FINANCIAL INTELLIGENCE.

DAILY UNION OFFICE,
Nashville, May 31, 1866.

Financial Matters in New York City—Mail Report.

MONDAY, May 28—a. m.

The business of the week past was much disturbed for a few days by the foreign panic, the particulars of which arrived here on Monday night and Tuesday morning by the steamer Cuba at Halifax. Heavy additional purchases of Gold were at once made, both for shipment and on speculation, and the price ran up to 140a141 per cent. on Friday. It opened on Saturday at 140¾ per cent., but soon receded to 138¼ per cent., as the particulars of later news from England were made known and came to be appreciated. The effect of the rise in Gold was to advance prices on the Corn Exchange, and also the price of General Merchandise, and to some extent of Foreign and Domestic Dry Goods. A similar effect on the Stock Exchange was delayed for several days by a sharp turn in the Money market, occasioned by the heavy settlements for Gold at the Treasury Office, pending which the banks called in a considerable amount of their temporary loans and advanced the rates of interest from 6a6c to full 7 per cent. But the prompt and most liberal measures taken by the Treasury Office to accommodate these settlements and to redistribute the accumulation of Currency derived from its sales of Gold, removed all embarrassment or pressure from the market in three days.

The import entries for the past week, including the Dry Goods return in our last paper, amount to $9,355,284, against the total entries of $2,832,265 same week last year. The export clearances of Domestic Produce amount to $3,117,494 against $1,953,365 same week last year. The export of specie amounts to $9,351,840, against $2,879,2 5 same week last year. The Customs for the week are $2,349,454. The receipts of cotton, coastwise and by railroad, are 7,153 bales. The number of emigrant passengers arrived during the week, 10,498.

The gold value of the import entries of foreign merchandise at New York since July 1, 1865, the beginning of the current fiscal year, are officially (to April 1, 1866) and semi-officially (since) reported as follows—the small entries of foreign Specie being omitted:

Total to date since July 1	$274,503,428
Against same time last year	144,010,996
Increase since July 1	$130,492,232

The Currency value of the exports of domestic Produce and miscellaneous Goods, from New York, including foreign articles re exported, since July 1, 1865, are as follows, the figures being officially reported to April 1, by months, and since semi-officially by weeks:

Total to date since July 1	$302,059,027
Against same time last year	192,707,306
Increase since July 1	$9,351,721
Gold, May 26, 1866	138 ⅌ cent.
Gold, May 27, 1865	136⅞ ⅌ cent.

The exports of Gold and Silver from New York, since July 1:

Total to date since July 1	$38,592,909
Against same time last year	33,499,609
Increase since July 1	$5,093,390

The deliveries of Gold from California at New York, since July 1, 1865, are:

Total to date since July 1	$26,953,251
Against same time last year	15,364,088
Increase since July 1	$11,649,163

The Customs received in Gold and the interest on the Public Debt of the United States at the New York office of the Treasury since July 1, 1865, are:

Total Customs received	$122,640,156
Total Gold interest paid	44,565,961

The shipments of Gold on Saturday were $6,183,374, making for the week direct from New York, $9,351,840, in addition to which $1,425,000 was sent to Boston for shipment on Wednesday last.

The Customs duties received by the Treasury in Gold this week amount to $2,40,454. The Gold interest paid, $940,700.—*Times.*

BEARD'S

PATENT LOCK TIE

FOR COTTON BALES.

BEARD'S PATENT,

JULY 16, 1861.

MANUFACTURED BY

BEARD & BRO.,

Nos. 210 & 212 Main Street,

ST. LOUIS, MO.

THE GREATEST INVENTION OF THE AGE being a protection against Fire and will not rot. It combines strength with rapidity of adjustment, requiring ONLY ONE-THIRD OF A MINUTE TO TIE UP A BALE OF COTTON.

It being now well known to all the dealers in rope for baling cotton, that only a very small rope of hemp was made the past year, and that, in consequence, the price will rule very high, and that a supply cannot be relied on at any price. In consideration of these facts, all dealers, and those requiring ties, will do well to put in their orders for the ties soon, thereby securing a supply for the season. The indications now, so far as we have learned, are, that the demand for the ties will be very large, hence the necessity of making early orders, which, addressed to the manufacturers,

NATURE'S

OWN REMEDIES

Empire Spring Water,

Congress Spring Water,

Columbian Spring Water.

NO natural or artificial compound has yet been discovered or manufactured that equals these waters as a preventive, relief and permanent cure, for many temporary and chronic diseases, as proved by the experience of many thousands who have drank them for years, with the most beneficial effects.

CONGRESS WATER

Is a cathartic, alterative and tonic, and is a valuable remedy for affections of the Liver and Kidneys, Dyspepsia, Gout, Chronic Constipation and Cutaneous diseases. It is a most powerful preventive of the Fevers and Bilious Complaints, so prevalent in warm climates.

EMPIRE WATER

Is a cathartic, and a valuable remedy for Rheumatism, Derangement of the Liver, Diseases of the Skin, and General Debility. Its effects are most salutary in Lung Diseases. It is an almost sure cure for Scrofula, and the most aggravated forms of Dyspepsia. As a preventive and cure for all Bilious Derangements it stands unrivalled.

COLUMBIAN WATER

Is a tonic and diuretic of a highly beneficial character, and is a positive remedy for Diabetes, Gravel, Calculus, Irritation and Inflammation of the Kidneys, and Bladder, and has most singularly active effects in restoring these organs when debilitated by long disease. Females who have suffered for years from irregularity, and the distressing diseases known only to their sex, have been entirely cured by the faithful and judicious use of Columbian Water.

These waters are bottled fresh and pure, from each of the above named Springs, in so careful and secure a manner that they preserve all their medicinal value for years, and will be found equally efficacious when drank thousands of miles distant, as when taken directly from the spring.

Beware of Imitations and Inferior Waters.

The corks of all genuine Congress, Empire and Columbian Waters are branded on the side of the cork, thus:

Treasurer,—WM. C. BUNTS.
Mining Superintendent.—C. L. REQUEMBOURG

The property of the Company consists of leasehold interests in the counties of Overton, Fentress, White, Jackson, and Warren, in the State of Tennessee, amounting in the aggregate to over eight thousand acres.

The membership of the Company and the Board of Directors comprise men of business experience and reputation, and of a thorough and practical acquaintance with the oil mines of Pennsylvania. The Mining Superintendent was one of the first explorers of the oil field of that State, and struck the first flowing oil well in the country, well known as the Requembourg well, and to which the oil interests of Pennsylvania, then in their nascent state, were very largely indebted.

This Company will lease portions of their valuable lands, in small tracts, to private parties or companies, for IMMEDIATE DEVELOPMENT. This is a rare chance for *bona fide* operators to obtain leases on terms that will be simply remunerative.

Terms made known on application.

NO MERE SPECULATORS WILL BE TREATED WITH.

Description of lands and samples of Oil obtained from the property may be seen by calling at the office of the Company, No. 66½ North Cherry street, Nashville, Tenn.

The Secretary, F. H. Colton, Nashville, will receive orders for stock, and will forward certificates by return mail when the money accompanies the order.

From Dyspepsia

Read! Reflect!! Act!!!

TARRANT & Co.:

Gentlemen—I am a resident of Curacoa, and have been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for Indigestion and Dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Calisle, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT, she began to improve at once, and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

Trusting you will give this publicity, and repeating my earnest gratitude and thanks.

I am very respectfully yours,
S. D. C. HENRIQUEZ,
New York, June 28, '65. Merchant, Curacoa, S.A.
