing gratitude and surprise at the wonderful properties it possesses in all cases of burns, rheumatism, piles, wounds, &c. The press abounds in notices of its high character as a standard Medicine, and from the number we select the following from the Island City of the 12th September:

DALLEY'S MEDICAL PAIN EXTRACTOR.—An invention like this truly wonderful article, so full of virtues should be made known to the universe. Its cures, in many cases are absolutely beyond belief. For burns, scalds, sores, swellings, pains in the limbs of all kinds, cuts, wounds, and in every disease of the body, where it can be applied externally, it never fails to cure. A singular case came under our own observation. A friend in playing with a sharp steel pen, ran it into the palm of his hand so that it came out at the back and had to be extracted that way. The poisonous nature of the ink in the wound, as well as the instrument itself, caused the hand to swell dreadfully.—Dalley's Pain Extractor was applied, and the next day the swelling had entirely gone down, the pain had left, and the wound was cured in a few days.

*Important Caution*—Counterfeits of my Extractor are unblushingly published to the world in my name. Protect yourself, as you value life, and health, from these deceptions. I am, as every druggist in the United States knows, the sole inventor and proprietor of Dalley's Magical Pain Extractor; no other being has ever made or can make a grain of it, for no man living has the secret of the preparation but myself. The only genuine has my written signature on each label, and is sold wholesale and retail at the General Depot 208 Broadway, New York; and at the Southern Depot, 151 CARTRES street, New Orleans, my only general Depot for the South and West.

### MUTUAL BENEFIT LIFE INSURANCE COMPANY.

THIS institution is distinguished fom a others, at home or a broad, by all, o rmost of the following peculiarities—

1. Where the premiums are over $50, it requires only one quarter part in cash, instead of the whole.
2. It allows the assured to pay yearly, quarterly, monthly or weekly.
3. No part of the profits are withheld, or diverted from the assured, either in charity or otherwise.
4. It has no loan, either nominal or real, to pay interest for, having a sufficient capital funded, from premiums received.
5. The assured can withdraw his profits, or have them to accumulate, year by year, at his option.
6. It assures to the age of 67, instead of stopping at 60.
7. It declares the profits yearly, instead of once in five or seven years, and issues scrip yearly io the Assured, bearing 6 per cent interest—which scrip is redeemed in cash, when the profits amounted to $200,000, or allowed to accumulate at the option of the Assured.
8. It enables a man to provide for his wife and children in such a way, that although he may lose every thing, they are safe; and all persons, whether married or unmarried, to provide for Old Age, Sickness and Want, as well as for Death
9. The Assured can surrender the policy at any time after the first year, and receive its equitable value.
10. At any time after the first year, the Assured can borrow on the scrip issued, two-thirds of its amount,—so that he has nothing to fear from a change of circumstances, or inability to pay the premium.
11. Directors and Officers are chosen yearly; and the Assured votes according to his interest.
12. The funds are all invested in United States, New York, New Jersey and Massachusetts stocks, and in Real Estate in New York and New Jersey, wholly unincumbered, and of double the value loaned.
13. It pays no Directors, no Auditors, no Solicitors. It lends money to neither.
14. It does not reckon the Assured a year older than he is—but from six months less to six months more, so as to equalize the estimate between all parties.
15. The rates are lower, the expenses less, and the profits larger, than with Foreign Offices; investments here yielding from 6 to 7 per cent.—abroad only 3 per cent.—to say nothing of 33 1-3 per cent reserved; nor of interest allowed to those who furnish a "guarantee capital," at the rate of 5 per cent, on every hundred pounds subscribed, for every ten pounds paid in!
16. Instead of encouraging, every precaution is taken to prevent, a forfeiture of the policy.
17. The hability of the Assured is limited by Law, to the amount of his premium note.

### TO THE CITIZENS OF Thi Great and Glorious Union.

LIFE being the greatest blessing, that which insurers it free from the evil of premature death must be of paramount importance.

Brandreth's Pills are altogether of Vegetable composition, and while they possess remarkable powers in curing disease, are perfectly harmless, and can thus be used with perfect safety by persons of all ages, and in any condition of the system, with a certainty of beneficial results from their operation, which is mild and pleasant, tho' thoroughly searching to the root of diseased action, and always terminating in a great increase of health and vigor.

Ninety-seven years they have been before the public, and every succeeding year has increased the sphere of their great usefulness. They are now patronized in every part of the civilized world; nor can envy nor detraction materially impair their well established reputation.

These celebrated Pills do not cure entirely by their purging qualities. They have in their composition a vegetable corpuscle, analagous to the corpuscle of the blood; the corpuscle of vegetable origin, becomes incorporated with the mass of the life-giving fluid, and

IMPARTS A FERMENTATIVE POWER

which occasions the blood to throw out all infestial, poisonous, or peccant matters, thereby entirely purifying the whole volume of blood in the circulation.—And thus these Pills cure the most fatal, and noxious and harrassing diseases, in a manner so easy and certain, as to give great thankfulness to the afflicted.

