National Democratic Platform of 1864.

THE UNION—THE CONSTITUTION—PEACE—PUBLIC LIBERTY—PRIVATE RIGHTS—FREE ELECTIONS—A FREE PRESS—FREE SPEECH—TRIAL BY JURY—THE RIGHT OF ASYLUM—JUSTICE TO OUR SOLDIERS.

Resolved, That in the future, as in the past, we will adhere with unswerving fidelity to the Union under the Constitution as the only solid foundation of our strength, security and happiness as a people, and as a framework of government equally conducive to the welfare and prosperity of all the States, both Northern and Southern.

Resolved, That this Convention does explicitly declare, as the sense of the American people, that after four years of failure to restore the Union by the experiment of war, during which, under the pretense of military necessity or war power higher than the Constitution, the Constitution itself has been disregarded in every part, and public liberty and private right alike trodden down, and the material prosperity of the country essentially impaired, justice, humanity, liberty and the public welfare demand that immediate efforts be made for a cessation of hostilities with a view to an ultimate convention of the States, or other peaceable means, to the end that at the earliest practicable moment peace may be restored on the basis of the Federal Union of the States.

Resolved, That the direct interference of the military authorities of the United States in the recent elections held in Kentucy, Maryland, Missouri and Delaware was a shameful violation of the Constitution, and a repetition of such acts in the approaching election will be held as revolutionary, and resisted with all the means and power under our control.

Resolved, That the aim and object of the Democratic party is to preserve the Federal Union and the rights of the States unimpaired, and they hereby declare that they consider that the administrative usurpation of extraordinary and dangerous powers not granted by the Constitution, the subversion of the civil by military law in States not in insurrection, the arbitrary military arrest, imprisonment, trial and sentence of American citizens in States where civil law exists in full force. The suppression of freedom of speech and of the press, the denial of the right of asylum, the open and avowed disregard of State rights, the employment of unusual test oaths, and the interference with and denial of the right of the people to bear arms in their defense; is calculated to prevent a restoration of the Union and the perpetuation of the Government deriving its just powers from the consent of the governed.

Resolved, That the shameful disregard of the Administration to its duty in respect to our fellow citizens who now are, and long have been, prisoners of war in a suffering condition, deserves the severest reprobation on the score alike of public policy and common humanity.

Resolved, That the sympathy of the Democratic party is heartily and earnestly extended to the soldiery of our army and sailors of our navy who are and have been in the field and on the sea, under the flag of their country, and in the event of its attaining power, they will receive all the care, protection and regard that the brave soldiers and sailors of the republic have so nobly earned

Amativeness clearly stated to be under the control of judicious treatment, and thereby prevent inclination to one very prolific cause of disease. From New York.

NEW YORK, Sept. 15—We have news from Texas papers as late as the 21st.

An order has been issued by Kirby Smith to enroll all male negroes, free and slave, for army service.

A Shreveport correspondent says:

Poligny and Walker's divisions have crossed the Mississippi, and are said to have gone to Mobile.

The correspondent thinks they will not stop short of Atlanta.

A destructive fire occurred at Gaveston on the 16th.

Brownsville is reported almost entirely deserted.

The Federals have fortified Brazos Santiago, and will probably remain there to close the port and then blockade again.

The Herald's correspondent with Sheridan on the 13th, says:

Yesterday a reconnoissance developed the fact that the enemy is still in force in the vicinity of Bunker Hill. A short but sharp skirmish ensued.

The Herald's correspondent in front of Petersburg, with the 9th corps, says:

Deserters continue to report great dissatisfaction among the rebel soldiers.

A new regulation has been established, that if a rebel soldier advances beyond his post without his muskst, he is to be fired on by his comrades. If he comes forward with his piece, of course he is likely to be fired on by our pickets.

The 1st division, 9th corps, has been consolidated with the 2d and 3d.

The Herald's Mobile Bay correspondence of the 4th says:

Everything is quiet, and there is no probability of immediate military movements upon Mobile.

The sunken rebel iron-clad Baltic still effectually blockades the main channel across the Dog river bar, but the Winnebago, a double turreted monitor, has found passage through the obstruction to a point nearly opposite Mobile, and can drop eleven and fifteen inch shells into the city.

The Metacomet, Sebago and Kennebec have also reached the same place, and are in line of battle ready to shell the city at a signal from Farragut.

Mobile is literally at our mercy.

The distance of the war vessels above Mobile is but three and a half miles, and their largest rifled guns can throw sheils into the remotest suburbs.

The rebel rams and gunboats are in plain sight, but do not make the slightest hostile demonstration. They seem to have had enough of Admiral Farragut and his fleet in the recent combat.

The rebel vessels referred to are the rams Alabama, National and Tuscaloosa, the gunboat Morgan, and one other, name not known. They remain above the city in the mouth of the Alabama river and just out of range.

The gunboat J. P. Jackson has succeeded in capturing the largest one of the three launches that have been hovering around the Mississippi Sound of late with the object of attacking the Teutonis.

The launch had on board a howitzer and other evidences of a warlike character, as stated in a late Mobile paper.

General Granger's troops have constructed splendid fortifications at Cedar Point and other places, so that if Hood's whole army should reinforce Mobile and attack our position, with the assistance of the gunboats the enemy could be easily kept at bay.

PROPOSALS FOR LOAN.

U.S. 7-30 LOAN

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of fifty, one hundred, five hundred, one thousand, and five thousand dollars, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

SPECIAL ADVANTAGES OF THIS LOAN.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security*. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in Government securities or in notes or bonds payable in Government paper.

It is equally convenient as a temporary or permament investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discounts.

CONVERTIBLE INTO A SIX PER CENT. 5-20 GOLD BOND.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. Stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

ITS EXEMPTION FROM STATE OR MUNICIPAL TAXATION.

But aside from all the advantages we have enumerated, a special Act of Congress *exempts all bonds and Treasury notes from local taxation*. On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the Government. In all other forms of indebtedness, the faith or ability of private parties or stock companies, or separate communities only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the Government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries and by

THE FIRST NATIONAL BANK,
Indianapolis, Ind.,

and by all National Banks which are depositaries of public money,

AND ALL RESPECTABLE BANKERS AND BANKS
