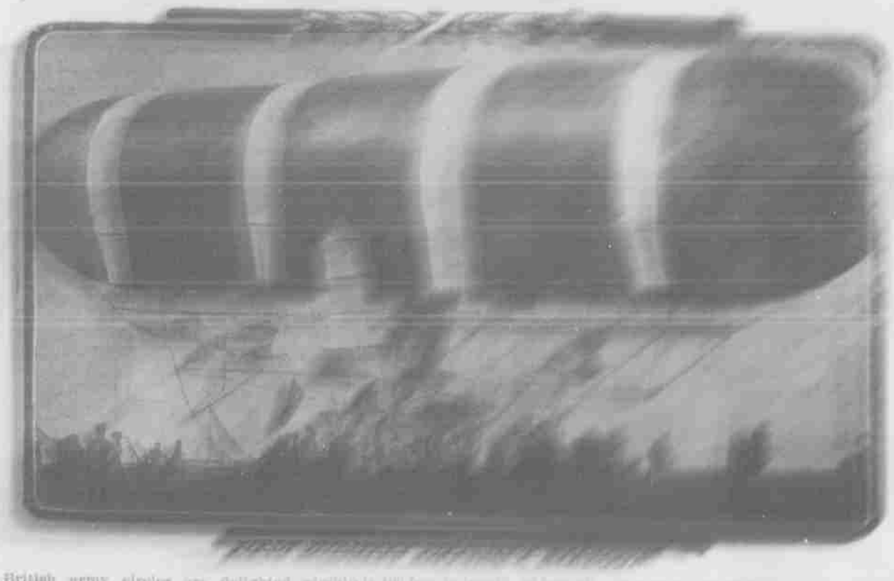
New Yorkers Speak Strongly For Pearl Harbor

BRITAIN'S BIG MILITARY AIRSHIP



British army circles are delighted with the new big balloon which has just made a splendid showing at its trials at Farnborough and demonstrated the practicability of the dirigible airship for military purposes. The

STATE CHAMBER OF COMMERCE APPROVES

OFFICIAL VIEW OF THE MOOREE BEATS IN THE UNION ARE CONGRESS TO TAKE ACTION TO HAVE THE HARBOR OPENED FOR COMMERCE—TEXT OF RESOLUTIONS UNANIMOUSLY ADOPTED BY THE NEW YORKERS

The official letter was received yesterday by H. P. Wood, secretary of the Honolulu Chamber of Commerce, from the Chamber of Commerce of the State of New York.

New York, Oct. 7, 1907.

My dear Sir:

Your letter of the 1st of September and accompanying resolution adopted by your Chamber in regard to the improvement of Pearl Harbor, have been received and were brought to the attention of this chamber at its meeting on the 3rd instant when the following resolution was unanimously adopted:

"Whereas, The commercial interests of the United States upon the Pacific Ocean require the protection of ships in dry dock facilities in the Hawaiian Islands, and

"Whereas, Pearl Harbor situated near Honolulu, represents one of the best natural harbors in the world, provides a safe anchorage, and is well situated for the accommodation of the present trade, now therefore be it,

"Resolved, That the Chamber of Commerce of the State of New York, favor the improvement of the Pearl Harbor channel in order that this fine harbor may be available for vessels of deep draught, and be it further,

"Resolved, That copies of this resolution be sent to the President of the United States, and the members of the Senate and the House of Representatives in Congress assembled.

"A copy of the preamble and resolutions will in due time be placed in the hands of the President and each member of the Senate and House. With my best wishes, believe me,

Yours very truly,

GEO. WILSON,
Secretary.

THE PANIC

(Associated Press Cable to The Star.)

NEW YORK, October 23.—Secretary of the Treasury Cortelyou has deposited funds with local banks to help them to tide over present difficulties.

The Knickerbocker Company did not reopen today as was expected.

The Trust Company of America has asked aid, but has withstood runs. The condition of the banks is satisfactory.

Stocks are irregular. J. P. Morgan is aiding in restoring order.

PITTSBURG, October 23.—The Stock Exchange did not open here today. The Security Investment Company is involved in difficulties, affecting the Westinghouse Electric Co., and other concerns. Receivers have been asked.

