READY MADE CLOTHING!
In reference to which they would suggest, that the facility with which their goods can be given, every garment being marked in lengths and breadths, the same size breast being varied to suit different proportions of the same measure should give them a preference over any clothing, the size of which are indefinitely marked. The difficulty of readily suiting patrons from that fact, it is presumed, has been very generally realized. A RETIRED PHYSICIAN,

HAVE nearly run out, discovered while in the East Indies, a certain cure for Consumption, Bronchitis, Coughs, Colds, and general debility. This remedy was discovered by him when his only child—a daughter—was given up to die. Wishing to do as much good as possible, he will send to such as desire it (free of charge) the receipt with full directions for making up and successfully using it. He requires each applicant to inclose him one shilling—three cents to be returned as postage on the receipt, and the remainder to be applied to the expense of this advertisement. Address DR. H. CONSUMPTION CURED.
BE NOT DECEIVED by base imitations. HEGEMAN, CLARK & CO.'S GENUINE COD LIVER OIL, never disappoints, and ten years' experience has proved it superior to all others, and the only reliable cure for CONSUMPTION.
As there is a great deal of spurious oil in the market adulterated with seal oil, whale oil, &c., &c., too much care cannot be taken to procure the genuine.
Our oil is made at our own factory in Newfoundland and each bottle has our signature over the cork, be careful to get HEGEMAN, CLARK & CO.'S, as strangers who had used other oil of inferior quality, and were about giving up in despair have been restored to health by using the genuine Oil of our manufacture. QUIT DRINKING POISONOUS LIQUORS.
PATENT IMPROVED PROCESS
FOR MAKING
All Kinds of Liquors and Vinegar.
INSTANTLY, by the use of
LACOUR'S ESSENTIAL OILS.
These Oils are obtained by Distillation at the Chemical Laboratory, Parish of Jefferson, of Pierre Lacour, author of Lacour's Chemical Analysis, Lacour's Chemical Manipulations, Lacour on the Manufacture of Liquors, &c.
Purchasers are particularly requested to return the flasks unbroken, if they do not give perfect satisfaction.
LACOUR'S OIL OF COGNAC converts neutral spirit to a superior imitation of Imported Brandies, viz: Otard, Seignac, Martell, Cognac, Pontinac, Seignette, United Vineyard Proprietors, Castillion and London Dock Brandies.—These liquors will have a full fruity flavor and a beautiful sparkling color. Common Rectified Whisky will be changed by the use of the Oil of Cognac to New York Brandy, Pine Apple Brandy, Common Cognac Brandy, &c.
LACOUR'S OIL OF RYE changes Rectified Whisky to Monongahela Rye Whisky, Old Virginia Malt Whisky, Bourbon Whisky, &c.
OIL OF CEDRAT changes common Rectified Whisky to Old Irish Malt Whisky, and a superior article of Scotch Whisky.
OIL OF PEACH changes common Whisky to Virginia Peach Brandy, &c. Oil of Peach and oil of Cognac will convert common Whisky to Apple Brandy.
OIL OF GIN converts the poorest Whisky to Holland Gin Schiedam Schnapps, Rose Gin, Swan Gin, English Gin, &c.
LACOUR'S CONCENTRATED ACID will, in five hours time, age wine, change five gallons of good Vinegar and twenty-five gallons of water to thirty gallons of the most acid vinegar that can be found in the market. By the use of Lacour's Concentrated Acid, Vinegar can be made for one dollar and sixty cents per barrel.
FOR MAKING LIQUORS, Lacour's Oils require no preparation—only pour the oil into the whisky and shake well. The liquors thus made will have a fine natural aroma, a full rich, oily taste, a beautiful transparent color and a fine bead. Lacour's oils exert three distinct properties in converting common whisky to brandy, gin, &c. The first property combines with and subdivides in the form of fine colloid particles the whole of the grain oil, (Amylic Alcohol.) The whisky is thus depressed of that peculiar irritating and burning taste, and becomes a neutral spirit; the second property consists in an oily mucilaginous taste imparted to the liquor, which renders it mellow, and imparts an appearance of great age; the third property is exhibited in the rich ethereal nutty odor that is imparted to the liquor, which renders distinction from the genuine brands impossible.
These oils are put up in quart flasks; each flask contains sufficient oil for making three hundred gallons of liquor.—Full and comprehensive directions accompany the bottles. Price $2 per bottle.
