### The Sentinel for 1863!

THE governmental and political questions of the coming year will have an absorbing interest for every citizen. We are engaged in a gigantic civil war, the result of which none can foresee. It threatens a radical change in the institutions and principles upon which the Government was founded, and the destruction of the liberty and rights of the citizen, such as the people of no other nation have enjoyed, and a which may be attributed our unequaled progress in national prosperity and greatness. The issue will soon be upon us, whether this free Government shall be preserved and maintained and the rights of the States under the Constitution perpetuated, or a powerful central authority be permitted to grow out of this war, obliterating State lines, State institutions, and all those checks upon the Federal Government, rights reserved by the States, which have constituted the excellence and superiority of our nationality—States "one as the sea" for the common objects set forth in the Constitution, but "distinct as the billows" in the management of their purely domestic affairs. These questions were involved in the recent elections, and the voice of the people was most emphatically expressed for the "Constitution as it is and the Union as it was." Never was there a time when it was so important that the people should be thoroughly advised as to the progress and condition of public affairs and of passing events. A people are not fit for self-government unless with an intelligent judgment they decide upon the questions which affect alike their own and the public welfare.

### CONGRESS

Will soon assemble, and the most important questions will be brought before it for determination. One of which, the Emancipation and Colonization policy of the President, will vitally affect the future of the country. All interesting Congressional proceedings will be reported in the *Sentinel*.

### THE LEGISLATURE

A new Legislature will assemble on the 8th of January next. Its action will have a deep interest for the citizens of Indiana. The *Sentinel* will contain a faithful and intelligent report of its proceedings, so that the reader can understand from day to day what their Representatives are doing.

### THE WAR.

The events of the war as they are developed will be faithfully given, so that the public may be advised as to its progress; the results of battles; the condition of the contending armies, and all that affects the great struggle, at home and abroad, for the overthrow of the Rebellion

In addition, the *Sentinel* will contain the CURRENT NEWS of the day, CHOICE MISCELLANY, STATE ITEMS, the latest reports of the NEW YORK and CINCINNATI GENERAL and CATTLE MARKETS, the condition of the MONEY and STOCK MARKETS; in a word, it will be the effort of the Proprietors of the *Sentinel* to give its columns an interest for all classes of readers and such information as will be especially adapted to the well being of the citizens of Indiana.

The *Sentinel* will continue to represent and stand by the regular organizations of the Democratic party, State and National; sustain the principles and policy they shall avow, and support the candidates they may nominate.

We have no agents. The low prices for subscription will not allow it. We therefore ask our Democratic friends—all who desire the success of sound principles—to aid in the extension of the circulation of the *Sentinel*, Daily and Weekly, until they shall at least reach every Democratic family in Indiana. The press is a most important agent in directing aright the public mind, and all that is needed to give the Democratic party permanent rule is the enlightenment of the people as to its principles and policy. It shall be our aim, with all the ability we possess, to faithfully advocate Democratic sentiments and measures, for we believe that in so doing we best promote the true interests of the country.
