ALL NATURE

SEEMS TO WEAR AT THIS TIME A LOOK OF

CHEERFULNESS!

The frequent rains and the genial rays of the sun, all contribute to hasten on vegetation, and clothe the landscape with a mantle of green. The husbandman looks forward to the time when he shall reap the GOLDEN HARVEST, not from the mines of CALIFORNIA, but as the reward of honest INDUSTRY. The professional man, and the mechanic, cooped up as they are, still content themselves with the hope of gaining a competence to sustain them in their declining years.—Of course strict ECONOMY has to be studied, in order to make LITTLE MONEY GO A GREAT WAYS. Those who are in quest of GOODS are not slow to know where they can invest their money to the best advantage. It is a well established fact that

H. LANGWORTHY & CO.

have been selling GOODS for the past six months, in NICHOLS' BUILDING, as cheap, if not cheaper than any other Store in this vicinity. Those who pay cash down will be astonished at the cheapness of our Goods!

KNOW ALL MEN (and women, too,) BY THESE PRESENTS, that we have established a

"UNION STORE,"

that is,—a Union between the PEOPLE and the Proprietors of the Store on TELEGRAPH Row, where we are now receiving a full stock of

SPRING AND SUMMER GOODS,

—consisting in part as follows:—

PRINTS—Berege De Laines, Printed Lawns, Silks, Ginghams, Muslins, Check Cambrics, Linen Handkerchiefs, Broche Shawls, Lace and Edgings, Bonnets, Taffeta and Crêp Ribbons, Belt do., Gloves and Hosiery, Crash and Diaper.

PARASOLS AND FANS—a splendid assortment.

CARPET BAGS, &c., &c.

Broad Cloths, Cassimeres, Doe Skins, Satinetts & Tweeds.

SUMMER CLOTHS—largest variety. SHEETINGS,—various kinds, and cheap.

Bonnets! Bonnets!!

A large assortment of Plain and Fancy Straw and other Bonnets of every description.

Elegant Ribbons and Fancy Flowers.

A good assortment of CROCKERY AND GLASSWARE, W. I. GOODS AND GROCERIES. Teas, Sugar, Molasses, Loaf and Powdered Sugars; Coffee Crushed do.; Spices of all kinds.

PORK, FISH, and FLOUR, HATS and CAPS, BOOTS AND SHOES.

The above GOODS have been bought at a ☞ LOW RATE, and we intend to sell them for CASH or Ready Pay, at such rates as will command a ready sale of the whole stock. We invite all, far and near, to visit our Store, and see what inducements we have to offer.

MOTOPATHY:

The System of Curing Disease by Stimulating Vitalizing Motion.

The new method of treating Prolapsus Uteri, in which no supporters, pessaries or any of the manifold contrivances of the day is employed has been now in use a sufficient time to remove all doubt as to its practicability. In

HALSTED'S MEDICAL INSTITUTE,

where the discovery was made, every variety of disease incident to women is treated with an unvarying certainty of success, heretofore unknown. Many cases of Prolapsus Uteri are here cured in a few days; and the most difficult in few weeks. To produce this almost instaneous relief the patient is subject to no pain or inconvenience.

For the removal of other urinal weaknesses this system is equally efficient. Several hundreds have already been cured of those diseases by this Motopathic treatment, though the discovery is of recent origin. We confident are we of treating every case successfully, that we are willing to enter into a special agreement, with those who after an examination are taken into the Institution to board lodge, and nurse them, and give them our professional services free of charge, if the difficulty is not removed according to agreement. Many of the most inveterate and extraordinary cases of from one to fifteen years' standing, some accompanied with extreme urinary difficulties, and many with that inability to stand upon the feet, or be raised from a horizontal position, which is peculiar to these diseases: have been brought here on beds, a distance of from twenty to several hundred miles, attended by their physicians or friends: and these suffering and helpless women have in every instance been raised from their beds, and after a short treatment, been enabled to walk from one to six miles distant to visit some much other cases.

Ladies wishing to communicate with these former patients can receive their address by writing to H. Halsted's Medical Institute, Motopathic and Water Cure Establishment, Rochester, N. Y. These seeking information concerning this new method of treating diseases, or the Institution, can obtain it by writing to the same address, post paid.

