**IT IS A FACT,** established beyond the shadow of doubt, by the experience and testimony of the most eminent physicians, more than three-fourths of the diseases with which children are afflicted are caused by Worms generated in the bowels, from disease, when the cause is either not known or attributed to something else. Various are the preparations which have been offered to the public for the destruction of these Worms, but experience has proved all more or less ineffectual; the end however has at length been obtained, and a remedy has been found which has never failed to destroy the Worms, wherever they have existed. This assertion is supported by the testimony of the most eminent physicians and respectable individuals in the country. The remedy is

**WINER'S CANADIAN VERMIFUGE,** WARRANTED PURELY VEGETABLE.

It is safe in its operation, and mercifully administered than any other. Some of the symptoms which indicate the existence of the Worms in the bowels are as follows: the countenance is pale, of a leaden color, and suffused with occasional flushes; the eyes are heavy and dull, the breath fetid, the upper lip swollen, itching in the nostrils, and the child picks the nose; the sleep is disturbed, the patient often shrieking in great fright, and is liable to starting and grinding the teeth; the appetite exceedingly irregular, being sometimes voracious, others feeble, and in some instances it is depraved.
To the above symptoms numerous others might be added, but it is believed that these are sufficient to establish the fact that WINER'S CANADIAN VERMIFUGE IS A SUPERIOR REMEDY FOR WORMS.

MEDICAL EVIDENCE.

We, the undersigned, having frequently administered a medicine prepared by Mr. John Winer, of this town, designated J. WINER'S CANADIAN VERMIFUGE, and being fully satisfied with its efficacy, confidently recommend it as a safe and efficient remedy for the expulsion of Worms from the intestinal canal.
—Licentiate of the R. C. of Surgeons in Ireland, etc.
G. W. DICKINSON, Member of the R. C. of Surgeons in London, etc.

FROM THE REV. J. FLANAGAN, OF BANBROOK, C. J. WINER—Sir: I have made the trial of your Canadian Vermifuge and with the most happy results. In my own family, and in every case which has come to my knowledge, the expulsion of Worms has followed the administering of your Vermifuge, and every one here prefer it to any other, as its effects are certain, and children take it more readily, which is a great point gained in giving medicine to children.
