CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life—to render its enjoyment, and even prolong the span of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the many dangerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year.—Indeed, there is now abundant reason to believe a Pulmonary Ear at length has been found which can be wielded to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cases affected by its use, but we would present the following opinions of eminent men, and refer further enquiry to the circular which the Agents before named, will always be pleased to furnish free, wherein are full particulars, and in regard to the merit of the Medicine.

From the PRESIDENT of AMHERST COLLEGE.

EDWARD HITCHCOCK, M. D., LL. D., &c.

J. C. Ayer, Sir: I have used in my family your CHERRY PECTORAL to my own cure of deep seated bronchitis, and am satisfied, from its effect on myself and others, that it is a valuable compound for the relief of larynx and bronchial diseases. If my opinion is worth any thing for the character of any medicine, you are at liberty to use it as you think proper.

EDWARD HITCHCOCK.

Amherst, Sept. 18, 1850.

From the widely celebrated

PROFESSOR SILLMAN, M. D. L. L. D.

Professor of Chemistry, Mineralogy, &c., Yale College, Member of the Imp. Acad. of Sciences, Florence, &c.

"I deem the CHERRY PECTORAL an admirable composition, from some of the best articles in the Materia Medica, and a very effective remedy for the class of diseases it is intended to cure."

New Haven, Ct., Nov. 1, 1849.

MAJOR PATTISON, President of the S. C. Senate, states he has used the Cherry Pectoral with wonderful success, in curing an inflammation of the lungs.

FROM ONE OF THE FIRST PHYSICIANS IN MAINE.

Saco, Me., April 26, 1849.

Dr. J. C. Ayer, Lowell—Dear Sir: I am now constantly using your Cherry Pectoral in preference to any medicine for pulmonary complaints. From observation of many severe cases, I am confirmed it will cure coughs, colds, and disease of the lungs, that have yield to no other remedies.

I invariably recommend its use in case of consumption, and consider it much the best remedy known for that disease.

Respectfully yours, I. S. O. PENSON, M. D.

THE JOURNAL OF AGRICULTURE,

A Monthly Periodical of 32 pages,

Edited by WILLIAM S. KING, Prof. J. J. MAPES, and LEVI BARTLETT.

Published at Nos. 8 & 10 Gerrish Block, Blackstone Street, Boston.

TERMS 50 CENTS PER ANNUM, IN ADVANCE.

The Journal of Agriculture finished its second Volume in June, and has been pronounced the best Agricultural paper in New England. It commends the application of Science to Agriculture; and by Science we mean Knowledge *reduced to a System.*

The next Volume will contain entire treatises on the Management of Farms, the preparations of manures, the care of Stock, the breeding of Poultry, the management of Bees, the construction of Dwellings and Farm Buildings, the care and cultivation of Fruit Trees, Flowers, &c., &c.

Among the principal contributors are M. P. Wilder, President U. S. Agricultural Society, Dr. Charles T. Jackson, Levi Bartlett, Samuel Walker, late President Massachusetts Horticultural Society, J. E. Teschemaker, T. R. Miner, Author of American Bee-Keeper's Manual, Rev. J. L. Blake, D. D., Author of Farmer's Every-day Book, &c., Rev. W. Ware, Geo. Jacques, of Worcester, Author of "A Practical Treatise on Fruit," Ambrose Stevens, of N. Y., American Editor of "Youatt and Martin on Cattle," "Poets of the Farm," &c., &c., Charles L. Flint, of Portsmouth, N. H., and many other well known and practical men.

The Journal will contain many elegant drawings of Farm Houses and Out Buildings, Flowers, Fruit, Stock, &c., &c. The portraits of the celebrated horses, *Green Mountain Morgan, & Black Hawk*, will soon appear, with an Account of these celebrated horses and the families they represent, written for the *Journal of Agriculture*, by Frederick Holbrook of Brattleboro.

, Good Agents wanted in all parts of this state.

Address WILLIAM S. KING, 8 & 10 Gerrish Block, Blackstone Street, Boston, Mass.

We have read this paper with more than ordinary care from its commencement, and we can truly say that as a paper devoted to the rising generation of farmers, and to *sound practical scientific agriculture*, it has no equal in the United States.—*Northern Farmer.*

The Journal of Agriculture has been pronounced the best Agricultural paper in New England.—*Norwichtown (Ct.) Register.*

JOURNAL OF AGRICULTURE.—We regard this Journal as one of the most useful and interesting agricultural papers in the Union.—*Mich. Herald.*

We have several times called attention to the Journal as the best agricultural paper within our knowledge.—*Bost. Eagle.*

A copy of this Journal is now before us, and on perusing its pages, we find that it merits the praises that have been so universally bestowed on it by the agricultural press.—*Am. Veterinary Journal.*

PLOUGHS!

The subscribers would respectfully invite the attention of the Agricultural Public to the a bove Plough, which has been in use in West ern Vermont three years past, during which time it has obtained a popularity beyond that of any other now in use. The Constructors claim for its lightness of draft, ease of guiding, and beauty of workmanship, that it could not be excelled has been thoroughly tried, and we feel confident in the belief that our plough need but to be introduced, to become a general favorite with the Tillers of the Soil. It has taken the first premium in Addison County, and wherever it has been seen, has been thought to be a superior article.

The shape of the Beam prevents all choking. The shortness of the Beam brings the team nearer the work, which is a great advantage in the draft, ease in working, and driving the team The Flange upon the land-side is different from any thing of the kind in the country, and contributes to the ease of guiding the Plough Various testimonials can be produced in favor of the above Ploughs from the best Farmers in the State. The article needs but to be seen to convince any one of its popularity.

HENRY WATERMAN'S PATENT HAMMERED SAWS.

The subscriber would call the attention of dealers, and others, to this superior article. By his patent process of hammering; the saw is more thoroughly tempered than it can be by any other method. It is well known to mechanists that the surface of tempered steel is it hardest part. Where saws are tempered according to the usual method and hammered by hand, it is necessary to polish them, thereby grinding off the most serviceable part of the saw These Saws are not polished, and only require a trial to be appreciated. They have already been put to the severest test in some of the largest Saw Mills in this vicinity, and pronounced unequalled. We are now prepared to execute orders for all sizes of Mill, Pit, and Circular Saws. BURR, WATERMAN & CO.

THE subscriber still continues the manufacture of this unrivalled churn, at his shop near the Bridge, in the village of Middlebury. It has now been thoroughly tested by many of the best dairy farmers in this region, & but one opinion has been expressed, and that is in FAVOR OF THIS CHURN AGAINST ALL OTHER contrivances for the manufacture of good Butter.

Abundant testimonials are in the hands of the Proprietor of this churn, that it possesses advantages, never before found in any other. It is valuable particularly on account of its labor-saving character, since it works and salts the butter without bringing it in contact with the heat of hands, and turns out the article in its purest & most marketable shape. All orders addressed to the subscriber will be promptly attended to, and the churn WARRANTED to give satisfaction.