N. B. Several physicians are holding forth the idea that they understand my system of practice, by purchasing the knowledge—by chatting it from my patients &c. be it known, that none, either male or female, has ever obtained the knowledge from me in any way; nor could they short of becoming student in the Institution, under my personal instruction, where a thorough knowledge of Physiology, Therapeutics, the use of Water and Motopathy, can be obtained in the only and practice. During the winter months courses of Medical Lectures and Demonstrative Anatomy can be attended by those admitted as students into the Institution. 47 3m

The subscriber informs the public that he has re-purchased the stock of GOODS in the old Drug Store, formerly occupied by him. Large additions have been made to the stock. The *Cash System* will be adhered to, and persons dealing at the old Drug Store may be sure of the best article—at reduced prices, and put up by experienced and careful hands.

N. B. The notes and accounts of E. B. Wheelock, can be settled with the subscriber, if application is made at those stores previous to the fifteenth of May; after that time, they will be put without exception, into the hands of an attorney for collection. W. P. RUSSEL.

The Rock Foundry

PLOUGHS!!

The subscribers would respectfully invite the attention of the Agricultural Public to the above Plough, which has been in use in Western Vermont three years past, during which time it has obtained a popularity beyond that of any other now in use. The Constructors claim for its lightness of draft, ease of guiding and beauty of workmanship that it could not be excelled has been thoroughly tried, and we feel confident in the belief that our plough need but to be introduced, to become a general favorite with the Tillers of the Soil. It has taken the first premium in Addison County, and wherever it has been seen has been thought to be a superior article.

The shape of the Beam prevents all choking. The shortness of the Beam brings the team nearer the work, which is a great advantage in the draft, ease in working, and allowing the team the Plough upon the land side is different from any thing of the kind in the country, and contributes to the ease of guiding the Plough. Various testimonials can be produced in favor of the above Ploughs from the best Farmers in the State. The article needs but to be seen to convince any one of its popularity.

LIFE INSURANCE

"It is an institution contemplating unmixed good to mankind."

We invite the attention of the Public to the principles of the National Life Insurance Company.

The Charter is liberal and particularly adapted to the wants of all who may desire to embrace such an institution. It should be embraced—

1st. By Husbands and Fathers, to make provision, after their death, for their widows and children.

2d. By the young to provide for themselves in infirm age.

3d. By creditors to insure the loss which the death of the debtor might occasion.

4th. By the borrower to enable his representatives, in case of his death, to repay the loan.

5th. Those who save a little from their daily labor, or yearly income, should invest it in this Savings Bank, that it may be beyond the reach of accident, and that the widow and child may receive "their own with usury." 4:tf

THE GREAT

RENOVATOR OF THE BLOOD, AND DISEASE EXTERMINATOR.

EXPERIENCE is the Basis of all Real Knowledge.—To SEE and to FEEL is to KNOW, and that which is seen and known must not be contradicted. When Galileo announced the discovery of new planets, the Aristotelians said, "This is impossible." Galileo replied, "Look through my telescope, and behold." The philosophers rejoined, "We will not look lest we should see them." There are a few people *now-a-days* so silly that they will not look at facts lest some prejudice should be disturbed. These persons are, however, not numerous, and their stupidity injures nobody but themselves. The character of Dr. S. P. Townsend's Compound Extract of Sarsaparilla rests upon universal experience alone. Without this solid foundation, it never could have attained the wide-spread popularity which it at present enjoys. Its value and medicinal efficacy being thus demonstrated by the experience of thousands, it is only necessary to say that science sanctions and verifies the verdict.

Dr. JAMES R. CHILTON,

a PHYSICIAN and CHEMIST of the highest rank, superintends the compounding of this Sarsaparilla.

Dr. S. P. Townsend's Sarsaparilla has proved to the satisfaction of thousands, to be the GREAT PURIFIER of the BLOOD and FEMALE STRENGTHENER. It will not reduce the already debilitated, its TONIC ACTION being such as to STRENGTHEN, as well as to regulate the bowels.

Consumption Cured.

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

Spitting Blood.

New York, April 28, 1847.

DR. TOWNSEND.—I verily believe your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised large quantities of sputa, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,
WM. RUSSELL, 65 Catharine-st.

Rheumatism.

This is only one of more than four thousand cases of Rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by this extraordinary virtues.

James Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter:

Blackwell's Island, Sept. 14, 1847.

Dr. Townsend—Dear Sir: I have suffered terribly for nine years with the Rheumatism; considerable of the time I could not eat, sleep or walk. I had the utmost distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good. I am so much better—indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted.

Yours, respectfully,
JAMES CUMMINGS.
