City News.

When in the city give Williams & Clark a call for dry goods and notions, cheap for cash.

Willard Stapleton's is the place to put up your horses when in Guthrie, be sure and give him a call.

Call on Andy Jones when in the city for cheap groceries and hardward.

The Catholic School is very largely attended, and is doing a great work in the way of education. Many scholars are in from the country. Father Anciaux is in charge of the school. We visited the school on tWednesday and found the house crowded with brillant students, led by an excellent corps of teachers.

Those boys that go around the town shooting should be taken in hand by their parents. Parents must remember that they are responsibe for their children, and should see that they have the best of instruction possible. These boys should not be allowed to run at large after night. Teach them the royal path of life. Teach them that they are soon to become men and that to make good men they must be good boys. There is nothing more painful to a true man than to see a set of small boys locked in a prison house. We as men can not afford to see these boys going to destruction without trying to help them in some way. Who is responsible for the bad conduct of these 3 small boys, who are now under lock and key? Is it the town authorities, is it their associates or is it their parents? Who will answer this all important question.

Used MEXICAN
MUSTANG LINIMENT
38 years. Only Liniment used, before the war, on farm where he lived. No liniment like Mexican Mustang Liniment. Read his interesting testimonial letter.

REV. H. C. PHILLIPS.

Lyon Manufacturing Co. Brooklyn, N. Y. New Berne, N. C., March 26, 1895.

Gentlemen—I have been acquainted with Mexican Mustang Liniment for 38 years and think there is no liniment on the market that is its equal for man and beast. Before the war it was the only remedy that was used upon the farm were I lived for cuts, sores, bruises, and pain or soreness arising from any hurt to the body of man or beast. During 1865 I preached in Washington, N. C. Mr. Willis, a painter of that place had something the matter with his hand. he never knew what. He suffered night and day, a constant misery, and tried everything he heard of without getting any relief. When I heard of his condition I had him get a bottle of Mexican Mustang Liniment and use it and it cured him completely and he was able to use his hand as before. He blesses me to this day for showing him the medicine.

Very truly yours, REV. H. C. PHILLIPS.

READ THIS, FRIEND:

People must know what a man has to sell before they will go to buy. If it is what they want and the price suits them they will buy it. But they will not know what a merchant has to sell or the price unless he publishes it to world. Let a man try to sell a thing and not hand-bill the sale. The same principle, to some extent holds good in a mercharntile business. The street auctioneer draws his crowd by advertising his goods; the thrifty merchant the same. He draws his customers in that way. The Patent Medicine man by his almanac sells his goods by letting the public know what it is, the price and what it will do. The great secret of a man's success in life is what the people know of him. Henry Clay said it was not what a man knew or did but what the people thought he knew or did. The people move by thought, not by reason and reason by comparison. How can they compare without something to compare? When goods are advertised people can compare quality and price. show them your stock of goods. Obtain their patronage by advertising your business through THE LANGSTON CITY HERALD, the official organ of the business men.

WHEN YOU SEND IN THE NAMES, BE SURE AND SEND IN THE MONEY WITH THEM