Every year their sale has increased. Dr. Brandreth sells more of them at this time in a month than he did in the whole of the year 1838, or any previous year The sale having increased

TWELVE-FOLD IN TEN YEARS.

Can any other medicine be pointed out that has sustained its reputation—that has increased in the confidence of the public in an equal proportion?

It would be a most happy thing for the poor, if the prejudices of Medical men would permit their general adoption in the public Hospitals. What a blessing this would be to the poor, and also to the whole community in which the Hospitals are situated! No Ship Fever would long remain to poison our atmosphere with its noxious exhalation! No malady—no not even Cholera, would be of a dangerous character were Brandreth's Pills vigorously resorted to when the first of its symptoms were perceived. An Shi Fever, and fevers of an inflammatory, or of a typhoid character would be found equally under their powerful control. While influenza, small-pox, measles, scarlet fever, and all the diseases of children would be affairs requiring only a very few doses of Pills, to entirely re-establish the patient's health. And in case of rheumatism and dropsy, and the various forms of lung disease, no medicine is capable of doing more good; or whose use would tend more to the recovery of health.

THESE FACTS, DR. BRANDRETH PROCLAIMS, ARE

SOLEMN TRUTHS.

Let our Legislatures and men in authority every where look to this. If these things be so—is it not a part of their high duty to cause the Brandreth Pills to be used by our glorious Army and Navy, and in all public Hospitals? Public opinion tells these honorable men, that such is their duty; and one of the most serious character in which is involved the security of many valuable lives. Over Two Millions of our Citizens have approved of Brandreth's Pills: they are no longer a private, but a public medicine.

Let the sick every where see to their interest, and obtain this curer of sickness:—dispenser of health and securer of long life. The weak, the nervous and delicate are strengthened by the operation of Brandreth Pills, which are beneficial for the mind as for the body: mental derangements of all kinds are cured by them; in fact they impart a vigor and power to the intellect truly surprising. it is now a common occurrence when a man is about to make a great effort, to take a dose of Brandreth's Pills, which clear the head and invigorate the perceptive faculties. In fact the literary and sedentary of both sexes will

FIND A TREASURE OF HEALTH,

in these Pills. When sleep cannot be obtained from the nervousness of the system induced from over taxation of the mental faculties, or other causes, one or two of these Pills will invariably produce sleep. In low nervous fevers they are most valuable. Spurzheim and the lamented Harrison would have been saved had these Pills been used.

Remember then, that energy of mind and body result from Brandreth's Pills; that they are applicable in all conditions of the body, doing good if good can be done, and will be sure never to injure.

No family should be without them in the house; because so much depends on the timely application of proper medicine when sickness commences. Sailors, and all other travellers, should never be without them; they prevent scurvy, costiveness, and cure the malignant fevers of hot climates.

When you purchase otherwise than of Dr. B or his agents, be sure and obtain the genuine, and have none other.

BRANDRETH'S PILL'S are sold, with full directions, at 25 cents per box, at 241 Hudson street, 274 Bowery, Mrs. Goff, 4 Market street, Brooklyn, and by Dr. Brandreth's

Principal Office, 241 Broadway, New York, and by DANIEL WOOLSEY, and WM M. WOOLSEY, agents Evansville and by one agent in every town or village in the United States. ap1 4m

### Dr. Townsend's Compound Extract. SARSAPARILLA.

This Extract is put up in quart bottles—it is six times cheaper, pleasanter, and warranted superior to any sold. It cures diseases without vomiting, purging, sickening or debilitating the patient, and is particularly adapted for a

SPRING AND SUMMER MEDICINE.

The great beauty and superiority of this Sarsaparilla over all other remedies is, while it eradicates disease, it vigorates the body.—Consumption cured—Cleanse and strengthen—Cunsumption can be cured—Bronchitis, consumption, liver complaint, colds, coughs, catarrh, asthma, spitting of blood, soreness in the chest, hectic flush, night sweats, difficult or profuse expectoration and pain in the side, &c., have and can be cured.

Probably there never was a remedy that has been so successful in desperate case of consumptionas this; it cleanses and strengthens the system, and appears to heal the ulcers on the lungs, and the patients gradually regains their usual health and strength.

CURIOUS CASE OF CONSUMPTION

There is scarcely a day passes but there are a number of cases of Consumption reported as cured by the use of Dr. Townsend's Sarsaparilla. The following was recently received.

