Deputy Attorney General Peters has filed in the Supreme Court a motion to strike from the files the appeal of the Queen's hospital from the decision of the auditor refusing to pay the hospital subsidy. The motion is on the ground that the subsidy is not a necessary current expense of the government, and it raises a part of the issues which local financial men desire to have tested.

ANOTHER ADACHI.

"Yankee" Adachi, till now resident at Wahiawa, has been engaged by the Hawaii Shimpo and the Advertiser to proceed to the seat of war in the Orient, and act there as the correspondent of these papers. MURPHY AT THE HEALANI CLUB

IS TRAINING FOR HIS BOUT WITH DAVE GARDNER—A LIVELY ROUTINE.

Assuming Tim Murphy to assume of the Healani Club for the coming match with Dave Gardner, Murphy has varied his course of training somewhat and is now following the same routine that he observed when he trained for the last fight. Murphy says that he finds he can not afford to have to lose climate as he can in a colder region and in consequence he does not work as hard as he would if he were on the coast preparing for a fight.

He starts out at eight every morning and takes a seven mile run and a rub at the end. He goes about his room for about 10:30 o'clock, when he is given a rubdown.

Nothing is done until the afternoon when he goes to the club and takes one hour exercising work. He leaves the club at four, among the regulars about thirty minutes and then works with the dumb bells and boxes for another period. After that hard work Murphy takes a swim and a rub down and is finished with his work.

He says that he has not tried to train on a fat diet. He is sticking to the usual kind of food. The coming fight between Harry and Murphy will be better than the last fight. It is likely to last longer, for Murphy will hardly mix up the fighting as he did the last time he met Harry. The latter is so strong that he recovers readily from severe punishment.

Harry is training at the Japanese. Murphy is not being trained by Dougherty for the coming match, but is being handled by Stone. Murphy has the heavyweight Kinkaid in his corner and is endeavoring the utmost of his approaching bout with Gardner. Kinkaid is a big strapping fellow weighing 215 pounds. He looks now to be in fine condition. Murphy says that he will have his property in trim for the coming fight. Ackerman and Harriger are to meet in one of the preliminaries on March 12. The fight promises to be a fast go.

NEW RAIN RECORD

Oahu has a new record for rainfall and Laukaha, which hitherto has been considered the Hilo of this island, the rainiest place on it, has to yield the palm. The new plumus covered slope of Jupiter Pineline is Manoa-Nuuanu ranch where during the month of February there fell 44.89 inches of rain. This beats the record hitherto held by Laukaha of 42.7 inches of rain which fell in March 1902.

WIRELESS SUBSIDY

The Wireless Telegraph Company is to be paid the January subsidy of $1,500, less $44.44 1-9 for every day in January which the system did not work. DOCTORS AS EXPERTS

The testimony in the damage case of W. H. Riley vs. the Metropolitan Meat Company this morning was principally that of doctors called as experts on the plaintiff's injuries. Drs. Burgess, Humphris, Hodgins, Wood, Walters and Wayson have been subpoenaed. It is understood that some of the doctors will give testimony greatly differing from that of Dr. Burgess, who was called by the plaintiff. Riley claims that his knee was permanently injured, when he was run down while riding a wheel, by a wagon of the meat company. He asks $15,000 damages.
