HUNT'S REMEDY.

THIS REMEDY WAS ORIGINALLY PRESCRIBED by an eminent physician for a case of Dropsy in Mrs. Hunt's family. John Hunt, aged about 45, of a stout and plethoric habit, was seized with a sudden attack of general dropsy, which in a few days threatened his life. The ordinary remedies had all proved ineffectual, and under their use the patient was fast falling into a alarming state. The dropsy was general and extensive, legs swelled to an enormous size and the water increasing rapidly. He was entirely unable to lie down in bed, and was forced to remain night and day in a sitting posture. This state of things continued until by the advice of the physician attended to, the present remedy was tried. In consequence of its peculiar nature it was necessary to prepare it with great care, and in order to insure this it was intrusted to the family of Mr. Hunt to procure and compound it.

The remedy was administered, and almost from the moment of its reception a decided improvement became manifest. The kidneys were immediately affected and roused to action; the swelling of the legs rapidly subsided, the tissues were freed and restored their healthy and agreeable action; the flesh of limbs resumed its elasticity, "coking" remaining, and he was rapidly outwalking, when comfortable, prompted by this rapid improvement, he gave up the remedy for a short time.

It was unfortunate, for the curative process was arrested, the kidneys dagged in their action, again becoming torpid, the water increased with frightful rapidity and he soon again found himself in a very alarming state. The remedy again had recourse to, and by its persevering use the disease was a second time subdued. But this was a most aggravated and severe case, and it took all the virtues of the Remedy, combined with care and time, to eradicate the effects of the disease. But through a persevering use of it a permanent cure was effected, and he resumed his active out-of-door occupation, within a short time, a well man.

This was the manner in which the Remedy was brought into notice, and since then for a period of twenty five (25) years the medicine has been prepared after the same approved formula by Mrs. Hunt, and used by our first physicians in their private practice, for this and similar complaints.

It has been well and favorably known and extensively use stood that time by all classes, both with and without the advice of physicians, and has been the means of saving from a lingering and frightful disease, and untimely death, many of our most estimable and well-known citizens.

HUNT'S REMEDY.

Rubber Paint.

Manufactured by the Pacific Rubber Paint Co. of San Francisco.

THE

BEST PAINT IN THE WORLD

THIS PAINT IS PUT UP IN QUARTER, one, and five gallon tins, also in five gallon pails and barrels. It is prepared in pure snow white, jet black, and all colors, comprising any number of different shades.

Is ready for immediate use,

being a great advantage as it can be used by any one.

The Rubber Paint is unaffected by change of temperature, is impervious to water, is adapted to all classes of work, and in every way a

Better Paint

for either outside or inside work than any other paint known, and will last at least twice as long.

For Wagons, Agricultural Implements, Roofs and Vessels it has no equal.

The Rubber Paint dries with a gloss equal to varnish, and at the same time as adhesive and elastic that it will not crack or peel off, and is therefore admirably adapted for house painting in this climate.

In addition to the above it is the

Cheapest Paint ever imported here!

Sample cards of different shades to be seen at the office of the agent.

For sale in quantities to suit purchasers.
