ENCOURAGE HOME ENTERPRISE.

THE undersigned having been engaged in the South, for the last fifteen years in the manufacture of PORTABLE GRIST MILLS, during which time he has made such improvements in milling, that enable the planter to grind from ten to fifteen bushels of Meal per hour, with horse power—being at least three times the amount ground by any Horse Mills manufactured in the North or East.

☞ Prices range from $60 to $100.

I call the attention of those interested in Milling, to a late improvement that I have made. The improvement consists in constructing the Mill so that the lower rock or runner oscillates and bears on all the surface of the rocks equally, thereby preventing the Mill from becoming unlevel, and grinding coarse meal. Beware of imitations and false representations.

FLOUR MILLS.—The undersigned is prepared to manufacture FLOUR MILLS of the best French Burr Rock, with the above improvements, with an extra Mill for regrinding the same wheat. Also, Small Mills of the most approved kind; all of which are made portable and delivered to order in any part of the South on the most reasonable terms.

DOUBLE CIRCULAR SAW-MILL.

[LUMBER AT $1 25 PER 100 FEET.]

HAVING our Mill now in full and complete operation, and possessing other advantages and facilities far superior to any other mill on the M. & O. Railroad, we can make it to the interest of all parties wanting lumber to give us a call. Our lumber is the very best long leaf yellow pine.

Our mill being capable of sawing from twelve to twenty thousand feet per day, we can fill orders with promptness and dispatch. The principle upon which the double circular saw mills work is such that they make better lumber than can be made by any single saw, circular or upright. Running two saws, cutting on one log, sawing plank from each side of the log at the same time, keeps the log from springing, thereby making the plank of a uniform thickness from one end to the other, and, of course, saving the workman much labor in working it up. In fact most builders who have used our lumber, estimate a saving of 25 per cent. in working it, over the lumber sawed by the ordinary circular saw-mills.

All communications addressed to the undersigned will meet with prompt attention.

☞ Lumber at $1 25 per 100 feet.

LESPRANCE'S *FEMALE CORDIAL.*

The Great Beautifier, Invigorator and Regulator!

FOR PRODUCING A BLOOMING COMPLEXION, GRACEFUL CARRIAGE AND VIGOROUS FEELING POSITION, BANISHING BLOTCHES, and Eruptions from the Face, Curing Low Spirits, Melancholy, Nervousness, Palpitation of the Heart, Giddiness, Pains in the Head, Back and Limbs,

and all the various forms of disease produced by suppressed, painful and irregular menstruation, to which the female sex is subject.

This Medicine has been thoroughly tested in the South, and proves to be fully equal to all it has been represented.

Originally designed for regulating and bringing on the monthly period of women, which it does under all circumstances; it also proves to be the most Fortunate Invigorator and Beautifier now in use.

Testimony of one of the most prominent citizens of Mobile. Mobile was recently entirely cured of debility and nervous feeling, so much so that, through its agency, she was enabled to be married, and by exciting this order to be had by application, through the use of LESPRANCE'S FEMALE CORDIAL, when all other remedies had failed, she was restored to health and happiness and the society of her friends and family.

Other equally surprising cures performed by this medicine have become known to the proprietors.

Sold by SAMPLE & McLELLAND, Macon, Tallant & Co., Mobile, John Wright & Co., New Orleans, and all druggists.

Cherokee Remedy.

AN UNFAILING CURE FOR Gonorrhœa and all Diseases of the Urinary Organs.

THIS REMEDY cures when all other preparation fail. It is entirely unlike every other compound; containing no *mineral poison* or *nauseous Drug*; as it is prepared solely from *Roots, Barks* and *Leaves*, and has been handed down from one generation to another by the *Cherokee Indians*. It is offered to the public on its own intrinsic merits. It performs its duty quickly and thoroughly. The *unfortunate* of either sex will be repaid by using this *remedy* instead of placing themselves at the mercy of some quack or professor. This remedy strikes at the very root of the disease; its tendency is not simply to suspend the poison, but to remove the cause, on which it depends. Full directions in pamphlet form accompanying each bottle. The speed and permanent relief afforded by this Remedy, in all cases of Gonorrhœa (Clapp) Gleet, Gravel, Stricture, Fluor Albus (Whites in Females) and all diseases of the Urinary Organs, has astonished the most scientific men of the age. This remedy not only eradicates all poison from the system but invigorates the most delicate constitution.

☞ It does not affect the Breath, or interfere with any class of business, or require any deviation from the usual diet. ☞ It requires no assistance from other medicine.

☞ And what enhances its value, is the entire absence of all *nauseous taste*, being a pleasant and delicious syrup.

Price $2 per bottle, or three bottles for $5.
