CAN BE THOROUGHLY CURED BY

DR. HOOFLAND'S

CELEBRATED GERMAN BITTERS,

PREPARED BY

DR. C. M. JACKSON,

AT THE

GERMAN MEDICINE STORE,

No. 120 Arch Street, Philadelphia.

There can be no doubt but these diseases is not cured, if cured at, by any other preparation in the United States, while for a short, in many cases of the most skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

READ AND BE CONVINCED.

The Hon. Charles D. Hinelline, Editor of the "Camden Democrat," the best paper in West Jersey, says, July 21:—

"HOOFLAND'S GERMAN BITTERS.

"We have seen many flattering notices of this medicine, and the source from which they came, induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it operate in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

"If this medicine were more generally used, we are satisfied there would be less sickness, as from the stomach, liver and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed to give a trial—it will then recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."

[From the "Boston Bee."]

The editor said, Dec. 22d—

"Dr. Hoofland's Celebrated German Bitters for the cure of Liver Complaints, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our office says he has found a permanent and permanent cure of Liver Complaint from the use of this remedy. We are convinced that in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience and to the afflicted we advise the use of them."

Saturday's Weekly, one of the best Literary papers published, said, Aug 25—

"Dr. Hoofland's German Bitters, manufactured by Dr. Jackson, we were encouraged by some of the most eminent members of the faculty to be an article of much efficacy in cases of dyspepsia, &c. As such in the case, we would advise all sufferers of dyspepsia, and those whose constitutions much shaken, to give one of the bottles a trial, and there will be no subsequent cause to their health, to be known from experience the satisfactory effect they have upon weak systems."

Judge M. M. Dodge, a gentleman with whom great social and literary attainments, said in his "New York Weekly Messenger," Jan 6 1850.

"Dr. Hoofland's German Bitters.—Here is a preparation which the leading physicians in the Union suppose to be unsurpassed in its recommending and curative properties. It is made up of a prescription furnished by one of the most celebrated physicians of modern times, Dr. Christopher Wilhelm Hoofland, Professor in the University of Jena. Private Physician to the King of Prussia, and author of the greatest medical work ever published in Germany. He is the physician of the energy of its acts and increase a medicine of which he was the inventor, and extensively used in Europe, especially recommended in Liver Complaint, Dyspepsia, Debility, Jaundice, Affections of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Now Hoofland's Bitters express their cure virtues of its experience, and we cannot do better than speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the general proposition (Dr. C. M. Jackson's) preparation, but in recommending the article as well adapted."

BOOK NOTICES.

The Philadelphia Saturday Gazette, "the best family newspaper published in the United States, the editor says of

DR. HOOFLAND'S GERMAN BITTERS.

"It is a medicine that we recommend with confidence to our readers, and, therefore, when we recommend Dr. Hoofland's German Bitters, we feel, it to be distinctly understood that we are not speaking of the nostrums of the day, those we so strongly denounce, and then forgetting after they have done their entire mischief, but of a medicine long established, a universally praised, and which has met the hearty approval of the Faculty itself.

Evidence upon evidence has been received like the foregoing, from all sections of the Union, the last three years, and the constant testimony in favor of this great medicine has at last forced the regular Physicians of Philadelphia than all other are remembered, a fact that can easily be established, and fully proving it is a scientific preparation will meet with more quiet approval where even in this town.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed it acts specifically upon the stomach and liver—its effect is most direct. They can be administered to FEMALES or INFANTS with safety and infinite benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high celebrity which it is necessary for all medicines to attain to insure counterfeiters to put forth a spurious article at the risk of the lives of those who are innocently deceived.

LOOK WELL TO THE MARKS OF THE GENUINE.

ON THE MUTUAL PLAN,

This company will insure at the usual rates, and in three particulars claim the superiority over all *mutual* Companies.

1st. Deducting only ten per cent commission from the Mutual Insurance Fund, instead of the *entire expenses* of the Company, annually.

2nd. Giving scrip certificates of profits each year, payable in cash when two hundred dollars and dollars has accumulated as a reserved mutual fund, *such scrip bearing interest from date and transferable.*

3rd. In addition to the usual Mutual Fund and reserved Fund, received from mutual insurers, the capital stock, one hundred thousand dollars, and all the reserved fund of the Joint Stock insurance is pledged for the payment of losses.

ON THE JOINT STOCK PLAN,

The rates are reduced one third the amount charged on the mutual plan,—the Company taking only *what it is worth*, to insure a life a given amount, for a given time, instead of taking more than an equitable sum and afterwards paying back a part of *one's own money and calling it so much profit.* The great advantage of this mode of insurance over the mutual plan may be thus illustrated. Suppose a father, at the age of thirty-two years, resolves to expend twenty-five dollars per annum for insurance on his life. On the *Mutual* plan it will secure him policy of one thousand dollars. On the *Joint Stock* plan the same twenty-five dollars will secure him a policy of one thousand and five hundred dollars.

ON LIFE AND HEALTH COMBINED.

The rates are as favorable to the assured as safety to the company will permit. Insurance in this form is of great importance to all who have others depending on them for support.

CALIFORNIA LIFE RISKS,

taken at lower rates than by any other Company.

This is owing to the fact that the rates on the Joint Stock plan of this Company are *one third less* than in Mutual Companies generally. Many young men are now going on insurance on their lives, and raising their funds to go to California with, by borrowing, against their policies as security, from their friends.

The Hartford Life and Health Insurance Company is *unusually prosperous.*

"Its success is unprecedented by that of any Life Insurance Company that ever existed in this country. 'Its Managers are among our most respected and responsible citizens.—They are men who exercise the utmost care in the discharge of their duties, and are determined to close safe and successful business.—*Hartford Daily Times.*

All heads of families should consider the importance of Life Insurance. All men living upon salaries should in this way provide for the future. All who wish to make investments will find on examination that it can be in no better way than in this. 43tf.