CARSON, Nevada, October 23.—The Nevada State Bank and Trust Company, together with its branches at Goldfield, Tonopah, Manhattan and Blair, have suspended. The Nye and Ormsby County Bank has closed for three days to procure coin.

NEW YORK, October 12.—The uneasy feeling which has been gathering in the stock market during the week eventuated in a sharp spasm of liquidation today, which gave a demoralized tone to trading. The publication of an alleged order issued by E. H. Harriman for cutting down of expenses in all departments of the railroad systems under his control owing to the stringency of the money market was the sole factor. Harriman's denial of having issued this order and his assertion that sustained pressure of traffic on the railroad lines concerned would preclude the cutting down of operating forces had but little influence in correcting the demoralized tone of

"MIKE'S" BID FOR HONOLULU

BASEBALL MANAGER'S CABLE OFFERING $50,000 FOR BIG GAME HERE.

The San Francisco Bulletin of the 9th has the following:

"Garry Herrmann, resident of National Commission, Cincinnati, Ohio, Honolulu offers $50,000 for deciding game of the world's series. Sunshine guaranteed. Answer.

"(Signed) MIKE FISER."

"The foregoing message was sent over the wire last night, for the writer was present when the king of boosters handed it to the operator. Fisher assured the writer that he was authorized by the moneyed men of the Hawaiian Islands to put in a bid for the final game. It was left to Fisher to name the purse, and he put it at $50,000. This is more money than Battling Nelson and Joe Gans fought for at Goldfield. Of course, there is scant prospect of the major leaguers accepting Fisher's offer. There is more money nearer at home. If Fisher had hung up a $50,000 for the deciding game then the champions might have taken notice, but $50,000 will hardly bring home the bacon. Whether Honolulu gets the big game or not it will come in for a ton of free advertising in consequence of the San Francisco manager's offer.

VIEWS OF P. C. JONES

MARKET FLURRY REACTION FROM HIGH PROSPERITY AND NOT CAUSED BY ROOSEVELT.

P. C. Jones was a charming passenger on the China this morning, and in exercise about his trip stated that he had been on the jump ever since he last left here, and had not had time to look into things very carefully.

"The financial condition of affairs on the Coast is very good at present," he said, "and the most influential business men on the Coast seem to be encouraged. I think the conditions in New York are due to over speculation, and the over prosperousness of the country in general. I do not think that the policy of the President has anything to do with the condition of the money market, and it has been emphatically denied to me by representative men, that his policy has anything whatever to do with it.

"While I was away I spent five days in motion, and on the 2nd of October I dined with twenty-one members of my family in honor of the 50th anniversary of my landing in Honolulu. The day was one of the happiest of my life, and I enjoyed every minute of it.

"From October 8 to 11, I attended the annual meeting of the American Board of Foreign Missions, which was held in Cleveland, Ohio.

"I was unable to look into the steamship question as I would have liked to, but I did find out that the Yale and Harvard were not suitable in any way to this trade. I hope this important matter of steamships will be brought up and decided upon very soon, as we are very much in need of better transportation facilities."

NERVOUS NEW YORK

SAN FRANCISCO, October 15.—The Recorder says:

"To show the inconsistencies of the New York stock market, and to show one means of sitting on stocks, the following incident actually happened today:

"The New York stock market opened fairly strong this morning, and, to all appearances, had a firm tone. After the first few hours of trading prices suddenly commenced to tumble and a bad break took place. Inquiries sent East by E. F. Hutton & Co., over their own private wire, as to the cause of the sharp action, brought the following revelation: 'Rumors here of a serious demonstration in San Francisco against the Japanese; wire particulars immediately.'

When F. P. Burke, Hutton's local manager, got hold of this wire, he nearly collapsed, and hastily sent this in reply: "A letter with a 'skate' on fell through the window of a Japanese laundry. A row and fist fight followed but no one was hurt. Peace reigns supreme."

When the above details got to New York and the operators there saw that they were handed a "lemon," the market for the great railroad and industrial stocks of the United States of America took a sharp turn and immediately jumped a few points ahead. What do you think of that? The people of San Francisco, and in fact, the people of the whole country who are in "long" on the New York stock market should appreciate the timely action of Mr. Burke, for were it not for that gentleman's handling of the situation the calls for "more mud" would have been shocking.
