IT IS A FACT, established beyond the shadow of doubt, by the experience and testimony of the most eminent physicians, more than three-fourths of the diseases with which children are afflicted are caused by WORMS, and thousands of little ones are annually from these diseases, when the cause is either not known or strictly treated to no purpose. The Vermifuge of Dr. Jayne, is the most recommended as remedies for Worms, but experience has proved them all more or less ineffectual; the old however has at length been obtained, and a remedy found which has never yet been known to fail wherever they have existed. This assertion is supported by the testimony of the most eminent physicians and respectable individuals in the country. The remedy is

WINER'S CANADIAN VERMIFUGE,
WARRANTED PURELY VEGETABLE.

It is safe in its operation, and more easily administered than any other. Some of the symptoms which indicate the presence of Worms in the bowels are as follows: The countenance is pale, of a leaden color, and suffused with occasional flushes; the appetite is variable; at times ravenous, at others the patient is sick at the stomach, nothing is the matter, which causes the patient to pick his nose; the sleep is disturbed, the patient often grits the teeth; the patient is little in search of food, and rejecting the food; the appetite exceedingly irregular, being sometimes ravenous, other times sick; and in some cases it is depraved.

To the following certificate we would respectfully add, but it is believed that there are sufficient to establish the fact that WINER'S CANADIAN VERMIFUGE IS A SUPERIOR REMEDY FOR WORMS.

FROM THE REV. J. FLANAGAN, OF BANBROOK, C. W.

J. WINER—Sir: I have much pleasure in the trial of your Canadian Vermifuge and with the most happy results. In my own family, and in every case which has come to my knowledge, the expulsion of Worms has followed the administering of your Vermifuge, and every one has preferr it to any other, as its effects are certain, and children take it more readily, which is a great point gained in giving medicine to children.

July 16, 1845. JOHN FLANAGAN.