DR. TOWNSEND—*Dear Sir:* For the last three years I have been afflicted with general debility, and nervous consumption of the last stage, and did not expect to ever gain my health at all. After going hrtough a course of medicine under the care of some of the most distinguished regular physicians and members of the Board of Health in New York and elsewhere, an I spending the most of my earnings in attempting to regain my health, and after reading in some paper of your Sarsaparilla I resolved to try it. After using six bottles I found it done me great good and called to see you at your office, with your advice I kept on, and do most heartily thank you for your advice. I persevere in taking the Sarsaparilla, and have been able to attend to my usual labors for the last three months, and I hope by the blessing of God and your Sarsaparilla to continue my health.—It helped me beyond the expectations of all that knew my case. SPITTING BLOOD.

Read the following and say that consumption is incurable if you can.

NEW YORK. April 25 1847.

MR. TOWNSEND: I varily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was grately debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla but a short time, and there has a wonderful change been wrought on me. I am now able to walk all over the city. I raise no blood, and my cough has left me.—You can well imagine that I am thankful for these results. Your obedient servant,

WM. RUSSELL, 65 Catharine st.

LOT HERPEECH.

The annexed certificate tells a simple and truthful story of suffering and relief. There are thousands of similar cases in this city and Brooklyn, and yet thereare thousands of parents who let their children die for fear of being humbugged or to save a few shillings. BROOKLYN, Sept 13, 1847.

DR. TOWNSEND: I take pleasure in stating, for the benefit of those whom it may concern, that my daughter, two years and six months old, was afflicted with general debility and loss of speech, She was given up as past recovery by our family physician; but fortunately I was recommended by a friend to try your Sarsaparilla. Before having used one bottle she recovered her speech and was enabled to walk alone, to the astonishment of all who were acquainted with the circumstance. She is now quite well and in much better health than she has been for 18 months past. JOSEPH TAYLOR,
128 York st. Brooklyn.

TWO CHILDREN SAVED.

Very few families indeed—in fact we have not heard of one—that used Dr. Townsend's Sarsaparilla in time lost any children the past Summer, while those that did not sicken ed and died. The certificate we publish below is conclusive evidence of its value and is only another instance of its saving the lives o children:

DR. TOWNSEND—*Dear Sir:* I had two children cured by your Sarsaparilla of the summer complaint and dysentery; one was only 15 months old and the oth er 3 years. They were very much reduced, and few expected they would die; they were given up by tw respectable physicians. When the doctor informed us that we must lose them; we resolved to try your Sarsaparilla we had heard so much of, but had little confidence; there being so much stuff advertised that is worthless; but we are very thankful that we did, for it, unboubtedly saved the lives of both I write this that others may be induced to use it.

Yours, respectfully, JOHN WILSON, Jr.

LUNATIC ASYLUM.

James Cummings, Esq. one of the Assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter:

RHEUMATISM.

This is only one of more than four thousand cases of rheumatism that Dr. Townsend's Sarsaparilla has cured—The most severe and chronic cases are weekly gradicated by its extraordinary virtues:

BLACKWELL'S ISLAND, Sept. 14, 1847.

DR. TOWNSEND: I have suffered terribly for nine years with the rheumatism; considerable of the time I could not eat, sleep or work; I had the most distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good—I am so much better. Indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted. Yours, respectfully,

JAMES CUMMINGS.

COULD NOT WALK.

That Dr. Townsend's Sarsaparilla is the very best remedy for female complaints there is no disputing thousands and thousands of weak and debilitated emales that were prostrated by those diseases to which females are subject were soon in the enjoyment of robust health. NEW YORK, Sep 25, 1847.

DR. TOWNSEND: My wife has for the last year been very sick, and in a greatly reduced state of health being reduced by a variety of complaints such as females are liable to; she got so bad at length that she was entirely unable to walk, and was as helpless as a child, she commenced using your Sarsaparilla, and she immediately began to regain her strength, her complaints left her, and after taking several bottles she is restored. Being a singular case I have thought it might do good to publish it. She used a number of remedies that done her no good previously.

Yours, respectfully, JOHN MULLEN,

### TO THE LADIES.

GREAT FEMALE MEDICINE.

DR. TOWNSEND'S SARSAPARILLA is a sovereign and speedy cure for incipient consumption, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of barrenness.

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of case have been reported tous.

DR. TOWNSEND: My wife being greatly distressed by weakness and general debility, and suffering continually by pain and with other difficulties, and having known cases where your medicine has effected great cures; and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla and followed the directions you gave me. In a short period it removed her complaints and restored her to health. Being grateful for the benefits she received, I take pleasure in thus acknowledging it, and recommending it to the public

TO MOTHERS AND MARRIED LADIES

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using thisemedicine. Not is it less valuable for those who are approaching womanhood, it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medecine is invaluable for all the diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body—not so far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines taken for female weakness and disease.
